OVERTURES

The General Assembly directs the Stated Clerk to indicate the reference which he suggests

following the Standing Rules of the Assembly, for each overture. If there is no objection they shall be referred as a whole, as recommended, without formal vote.

To the Standing Committee on Judicial Business, 1-13 and (e)

1. From the Presbytery of Winston-Salem:

Whereas the Synod of North Carolina has grown to such size that it can no longer function as a deliberative body, and

Whereas it is the function of the Synod as a court to deliberate the issues of policy and procedure,

Be it therefore resolved that the Presbytery of Winston-Salem overture the General Assembly to permit the Synod of North Carolina to become a representative body, such representation by the Presbyteries to be allocated on the basis of communicant members.

2. From the Presbytery of Lexington:

Whereas the Session of the First Presbyterian Church of Charleston, South Carolina, has communicated to us certain opinions and decisions of that body; and

Whereas we believe this action to be unconstitutional and in violation of the ruling of the General Assembly of 1965 which stated, "In the light of established policies outlined in the form of government of the Presbyterian Church in the United States, it is therefore out of order for one court of the church to communicate with another apart from the regular procedures stated. The General Assembly, therefore, calls upon Synods, Presbyteries, Sessions and individuals to follow scrupulously the procedures of good order in the Church. We recognize the right of individual conscience in many matters of common concern to members and courts of our church. We recognize the right of individual and group "freedom of expression." Freedom, therefore, on the part of an individual, groups of individuals, and organizations of the Church to express convictions on matters pertaining to the well-being of the Church cannot be denied. The General Assembly urges and expects, however, that honest convictions be expressed in Christian love and with concern for truth."

Therefore, be it resolved that the Presbytery of Lexington overtures the General Assembly to take cognizance of the violation of the above-quoted ruling of the 1965 General Assembly by the Session of the First Presbyterian Church of Charleston, South Carolina, in its recent communication to this Presbytery and to its Sessions; and take appropriate action.

3. From the Presbytery of Missouri:

The Presbytery of Missouri respectfully overtures the General Assembly of the Presbyterian Church in the United States to amend the Book of Church Order to provide for the Moderator of the General Assembly to be elected at the close of the General Assembly meeting rather than at the beginning as is now the practice.

4. From the Presbytery of Lexington:

Whereas, the administration of our church government is dependent upon a corp of ably trained Presbyters who know what they believe, their church polity, and how their responsibilities on committees relate to the life of the congregation, the community, the presbytery, synod, and the General Assembly, and

Whereas, in the most recent survey done by the Department of Church Officer Training replies indicated that one-fifth of our churches are not training their officers within a two-year span (This was based on a 22% return.), and

Whereas, the situation exists in many churches in which either the Session or the Pastor, or both, are reluctant to set aside adequate time each year for the training of new officers and refresher training for current officers, and

Whereas, it is within the right of Presbytery to see that the obligations of church Sessions are fulfilled,

Be It Resolved That: the following changes and/or additions be made in *The Book of Church Order:*

(1) That Chapter 29-2 be amended as follows:

"When any person has been elected to the office of Ruling Elder or Deacon the Session shall confer with him as to his willingness to undertake the office. He shall attend and successfully complete an approved* officer training course given by the Session of his church or by the Presbytery before being ordained and/or installed to the elected office.

After the completion of this course the Session shall examine him as to his religious experience, his knowledge and acceptance of the system of doctrine, government, and discipline contained in the Constitution of the Church, and the duties of the office to which he has been elected. When the examination is approved, the Session shall appoint a day for his ordination and installation."

* An approved course is one that has been submitted to the Presbytery's Committee on Examination (or some other responsible committee named by Presbytery) and has been found adequate.

(2) That Chapter 16 be amended by the following addition to become 16-12:

"The Presbytery shall conduct a training course for church officers at least annually in order to provide assistance for Pastors and Sessions in developing leadership for the Elder-Deacon Training program and further to provide actual training courses for Elders and Deacons of pastorless churches or from churches where classes cannot be held."

(3) That Chapter 16-7 be amended with the following addition to become 16-7 (23):

"To conduct officer training courses for the offices of Elder and Deacon."

5. From the Presbytery of Winchester:

The Presbytery of Winchester respectfully overtures the General Assembly to amend the Book of Church Order to include a definitive statement regarding the amending of the terms of a call of a Pastor or Associate Pastor, this statement being phrased so as to answer the following two questions:

(1) Is it required that the congregation, in a congregational meeting, vote to amend the terms of the call?

(2) Can the Session of a church, by official action in a stated meeting, or a properly-called meeting, amend the terms of the call?

6. From the Synod of Virginia:

That the General Assembly be asked to clarify the Section of the Book of Church Order (Section 16-5) which reads: Every minister seeking admission to a Presbytery shall be examined on his Christian experience and on his view in Theology, the Sacraments, and the Government of the Presbyterian Church as it applies to the following questions:

(1) In case a Minister has received an adverse recommendation from an individual or group within the Presbytery, shall the examination proceed to its conclusion?

(2) Must a Presbytery examine a man who has not cooperated with the pre-examination procedures of that Presbytery?

(3) Is it possible (or desirable) for the General Assembly to establish procedures to be followed by all Presbyteries in transferring Ministers from one Presbytery to another in the Presbyterian Church, U.S.?

7. From the Presbytery of Missouri:

The Presbytery of Missouri respectfully overtures the General Assembly to amend the Book of Church Order (Section 12-5) by deleting the sentence beginning on line 11 and inserting in lieu thereof the following sentence:

"When a congregation determines that it would promote more efficient administration of the church's work, it may choose to operate without a Board of Deacons, and let such responsibility as is outlined in this Chapter fall upon the Session."

This action would remove the present last sentence of 12-5.

8. From the Presbytery of Louisiana:

Whereas, we Presbyterians recognize the purpose of church polity as functional—as being "for the perfecting of the order of the visible church, but not essential to its existence" (Preface: The Form of Government III-7), and

Whereas, sacred history indicates that church government, from the New Testament period to the present day, has been fluid rather than static, and

Whereas, this basic fact is clearly attested in the "Historical Preface" of the present Book of Church Order, and

Whereas, church government became more or less structured to meet the needs of the church as understood against the culture and dynamic of any given period, and

Whereas, there exists the ever-present danger that the church confuse ends with methods by looking upon polity of any given period as inflexible law, and

Whereas, the addition to Section 9-2, making the ordinary offices perpetual in the church, enacted in 1961, may well be a step toward inflexible law, and

Whereas, the primary importance place on the office of Deacon in the current Form of Government reflects a theology of dualism that was argued in our church when her leaders recognized an undue delineation between the "bodily" needs of man and the "spiritual" needs of man, and thus an equal undue delineation between the office of Elder and the office of Deacon to the extent that the main argument for maintaining the office of Deacon was to keep the *spiritual* and *temporal* affairs of the church separate (see Minutes of the General Assembly, 1884, page 283), and

Whereas, Section 12-2 of the Book of Church Order seems to reflect a correction in theology by stating that the office of Deacon is spiritual in nature, and

Whereas, Section 12-5 reflects a progressive movement toward a lessening of the undue delineation between the offices of Elder and Deacon by allowing the Session to void or amend actions of the Board of Deacons and by allowing the duties of the office of Deacon to devolve upon the Ruling Elders in churches in which Deacons cannot be secured, and

Whereas, Sections 3-4, 15-6(8) and (12) give the Session control over what was formerly known as "the temporalities" of the church and thought to be the exclusive domain of the Deacons by assigning the responsibility of the supervision of the Board of Deacons and the ordering of collections as responsibilities of the Session, and

Whereas, our own church history reveals that the office of Deacon has waxed and waned in its importance according to the needs of the day, and

Whereas, there is confusion as to what constitutes a situation in which "Deacons cannot be secured" (Section 12-5), and

Whereas, there seems to be a growing interest and need within congregations of our church to operate sans Deacons and the Board of Deacons by having only a Session, and

Whereas, the One-Hundred-Fifth General Assembly in 1965 ruled in part answer to overture 14 from the Presbytery of St. Louis that "an unicameral system already exists in that the Session has supervision and authority over the Deacons (Sections 12-5 and 15-6 B.C.O.) and thereby has ultimate authority for the proper discharge of the functions of the Deacons" (Minutes of the General Assembly, 1965, page 95).

Therefore be it resolved: That the Presbytery of Louisiana respectfully overture the General Assembly to approve the following amendments to The Book of Church Order and send them to the Presbyteries for their advice and consent:

(1) To cause the last sentence in section 12-5 to read "In a church in which Deacons cannot be secured or if it be the will of the congregation, by a majority vote at a congregational meeting, to dissolve the Board of Deacons and not elect Deacons, the duties of the office shall devolve upon the Ruling Elders."

(2) To delete the phrase "to be continued perpetually" in the next-to-last sentence in Section 9-2, thus causing the sentence to read, "These are the ordinary offices in the church."

9. From the Presbytery of Columbia:

Believing the Church is making progress in many areas in keeping with its avowed effort to speak to the modern situation; and

Believing the Lord of the Church is calling us to seek ways and means whereby we may share in healing the divisions which exist in the whole Body of Christ in the world; and

Believing the time has come to look again at our position as a Church with regard to other communions not normally designated as "evangelical";

Now therefore be it resolved:

That the Presbytery of Columbia overture the General Assembly to set in motion at its next stated meeting the procedures necessary to amending the Book of Church Order, paragraph 16-10, by changing the word "evangelical" to "Christians," thus making this paragraph read:

16-10 "Ministers in good standing in other Presbyteries, or in any other Christian Church, being present at any meeting of Presbytery, may be invited to sit as visiting brethren. It is proper for the Moderator to introduce these brethren to the Presbytery. This provision shall also apply to the Synod and General Assembly."

10. From the Presbytery of St. Johns:

The Presbytery of St. Johns respectfully overtures the General Assembly to instruct the

General Assembly's Committee on the Minister and His Work or an Ad Interim Committee appointed by the Moderator, to investigate and report to the next General Assembly the following matters:

(1) An amendment to the Book of Church Order, providing for all calls for the pastoral services of ministers to be on a limited term.

(2) Provision for the Commission on the Minister and His Work to facilitate the calling of pastors upon completion of a limited term of service.

11. From the Presbytery of Potomac:

The Presbytery of Potomac respectfully overtures the General Assembly to clarify the difference between an Administrative Commission and a Judicial Commission.

12. From the Presbytery of Birmingham:

Whereas, there has been widespread dissatisfaction with the General Assembly's membership in and support of certain inter-church agencies; and

Whereas, there has been the complaint that such membership and support do not represent the will of the Church at large; and

Whereas, there has been no means of determining the actual will of the Church at large, or of giving opportunity for appeal to be made to it:

Therefore, the Presbytery of Birmingham respectfully overtures the General Assembly to submit to the Presbyteries for advice and consent the following proposed amendment to the Book of Church Order, Form of Government, Chapter 30, as Section 30-5.

"The General Assembly may not become a participating or supporting member of any council or other inter-church organization without the advice and consent of a majority of the Presbyteries. When overtured to do so by twenty of its constituent Presbyteries, it must submit to the Presbyteries for advice and consent the matter of continued membership in and support of any council or other inter-church organization to which it belongs. When such a vote has been taken, another shall not be required for a period of at least three years."

13. From the Board of World Missions:

Whereas the overseas missionaries of the General Assembly bear a peculiar relationship both to the Presbyterian Church in the United States and to the church in the lands where they work abroad; and

Whereas the overseas missionaries of the Presbyterian Church in the United States have been and continue to be used of God to gather and organize churches abroad and cannot escape a significant relationship to and continuing responsibility in such churches; and

Whereas in certain countries the overseas missionaries of our church have for generations been in effect practicing dual church membership, with membership in our church and membership in the younger churches overseas; and

Whereas the constitution of the Presbyterian Church in the United States makes no provision for its own overseas missionaries to bear ecclesiastical relationship with the church overseas; and

Whereas our missionaries are desirous of establishing the closest and most fruitful relationship possible with the church abroad, without necessity of transferring their membership away from the Presbyterian Church in the United States under which they serve as missionaries; and

Whereas the Presbyterian Church in the United States did in fact recently amend its constitution to make possible dual church membership in certain unique situations in this country (Book of Church Order, Chapter 31);

Therefore, the Board of World Missions respectfully requests the General Assembly to amend the Book of Church Order in such manner that will make it permissible for those who serve abroad as missionaries of our Church, both ordained and unordained, to establish full ecclesiastical relationship with both the Presbyterian Church in the United States and the church to which they are related in missionary service abroad.

(e) From the Presbytery of Missouri:

The Presbytery of Missouri respectfully overtures the General Assembly to instruct the Synods to instruct the Presbyteries to receive any churches of the Presbyterian Church in the United States within their geographical bounds not now members of said Presbyteries, in accordance with the Book of Church Order, 16-1, and the request of the 105th General Assembly (Minutes, page 94).

To the Standing Committee on Bills and Overtures, 14-18, 66

14. From the Presbytery of the Southwest:

Whereas the Westminster Confession of Faith is an historic and integral statement and any partial revision would destroy its unity; and

Whereas the General Assembly of 1961 declared in its judgment that "the doctrine of foreordination to everlasting death as formulated in the Confession is not an adequate statement of Christian faith, because it implies, regardless of the intention of the authors, an eternal negative decree; and that the doctrine, as stated in the Confession, is not essential to Reformed theology . . . ;" and

Whereas modern biblical research and theological discussion have called in question the literalistic, highly scholastic and legalistic form in which certain concepts are stated in the Confession and

Whereas our faith should be understood within the context of the total Reformed tradition and other Reformed confessions and catechisms, and

Whereas the General Assembly of 1961 approved the following recommendation, "That the General Assembly consider the need for a contemporary formulation of Reformed Faith and the desirability that this work be undertaken by the worldwide Reformed community" and

Whereas to our knowledge nothing has been done,

Therefore, the Presbytery of the Southwest respectfully overtures the General Assembly to appoint a committee of the General Assembly to begin immediately to formulate a contemporary Reformed Confession of Faith reflective of the whole of Reformed thought, such document to replace the Westminster Confession of Faith as well as the Larger and Shorter catechisms as a part of the Constitution of the Presbyterian Church in the United States when properly approved.

15. From the Presbytery of Montgomery:

Whereas, the General Assembly has repeatedly taken a stand against circularizing the Church on the part of individuals, or churches, as a departure from our regular form of government; and

Whereas, this practice is being continued by some churches and individuals, whereby charges are brought questioning the character of persons unable to defend themselves; and

Whereas, such actions are causing confusion and misunderstanding in the church at large, thus undermining her witness to her Lord;

Therefore, Be It Resolved that the General Assembly again affirm its stand on the above named matters and so inform all Synods, Presbyteries and Sessions of their solemn responsibility to uphold our form of government and thus promote unity within the church.

16. From the Presbytery of Birmingham:

The Presbytery of Birmingham respectfully overtures the General Assembly that extreme care be exercised by the General Assembly in the wording of any statements or pronouncements addressed to the Church as a whole or to society in general in order that such statements or pronouncements be subject to the least possible misinterpretation.

17. From the Presbytery of South Texas:

It having come to our attention that some local Sessions in our denomination are considering withholding benevolent funds from the boards of our Church whose actions or programs have displeased them, we respectfully overture the General Assembly to give a pronouncement concerning the danger of this congregational type of action which is acceptable in congregational church government, but not in our Presbyterian system of church government.

18. From the Presbytery of Central Mississippi:

Whereas the 1964 General Assembly of the Presbyterian Church in the United States enacted a change in the Constitution of the Church so as to permit the ordination of women as church officers; and

Whereas the common and ordinary interpretation of such Scripture passages as I Corinthians 11:1-16; 14:34-38; Ephesians 5:22-24; Colossians 3:8; I Timothy 2 and 3; Titus 1:5-9; and I Peter 3:1-6, seem to indicate that women are forbidden to hold office in the church, and this on the ground of their created constitution as women rather than any temporary culture-related disability; and

Whereas one important principle of our Constitution, as expressed in the Preface to our Form of Government is that Christ has ordained His system of government for the church,

which is "either expressly set down in Scripture, or may by good and necessary inference be deduced therefrom. In matters of . . . the government of the church, there are some circumstances common to human actions and societies, which are to be ordered by reason and Christian prudence, according to the general rules of the Word, which always are to be observed"; and

Whereas in the history of this change in the Constitution, the General Assembly has not adopted any statement as to the teaching of Scripture on this matter;

Therefore, be it resolved that the Presbytery of Central Mississippi overture the General Assembly to request its Permanent Theological Committee to study the passages of Scripture cited above, with a view to bringing the law of the Church into harmony with the Word of God.

66. From the Presbytery of Potosi:

Whereas: It occasionally becomes necessary for Presbytery, after examining a candidate, to defer ordination, and,

Whereas: further preparation for proper examination may be advantageous to the candidate, to the local congregation, and to the Presbytery in which he will serve, and

Whereas: it is the responsibility of Presbytery to determine a candidate's preparedness to accept the charge to which he is called;

Be it resolved that the Presbytery of Potosi respectfully requests the General Assembly to consider re-instating the provision for a period licentiate not to exceed one year, during which time, the licentiate may be under the care and direction of Presbytery, and may further equip himself for the office of the ministry.

To the Standing Committee on Assembly Operation, 19-23, 31, 64

19. From the Presbytery of Northeast Texas:

Whereas, many of our Commissioners to the General Assembly feel that they are inadequately prepared in their knowledge of the procedures and precedents; and

Whereas, many of our Commissioners do not take as vital a part in the procedures of the General Assembly as they might if they felt more at home with these procedures and precedents;

Be it resolved that Northeast Texas Presbytery overture the General Assembly to request its appropriate standing committee to consider the possibility of a pre-Assembly orientation program for all Commissioners.

20. From the Presbytery of Missouri:

The Presbytery of Missouri respectfully overtures the General Assembly to arrange its facilities so that those who are not Commissioners to the Assembly are separated from the Commissioners during business session, except for those who are on official business of the Assembly.

21. From the Presbytery of Missouri:

The Presbytery of Missouri respectfully overtures the General Assembly to change the Standing Rules of the General Assembly (Section I.) to modify its procedure for the election of Moderators of the General Assembly to allow the endorsement of nominees by Presbyteries prior to the meeting of the General Assembly.

22. From the Presbytery of Albemarle:

Whereas, Church Courts and Councils of Churches frequently adopt resolutions dealing with questions which are regarded by many as exclusively social and/or political; and

Whereas, there is a question in the minds of many Church members regarding the Biblical, theological, and historical bases upon which Church Courts and Councils of Churches consider and adopt resolutions dealing with so-called social and political questions; and

Whereas, many people are confused regarding "for whom" and "to whom" Church Courts speak when they adopt resolutions dealing with so-called social and political questions; therefore, be it

Resolved that the Presbytery of Albemarle overture the General Assembly:

(1) To give an *in thesi* deliverance which will declare the Biblical, theological, and historical bases upon which Church Courts and Councils of Churches adopt resolutions dealing with so-called social and political questions.

(2) To give an *in thesi* deliverance which will indicate "for whom" and "to whom" Church Courts and Councils of Churches will speak when they adopt resolutions on so-called social and political issues.

23. From the Presbytery of New Orleans:

Whereas there have been problems, confusion, and difficulty during the past years in the operation of the General Assembly due to the lack of set policy with regard to the seating of commissioners, press, Board personnel, Assembly committee members, and visitors:

The Presbytery of New Orleans respectfully overtures the General Assembly to establish and enforce procedures for the seating of commissioners apart from others in attendance, that business may be conducted in a proper, orderly, and effective manner.

31. From the Presbytery of Asheville:

Whereas the ideas about morality and ethical behavior generally associated with the term, "The New Morality," are being promulgated with increasing force and attractiveness, and

Whereas these ideas in many instances openly challenge and refute traditional Christian moral and ethical teachings, and

Whereas the so-called "New Morality," as a result of its forceful and attractive presentation is having significant influence upon Christians and pagans alike,

Therefore: Asheville Presbytery respectfully overtures the General Assembly to make a special study of the body of ideas being put forth in association with the title "The New Morality" to evaluate it in the light of Scripture, and to publish a positive and definitive statement of Christian moral and ethical standards and values for life in our contemporary world.

64. From the Presbytery of John Knox:

Whereas, the Reformed doctrine of the Church requires that Commissioners, assembled in church courts, seek to discern for the Church the will of God on issues before the Church court; therefore,

Be It Resolved, that the Presbytery of John Knox overture the General Assembly to direct the Committee on Assembly Operation to take such steps as will insure that the activities of visitors and the press on the floor of the General Assembly not interfere with or seek to influence the work of Commissioners to the General Assembly.

To the Standing Committee on the General Council, 24-29, 61, 65, and 68

24. From the Presbytery of Athens:

Whereas, the Covenant Life Curriculum has brought fresh emphasis and realization of the central place of the congregation's worship in transmitting the Gospel to the rising generations, and

Whereas, there is abroad throughout Protestantism a fresh concern and renewed interest in worship as an effective witness to the great convictions of the faith, and

Whereas, there is no agency or board of our General Assembly given any responsibility for study and guidance in this whole vital area of the Church's life,

Therefore, the Presbytery of Athens respectfully overtures the General Assembly to assign responsibility for study and the offering of guidance and information in this area either to some existing agency of the Assembly, or to create such an agency for this purpose.

25. From the Presbytery of Asheville:

Whereas there are reports that certain policies and programs adopted and used by the Presbyterian Church US had their origin and early development in organizations and agencies outside the bounds of the Presbyterian Church US over which it has little control: and

Whereas several boards and agencies of the Presbyterian Church US send forth suggestions and pronouncements, and recommended the use of study books, films, resources and other program materials prepared "cooperatively" with agencies and organizations outside the bounds of the Presbyterian Church US: and

Whereas there is serious question as to the extent, usefulness, or propriety of many such policies, programs, and materials in the Church which have originated and have been provided by agencies and organizations outside the bounds of our Church:

Now Therefore, the Presbytery of Asheville respectfully overtures the General Assembly to appoint an ad interim committee to make a thorough study of the extent of the Church's involvements with agencies and organizations outside its bounds, and the direction such involvements are leading the Church in its life and progress.

26. From the Presbytery of the Southwest:

Whereas it is felt that significant actions of the General Assembly of the Presbyterian Church in the U.S. should be reported accurately and fully to its constituents as early as possible after the General Assembly has acted, the Presbytery of the Southwest respectfully overtures the

General Assembly of the Presbyterian Church in the United States, meeting at Montreat April 1966 to direct the General Council to consider inviting competent well-known newspapers/radio/TV analysts who are acquainted with the theology and government of the Presbyterian Church in the U.S., to:

(1) Broadcast live daily from the nearest useable facility an account of the work of, happenings at, and impressions about the General Assembly.

Those invited to do this would have complete freedom to report these happenings as they see and interpret them. It is hoped that such programs may be carried throughout the South, and, if possible, the nation.

(2) Issue newspaper dispatches on the work of the Assembly, underscoring the importance of such facts as are deemed worthy of note. If possible, these dispatches should be offered to reputable national news media for use throughout the nation.

(3) That the Council have prepared factual accounts of the work of the General Assembly for use in such publications as: *The Presbyterian & Reformed Quarterly Review, Life and Work* (of the Church of Scotland), *The Ecumenical Review,* etc.

(4) That the General Assembly authorize the Council to direct TRAV to produce a program on tape, with accompanying visual representations, describing the work of the Assembly and assessing its importance to the Church; and that such be made available to Synods, Presbyteries and Churches, as well as other groups requesting same, to help in acquainting the Church with the actions of the General Assembly and the importance of these actions to the church at large.

27. From the Presbytery of Potomac:

Whereas, information on the salaries and allowances of the personnel of the Assembly's boards and agencies are not made available to the membership of the denomination; and

Whereas, this seems contrary to good business procedure in any organization; and

Whereas, this is contrary to the pattern followed by our sister denominations and the procedures followed by our own for most of its history;

Therefore, the Presbytery of Potomac respectfully overtures the General Assembly to instruct all its boards and agencies to make this information available as a part of their regular annual reports.

28. From the Presbytery of Suwannee:

The Presbytery of Suwannee notes with concern the fact that the program of the Women of the Church and the Men of the Church is based on a different time schedule than that of the church at large and so Overture the General Assembly to study the matter of unifying all the agencies of the General Assembly into one overall time schedule.

29. From the Presbytery of Congaree:

Whereas, the General Assembly has established a Central Treasurer, and

Whereas, the Central Treasurer will use an equalization process in the distribution of undesignated benevolence contributions, and

Whereas, many individuals and church courts in the Presbyterian Church, U.S., do not desire to contribute directly or indirectly to one or more of the causes listed under Interchurch Agencies, and

Whereas, these causes are not under the direct control of our General Assembly, and

Whereas, the inclusion of Interchurch Agencies in the equalization process would mean that all contributions to benevolences would increase the amount that would be received by Interchurch Agencies, and

Whereas, this has offended many of our members and church courts and could adversely affect contributions to all General Assembly Causes, be it

Therefore resolved that Congaree Presbytery overture the General Assembly to exclude Interchurch Agencies from the equalization process in the distribution of undesignated benevolences.

61. From the Presbytery of East Alabama:

The Presbytery of East Alabama overtures the General Assembly to instruct the Board of World Missions and the Board of Church Extension to evaluate the Joint Emphasis on World Missions, Church Extension, and Evangelism and to recommend whether this plan should be continued.

65. From the Synod of Oklahoma:

Whereas, The General Assembly has repeatedly authorized certain Supplemental and Special

Offerings; namely, World Mission, Church Extension, Christian Education, Annuities and Relief, and Overseas Relief; and

Whereas, Certain solicitations from the Assembly level have been directed to individuals within local churches which appear to be out of keeping with the principles as set forth by the Assembly; and

Whereas, The Synod of Oklahoma is making a concerted and conscientious effort to develop an adequate and educated understanding of Stewardship; and

Whereas, We feel that there needs to be cooperation from all levels in the undertaking of this Synod.

Now, therefore, the Synod of Oklahoma respectfully overtures the General Assembly to take the necessary steps to discourage all solicitations to individuals, and that all requests for financial support for Assembly's Boards and Agencies be submitted to the Council of the Synod of Oklahoma.

68. From the Presbytery of Central Mississippi:

Whereas the booklet, "New Wine Skins?" goes beyond the authorization of the General Assembly giving permission "to request of each Presbytery a careful consideration of the following questions:

(a) What is the mission of the Church in the light of both the Scriptures and our Standards, in the face of present-day conditions in the world?

(b) In the light of present-day conditions in the world, what marks of a missionary church do we see in our congregation, our Presbytery, our General Assembly?

(c) What modifications would strengthen our Church's ability to achieve its mission?"

Whereas the report calls for a radical alteration of the form of government and theological standards of our Church, without any guarantee that such alteration would make the Church a more effective instrument for witness and righteousness;

Whereas our people fear the centralization of power, whether in government or in church, and the proposals of this paper are toward such centralization of power in our Church;

Whereas implementation of the proposals set forth by this Committee can only bring conflict and possible disruption to our Church;

Therefore, the Presbytery of Central Mississippi respectfully overtures the General Assembly to instruct the Ad Interim Committee on Institutional Forms of the Presbyterian Church in the United States to confine its labors to limitations set forth by the General Assembly.

To the Standing Committee on Christian Education, 30

30. From the Presbytery of Harmony:

Whereas, the action of the Division of Christian Action, Board of Christian Education, Presbyterian Church in the U. S., in inviting Dr. Martin Luther King and Dr. Gaylord Willmore, Jr. to speak at Montreat has caused great dissatisfaction and unrest among the members of the Church in that:

(a) Dr. King is not a Presbyterian, is a controversial figure, has taken a very prominent part in aligning race against race, is looked upon more as a civil rights agitator and political figure rather than as a religious leader and his appearance at Montreat required special police protection, including armed officers in Anderson Auditorium, while speaking, and

(b) Dr. Willmore is not in accord with the teachings and practices of the Presbyterian Church in the U. S. and in his address advocated the intermarriage of negro and white men and women and recommended that ministers in the states which prohibited mixed marriages ignore the law of such states and perform marriage ceremonies between those of different races regardless of the law, and

Whereas, it is the considered opinion of this Presbytery that its opposition to such speakers is shared by a large majority of the members of the Presbyterian Church in the U. S., and

Whereas, such action by the Division of Christian Action has caused disunity and dissension among the membership of the Church and will continue to cause disunity and dissension if similar individuals are invited to speak at church meetings or conferences in the future, which will materially disrupt and retard the work of the Church in spreading the Gospel, its real purpose and objective, and in all probability will cause a reduction in gifts for benevolent purposes as well as a loss of members and churches and will also add to the resentment, dissatisfaction and unrest now existing in the Church on account of activities in which it is indirectly engaged by reason of its membership in the National Council of Churches, and

Whereas, the peace, purity and harmony of the Church cannot be maintained if such procedure is continued, NOW

Be It Resolved by Harmony Presbytery, Synod of South Carolina:

(1) That it resents in every respect the action of the Division of Christian Action in inviting Dr. Martin Luther King and Dr. Gaylord Willmore, Jr. to address a Presbyterian Church group in Anderson Auditorium, Montreat, N. C., thereby giving to our membership, other denominations, and the general public the impression and idea that the Presbyterian Church in the U. S. is in accord with that for which such individuals stand.

(2) That it is the desire of this Presbytery that those responsible for bringing the said Dr. Martin Luther King and Dr. Gaylord Willmore, Jr. to Montreat be censured and reprimanded for their action in so doing.

(3) That Harmony Presbytery does hereby overture the General Assembly expressing its unqualified disapproval of Dr. Martin Luther King and Dr. Gaylord Willmore, Jr. being invited and permitted to speak to a religious meeting of the Church in Montreat, and to instruct the Division of Christian Action, Board of Christian Education, not to invite in the future anyone with the views of the Drs. King and Willmore to address meetings or conferences under its auspices.

To the Standing Committee on Church Extension, 32

32. From the Presbytery of Kings Mountain:

Be it resolved that by opening the doors of America to our unfortunate neighbors in Cuba President Johnson has given to the world tangible proof that those lofty ideals of Christian love and Christian responsibility burn steadfastly in his heart and in the hearts of all Americans, giving direction and purpose to our lives and to the life of our Country.

Be it further resolved that we, The members of the Presbyterian Church of the U.S., extend to all who come to our shores a warm and living welcome and give them our promise that we will implement our words with all the Christian love and material assistance of which we are capable.

Be it further resolved that this opportunity to express our love for our neighbors should be called to the attention of the other churches of the Presbyterian Church U.S. so that all of us will have the privilege of extending our welcome, our love and our material assistance to our neighbors who flee from the grasp of godless communism.

Now therefore, by these resolutions we express our desire that a committee of the Presbyterian Church U.S. be appointed to formulate a course of action which will enable the churches of the Presbyterian Church U.S. to render all possible assistance to our Cuban neighbors and further that the committee inform the churches of its activity so that these churches may have the privilege of expressing by definite action their Christian love.

We further believe that the most tangible expression of that Christian love would be action on the part of the individual churches to invite to their communities those refugees from communism and to give to them loving fellowship, material assistance and warm acceptance into the life of the community.

To the Standing Committee on Christian Relations, 33-35, 57, 60, 67

33. From the Presbytery of Suwannee:

Due to the fact that there has been great misunderstanding of the 1965 General Assembly's statement concerning civil disobedience, and due to the fact that the members of the Presbyterian Church in the United States strive to be law-abiding citizens,

Therefore, the Presbytery of Suwannee overtures the General Assembly to restate its position concerning civil disobedience, so that it will be clearly understood by all people that our Church is a Church that teaches and practices civil obedience.

34. From the Presbytery of Lexington:

Whereas, we as Christians are called to be peacemakers and as citizens we are called upon to support our nation's actions in the conflict in Viet Nam, and

Whereas, we feel it imperative that the Church speak to the conflicts of the Christian conscience as they relate to war and peace; therefore

The Presbytery of Lexington respectfully overtures the General Assembly to refer the whole matter of war and peace to the proper committee for study of the issues and their bearing on the conflicts of the Christian conscience in a nuclear age.

35. From the Synod of West Virginia:

The Synod of West Virginia overtures the General Assembly to go on record as favoring the abolition of capital punishment and that it notify the various governors and legislatures within its borders of this decision.

57. From the Presbytery of North Alabama:

The Presbytery of North Alabama overtures the General Assembly to clarify its existing pronouncements on the question of civil disobedience.

60. From the Presbytery of Holston:

Whereas, the Presbytery of Holston has been, and is, concerned about the Report of the Permanent Committee on Christian Relations, as amended and adopted by the General Assembly of 1965, insofar as the same appears to condone civil disobedience—i.e., frank, open breaking of a law considered wrong—in the area of race relations, and,

Whereas, although the Presbytery recognizes that social injustices have been inflicted on minority groups, and hereby expresses its agreement with the concern of the General Assembly over injustices and inequities which have brought about the incidents of civil disobedience, and with the sense of humility and repentance which are included in the report of the 1965 General Assembly, the Presbytery is concerned that the condonation of disobedience to laws considered wrong, rather than seeking their repeal within legally recognized procedures within the existing framework of law, could result in a breakdown of law and order and the spiritual unity of the Church, and ultimately might lead to chaos,

The Presbytery of Holston respectfully overtures the General Assembly to repeal and revoke those portions of the Report of the Permanent Committee on Christian Relations to the 1965 General Assembly which appear to condone civil disobedience.

67. From the Presbytery of Northeast Texas:

Whereas the Report of the Permanent Committee on Christian Relations as adopted at the meeting of the General Assembly on April 19, 1965, is by some considered ambiguous and contains language which has been construed in various conflicting ways, therefore be it resolved that

The Presbytery of Northeast Texas overture the General Assembly to elaborate upon and clarify the action of the General Assembly of 1965 relative to civil disobedience.

To the Standing Committee on Inter-Church Relations, 36-51, 56, 58, 59, 62, 63, 69 and 70

36. From the Presbytery of Central Texas:

Whereas, the One Hundred and Seventy-Sixth General Assembly of the United Presbyterian Church in the United States of America (1964) expressed its desire for reunion with the Presbyterian Church in the United States by saying:

> "Of all Churches to which we feel drawn by the imperative of Christian unity, none has so great an attraction for us, none share so much of what we prize as our Christian Faith, as the Presbyterian Church in the United States", and

Whereas, the One Hundred and Seventy-Sixth General Assembly of the United Presbyterian Church in the United States of America (1964) communicated this desire to the One Hundred and Fifth General Assembly of the Presbyterian Church in the United States by saying:

> "It is our deepest conviction that no wordly event, no human attitude of mind or heart, can affect the fact of our unity in Christ Jesus. We testify before you that it is our most sincere desire that such unity shall once again be expressed in visible and effectual form. We do earnestly hope that you will join with us, now, in taking the first steps on the pathway to reunion." (Minutes of the One Hundred and Seventy-Sixth General Assembly of the United Presbyterian Church in the United States of America; Page 241), and

Whereas, this request from the One Hundred and Seventy-Sixth General Assembly of the United Presbyterian Church in the United States of America (1964) was answered in the negative by the One Hundred and Fifth General Assembly of the Presbyterian Church in the United States (1965), and

Whereas, the One Hundred and Seventy-Seventh General Assembly of the United Presbyterian Church in the United States of America (1965) again expressed itself on this matter, saying:

That it is "our common conviction that the ground of our unity is in our common Lord, and that He continues to call us to greater expressions of unity, increased common efforts, and to re-union."

"It is therefore, recommended that a message be sent to the One Hundred and Sixth General Assembly of the Presbyterian Church in the United States, which reaffirms our yearning for a united Reformed and Presbyterian family and proposes that the two General Assemblies establish a panel which will objectively analyze the problems in an undertaking of this kind in the light of the situation in which we find ourselves in 1966, and explore what new opportunities might present themselves, and make recommendations as to the next steps." (Minutes of the One Hundred and Seventy-Seventh General Assembly of the United Presbyterian Church in the United States of America; Page 567), and

Whereas, we believe that these communications are but the most recent of the repeated pleas of a parent for her child; and we believe it unseemly for a child continually to ignore the cries of her parent for reconciliation:

Therefore, the Presbytery of Central Texas respectfully overtures the General Assembly to answer the communication from the One Hundred and Seventy-Seventh General Assembly of the United Presbyterian Church in the United States of America in the affirmative; and to initiate whatever action is necessary to bring such a panel into being.

37. From the Synod of West Virginia:

The Synod of West Virginia overtures the General Assembly to appoint a Committee to continue studies leading to reunion with the United Presbyterian Church in the United States of America.

38. From the Synod of Texas:

Whereas the 104th General Assembly directed the Permanent Committee on Inter-Church Relations, be advised of the increased urgency of conversations and understanding with the UPUSA Church and other Reformed Churches and be instructed forthwith to explore differences and similarities with the UPUSA Committee, and committees with other reformed churches wishing such exploration and

Whereas the 105th General Assembly directed the Permanent Committee on Inter-Church Relations to explore all possible means of cooperation and unity with the United Presbyterian Church, USA and

Whereas there are 400,000 UPUSA Church members in the geographical area known as the South, with 1,700 churches and

Whereas many of the border Synods of the Presbyterian Church, U.S. are in close cooperation with the United Presbyterian Church, USA in joint work, joint ownership of property, and joint cooperation,

Therefore Be It Resolved that the General Assembly name an Ad Interim Committee of five to meet with a similar committee of the UPUSA Church, to explore the problems and the possibilities of our future relationships.

39. From the Synod of Missouri:

The Synod of Missouri overtures the General Assembly to name a special committee of twelve to explore the possibilities of Reunion with the United Presbyterian Church in the U.S.A.

40. From the Synod of Kentucky:

The Synod of Kentucky overtures the General Assembly to name a special committee of twelve to meet with a similar committee from the United Presbyterian Church in the United States of America to explore possible plans of reunion and report to the 1967 General Assembly, and that the Standing Committee of the Assembly considering this overture permit a representative of the Synod of Kentucky to discuss it with them.

41. From the Presbytery of Missouri:

The Presbytery of Missouri respectfully overtures the General Assembly to set up an ad interim committee to talk with a similar committee from the United Presbyterian Church in the United States of America to explore the problems and possibilities of our future relationships.

42. From the Presbytery of Lexington:

Whereas, the Presbytery of Lexington is deeply disturbed over the rejection by the 105th General Assembly of several overtures urging a favorable response to overtures from the

General Assembly of the United Presbyterian Church in the United States of America asking for the initiation of consultations leading to reunion of our denominations, and

Whereas, repeated rejection of similar overtures from the United Presbyterian Church by our General Assembly has possibly closed the door to any prospects of reunion in the near future or at least left the initiative almost entirely with our denomination, and

Whereas, the overlap of work and witness of the Presbyterian Church in the United States and the United Presbyterian Church in the United States of America, as well as the estrangement is painfully evident in the Synods of Missouri, Kentucky, Texas, Florida and to some extent in almost every area of our denomination, and

Whereas, the mobility of the population has produced many congregations in the Presbyterian Church in the United States with constituencies of one-third or one-half or more of United Presbyterian background and membership for which the estrangement of our denominations is an unnecessary scandal and an embarrassment to our repeated affirmations of ecumenical concern, and

Whereas, the Reformed Church in American has not, in our negotiations with it, closed the door to our talking with other reformed bodies, and

Whereas, by every reason of history as well as the consideration of God's demands upon us in our own time, no concern can be more urgent for our church as a whole than reunion with those Christians who are closest to us of all in the Reformed Tradition, and

Whereas, considerations for merger with any other denomination even within the Reformed family of churches can never legitimately preclude our immediate concern to be reunited with our sister church; therefore,

The Presbytery of Lexington respectfully overtures the General Assembly to address itself to the General Assembly of the United Presbyterian Church in the United States of America, meeting in 1966, asking that a committee of twelve be appointed to meet with a committee of twelve from the Presbyterian Church in the United States to plan the course of merger talks between our denominations, our committee reporting to the 107th General Assembly on their preliminary proposals.

43. From the Presbytery of Potomac:

Whereas, there are many congregations and ministers who believe the first ecumenical duty of our church is the reunion of the Presbyterian Church which was disrupted in the tragic War Between the States, and

Whereas, it is the judgment of some of us who are not opposed to union with the Reformed Church of America that such a union which does not include the United Presbyterian Church is a step away from the reunion of Presbyterianism in this country, and

Whereas, many of us live in communities in which a continued separation of our churches seems to be unjustified,

Therefore, the Presbytery of Potomac respectfully overtures the General Assembly that any further action towards union with the Reformed Church in America be suspended until the United Presbyterian Church in the United States of America can be fully drawn into any plans for reunion.

44. From the Presbytery of Asheville:

Whereas: the General Board of the National Council of Churches of Christ, U.S.A., acts for the National Council during three year intervals between meetings of the General Assembly of the National Council, and

Whereas: representatives of the National Council claim that the actions of the General Board are "broadly representative" of the 30 member communions totaling approximately 40 million communicants, and

Whereas: the Constitution of the National Council empowers the General Board with the approval of as few as 26 of its 256 members to take such important actions as: establishment of internal structure and organization of the Council, determination of major administrative policies, and approval of major changes in organization; election of staff; oversight of council operations; administration of financial affairs, including approval of the budget; and interpretation of the Council to its constituency, to the general public, and to government, and

Whereas: records indicate that total votes cast at meetings of the General Board usually, if not always, total less than half its members, and

Whereas: it is conceivably possible by this quorum rule for the representatives of one member communion to act for the whole National Council,

Therefore: Asheville Presbytery overtures the General Assembly to request the General

Board of the National Council of Churches to recommend to the General Assembly of the National Council to amend its constitution Article VIII, Section 8—Quorum, to read as follows: "A majority of the total membership of the Board representing a majority of constituent communions shall constitute a quorum—"

45. From the Presbytery of Memphis:

That the General Assembly strongly urge the National Council of Churches to do the following:

(a) That the General Assembly of the National Council of Churches and the General Board of the NCC make unmistakably clear the distinction between their official positions and actions and the things said and done by the many conferences, workshops, and retreats they sponsor.

(b) That the General Assembly of the NCC and the General Board of the NCC, when they speak, make it unmistakably clear that either body speaks to the churches and not as a body speaking for the churches.

(c) That the NCC state clearly, in the case of debate over a controversial issue, the Christian truth on both sides of the issue, and that the NCC refrain from attempts to influence particular legislation where there is no clearly defined moral issue at stake.

(d) That executives of the NCC be definitely accountable for statements and actions to some clearly identifiable superior body.

We further recommend in this overture that the General Assembly of the Presbyterian Church, U.S., seek, and receive, an answer by the NCC to these criticisms and suggested changes.

46. From the Presbytery of Tuscaloosa:

Whereas, the National Council of Churches promotes programs and makes pronouncements which are contrary to the teachings of the Bible and to the government of the Presbyterian Church in the United States as set forth in the *Book of Church Order;* and,

Whereas, the National Council of Churches is in revolt against the basic ideas of Christianity as they have been taught by the Presbyterian Church in the United States and other Reformed Churches throughout the centuries; and,

Whereas, affiliation with the National Council of Churches by the Presbyterian Church in the United States is causing widespread disunity and dissension in the Church, and is seriously weakening the Witness of the Presbyterian Church in the United States; and,

Whereas, the Tuscaloosa Presbytery of the Presbyterian Church in the United States deplores the fact that the Church continues to affiliate with the National Council of Churches;

Therefore, Tuscaloosa Presbytery does hereby overture the General Assembly to reevaluate the actions of the National Council of Churches, and to immediately terminate membership with said body by the Presbyterian Church in the United States.

47. From the Presbytery of Central Mississippi:

That the General Assembly be requested to appoint an ad interim committee to study and report back to the next meeting of the Assembly concerning the advisability of affiliating with other national or international groups (such as the National Association of Evangelicals, the Reformed Ecumenical Synod, the International Association for Reformed Faith and Action, the American Calvinistic Fellowship, and the American Council of Churches) as alternatives to membership in the National Council of Churches.

48. From the Presbytery of Charleston:

The Presbytery of Charleston respectfully overtures the General Assembly to withdraw from the National Council of Churches in the U.S.A.

49. From the Presbytery of Kings Mountain:

That the General Assembly communicate with the appropriate offices of the National Council of Churches of Christ in America to the end that action on the part of the General Board of the National Council or its subordinate committees or offices to influence national legislation be taken only upon the authorization of a two-thirds majority of the total membership of the General Board.

50. From the Presbytery of Atlanta:

The Presbytery of Atlanta respectfully overtures the General Assembly as follows:

That the General Assembly direct our representatives on the General Board and the General Assembly of the National Council of Churches to do certain things:

1. To disassociate our denomination from those decisions which are contrary to the actions of our Assembly.
2. To make as clear as possible to the National Council of Churches the position of our denomination on such issues as may arise.
3. To seek to correct the apparent trend toward a disproportionate emphasis upon social, political and economic issues.
4. To work toward a more wholesome organizational structure of the National Council of Churches, particularly in the matters of lay and pastoral participation and the quorum of the Board.

51. From the Session of West Haven Presbyterian Church, Rocky Mount, N. C.:

Whereas by our denominational participation in the National Council of Churches the Presbyterian Church, U. S., has consistently indicated a desire to cooperate with other Protestant and Orthodox Christians in a united work and witness; and,

Whereas the large proportion of worthwhile activities undertaken by the National Council of Churches—such as its many responsible policy statements on matters of genuine concern to member churches—has often been overshadowed by a comparatively small but highly controversial number of programs in the area of race relations, political lobbying, promotion of social legislation, and the like; and,

Whereas the divisiveness of these activities of the National Council of Churches makes it difficult or impossible for many Presbyterians, U.S., to support conscientiously and wholeheartedly the program of the Council;

Therefore, the Session of West Haven Presbyterian Church respectfully asks the Presbytery of Albemarle to overture the General Assembly of the Presbyterian Church, U.S., to instruct our representatives to the National Council of Churches to urge strongly that the Council cease its partisan activities in the areas of race relations, lobbying, promotion of social legislation, and the like, and that our representatives urge and work for repeal of the National Council of Churches Bylaws [Part VI, Para. 2, Sec. d., 1), d) & e), effective January 1, 1965] which provide for and authorize studies and programs in these extremely controversial areas, which Bylaws read as follows:

"d. The following divisions are established to develop and carry forward programs in the fields indicated:

(1) Division of Christian Life and Mission—Responsibilities:

(d) Initiate, develop, and carry forward studies and programs by which the churches may bring Christian witness and reconciling influence to bear on all aspects of contemporary society including those evident in matters of social, political, economic, and moral responsibilities, urbanization, racial relations, technology, labor and leisure, population changes, health and welfare, and in relation to developments in international relations affecting justice, freedom and peace.

(e) Conduct studies and initiate and carry out programs relating to the freedom and responsibility of Christians and of the Church in the civic and political life of the nation at all levels, with particular concern for protection of the religious and civil liberties of all citizens."

(Note: This overture was presented to the Presbytery of Albemarle and by it answered in the negative.—*Stated Clerk*)

56. From the Presbytery of North Alabama:

North Alabama Presbytery overtures the General Assembly to instruct its representatives on the General Board and General Assembly of the National Council of Churches to seek:

(1) To disassociate our denomination from these decisions which are contrary to the actions of our Assembly.

(2) To make as clear as possible to the National Council the position of our denomination on such issues as may arise.

(3) To seek to correct the apparent trend toward a disproportionate emphasis upon social, political, and economic issues.

(4) To work toward a more wholesome organizational structure of the National Council, particularly in the matter of lay and pastoral participation and the quorum of the board.

58. From the Presbytery of East Alabama:

The General Assembly of the Presbyterian Church in the United States is earnestly

implored to give most serious consideration, as before the Lord and in view of its responsibility for the nurture of the whole of this His Church, to the following:

Whereas,

(A.) The National Council of Churches does "intermeddle with civic affairs which concern the commonwealth" to degrees and in manners other than "by way of humble petition in cases extraordinary", unrestrained by the limitation put upon church councils in Sec. 4 Ch. XXXIII C.F. (witness the Taft-Hartley Labor Law lobby; witness the NCC declared influence in assuring passage of the Civil Rights Bill as reported in General Assembly Minutes, 1965, Pg. 136);

(B) The said National Council "provided a bold program of training and pastoral ministry for students who participated in the Mississippi Summer Project" (NCC Report, Minutes G.A. of 1965, Pg. 136), a project with means and ends quite contrary to the Resolution of the General Assembly of 1920 "That the Presbyterian Church in the United States, speaking through this Assembly, renews its witness against every disobedience to established law and all disregard of constituted authority; that it lifts its voice against the destructive iniquity of covetousness in its many and insidious forms";—(Minutes, Pg. 74);

(C) The said National Council in its released statement of October 2, 1965 (without having heard the sworn testimony in the case and flouting established judicial precedents) did condemn and berate the Lowndes County (Alabama) petit jurors, severally and jointly, as deciding a case before them "With brazen, even lighthearted contempt for their profound responsibility, in an obscene caricature of justice,—" which action "—amounts to a wholesale issuance of hunting licenses to humans against other humans" (copy attached):

Each and All of Which, (by so influential a body as the National Council and so highly resented by thousands of members of this Church), are much more "against the peace, unity and purity of the Church, and the honor and majesty of the Lord Jesus Christ as the King and Head thereof" (Sec. 104-4 RD) than if they were only the actions of some individual in a case of process: and,

Whereas,

(A) The National Council membership and budgeting actions of this Church are seen as "Commandments of men" in violation of Sec. 2, CH XXII C.F. when any Church member, contrary to his conscience, directly or indirectly helps finance the NCC which operates outside the restraints of Sec. 4 CH XXXIII C.F.;

(B) Membership in and financing of the National Council by this Church is a coercive action destructively present in every worshipful paying of tithe or giving of offering for every member for whom such relations to the NCC area a viblation of conscience, forcing him either to act in violation of his conscience (of which "God alone is Lord," but which the Church binds in violation of Sec. 14-3(1) BCO in ordering membership in/and support of the NCC), or refuse to act in violation of Scripture and his own solemn vow as a member (Sec. 210-5(c)(4) DW):

Each of Which Shows that membership in and support of the National Council by this Church is a coercive violation of our Constitution for every member who dissents (in fact if not form) from such participation; and,

Whereas,

(A) Continued membership in and support of the National Council provokes wide-spread division and rebellious congregationalism within the Church, as witness the actions by many widely-scattered Church Courts to restrain, direct and/or divert benevolent giving so as to reduce to a minimum, from the area of each court's jurisdiction, that fraction of its giving which goes to the NCC;

(B) Members of this Church are free to contribute to Christian or beneficient programs with the assurance that such giving through their church treasurers will be distributed to 'the object toward which it has been contributed' (Sec. 12-3 BCO); so that members and Ministers (who hold more sympathy with than antipathy against the National Council, or who approve some or all its program more than they disapprove other or all) are at liberty to give as generously as they please of their own resources to the National Council without Church-wide participation in its program;

(C) The accepted and well-proven method of pastoral leadership in the Scriptural figure of shepherd and sheep is precluded by the coercive directive upon every member, in effect either to participate in support of the National Council or not participate at all in the Assembly-level Church program; which pastoral leadership could be voluntary participation in co-

operative programs, and freeing the member to consider the leadership and decide upon his own following of it:

All of Which show that our Church's membership in and budgeted support of the National Council of Churches is unnecessary to any laudable purpose (and is even destructive of ecumenicity) within this Church:

Now Therefore

The 106th General Assembly is respectfully and earnestly implored to give the same serious consideration as previously payed to each of the following requests:

(1) That this Church's membership in the National Council of Churches shall terminate with this calendar year 1966;

(2) That no provision for the National Council shall be in the General Assembly's budget proposed and adopted subsequent to that proposed this year (1966) and adopted (whether amended or not) for 1967;

(3) That no Board or Agency of the Presbyterian Church in the United States shall make any contribution or payment to the National Council for "departmental programs" (Survey, Vol. 54 No. 12, Dec., 1964 Pg. 34) or otherwise after this calendar year 1966.

59. From the Presbytery of Holston:

Whereas, dissatisfaction has been voiced by a substantial number of the members of our Presbytery concerning the action of the General Assembly of 1965 relating to the membership of the Presbyterian Church, U.S., in the National Council of Churches, and,

Whereas, it is deemed necessary, in order to prevent further dissension and discord and to promote a spirit of unity and peace within the Church, to have this question further considered by the Church courts and to acquaint members of the Church with the problems which have arisen in connection therewith,

Now, therefore, the Presbytery of Holston respectfully overtures the General Assembly to refer this question to the Presbyteries of the Church, meeting in the fall of 1966, for overtures, recommendations, and suggestions as they may wish to make to the 1967 General Assembly.

62. From the Presbytery of Brazos:

Whereas, in the light of the Call to Repentance and Expectancy, we acknowledge that divisions within the Body of Christ are not in accordance with His Holy Word; and

Whereas, in this age of tremendous challenge, it is imperative that we explore every avenue which will eliminate these divisions;

Now, therefore, the General Assembly is respectfully overtured: To Appoint an ad interim committee to meet with a corresponding committee of the United Presbyterian Church in the United States of America to begin exploring the steps that are necessary for possible union; and

To invite the Reformed Church in America to join in such exploration.

63. From the Presbytery of Knoxville:

The Presbytery of Knoxville respectfully overtures the General Assembly at its next Stated Meeting to withdraw from, and sever all ties with, the National Council of Churches.

69. From the Session of Howard Memorial Presbyterian Church, Tarboro, N. C.:

Whereas in the evolution of the ecumenical movement of the Church in our day there are many "growing pains"; and,

Whereas with reference to the National Council of Churches a good deal of misunderstanding has arisen from the activity of its Division of Christian Life and Mission; and,

Whereas it would seem to many churchmen that the most important instrument for the social, cultural and political mission of the Church today is the denomination and its local congregations; and,

Whereas the participating denominations of the National Council of Churches would profit from an agency committed to thorough research concerning the Christian witness in our contemporary society;

Therefore, the Presbytery of Albemarle overtures the General Assembly of the Presbyterian Church, U.S. to instruct our representatives to the National Council of Churches to urge and work for the revision of the National Council of Churches by-laws Part 6, Paragraph 2, Section d., 1), d) and e), to read as follows:

"d. The following divisions are established to develop and carry forward programs in the fields indicated:

1) Division of Christian Life and Mission—Responsibilities:

d) Conduct studies and report back to the member denominations the result of

such studies by which the churches may bring Christian witness and reconciling influence to bear on all aspects of contemporary society including those evident in matters of social, political, economic, and moral responsibilities, urbanization, racial relations, technology, labor and leisure, population changes, health and welfare, and in relation to developments in international relations affecting justice, freedom and peace. Programs developed in this field may be carried forward by the member denominations or by the committee only when approved by the required number of member denominations.

e) Conduct studies and report back to the member denominations the result of such studies relating to the freedom and responsibility of Christians and of the Church in the civic and political life of the nation at all levels with particular concern for protection of the religious and civil liberties of all citizens." Programs developed in this field may be carried forward by the member denominations or by the committee only when approved by the required number of member denominations.

AS DISTINGUISHED FROM THE PRESENT READING:

"d. The following divisions are established to develop and carry forward programs in the fields indicated:

d) Initiate, develop, and carry forward studies and programs by which the churches may bring Christian witness and reconciling influence to bear on all aspects of contemporary society including those evident in matters of social, political, economic, and moral responsibilities, urbanization, racial relations, technology, labor and leisure, population changes, health and welfare, and in relation to developments in international relations affecting justice, freedom and peace.

e) Conduct studies and initiate and carry out programs relating to the freedom and responsibility of Christians and of the Church in the civic and political life of the nation at all levels, with particular concern for protection of the religious and civil liberties of all citizens."

(NOTE: This overture was presented to the Presbytery of Albemarle and by it answered in the negative.—*Stated Clerk.*)

70. From the Presbytery of Albemarle:

Whereas, the 1965 General Assembly of the United Presbyterian Church in the United States of America adopted a recommendation "that a message be sent to the 106th General Assembly of the Presbyterian Church in the United States which reaffirms our yearning for a united Reformed and Presbyterian family and proposes that the two General Assemblies establish a panel which will objectively analyze the problems in an undertaking of this kind in the light of the situation in which we find ourselves in 1966, and explore what new opportunities might present themselves, and make recommendations as to next steps.

"This action will be a venture of faith in God's will and in obedience to the commandment of the Christ that his people be one. It will be a venture of faith in the good will of Christian brothers, taken in dependence upon mutual respect and Christian commitment. It will be a common Christian adventure in an age when certainties are few, and each day brings new changes in the task before us. 'Come now and let us reason, saith the Lord,'" (Minutes of the General Assembly of the U.P.U.S.A., pp. 568f.)

Whereas, the Constitution of the Presbyterian Church in the United States makes no provision for the appointing of a panel, and

Whereas, the reunion of the Presbyterian Church U. S. and the United Presbyterian Church U. S. A. is desirable and should be pursued with vigor,

Be It Therefore Resolved that the Presbytery of Albemarle overture the 106th General Assembly of the Presbyterian Church in the United States to:

1—Authorize and appoint a permanent Committee on Relations with the United Presbyterian Church in the United States of America;

2—Instruct the permanent Committee on Relations with the United Presbyterian Church U.S.A. to meet with a corresponding group from the United Presbyterian Church U.S.A. and a panel to analyze and define objectively the problems involved in the undertaking suggested in the message from the U.P.C.U.S.A. to the 106th General Assembly.

3—Request this permanent Committee to recommend the steps to be followed in consummating a reunion of the two Communions.

To the Standing Committee on the Minister and His Work, 52-54, (i) and (k)

52. From the Presbytery of Winchester:

Whereas many churches have been experiencing considerable difficulty in the calling of pastors; and

Whereas extended periods in the life of a church without a pastor tend to create significant problems in the life and work of such a church; and

Whereas some ministers are experiencing considerable difficulty in being able to move to other work, even when both the minister and the congregation served by him recognize the need for a change in the pastorate; and

Whereas, as a result, ministers are being put more and more into the position of having to get their names before Nominating Committees in order to receive calls;

Therefore, the Presbytery of Winchester respectfully overtures the General Assembly to direct the Assembly's Committee on The Minister and His Work to undertake or to provide for a special study of the Church's present practices in the calling of pastors—simultaneously with the Church's more extensive study of all of its institutional forms—with a view to recommending desirable changes in the practices of the Church in the calling of the pastors, and to recommending any changes in the Book of Church Order which may be necessary to permit improved practices of the kind which they recommend.

53. From the Presbytery of Winston-Salem:

Whereas, it has long been recognized that the ministers of our Church serve most effectively when they move in orderly fashion from one church to another, and

Whereas, we have observed with great concern the increasing difficulty which many of our ministers experience, through no fault of their own, in effecting these changes, and

Whereas, we believe our system needs some modification to make it more effective,

The Presbytery of Winston-Salem respectfully overtures the General Assembly to instruct the General Assembly's Committee on the Minister and His Work carefully to study ways to improve our present system, including the following possibilities: A. Term pastorates; B. A method of exchanging pastors and churches without the necessity of a previous vacancy occuring; C. Providing authority to some person or persons for the moving of ministers; and to present its recommendations to the next meeting of the General Assembly.

54. From the Presbytery of St. Johns:

Realizing the many varieties in the way of transferring and examining Ministers by our Presbyteries, the Presbytery of St. Johns respectfully overtures the General Assembly to make a study and evaluation of our present system and recommend a more uniform procedure as a guide for all Presbyteries.

(i) From the Presbytery of Norfolk:

Whereas many churches have experienced extreme difficulty in securing the services of ministers; and

Whereas these long periods of vacant pulpits have hurt the stability and growth of the churches; and

Whereas some ministers have found it almost impossible to move when minister and church have felt it was for the best interest of both; and

Whereas the minister has more and more been put in the position of "candidating" for a pulpit if he seeks a change in pastorates;

Therefore, the Presbytery of Norfolk overtures the General Assembly to appoint an Ad Interim Committee to study our church's present system of calling ministers, and to recommend desirable changes in the Book of Church Order that would enable the Church to deal effectively with the problem.

(k) From the Presbytery of Concord:

In view of the fact that some ordained ministers have moved into types of work such as youth counseling, social welfare, etc., while still wishing to retain their status as ministers of the Church, Concord Presbytery respectfully overtures the General Assembly to Clarify Section 10-1 of the Book of Church Order with reference to the scope of a minister's work, so as to give guidance to Commissions on the Minister and His Work when they are confronted by such situations in making reports to their presbyteries on the status of the ministers on their roll.

To the Standing Committee on the Presbyterian Survey, 55

55. From the Presbytery of the Everglades:

Whereas, the Presbyterian Survey being an official publication of the Presbyterian Church in the United States and deriving its support from the benevolent gifts of all of the people of our church, and,

Whereas, it is our conviction that an official church paper truly representative of the denomination at large should follow a policy of scrupulous fairness in publishing articles dealing with controversial matter in the church, and,

Whereas, the 1964 General Assembly requested the Directors of the Survey to pursue such a policy,—"to give opportunity for the presentation of both sides (of controversial issues) as is done in our church courts" and,

Whereas a "letters to the editor" column could not possibly discharge in good faith an adequate presentation of those matters on which the church as a whole may be divided,

Therefore, the Presbytery of the Everglades overtures the General Assembly to take cognizance of the action of the 104th General Assembly touching upon this important matter, and to instruct the Directors of the Presbyterian Survey to make every sensible effort consonant with good journalism to be impartial and objective in seeing that both sides of any controversial issue are thereby fully and fairly presented.

OVERTURES RECEIVED AND REFERRED TO THE PERMANENT JUDICIAL COMMISSION UNDER FORM OF GOVERNMENT SECTIONS 20-6 AND 20-7, AND ASSEMBLY'S STANDING RULE 7.3

(a) From the Presbytery of Central Texas:

Whereas, in the providence of God, the Presbytery of Brazos of the United Presbyterian Church in the U.S.A. and the Presbytery of Central Texas of the Presbyterian Church in the United States have been defined by their respective denominational judicatories so as to cover the same geographical area to all practical purposes, so as to be of the same approximate numerical size, and so as to overlap one another in most parishes and in all areas; and,

Whereas, both the aforementioned presbyteries are charged in this same area with similar responsibilities in the exercise of oversight and government; and

Whereas, there already exist within the aforementioned presbyteries three union or federated churches sustaining relationships to both courts, three larger parishes containing churches from each presbytery, two churches in process of formation which by mutual agreement will be organized as union churches being jointly planned and financed by the two presbyteries, and a jointly owned camp and conference property with a single program of operation; and,

Whereas, churches under the jurisdiction of the two presbyteries are accustomed to working together in numerous other areas of Christian work and service, there being much normal interchange of leadership and membership between churches of both presbyteries, and ministers of each presbytery are in normal and frequent association with one another in the performance of their duties; and,

Whereas, conditions similar to this, where two denominational branches of Presbyterianism overlap, are prevalent in other areas of our denominations where the division of presbyterial oversight and jurisdiction over neighboring congregations and communities is frequently confusing to our people and the general public, often detrimental to good order, likely to divide the Reformed witness, and certainly conducive to competitive and wasteful administrative, plenary, and financial effort at the local level unless extreme care in communication and planning is exercised; and,

Whereas, the experience of these aforementioned presbyteries over the period of the past six years in undertaking joint administrative and financial ventures, notably in Christian Education and Church Extension, and in dealing with problem areas of overlapping work, have been successful and profitable to the well-being and strength of the Church, demonstrating the possibility, practicability and profitability of a more complete merger which would unite the work and jurisdiction of Presbyterians in the area, without detriment to the denomination of either presbytery; and,

Whereas, the aforementioned presbyteries have repeatedly affirmed their mutual intent to work together wherever possible by joint effort, joint planning, and joint administration; and,

Whereas, the principle of a "union" judicatory is clearly established by the provision for "union" churches in the constitutions of both the Presbyterian Church in the U. S. and the

United Presbyterian Church in the U. S. A., and the possibility of a "union" presbytery is explicitly forbidden in neither, thus indicating that such an eventuality is in keeping with the spirit of Presbyterianism in both churches; and

Whereas, the proposal hereinafter advanced will neither subtract from the denominational strength nor eradicate the loyal and faithful relationships and obligations toward their respective higher judicatories and denominations which the Presbytery of Central Texas (U. S.) and the Presbytery of Brazos (U.P.U.S.A.) acknowledge and intend to maintain, but will rather enhance them by enlarging the relationship, responsibilities, and ministry of both courts in this area of their jurisdiction, providing a single, mature, and vital Presbyterian program of oversight to our churches and a strongly supported Presbyterian program of nurture and mission to the glory of our Lord and to the credit of the Reformed tradition;

Now, therefore,

The Presbytery of Central Texas respectfully overtures the General Assembly to amend the Constitution of the Presbyterian Church in the United States in the following particulars:

I. By the addition to *The Form of Government* of a new chapter (32) as printed below, and

II. By the amendment of *The Form of Government,* Paragraph 31-2 (1) as printed below.

Proposed Chapter 32

UNION PRESBYTERIES (CLASSES)

1. A presbytery of this church may unite to form a union presbytery (classis) with a presbytery of the United Presbyterian Church in the United States of America or a classis of the Reformed Church in America with the approval of the synod of jurisdiction of which the presbytery (classis) is a part provided that the following plan of union is adopted by each presbytery (classis) involved.

a. This plan of union is adopted by the Presbytery of ———— and the Presbytery (Classis) of ———— effective as of———— (date), both presbyteries (presbytery and classis having approved the plan by a two-thirds majority of those present at a stated meeting of the presbytery (classis), the matter having been published beforehand on its docket and the union and this plan having been approved by the synod of jurisdiction over each presbytery (classis).

b. The purpose of the union shall be the furtherance of a united witness and mission, the administration of a single program of nurture, sustenance and growth of the Church within the union presbytery (classis), and the oversight of all churches within its bounds by a union presbytery (classis) which will hold title to the properties of the uniting judicatories and provide the functions and fulfill the duties of a presbytery (classis) as specified in the constitutions of both Churches.

c. The union presbytery (classis) shall be subject to the constitutions of both denominations as set forth below.

1) The presbytery (classis) shall submit its records at least annually and whenever requested to both synods of jurisdiction.

2) The presbytery (classis) shall be fully and equally responsible to both Churches. To this end, within ten years from the establishment of the union presbytery (classis), general mission or benevolence contributions shall be devoted in equal proportions to the programs of each of the two denominations. Meanwhile, the presbytery (classis) shall modify its benevolence or general mission askings of the particular churches from year to year to the end that the presbytery (classis) shall equitably support the program of each denomination.

3) Per Capita apportionments or assessments shall be paid to each synod and General Assembly (General Synod) of jurisdiction on the basis of one-half the communicant strength of the union presbytery. In the event that such a procedure be demonstrated to be inequitable an alternative basis may be adopted subject to approval by the synods of jurisdiction of both denominations. Such an alternative if adopted shall be subject to periodic review.

4) The union presbytery (classis) shall be under the discipline of the synods and General Assemblies (General Assembly and General Synod) according to standing rules agreed upon in harmony with the constitutions of the two denominations where they coincide, and in harmony with the mandatory provisions of the laws of either Church where

the other is permissive, and at the choice of the presbytery (classis) where they may be contradictory.

5) Appeals or complaints against the actions of the presbytery (classis) shall be made only to the synod of one denomination, which denomination shall be determined by the presbytery (classis), and all subsequent appeals or complaints in the same action shall be in the courts of the original determination, and decisions so reached shall be binding on all the parties to such action.

6) Complaints against administrative acts of the presbytery (classis) may be taken under the constitutional provisions of either denomination, but not of both, according to the determination of the presbytery (classis); and, once being complained to one court, courts of the other denomination may not accept jurisdiction in the same matter.

7) Wherever the constitutions of the two denominations differ, the mandatory provisions of the one shall apply in all cases where the other is permissive. Wherever there are conflicting mandatory provisions (except as provided in 4 above), the union presbytery (classis) shall overture the General Assembly (General Synod) of both denominations to resolve the conflict either by authoritative interpretation or by constitutional amendment.

d. The membership of the union presbytery (classis) shall consist of all minister members of each uniting presbytery (presbytery and classis) and all the churches (elder representatives thereof) of the uniting presbyteries (presbytery and classis) plus all others received by the union presbytery (classis), subsequent to the effective date of this union.

e. The churches of a union presbytery (classis) shall be considered union churches belonging to both denominations. Each particular church shall be reported to each General Assembly (General Assembly and General Synod) and synod of jurisdiction on the basis of one-half its total membership, with a notation to the effect that this has been done. At the request of the session (consistory), the presbytery (classis) in a stated meeting may modify its method of reporting the membership of that particular church for a period of 2 years subsequent to the effective date of this union.

f. Ministers of the union presbytery (classis) shall be full and responsible members of both denominations and shall be subject to the jurisdiction and discipline of the denominations as provided in this plan. Ministers and elders shall be eligible to serve as commissioners (delegates) to either General Assembly (or General Synod) as provided in the constitution of the respective denomination. Commissioners (delegates) to General Assembly (General Synod) shall be elected on the basis of one-half of the total communicant membership of the presbytery (classis).

g. The union presbytery (classis) shall be responsible to propose to all its churches a general mission and benevolence program which it judges to be an adequate and equitable response to the requests of the Assemblies, the Synods and to its own needs. Each Session (consistory) shall give its members opportunity to support this general mission and benevolence program.

h. The union presbytery (classis) shall cause a corporation to be formed under the appropriate laws of the state (where permissible), which corporation shall include in its articles or charter the substance of Section a, b, and c, above. All property of the uniting presbyteries (presbytery and classis), real and personal, shall be transferred to the corporation or corporations formed under this section. The new corpoation shall be the legal successor of the corporations, if any, of the uniting presbyteries (presbytery and classis) and it shall be bound to administer any trust property or moneys received in accordance with the provisions of the original establishment of the trust. All liabilities of either uniting presbytery (classis) shall be liabilities of the union presbytery (classis). In any state where a church corporation is forbidden, the purpose of this paragraph shall be achieved in harmony with the law of that state.

i. If the union presbytery (classis) should at any time cease to operate under this plan of union as it is or as it may be modified by both denominations acting concurrently, all property, real and personal, of the union presbytery (classis) shall be divided between the denominations or their courts of jurisdiction on the basis of the origin of said property, if such is determinable. If the origin be not determinable, then the property shall be divided equally between the denominations of their courts of jurisdiction, as may be proper.

j. The union presbytery (classis) shall draw up standing rules which shall define the operation of presbytery (classis) in such a manner as to fulfill all the functions of a presbytery (classis) as defined in the constitution of both denominations.

k. Each Minister who may be subject to the call of presbytery (classis) or any of its constituent churches in the exercise of his vocation or who may be an employee of presbytery (classis) shall participate in the denominational pension plan of one of the two Churches. If the Minister is already participating in one plan, he shall remain in that plan. If he is not a member of either, he shall choose between them.

2. No provision in this plan of union shall be construed as modifying or amending the constituiton of this church in its application to any but union presbyteries (classes) organized under this Chapter, their churches or Ministers.

II

Chapter 31-2 Book of Church Order

(1) Particular churches of this Church may unite to form union churches with particular churches of the United Presbyterian Church in the United States of America with particular churches of the Reformed Church in America, with the approval of the Presbytery provided that the following Plan of Union is adopted by the union church so formed.

a. The following Plan of Union is adopted by the ..... Presbyterian Church of ..... and the ..... Church of ....., effective as of the date when each of the congregations has approved the plan by a two-thirds majority of those present at a regularly called congregational meeting with such notice and quorum as is required by the respective Constitutions of the two Churches, and when the Presbytery (classis) of jurisdiction of each church has approved the particular union and this Plan of Union.

b. (No change)

c. The united church shall be known as the ..... Church of .....

d. The united church shall be subject to the Constitution of both Churches involved, as set forth in paragraphs s, t, v, w, below.

e. The session (consistory) shall submit its records at least annually, and whenever requested, to both judicatories of jurisdiction.

f. The membership of the united church shall consist of those who were members of the uniting churches plus those received by the session (board of elders) of the united church.

g. The session (consistory) of the united church shall report one-half of the total membership to each judicatory of jurisdiction and such membership shall be published in the Minutes (Acts and Proceedings) of the General Assembly (General Synod) with a note to the effect that the report is that of a union church which has, therefore, double the membership listed. A similar report of church school members, baptisms, etc., and financial expenditures (where applicable) shall be made by the session (consistory) and noted by each General Assembly (General Synod) in its minutes.

h. (No change)

i. (No change)

j. The pastoral relations of the Ministers (if any) of the uniting churches shall be dissolved automatically by the action of the presbytery (classis) of jurisdiction in approving this plan, but they may be eligible to be called to be Ministers of the united congregation and subject to the approval of both presbyteries (both the classis and the presbytery).

k. The Minister or Ministers of the united church shall be full and responsible members of both judicatories of immediate jurisdiction and shall be subject to discipline as provided below in paragraph t.

l. (No change)

m. (No change)

n. If the united church should at any time cease to operate under this Plan of Union as it is, or as it may be modified by the denominations acting concurrently, all property, real and personal, of the united church shall be divided equally between the presbyteries (the presbytery and the classis) of jurisdiction.

o. (No change)

p. While recognizing the basic right of any giver to designate the cause or causes to which his own gift shall go, the session (consistory) of the united church shall annually propose to the congregation a general mission or benevolence program which shall be divided one-half each to the officially approved causes of each denomination. The proportions within the halves

shall be as the session (consistory) shall decide in response to the requests of the higher judicatories.

q. Per Capita apportionments or assessments shall be paid to each presbytery (classis) of jurisdiction on one-half the total communicant membership of the union church.

r. All members of the united church shall be under the discipline of the session (board of elders) according to rules agreed upon in harmony with the Constitutions of the two denominations where they coincide, and in harmony with the mandatory provisions of the Constitution of either denomination where the other is permissive, and at the choice of the session (board of elders) where they may be contradictory.

s. Appeals or complaints against the actions of the session (consistory) shall be made to one judicatory only (presbytery or classis) at the choice of the member and all subsequent appeals or complaints shall be in the courts of the member's original choice, and decisions so finally made shall be binding on the session (consistory) and on the member.

t. The Minister or Ministers shall be subject to the discipline of both presbyteries (the presbytery and the classis) provided that when either shall begin an action it shall invite a committee from the other to join the commissioner, prosecutor, or prosecuting committee in formulating and pressing the charges. In the event of appeal the case shall be finally decided by the highest court to which the appeal is taken in the Church which commenced the action and that decision shall be equally binding on both presbyteries (both the presbytery and the classis).

u. (No change)

v. Complaints against the administrative acts of the session (consistory) may be taken under the Constitutional provisions of either denomination, but not to both, according to the choice of the complaint, and once being complained to one judicatory, judicatories of the other denomination shall not accept jurisdiction in the same matter.

w. Wherever the Constitutions of the two denominations differ, the mandatory provisions of the one shall apply in all cases when the other is permissive. Wherever there are conflicting mandatory provisions (except as provided in r above), the session (consistory) of the united church shall petition both judicatories of immediate jurisdiction to overture their respective highest courts to resolve the conflict either by authoritative interpretation or by constitutional amendment.

(b) From the Presbytery of Louisville:

Whereas, the Synod of Kentucky of the United Presbyterian Church in the United States of America, and the Synod of Kentucky, Presbyterian Church in the United States, have a common background historically, with churches in both synods, now in the latter part of the second century of continual existance, witnessing to this common origin; and

Whereas, during the more than one hundred years of separation a common Reformed doctrine has maintained, with theology and constitution, Book of Common Worship and Discipline congruent; and

Whereas, our mission is identical and compatible as evidenced in our joint support of Louisville Presbyterian Seminary and Centre College and a merged effective work in Christian Education of ten years standing, approved by both Assemblies' Boards of Christian Education; and

Whereas, our geographical territory is identical, with both branches of the Presbyterian Church seeking to minister to people across the entire State of Kentucky; and

Whereas, ministers in Kentucky move between the two branches of the Presbyterian Church easily and naturally, and members transfer from one branch of the church to the other; and

Whereas, the General Assemblies of both Churches have recognized the validity and wisdom of union thru their approval of United churches whereby local congregations in many areas of the synods have united under this plan to achieve a more effective witness; and

Whereas, in spite of this effective working relationship, we continue to maintain separate identity which is detrimental to our full ministry in Kentucky.

Now, therefore, the Presbytery of Louisville respectfully overtures the General Assembly to amend the Book of Church Order by the addition of a chapter to the Form of Government permitting Union Synods and/or Presbyteries of the United Presbyterian Church in the United States of America and the Presbyterian Church in the United States.

(c) From the Presbytery of St. Louis:

Whereas, the Presbyteries and Synods of the State of Missouri (both those of the United Presbyterian Church in the United States of America and the Presbyterian Church in the United States) have a common background of concern for Presbyterianism in Missouri and a common witness to bear among the peoples of Missouri; and

Whereas, the membership of the Presbyterian churches belonging to both denominations in the state of Missouri have maintained, even through the one hundred years of separation, a common theology, basis of church government, Book of Common Worship and Discipline, and governmental principles; and

Whereas, the two Synods jointly support the mission of Presbyterianism in the State of Missouri through such institutions as Westminster College, Missouri Childrens Home at Farmington, Home Life for the Aged at Farmington, the Missouri University and other university student centers; and

Whereas, the ministers of both denominations in the State of Missouri move easily and naturally between Presbyteries of both Synods and transfer comfortably across denominational lines; and

Whereas, the two denominations, working separately, reduce considerably the efficiency of the Presbyterian witness in the State of Missouri; and

Whereas, the General Assembly of both churches recognized the validity and wisdom of allowing local congregations the privilege of forming union churches in local instances where effective work can be carried out together; and

Whereas, there currently exists in the Synods of Missouri (United Presbyterian, USA and Presbyterian Church in the United States) joint work in the fields of Christian Education, Camps and Conferences, and other important areas;

Now, Therefore, the St. Louis Presbytery, meeting in solemn deliberation at Festus, Missouri, January 18, 1966, does hereby respectfully overture the General Assembly to amend the Book of Church Order making possible formation of union Presbyteries, Synods, and Classes where these judicatories of the Presbyterian Church in the United States, the United Presbyterian Church in the United States of America and the Reformed Church of North America, may deem such united effort wise and consistent with the needs of the Church.

(d) From the Presbytery of the Everglades:

Whereas, our denomination is now engaged in negotiating a plan of union with the Reformed Church of America, and,

Whereas, there is substantial sentiment in some parts of our church for full organic union with the UPUSA Church,—a conviction that a prior preference be given to proceeding with such a plan of union, and,

Whereas, efforts to establish "united" or "federated" churches or presbyteries or synods with dual allegiances would under our present constitution be disruptive of sound discipline, and would otherwise create insurmountable problems in doctrine, order, and administration and,

Whereas, all who bear the name of Christ should give any proper assistance to all brethren who for conscience sake would like to move either in the direction of a more inclusive and ecumenical fellowship or toward a stronger confessional church, as the case may be;

Therefore, the Presbytery of the Everglades overtures the General Assembly that it request its Committee on Inter-Church Relations to study and to formulate, if possible, with the proper Committee in the UPUSA Church, a program of free interchange and reciprocity which will permit and encourage any church, presbytery or synod which would like so to do, to move freely and without prejudice, with its respective property assets, from the membership and the jurisdiction of the one church to the other.

(f) From the Presbytery of Mecklenburg:

The Presbytery of Mecklenburg respectfully overtures the General Assembly to answer the following questions:

1. When a congregation votes to adopt a rotary system for its session, may the elders be placed in classes without the concurrance and action of the Session?

2. May a congregation, in adopting a rotary system for the session and/or the board of

deacons, exclude from rotation part or all officers then serving and simply elect new officers for limited terms? Is it possible to have a session and/or a diaconate consisting of some officers whose term is limited and some whose term is permanent?

3. When a Presbytery appoints a commission and invests it with powers to settle difficulties in a local church, does this include the power to initiate and try by Judicial process any obdurate or contumacious officer or member? If not, must a separate Judicial Commission be appointed to hear charges in each instance as they are brought by the Administrative Commission?

4. When a Judicial Commission of Presbytery has heard a case and rendered a verdict of admonition against the accused, are further acts in defiance of the judgment and admonition to be dealt with by that particular Judicial Commission, or do its powers cease with the rendering of the verdict and necessitate further actions or instructions by the Presbytery?

(g) From the Presbytery of Potosi:

Whereas, The Presbyteries and the Synods of the Presbyterian Church in the United States, and the United Presbyterian Church in the United States of America, have, in the state of Missouri, a common background of unity and an uncommon background of separation, and have now, in the Gospel of Jesus Christ, a common witness to bear among the peoples of Missouri; and

Whereas, during the century of unnatural separation a common Reformed doctrine has been maintained along with a common basis of government, *Book of Common Worship and Discipline,* and

Whereas, The two Synods jointly support the Christian mission in the State of Missouri through such institutions as Westminster College, Presbyterian Home for Children, Home Life for the Aged, United Campus Christian Fellowship on seven university and college campuses, and

Whereas, ministers and lay people move naturally between the two denominations, acknowledging no differences and not being viewed as different, and

Whereas: our two denominations are not sufficiently strong when functioning separately to carry out the effective mission of Presbyterianism or exercise good stewardship of money, time, or personnel, and

Whereas: there already exists in the Synods of Missouri evidence of the alleviation of such problems in our joint work in Christian Education, Camps and Conferences, Parish programs, and other significant areas, and

Whereas: The General Assemblies of both Synods have recognized the validity and wisdom of allowing local congregations the privilege of forming union congregations in situations where more effective witness, worship, and work can be carried out together, and

Whereas; The times call for strength in fellowship, ecumenicity of spirit, and stronger bonds of brotherhood within the Church of Jesus Christ if our witness to Him is to be effective in this age:

Now, Therefore: The Presbytery of Potosi does respectively overture the General Assembly to amend the *Book of Church Order* making possible the formation of Union Presbyteries, Synods, and Classes where these judicatories of the Presbyterian Church in the United States, The Reformed Church in America, and the United Presbyterian Church in the United States of America may deem such united effort wise and consistent with the needs of the Church.

(h) From the Presbytery of Kanawha:

Kanawha Presbytery respectfully overtures the General Assembly to take the necessary action to amend the Book of Church Order in the following sections:

11-3, line two, delete the term "men" and replace it with "adult persons."

12-2, line two, delete the term "men" and replace it with "adult persons."

The purpose of these proposed amendments is to bring the terminology of the Book of Church Order into clear agreement with the present practices of the Church. Since women are now eligible for ordination, the suggested terminology seems to be more in keeping than the term currently used.

(j) From the Presbytery of Northwest Missouri:

Whereas, the Synod of Missouri of the United Presbyterian Church in the United States of America and the Synod Missouri, Presbyterian Church in the United States have a common

background historically, with churches in both synods, now in the latter part of the second century of continual existence, witnessing to this common origin; and

Whereas, during the more than one hundred years of separation a common Reformed doctrine has maintained with theology and constitution, Book of Common Worship and Discipline congruent; and

Whereas, our mission is identical and compatible as evidenced in our various joint work and joint support of such institutions as Westminster College, the Missouri Presbyterian Children's Home at Farmington, the Columbia and other Campus Ministry Centers; and

Whereas, our two denominations are not sufficiently strong when functioning separately to adequately carry out the proper mission of Presbyterians in the State; and

Whereas, ministers in Missouri move easily and naturally between the two branches, and members make such transfers with little knowledge or concern with the different denominational lines; and

Whereas, the challenge and need of this area call for the most effective and united witness to our faith; and

Whereas, the General Assemblies of both Churches have recognized the validity and wisdom of union thru their approval of United churches whereby local congregations in many areas of the Synods have united under this plan to achieve a more effective witness;

Now, therefore, the Northwest Missouri Presbytery respectfully overtures the General Assembly to amend the Book of Church Order by the addition of a chapter to the Form of Government permitting the union of Synods and Presbyteries of the United Presbyterian Church in the U. S. of America and the Presbyterian Church in the United States.

STANDING COMMITTEES

The Moderator announced the appointment of the following Standing Committees, the same having been named according to the Standing Rules of the Assembly. In this connection, the Assembly set aside the rules in order to permit two ministers from the Presbytery of Northeast Texas to serve on the Standing Committee on Christian Relations and two ministers from the Presbytery of Central Mississippi to serve on the Standing Committee on Bills and Overtures. Unexpected changes in Chairmanship of Standing Committee on Christian Relations necessitated this extraordinary action by the Assembly.

REPORT OF PERMANENT JUDICIAL COMMISSION ON JUDICIAL CASES

Dean John W. Wade, Chairman, The Permanent Judicial Commission, was introduced by the Moderator. The Chairman reviewed the procedures and authority of the Commission and reported that two preliminary judgments were to be presented.

Certification

April 20, 1966

We do hereby certify that the attached constitute (1) a full and correct record of the proceedings and (2) the preliminary judgment of the Permanent Judicial Commission of the General Assembly in the following cases of process: Rev. Frank L. Seaman et al.v. Synod of Mississippi,

G.A. Complaint No. 1-1966, and Paul Y. Burns v. Synod of Louisiana, G.A. Complaint No. 2-1966.

JOHN W. WADE, *Chairman, Permanent Judicial Commission*
WILLIAM NASH, *Secretary, Permanent Judicial Commission*

Rev. Harry K. Holland, a Member of the Commission, read the report in the case of Rev. Frank L. Seaman, et al, Complainants, versus the Synod of Mississippi, Respondent, as follows:

REV. FRANK L. SEAMAN ET AL., Complainants — G. A. Complaint No. 1-1966
v.
SYNOD OF MISSISSIPPI, Respondent

An earlier form of this case has been before the General Assembly. See Presbytery of Central Mississippi v. Synod of Mississippi, G.A. Appeal No. 1-1964; Buchanan v. Synod of Mississippi, G.A. Complaint No. 1-1964; and Gamble v. Synod of Mississippi, G.A. Complaint No. 2-1964, all found in Digest of the Acts and Proceedings of the General Assembly, 1861-1965, at pp. 352-61.

On this occasion there is presented no problem as to the merits of the question as to whether the Rev. A. M. Hart should have been admitted to the Presbytery of Central Mississippi. The problem involved is a procedural one.

On a re-examination of Mr. Hart the Presbytery of Central Mississippi again refused to admit him. Complaint was made to Synod. Synod referred the matter to a Special Judicial Commission which held extensive hearings and reached its decisions by a sharply divided vote. Four dissenting members of the Judicial Commission gave to the Commission a notice of Complaint and filed a written Complaint with the Synod.

The report of the Special Judicial Commission was presented to Synod at an adjourned meeting in Jackson, Mississippi, on November 4, 1965. Synod thereupon decided to vote directly on the Complaint against the action of the Commission.

The issue was raised as to whether the members of the Presbytery of Central Mississippi were eligible to vote on the question as to whether the Complaint would be sustained. The Moderator ruled that they were eligible to vote. Synod sustained his ruling. By a standing vote of 123 to 73 the Complaint was sustained. A roll call vote was asked for and granted. The vote was to sustain the Complaint by a vote of 120 to 74.

Rev. Frank L. Seaman and others served written notice of Complaint against the action of the Synod in permitting the members of Central Mississippi Presbytery to vote on this issue and a formal Complaint signed by 30 members of Synod was properly filed. On Feb. 3, 1966, the Permanent Judicial Commission found this Complaint to be in order.

The basis of the Complaint is that the action of Synod is in violation of Section 113-2 of the *Book of Church Order,* which reads as follows: "When the proceedings of a lower court are before a higher court the members of the lower court do not lose the right to sit, deliberate, and vote in the higher court, except in cases of Appeal or Complaint." A strict and literal interpretation of this section does not bring this factual situation within its precise terms because this is not an action of a "higher court." It is obvious, however, that the purpose of this provision is to keep members of a lower court from passing judgment on their own actions in a higher court. The circumstances of this case make clear that the same reason for the rule is applicable here because the members of Central Mississippi Presbytery were voting to approve or disapprove the finding of the Special Judicial Commission that the Presbytery of Central Mississippi had "exhibited bias and prejudice, and its actions were improper, arbitrary, oppressive and impaired the procedural rights of Mr. Hart and Complainants."

The Respondents argued that this situation was distinguishable on the ground that a part of the decision of the Judicial Commission included a Reference to the General Assembly for a determination of a "remedy to be applied in this case," so that the Judicial Commission did not completely settle the case. Under the provisions of Chapter 15 of the Rules of Discipline a lower court may make a Reference to a higher court for "advice or other action on a matter pending before the lower court." Clearly the Judicial Commission would have the same authority in this regard as would the Synod itself.

An additional contention of Respondents was that if the ruling of the Moderator, as

sustained by the Synod, was in error, this was "non-prejudicial error" because there was a majority of the Synod in favor of sustaining the Complaint without counting the votes of members of Central Mississippi Presbytery. Section 116-3 provides that in order to sustain an Appeal or Complaint " . . . the ground must be not a mere technicality but must involve real harm to the appellant's case." If it were clear that this ruling was non-prejudicial then the position is well taken—as if, for example, the vote had been 120 to 13. On the other hand, the count shows that without the votes of the members from Central Mississippi Presbytery the Complaint would have been sustained by a vote of only 62 to 61. Under these circumstances no clear conclusion can be drawn that the error was non-prejudicial.

A matter which may be pertinent to the eventual disposition of this case but which was not raised by either party is the application of Section 19-4 of the *Book of Church Order*, which reads: "A Commission may be appointed by the Presbytery or the Synod to handle and decide any case of process coming before the court. . . . The Commission shall try the case in the manner prescribed by the Rules of Discipline. It shall submit to the court a full Record of the case and the judgment rendered. Its minutes shall be entered on the minutes of the court as the action and judgment of the court itself." This section would appear to provide that the action of the Special Judicial Commission was automatically the action of Synod without any formal adoption by Synod.

There are two other sections of the *Book of Church Order* which on their face may seem somewhat contradictory to this interpretation. The first is Section 117-1, which provides: ". . . a Complaint against a Commission must go to the appointing court, which may hear the matter in the presence of the whole court or make of it a Reference to the next higher court. . ." This provision was relied on by the Respondents. The second provision is Section 118-2: "Commissions of either sort shall submit a full Record to the court. The Commission's minutes, including its decisions on the matter, shall be entered on the minutes of the court at its next session. If no Complaint has been filed, this shall be the action and judgment of the court itself. . . ."

It is not necessary here to attempt to reconcile these provisions. If Section 19-4 should be solely controlling, the action of Synod in entertaining a Complaint against the report of the Special Judicial Commission may have been in error. It has been held on numerous occasions, however, that errors in the form of pleadings may be treated as waived under appropriate circumstances. See, e.g., Complaint of Robert A. Lively v. Synod of Oklahoma, Digest of the Acts and Proceedings of the General Assembly, 1861-1965, p. 332; Complaint of Rev. J. S. Shaw v. Synod of Memphis, id. at 310; Gamble v. Synod of Mississippi, G. A. Complaint No. 2-1964, id. at 360; cf. Complaint of E. E. Bacon v. Synod of Missouri, id. at 291. Because neither party to this Complaint raised this issue it may be passed over and treated as waived, in order to reach and settle the precise issue presented by this Complaint. See Complaint of Rev. J. J. Cooke v. Presbytery of Louisville, Digest, pp. 285, 286.

It is, therefore, the preliminary judgment of the Permament Judicial Commission of the General Assembly that the Complaint in this case be sustained and that the case be returned to the Synod of Mississippi for appropriate action.

Mr. William Nash, Member of the Commission, having recused himself, did not participate.

The Moderator put the following question to the Assembly: "Shall the preliminary judgment of the Permanent Judicial Commission in the General Assembly Complaint No. 1-1966, as above recorded be made the final judgment of the General Assembly?" There being no questions and no requests for clarifications, the Moderator declared that the preliminary judgment of the Permanent Judicial Commission in the case of Rev. Frank L. Seaman, et al., Complainants, versus the Synod of Mississippi, Respondent, is now the final judgment of the General Assembly, and the case is herewith closed.

Rev. Alexander Henry, a member of the Commission, read the preliminary

judgment of the Permanent Judicial Commission in the case of Paul Y. Burns, Complainant, versus the Synod of Louisiana, Respondent, designated G. A. Complaint No. 2-1966, as follows:

PAUL Y. BURNS, Complainant — G. A. Complaint
v. — No. 2-1966
SYNOD OF LOUISIANA, Respondent

In a meeting of the Synod of Louisiana, May 19, 1965, at Minden, La., the Christian Education Committee presented its Report, and among other things recommended that Silliman Conference Grounds at Clinton, La., be used for a Senior Youth Conference to be held June 15-21, 1965, and for a five-day Workshop for Adults to be held July 16-20, 1965. Minutes of Synod of Louisiana, 1965, pp. 13, 60-62. Thereafter the Standing Committee on Bills and Overtures reported on an Overture from the Session of the University Presbyterian Church of Baton Rouge, La., which read as follows:

"WHEREAS, the Synod of Louisiana has had members of both Negro and White races for more than 13 years; and

WHEREAS, communing members "are entitled to all the rights and privileges of the church" (BCO Ch. 7, Par. 1); and

WHEREAS, these rights and privileges include participation in such Synod activities as meetings, conferences, rallies, workshops, institutes, schools, and camps; and

WHEREAS, the Synod of Louisiana in 1958 directed the Women of the Church of the Synod to receive the Women of the Church of Louisiana-Mississippi Presbytery, which is a Presbytery having members of the Negro race; and

WHEREAS, the Women of the Church of the Synod in 1963 changed the location of the Synodical Training School from Silliman College to a location where the School would be open to all women of the Synod; and

WHEREAS, the Synod of Louisiana in 1963 reaffirmed "its conviction for the need for conference facilities which can be used by the entire membership of the Synod," (Synod Minutes, p. 15); and

WHEREAS, the Synod of Louisiana in 1964 adopted the report of its Christian Education Committee that "we would wish that the problem at Clinton could be worked out so that all members of Synod would be able to attend the functions at Silliman. (Synod Minutes, p. 68); and

WHEREAS, it is known by the members of Synod that Negro participants have not been able to attend Synod functions at Silliman; and

WHEREAS, it is manifestly unjust for a church court to schedule activities in locations where some of its members may be subject to harrassment, intimidation, or threats of physical violence because of their race;

THEREFORE, the Session of the University Presbyterian Church, Baton Rouge respectfully overtures the Synod of Louisiana to instruct its Council, committees, institutions, and agencies that no one shall be excluded from participation in Synod activities on the grounds of race, and that all Synod activities shall be scheduled at locations where all members of the Churches of Synod regardless of race, are able to attend.

Adopted by the Session, April 12, 1965
W. H. Thomas, Clerk
Arch McD. Tolbert, Moderator"

The Committee recommended that "In the light of the report of the Christian Education Committee, which sets forth the progress which has already been made, and the continued progress that is specifically scheduled," the Overture be answered in the negative. Id., p. 53.

Following the Report of the Standing Committee on Bills and Overtures, it was moved and seconded that the Report of the Committee be adopted. Ruling Elder Paul Y. Burns offered a substitute motion which the Moderator ruled out of order, and the ruling of the Moderator was sustained by Synod. The original motion to approve the Report of the Standing Committee on Bills and Overtures was then adopted. Id., p. 14.

Thereupon, Ruling Elder Burns gave verbal notice to the Synod of a formal Complaint against the action of Synod in approving the Report of the Standing Committee on Bills and Overtures on the grounds hereinafter set forth. Ibid.

A motion was then made and seconded "that it is the intention of the Synod of

Louisiana that its functions be open to all members of Synod." An amendment was offered to add the following: "and that the Men of the Church of this Synod be supported in their conference plans." A substitute motion was made and seconded "that the Synod concur with the plans for the conference of the Men of the Synod of Louisiana; that this Conference be held at Silliman, June 5-6, 1965; and that this Synod stand with the Men of Synod in any consequences or responsibilities arising therefrom. The substitute motion passed." Ibid.

The Permanent Judicial Commission convening in Atlanta, Georgia, February 3, 1966, found the Complaint of Paul Y. Burns in order and directed that proper notice be given to the parties.

The Complainant has duly prosecuted his Complaint, appeared in person before the Commission, and was heard on April 19, 1966. The Respondent, although notified of the time, place and purpose of the hearing as required by the *Book of Church Order,* failed to appear.

The Complainant charges in his Complaint "that the action taken by Synod on May 19, in adopting the report of its Committee on Bills and Overtures, taken together with certain other actions by Synod related to this action, is manifestly unjust and contrary to the Constitution of the Church."

The Complaint appears to be based, in part, on the charge that the Christian Education Committee scheduled two meetings to be held at the Silliman Conference Grounds, though, as Complainant alleged, the Committee knew beforehand that, on account of animosity displayed by the residents of Clinton, La., Negro members of the Presbyterian Church would be discouraged from participating in the meetings and though, as Complainant further alleged, notices of the meetings were not sent to Negro churches, and Negro ministers were not invited to attend.

As early as 1896, in the matter of the Complaint of Joseph A. Enslow v. Synod of South Carolina, the General Assembly confirmed the action of that Synod in directing the Presbytery of Charleston to review its action in refusing to receive under its care a candidate for the ministry simply on the ground that he was colored, as being contrary to the law and the Constitution of the Church, Digest of the Acts and Proceedings of the General Assembly, 1861-1965, p. 396, item 26.

In 1954, the General Assembly affirmed "that enforced segregation of the races is discrimination which is out of harmony with Christian theology and ethics." Id., p. 173. The General Assembly has on many occasions made pronouncements consistent with this general principle. Id., pp. 171 ff.

In 1965, following action by the Presbyteries, the *Book of Church Order* was amended by adding thereto Section 201-5, to read as follows: "No one shall be excluded from participation in public worship in the Lord's house on the grounds of race, color, or class."

Communing members are entitled to all the rights and privileges of the Church. B.C.O., Sec. 7-1.

The Commission deems this general principle too well established to require further citation.

In the opinion of the Commission, however, nothing in the Record of the Case seems to indicate that in scheduling conferences in the Silliman Conference Grounds the Synod of Louisiana deliberately ignored this principle.

In the very Overture from the Session of the University Presbyterian Church of Baton Rouge, answered in the negative by the Synod of Louisiana, quoted in full herein, numerous actions of Synod are cited which in themselves indicate that the Synod of Louisiana is endeavoring to grant to all communing members full participation in the activities of the Church.

It is, therefore, the preliminary judgment of the Permanent Judicial Commission of the General Assembly that the Complaint in this case be sustained insofar as it asserts the principle that discrimination on the basis of race, color, or class against any person or his participation in any church activity is manifestly unjust and contrary to the Constitution of the Church, but that the Record of the Case fails to disclose sufficient evidence of any action of the Synod of Louisiana in deliberate violation of this principle.

Rev. Albert B. Link, Member of the Commission, having recused himself, did not participate.

The Moderator put the following question to the Assembly: "Shall the preliminary judgment of the Permanent Judicial Commission in the General Assembly Complaint No. 2.—1966, as above recorded, be made the final judgment of the General Assembly?" There being no questions and no requests for clarifications, the Moderator declared that the preliminary judgment of the Permanent Judicial Commission in the case of Paul Y. Burns, Complainant, versus the Synod of Louisiana, Respondent, is now the final judgment of the General Assembly, and the case is herewith closed.

Commissioner Harold B. Porterfield registered his negative vote on the above Complaint No. 2.

REPORT OF THE STANDING COMMITTEE ON CHRISTIAN EDUCATION

Dr. D. Grier Martin, Chairman, presented the report of the Standing Committee on Christian Education. It was adopted, as follows:

The following items were referred to this Committee:

I. From the Board of Christian Education.
   A. Minutes of the Board Meetings for 1965.
   B. The Annual Report of the Board of Christian Education.
II. Answers to Overtures or special requests of the Assembly.
III. Overture #30.

These various matters were handled as follows: Your Committee recommends:

(1) BOARD OF CHRISTIAN EDUCATION
   I. That the 1965 Minutes of the Board of Christian Education be approved.
   II. That the 1965 Annual Report of the Board of Christian Education be approved.

1. That the General Assembly receive the report of progress concerning Overture submitted by the Presbytery of Louisville to the 1956 General Assemby (See Appendix, page 124) and direct the Board to continue its study of the preparation of a Book of Common Worship with representatives of the United Presbyterian Church U. S. A., and that if the joint committee intends to prepare a book of Common Worship that includes appropriate hymns, the Board be authorized to work to this end, but that if the joint committee believes there should be the preparation of a new Hymnbook, this matter be reported back to the General Assembly for action.

2. That the answer given by the Board to Overture 38 (See Appendix, page 124) from the Presbytery of St. Louis, concerning the importance of the continuing education for the ministers of the Church be received as information to be included in the minutes of the General Assembly.

4. That we received as information the Board's report concerning the activities of its staff in the work of the National Council of Churches of Christ. (See bound volume of Board reports.)

In answer to Overture No. 30: (See page 32.)

Inasmuch as the 99th General Assembly clearly assigned to the Boards and Agencies the responsibility "for, and control over, conferences which they conduct, including the selection of speakers and teachers," (see minutes 100th General Assembly, p. 83) and reaffirmed "the right and duty of conferences of Christians—laymen and ministers—to give free, prayful, and thoughtful consideration to moral and spiritual problems inherent in world relations, (see Minutes, 99th General Assembly, p. 73);

And, inasmuch as the 104th General Assembly instructed the Board of Christian Education "to increase the activities of Christian Action

(a) to provide information . . . and (b) to mobilize the resources of our Church . . . against racial injustice in the Church and society," (104th General Assembly, p. 66-66);

And, inasmuch as the 105th General Assembly found that the Division of Christian Action of the Board of Christian Education had followed the policies of the General Assembly and the procedures of the Board of Christian Education, in planning this conference;

Therefore, be it resolved that the Standing Committee on Christian Education recommends that Overture #30 be answered in the negative.

That the following recommendations be adopted:

1. That the General Assembly express its appreciation for the dedication and effectiveness of the staff of the Board of Christian Education which has resulted in an improved program in the areas of Christian Life to which it has given so much time and effort.

In connection with the above report Rev. Albert C. Winn addressed the Assembly on "The Christian's Life," the Covenant Life Curriculum material for 1966-67.

The Assembly adopted a motion requesting the Board of Christian Education to print copies of the address. Rev. Marshall C. Dendy, Executive Secretary of the Board responded saying the Board would be happy to print the address, make it available to all commissioners to this Assembly and to all pastors and church school leaders.

Respectfully submitted,
HAL BAIRD, *Chairman*

In connection with the above report Dr. Mary Boney, Chairman of the Board, Presbyterian Survey, was introduced. Dr. Boney addressed the Assembly briefly.

At the request of the Moderator Rev. James L. Fowle presided during the presentation of the next report.

THE REPORT OF THE STANDING COMMITTEE ON WOMEN'S WORK

Rev. Paul Leslie Garber, Chairman, presented the report of the Standing Committee on Women's Work. It was adopted, as follows:

The following items of business were referred to the Committee

I. Minutes of the Board of Women's Work

II. Report of the Board of Women's Work with its recommendations

III. Nominations for the Board of Women's Work

After careful consideration of all these matters, your Standing Committee offers the following recommendations:

I. That the minutes be approved and that the Board and its officers be commended especially for the clear and useable format employed.

II. That the 54th Annual Report of the Board of Women's Work be approved and the following recommendations be adopted:

1. That pastors and sessions be asked to study the Assembly-approved Revised Plan of Program and Organization of the Women of the Church, especially the statement of purpose, to understand its contribution to the development of the four basic relationships every Christian woman has, and to encourage the women of their congregations to make full use of it in offering opportunities for personal Christian growth and in enlisting participation of *all* women of the church in some phase of the church's witness and service.

2. That pastors and sessions be encouraged to use the women of the church as one of their channels for enlisting the total membership of the church in the plans for the worship and work of the congregation.

3. That sessions be reminded to keep the President of the women of the church informed of plans for the worship and work of the congregation so that the opportunities for women provided by the Women's Council may be planned in the light of and in relation to the plans for the congregation.

4. That families in all our congregations be urged to have as an invited guest in their homes at some time this year at least one person of another nationality, or of another faith, or of another race, in order to enrich Presbyterian family life and to extend our Christian witness and that sessions be encouraged to implement this recommendation.

5. That the attention of the members of the courts of the church—General Assembly, synods, presbyteries and sessions—be called to the fact that there is a large reservoir of informed leadership in the Women of the Church that might be more fully used to strengthen

the work of the church, since women form such a small percentage of the membership of boards, agencies, committees and councils throughout the church.

6. That the General Assembly request the General Council to obtain from each Board and Agency and from each Presbytery and Synod report as to progress made in complying with the following action taken by the 1958 General Assembly and reaffirmed by the 103rd General Assembly in 1963:

> 'That all employing Agencies of the Church, in the congregation, presbytery and synod earnestly consider placing the salaries of women employees on the same level as that of men, basing salary schedules on such considerations as skill, performance, responsibility carried, preparation and experience . . .'

and to report such progress to the 107th General Assembly.

7. That the General Assembly recognize the conscientious and valuable service which Mrs. J. Maury McIntyre has given to the Church through this Board during the past nine years and especially for the past two years when she has served as its chairman.

8. That the General Assembly recognize the faithful service rendered and the valuable contribution made by Mrs. Samuel S. Wiley as she has served on the Board for the past nine years and in representing our church in the U. S. Conference of the World Council of Churches for the past four years.

9. That the reelection for a term of three years of the following staff members of the Board of Women's Work be approved:

Miss Mary S. Quidor, *Treasurer*
Mrs. J. Beaty Smith, *Director of Field Service*

10. That the General Assembly express its gratitude for the valuable contribution which Mrs. Mable C. Morley has made to the work of the Women of the Church during the nine years she has served as Director of Leadership Education on the Board's staff and express its deep regret that ill health has forced her disability retirement and pray for her God's sustaining grace and comfort in this time of illness.

11. That the General Assembly concur with the Board in the re-election of the Executive Secretary, Evelyn L. Green, for a term of three years.

III. That the following, nominated by the Permanent Nominating Committee, be elected to the Board of Women's Work, Class of 1969: Rev. Charles E. Raynal, Jr. (2), Mrs. Gene Barnard (2), Mrs. Harry G. Goodykoontz (3), Mrs. John D. Moseley (2), Mrs. George Paris (1), Mrs. R. K. M. Patterson (1).

IV. That the General Assembly recognize with anticipation and confidence the service of Mrs. Graves H. Thompson as the incoming chairman of the Board of Women's Work, and express hearty appreciation to Dr. Evelyn L. Green and members of the Staff Council for the considerable contributions, which under their talented leadership, were made this year by the Women of the Church to the total worship and work of the Church.

Respectfully submitted,
PAUL LESLIE GARBER, *Chairman*

During the report the following were presented to the Assembly: Mrs. J. Maury McIntire, retiring Chairman of the Board, Mrs. Graves H. Thompson, incoming Chairman of the Board; Mrs. Charles N. Hodgson, Chairman of the Women's Advisory Council; and Dr. Evelyn L. Green, Executive Secretary.

PERMANENT NOMINATING COMMITTEE

Rev. Vernon S. Broyles, Chairman, reported for the Permanent Nominating Committee that Miss Peggy Ross, nominated to the Committee on Certification of Lay Workers, had been called by the Board as a Staff Member and was not eligible to serve in both positions.

The Assembly rescinded its action in electing Miss Ross to Committee membership and indicated that this position on the Committee would be vacant during this year.

THE REPORT OF THE STANDING COMMITTEE ON ANNUITIES AND RELIEF

Mr. E. Watson Wood, Chairman, presented the report of the Standing Committee on Annuities and Relief. The report was adopted, as follows:

The following have been referred to the Committee:

A. Minutes of the Board of Annuities and Relief.

B. Report of the Board of Annuities and Relief with its recommendations. (Handbook, pages 9-21)

C. Nominations to the Board of Annuities and Relief. (The portion of the Permanent Nominating Committee which concerns this Standing Committee)

Recommendations:

I. We recommend that the Report of the Board be approved and that the following recommendations be adopted:

1. That the General Assembly remind all presbyteries of, and request that they direct the attention of their commission on the Minister and His Work to, the following previously expressed declarations and opinions of the General Assembly as they refer to the Ministers' Annuity Fund of our Church:

(a) The Ministers' Annuity Fund is the accepted and official retirement plan of the Presbyterian Church in the United States.

(b) The Ministers' Annuity Fund was established as a Christian, business-like pension system and with the goal of eventually removing the necessity of budgeting benevolent dollars for monthly assistance to the retired servants of our Church.

(c) The approval by a Presbytery of a Call that does not provide for the church to carry its share of the responsibility for the retirement years of the minister through the Official Plan of the Presbyterian Church in the U. S. is an implied commitment, on the part of the particular church and presbytery, to the use of benevolent dollars beyond the intention of the Church. The General Assembly declared the intention of the Church in its adoption of the Report of the Ad Interim Committee on Annuities and Relief of 1953. We quote a part of that Report:

"Thus the retirement needs of some ministers may be met from Ministerial Relief on the basis of gratuities, while the vast majority of our ministers are helping to provide for their own retirement needs by maintaining membership in the contributory pension system. Hence, we have Ministerial Relief for one group of ministers when they come to retirement, and the provisions of a contributory pension system for another group. This appears to be unfair if allowed to continue indefinitely and will work an inequitable hardship upon both the members of the Fund and the benevolence funds of the Church." (G. A. Minutes 1953, Page 142)

(d) The General Assembly has, for all practical purposes, absolved itself of responsibility in the case of ministers and their families who do not participate in the Fund, through the 1953 action, to wit:

"That the General Assembly call to the attention of its ordained ministers who are not members of the Ministers' Annuity Fund that on and after January 1, 1954 in the case of those whose ordination took place subsequent to April 1, 1940, the date of the opening of the Fund, or who were received by transfer from other denominations subsequent to April 1, 1940, it shall not ordinarily be the obligation of the Ministerial Relief Fund to care for them. The same shall apply to the widows and the dependents of said ministers, but shall not prevent the continuance of appropriations to ministers, or their dependents, who on January 1, 1954 were already receiving appropriations from the fund of Ministerial Relief." (G. A. Minutes 1953, Page 142, Report of the Ad Interim Committee on Annuities and Relief)

(e) The Ministers' Annuity Fund was designed, in part, for the benefit of the individual minister and the individual church. It was designed primarily as an instrument through which all of the ministers and all of the churches could join in providing benefits, other than financial, for the total ministry and the total Church. We quote from the 1934-35 Annual Report of the Executive Committee of Christian Education and Ministerial Relief:

"Great spiritual objectives are before the Ministers' Annuity Fund. It will undergird

all the work and workers of our Church both at home and abroad. It will more completely release the energies of our ministers and missionaries for their spiritual ministries. It is centering the thought of the Church not on institutions or buildings or organizations, but on personality which is essential to the advancement of the Kingdom of God."

In addition to making these "spiritual objectives" a reality for all, the Fund provides protection and retirement income, on a group basis, that would be impossible for an individual minister or a single church to provide.

2. That the Assembly again urge all churches and Church Extension Committees, in determining the basis for payment of dues to the Ministers' Annuity Fund to add 15% for free use of manse, if any, regardless of ownership, to all sources of salary, and also to include any other fixed cash commitments, such as automobile or utilities allowances, etc., in order that ministers may build larger earned annuities.

3. That the General Assembly urge all churches and Church Extension Committees to adopt the plan of remitting the minister's 2½% dues and the church's 7½% dues in one check; this procedure greatly facilitates the handling of accounts and results in accounting economies to the benefit of the entire membership of the Fund. And, further, that the Assembly remind members and remitting treasurers that the dues to the Fund are due on the first of each month, for the month, and in advance. The commitments made by the Fund to minister members, that will be fulfilled in their years of retirement, are based actuarially on the premise of having the moneys in advance each month for investment beginning that month and earning interest from that date until the date of their retirement.

4. That the General Assembly be advised that, in following accepted actuarial practice, the Board "appropriates" a reserve calculated on actuarial principles upon the retirement of each member of the Ministers' Annuity Fund or for his eligible survivors in the event of a member's death. The accumulations of appropriations is reflected each year on the Balance Sheet as "Appropriated for Retired Ministers and Survivors" ("Actuarial Reserve—Appropriated").

   The Board is advised by our Consulting Actuaries, Huggins and Company, Inc., of Philadelphia, that: (a) this reserve is adequate, (b) the present practice of additional allocations upon retirements and deaths may be expected to have it remain so (This and other reserves for annuities were further undergirded in 1962 by adjusting all actuarial reserves by using an amount of $2,492,237 of reserves for experience fluctuations to undergird the stabilization of the Fund and to enable the adoption of the 1955 American Annuity Table with male and female ages set back one year), and (c) that it would be consistent with good and accepted actuarial practice to grant a "Good Experience Supplement" to annuitants when and to the degree that this particular "appropriated" reserve earns more than is actuarially required to meet contractual commitments, a proper proportion of expenses and a proper proportion of Fund Balance in Reserve.

   In consideration of the above, and after consultation with and upon the advice of our Consulting Actuaries, Huggins and Company, Incorporated, of Philadelphia, the Board of Annuities and Relief, at its meeting March 1, 1966, took the following action, advises the General Assembly of same and seeks its approval.

   (1) That the Board of Annuities and Relief authorize an additional non-contractual payment in 1967 to annuitants of the Ministers' Annuity Fund in such amount and in such manner as may be determined by the Board upon the advice of actuarial counsel, to be financed by funds generated by the "Appropriated Reserves" of the Fund after meeting all actuarial reserve requirements and such proportionate administrative expenses and contingency reserve requirements as may be considered advisable by the Board, and

   (2) That the Board declare its intention to consider similar non-contractual payments for years after 1967 on a year by year basis, subject to the actuarial and financial condition of the Fund.

5. That the General Assembly endorse and approve an addendum to Paragraph 14 of the Official Plan of the Ministers' Annuity Fund, upon the recommendation of The Board of Annuities and Relief after consultation with and the approval of its Actuarial Consultant. This recommendation is prompted by three major factors:

   (a) The Social Security tax of ministers, who are considered self-employed persons under

this tax and must pay the total tax, increased January 1, 1966 from 5.4% on $4800 to 6.15% on $6600 (an increase of $146.70 for those earning as much as $6600).

(b) We are advised by our Actuary that it is possible to amend the Official Plan of the Ministers' Annuity Fund in such a way as to make the plan "permissively non-contributory." The purpose of such an amendment would be to make it possible for those churches and other salary-paying organizations, that elect to do so, to pay not only the 7½% dues but also the 2½% dues classified as "member's payments," without having the amount of such payments considered as currently reportable income for Federal Income Tax purposes. Churches, or other salary-paying organizations, electing such a permissive procedure, would report to the Board its decision and the effective date it begins the full 10% dues payment. Thereby the 2½% dues payment by the church, or the salary-paying organization, in addition to the 7½% dues normally paid, would be deferred as reportable taxable income until the member actually begins to receive his annuity.

(c) Churches, or other salary-paying organizations, although they are not permitted to participate in the payment of any portion of the minister's Social Security tax, may if they elect to do so, provide some relief to their minister by paying, in addition to the 7½% annuity dues they currently pay, the 2½% dues which the minister is now paying out of taxable income. In a sense, this is a means whereby a minister may be given a meaningful increase in annual remuneration at a minimum cost to the church or other salary-paying organization.

The recommended addendum to Paragraph 14 is underlined below:

Paragraph 14

Minister's Payments

The yearly payment of the member shall be an amount equivalent to 2½% of the salary basis as defined in the previous paragraph. *This payment may be made by the member or by his church or other salary-paying organization.*

6. That the Assembly encourage the Presbyteries to urge all ministers to avail themselves of Social Security benefits as self-employed persons.

7. That the Assembly commend again to all churches and Church agencies and to non-ministerial employees of the Church the benefits of membership in the Employees' Annuity Fund and urge participation in it; calling to the attention of employee and employing agency that, under the present practice of the Board, the dues paid-in are 100% refundable to both the participating employer and employee, plus earned interest, should services terminate before retirement.

8. That the General Assembly endorse and approve an amendment to the Official Plan of the Employees' Annuity Fund to provide the option of early retirement on and after attaining the age of 60 years. Our Consulting Actuaries advise that this will have no effect upon the actuarial strength of the Employees' Annuity Fund, as the annuity granted is based upon accumulated dues and earned interest. The amendment will change Section 5, A, to read as follows and is to become effective at the moment of adjournment of the 1966 General Assembly:

A. Towards securing an age annuity for the member on a single life basis on and after attaining the age of sixty-five, upon retirement from active service; i.e., the relinquishment of any or all salaried relationship for service in the Presbyterian Church in the United States, provided that

(a) a member shall have the option of retirement on age at any time after attaining age 60 and

(b) in lieu of the single life annuity provided herein .....

(The remainder of 5, A, would be unchanged.)

9. That the Assembly urge all churches and Church agencies to make available to their full-time salaried personnel the insurance coverage offered under the Group Life and Major Medical Plan which was adopted by the General Assembly. Those eligible for admission under the plan may enter without a physical examination in the month of January.

10. That the General Assembly be advised that the the meeting of the Board on March 1, 1966, the following change in the Major Medical insurance policy administered by the Board for Active Personnel and their dependents was approved to be effective with the advent of Medicare on July 1, 1966:

The Group Life and Major Medical Insurance policy of the enrolled churches and Church agencies for their Active employees will be amended to include an "anti-duplication" clause that will exclude payments of hospital and medical claims which are covered in whole or in part by the provisions of Medicare. This will affect only those active employees and their dependents of 65 years or over who are enrolled in the Medicare program. The optional Supplemental Medical Insurance offered under Medicare will cost each enrolled person $3.00 per month; the Board will reduce the annual premium for the coverage under the Active Insurance policy of those who elect enrollment in the Supplemental Medical Insurance by $36.00 annually.

11. That the Assembly be advised that very good claims experience on the Additional Term Life Insurance policy has enabled the Board to secure an approximate increase of 40% in principal coverage with only an insignificant increase in the annual premium, i.e., approximately 4%. The increased benefits and the annual premiums are reflected below and the value of this extremely economical protection should be called to the attention of all ministers and lay employees of the Church. During the months of June and July of 1966 this insurance may be obtained, without medical statement or examination, by completion of a simple enrollment card and the payment of the semi-annual premium indicated in the last column.

Schedule of Insurance Effective July 1, 1966

Age At Least	*But Under*	*Life Insurance and AD&D Increased*	*Annual Premium*	*Payable with Application for July 1 to Dec. 31, 1966*
—	30	from $5,000 to $7,000	$15.00	$ 7.50
30	40	from $5,000 to $7,000	24.00	12.00
40	50	from $5,000 to $7,000	44.00	22.00
50	55	from $3,000 to $4,200	44.00	22.00
55	60	from $2,000 to $3,000	44.00	22.00
60	66	from $1,400 to $2,000	44.00	22.00

12. That the Assembly remind the Synods, presbyteries and churches that the contribution to the Board of Annuities and Relief of the full share of the budgeted benevolent askings is essential, if the aged ministers of our Church and their dependents are to have provision made for their minimum needs, and the continued benefits of Major Medical Insurance for our Retired.

13. That the Assembly urge again a generous Joy Gift offering on the part of all organizations of all churches since it is a major source of income with which the Board ministers to the aged servants of the Church. The continued rise in the cost of living is making increasing demands upon the resources of Ministerial Relief, and this responsibility of the Church can only be met with a gracious supplemental Joy Gift offering. All local church and presbytery treasurers should recognize the Joy Gift as a "Supplemental Offering"—approved by the General Assembly and such receipts should be handled as "designated gifts."

14. That the Assembly authorize the Board to continue to use a portion of the funds of Ministerial Relief to supplement the inadequate annuities in the meeting of emergencies in the lives of annuitants of the Ministers' Annuity Fund, taking into consideration their other sources of income.

15. That the General Assembly be advised that the authorization given in 1964 for the use of Ministerial Relief funds to supplement inadequate incomes in meeting the emergencies caused by total but temporary disability of members of the Ministers' Annuity Fund for a trial period of two years has provided a very helpful assurance to ministers, churches and presbyteries.
Although only a few ministers have qualified for and received such assistance, it is requested that this authorization be continued for so long as the gifts of the Church for the purposes of Ministerial Relief make it possible.
It is understood that: (a) the Board, in administering this special program, will not provide monthly assistance from the Ministerial Relief funds on a formula in excess of the formula which is in effect in assisting the Retired; (b) that in calculating monthly

assistance all regular income from all sources will be considered, and (c) that assistance to individuals from the funds of Ministerial Relief on the basis of total but temporary disability will not ordinarily be continued for a period of more than two years and will not begin until after six months after the establishment of the disability; (d) that the Board will provide any other procedures within the above guide-lines that may be required for effective and efficient administration of this program.

16. That the Assembly authorize the Board to continue to use a portion of the funds of Ministerial Relief to supplement the inadequate annuities in the meeting of emergencies in the lives of annuitants of the Employees' Annuity Fund who retire and receive an age annuity at the conclusion of ten or more consecutive years of dues-paying participation in the Fund or who retire and receive a disability annuity at the conclusion of five or more consecutive years of dues-paying participation in the Fund. Consideration is to be given to their other sources of income.
17. That the Assembly request the presbytery chairmen of Annuities and Relief and/or the Stated Clerk to advise the Board of emergency situations in the lives of our retired ministers and dependents.
18. That the General Assembly be advised of the plan of the Insurance Committee adopted by the Board on March 1, 1966, as it affects the continued use of Ministerial Relief funds in providing the best in medical insurance for our Retired Personnel and their dependents with the advent of Medicare on July 1, 1966.

    The Board and staff have carefully studied the provisions of Medicare and are persuaded that the Church must continue to provide a degree of coverage in order to assure our retired persons protection that is equal to or greater than that which is presently in effect. For instance, the Medicare program does not provide coverage of the cost of private nurse care nor the payment for drugs prescribed for those not confined to a hospital.

    The Board proposes to amend the present policy with an "anti-duplication" clause that will exclude payment of hospital and medical claims which are covered in whole or in part for those who are enrolled in Medicare. Those who are not eligible for coverage under Medicare will continue to be covered under the total provisions of the present policy until such time as they become eligible and enroll.

    The General Assembly is asked to approve the use of Ministerial Relief funds in further assisting the eligible retired through a co-ordinated insurance program for them as follows:

    (a) To pay from Ministerial Relief funds the total premium for all eligible enrollees in the Major Medical for Retired Personnel and their Dependents as of July 1, 1966.
    (b) To reimburse from Ministerial Relief funds, the cost charged those who are eligible and enrolled in the Supplemental Medical Insurance, as of July 1, 1966. The cost of this Supplemental Medical Insurance will be $3.00 a month.
    (c) For those who become eligible for Major Medical for Retired Personnel and their Dependents after July 1, 1966, Ministerial Relief funds shall be used to provide the same benefits if they are eligible and enroll in the Supplemental Medical Insurance program or are not eligible for same. If such persons are eligible for but do not elect to enroll in the Supplemental Medical Insurance and are not eligible for regular monthly assistance from Ministerial Relief, they shall be asked to bear approximately one-third of the premium expense for the Major Medical coverage, currently $50.00 per person per year.
19. That Mr. George Ward be approved by the Assembly as the representative of The Board of Annuities and Relief on the General Council.

II. That the minutes of the Board of Annuities and Relief be approved as submitted.

III. That in accordance with the nominations of the Permanent Nominating Committee the following are recommended to the General Assembly for election: Class of 1969: Rev. J. Frank Alexander (3) La., Rev. R. R. Craig (3) Okla., Robert L. Maclellan (2) Appa. Vacancies: Class of 1969: Mrs. John E. Lake, Mo. (1), Rev. James L. Fowle, Appa. (1), Mrs. Thomas B. Gallaher, Ark. (1).

IV. That the General Assembly concur with the Standing Committee in expressing appreciation to the Board, the Executive Secretary and the Staff for their efficient and faithful service.

Respectfully submitted,
E. WATSON WOOD, *Chairman*

The following items were referred to this Committee:

II. The Report of the General Council with its recommendations.

2. That the theme of the 1966 Canvass be "Give of Your Best" instead of the previously approved, "Give—As Christ's Body."
3. That the presbyteries use the Every Church Canvass in 1966 to remind local church officers that under the current benevolence program unless each particular church court, including sessions, accepts *its full basic apportionment* of askings, the work which each Assembly, synod, and presbytery agency is now doing will be reduced by that amount; and, further, to solicit the full support of the local church for the total program of the Church.
4. That churches use the special booklet, entitled "Give of Your Best," depicting the whole work of the Church—Assembly, synod, presbytery, and local church—under one cover, and *The Every Member Canvass Manual* as the basic tools in the 1966 Every Member Canvass Season.
5. That the members of the General Council and the personnel of the agencies of the General Assembly make themselves available for the promotion of stewardship and the entire church program during the 1966 Stewardship Season.
6. That the 1967 Stewardship Program of the General Assembly, which reflects opportunity for promotion in support of a *basic* program of $8,564,417 (1965 actual receipts plus 4% for a two-year normal growth) and an *advance* program with the first $500,000 allowing specified agencies to undertake work in promising new areas adopted as follows:

The Stewardship Program provides opportunity for you to give to—

THE BASIC PROGRAM

Synods	*Apportionments*	*Synods*	*Apportionments*

Louisiana	$ 304,398	Virginia	$1,061,426
Mississippi	$ 308,150	West Virginia	$ 324,575

b. That each synod, in planning its 1967 Stewardship Program, relate its giving, first to meeting the basic budget by accepting its apportionment in *full;* and, second, by studying and accepting the advance program of the Assembly's agencies; and, further, by placing this advance program before the lower courts—presbyteries and sessions.

c. That each synod and Presbytery be requested to adopt its Budget on the same basis that the Assembly has done—namely, that each Agency be allocated funds on the basis of 1965 giving plus a reasonable expected increase.

8. That the foregoing stewardship program for 1967 be widely publicized in every church court and that local churches, as soon as possible, post on their bulletin boards and at other strategic places, to remain as long as useful, a suitable poster to be provided by the General Council to dramatize the needs and to encourage people to give in larger amounts than usual.

9. That the General Assembly call attention to the fact that for budgetary purposes the terms "General Fund Agencies" and "Interchurch Agencies" no longer exist, since under the new benevolence program each of these causes stands as a separate item in the budget with a fixed percentage of its own.

10. That local church treasurers make regular remittances toward their total annual benevolence acceptance as soon as possible after the last Sunday of each month and

that presbytery treasurers make their remittances to the Assembly's Central Treasurer of Benevolences prior to the tenth day of each month *except* that in December all funds from local churches and presbyteries must be in the office of the Assembly's Central Treasurer of Benevolences by December 31 in order to be included in the 1966 receipts. (Special attention is called to the necessity of getting year-end receipts into the Assembly's Central Treasurer's hands if excess funds are to benefit the 1966 advance projects.)

11. That the General Assembly direct the Central Treasurer of Benevolences to close his books monthly on the fifteenth (15th) day of the month and to make distribution to the agencies as soon as possible thereafter;

That in December, in addition to the fifteenth (15th) day closing, the books be closed for the year on December 31, and that all Assembly boards and agencies close their books on December 31 of each year;

That all funds received through December 31 be applied to that year's receipts even though distributed in January of the following year;

That present procedures for distribution of benevolence funds by the Central Treasurer of Benevolences be followed through the distribution for May, 1966;

That, in order to make the transition to the closing date of the fifteenth (15th) of the month for the Central Treasurer of Benevolences, type 4 designated funds received by the Central Treasurer between June 1 and June 15, 1966, be distributed to the agencies according to their percentages of participation in the Benevolence Asking Budget without regard to reporting of contributions received directly by the agencies;

That in future years type 4 designated funds received by the Central Treasurer of Benevolences between January 1 and January 15 of each year be distributed to the agencies according to their percentages of participation in the Benevolence Asking Budget without regard to reporting of contributions received directly by the agencies;

That the General Assembly change the date for agency reporting of direct gifts to the Central Treasurer of Benevolences from "as of the twenty-fifth (25th) day of each month" to "as of the last day of each month," and that the deadline for agency reports of direct gifts to be in the office of the Central Treasurer of Benevolences be changed from "by the first (1st) day of the next month" to "by the seventh (7th) day of the next month."

That at whatever point with respect to the budget year the basic benevolence budget is completed the Central Treasurer of Benevolences be instructed to distribute advance budget receipts to agencies approved for these funds in the approved order of priority or, if no priority has been established, to hold funds until the Budget and Stewardship Committee shall meet to determine a proper distribution; and further, that the Central Treasurer be authorized to make short-term investments of any advance funds being held.

12. That the General Assembly authorize the Permanent Committee on Assembly Operation to revise the Session's Annual Statistical Report and the Statistical Report in the General Assembly Minutes, omitting the breakdown to causes under Assembly's budgeted benevolences and including one column instead of seven as is currently the pattern for synod and presbytery reporting.

13. That, while provision is made for treasurers to transmit funds directly to agencies or according to fixed percentages adopted by a court, they be strongly urged to designate them for use by the Central Treasurer of Benevolences to be used in such a way that each agency will receive as nearly as possible its proportional share of total contributions in relation to its relative participation in the approved benevolence program of the General Assembly.

14. That the General Assembly recognize the merits of placing the official magazine of the denomination, PRESBYTERIAN SURVEY, in every home—emphasizing how it undergirds the *total program* of the Church and stimulates a stronger sense of stewardship —and reaffirm the wisdom of General Assembly agencies' continuing as necessary to support the SURVEY to the degree they participate in the benevolence budget of the Church. Such underwriting in 1967, based on the budget approved by the General Assembly, is not to exceed $139,000.

15. That the following agencies of the General Assembly be authorized to promote a supplemental offering in 1967:

a. Board of World Missions and Board of Church Extension.
b. Board of Christian Education.
c. Board of Annuities and Relief for use in Ministerial Relief.

16. That a special offering be approved for the Department of Overseas Relief and Interchurch Aid of the Board of World Missions to be received on Easter, March 26, 1967.

17. That churches be urged to give to special campaigns for capital funds approved by the General Assembly, their synod, or their presbytery through the solicitation of *over and above gifts* and *not* by including the goals for such campaigns in their benevolence budgets.

18. That the General Assembly associate itself with corresponding courts and agencies of other denominations in observing 1966-67 as a year of special emphasis on Christian wills.

19. That the General Assembly be informed that commitments to the Presbyterian Development Fund have produced $7,333,236.57 as of March 4, 1966.
And—
a. That churches and individuals be urged to pay their commitments in full and at the earliest possible moment.
b. That the Assembly express to Herman Jones, Supervisor of Collections, and to Robert S. Gaddis, Treasurer, its appreciation for their sacrificial and untiring efforts in behalf of the Fund.
c. That the General Assembly express to the First National Bank of Atlanta its appreciation for the generosity of the bank in furnishing, rent free, office space for the Presbyterian Development Fund and for its many other services.

B. PROGRAM

21. That the ministers of our Church use the foregoing calendars as suggested prayer calendars and be urged to remember weekly in their pastoral prayers the causes and agencies and those who serve the Church through them. In addition to those causes and agencies listed, those who labor in other agencies as well as in synods' and presbyteries' agencies should be remembered.

22. That the General Assembly approve the following recommendations for holding a Youth Quadrennial Convention in 1968:

    a. That a denominational Youth Quadrennial Convention on the World Mission of the Church be held in 1968.

    b. That the convention be administered by these three boards—Board of Christian Education, Board of Church Extension, and Board of World Missions—and that the convention be planned in consultation with all boards of the Church.

    c. That the convention be open to all young adults of the Church, ages approximately eighteen through twenty-four.

    d. That it be noted that it is the judgment of the General Council that there seems to be a real place for a distinctive and dynamic approach once in four years through the denomination of which the students are a part and in which they can be (a) educated as to the world's needs and the Church's opportunities, (b) confronted with concrete avenues of witness and service within the communion of which they are a part, and (c) introduced to leaders and personalities who are not only responsible for, but who embody the commitment required for that witness and service.

    e. That the Planning Committee for the 1968 Youth Quadrennial be:

        Herbert Meza, *Chairman*
        David W. A. Taylor, *Administrative Director*
        George M. Cooley, John B. Evans, Thomas L. Jones, *Staff Representatives*

    And that these five persons, together with the executive secretaries of the three administrative boards and the Chairman of the Program Committee's Youth Quadrennials Subcommittee, be authorized to complete the formation of a representative committee for the planning of the convention, and to proceed with their planning for the 1968 Quadrennial.

    f. That:

        (1) The advance budget for the 1968 Quadrennial be set for an amount equal to the budget of the Quadrennial of 1964 plus 5%; and

(2) The Central Treasurer advance this amount to be charged against the budgets of the boards and agencies of the Assembly on the same pro rata basis used in other quadrennials with the understanding that after the quadrennial any balance be returned to the Central Treasurer for refund on the same pro rata basis.

23. That the General Assembly adopt the following proposal for a Council on Church and Society:

Preface: For some time there has been a concern that the function and responsibility of the Permanent Committee on Christian Relations and the Christian Action Advisory Council (to the Division of Christian Action) should be more closely related. A recommendation in this direction to the 105th General Assembly was referred to the General Council for further study. The General Council in turn has referred the matter without comment to the Board of Christian Education. The Board of Christian Education has come to recognize that the other program boards of the General Assembly are concerned with and involved in programs of Christian social action. In order, therefore, to present a more coordinated and effective thrust in the life of our denomination the following proposal is presented:

Proposal: That The Board of Christian Education create a Council on Church and Society, responsible to the Board of Christian Education, with the function and membership described below, to take the place of the Permanent Committee on Christian Relations and the Christian Action Advisory Council.

Membership: 20 persons, to include:

12 From the General Assembly at large, elected by the Board of Christian Education, initially to include the present members of the Permanent Committee on Christian Relations
2 Members of the Board of Church Extension appointed by that board
2 Members of the Board of World Missions appointed by that board
2 Members of the Board of Women's Work appointed by that board
2 Members of the Board of Christian Education appointed by that board
Total: 20—to be arranged in three classes, as assigned by the Board of Christian Education.

Authority and Function:

a. To study the content of the Gospel in its bearing on man in society.

b. To present recommendations regarding Church and Society through the Board of Christian Education to the General Assembly for its consideration and action.

Procedure:

(1) To present recommendations regarding Church and Society in the report of the Board of Christian Education directly to the General Assembly through a separate Standing Committee on Church and Society.

(2) To submit in ample time for study prior to each meeting of the General Assembly, the proposed recommendations to each of the four boards represented on the Council, which boards would be free to comment to the Standing Committee on the recommendations if they so desire.

c. To recommend programs in the area of Church and Society to the various boards for their consideration, action, and implementation in ways consistent with the responsibilities assigned them by the General Assembly. Final decisions on programs shall be made by the boards responsible for those programs.

Staff:

a. The Secretary of the Division of Christian Action of the Board of Christian Education shall be Administrative Officer of the Council on Church and Society.

b. Other members of the staff of the Division of Christian Action and one staff member from each other Board involved shall serve the Council on Church and Society as needed and normally attend the meetings of the Council on Church and Society. Staff of the Division of Christian Action as well as other staff working with the Council on Church and Society shall bring to the Council any matter in the area of social concern and action which they feel should receive the attention of that body.

c. All staff members working with the Council on Church and Society shall be employed by their respective boards and responsible to those boards.

Expenses: The expenses of the Council on Church and Society would be borne by the Board of Christian Education except that the travel expenses of representatives and staff personnel would be borne by the respective boards.

Advantages of this Proposal:

a. This proposal would combine into a single agency two agencies with related responsibilities, viz., the Permanent Committee on Christian Relations and the Christian Action Advisory Council, and entrust to this single agency both the responsibility of proposing recommendations to the General Assembly (the present task of the Permanent Committee on Christian Relations) and the responsibility of proposing programs to the Board of Christian Education for implementing the recommendations of the General Assembly (the present task of the Division of Christian Action and its Christian Action Advisory Council).

b. The presence on the Council of persons from the various program boards would dramatically witness to the fact that while implementing Christian action is primarily a responsibility of the Board of Christian Education, it is also a responsibility of other boards.

c. The proposed Council with its broader membership could recommend more effectively than existing agencies coordinated programs of Christian action to the various boards.

d. The proposal would provide for adequate staff for the agency responsible for presenting social recommendations to the Church.

C. INFORMATION

24. That the General Assembly encourage synods and presbyteries which do not have news publications to consider adopting this effective means of keeping their members informed on activities and the program of the synods, presbyteries and General Assembly.

D. ITEMS FROM THE ASSEMBLY

25. The 1963 General Assembly referred to the General Council recommendation II, 2, of the Standing Committee on Christianity and Health, "that an Assembly agency be established in the field of Christianity and Health or that the Assembly consider the possibility of relating the functions and duties of this committee to some of the existing boards and agencies." After extensive consultation of the General Council with the Permanent Committee on Christianity and Health, the Board of Church Extension and other Assembly agencies, we recommend to the General Assembly:

    a. That the Permanent Committee on Christianity and Health be abolished as of July 1, 1966, and that the duties and purposes of this committee become a part of the Division of Homes and Christian Welfare, Board of Church Extension.

    b. That the Board, through its Division of Homes and Christian Welfare, be instructed to form a Council on Christianity and Health to be composed initially of the present Permanent Committee on Christianity and Health. This will eliminate the necessity for a Standing Committee at the General Assembly.

    c. That the General Assembly authorize the Board of Church Extension to provide a staff person as soon after July 1, 1966, as possible to execute the duties and purposes of the Permanent Committee on Christianity and Health.

26. The General Council received as instruction from the 1965 General Assembly Recommendation No. 25 of the Standing Committee on the General Council, namely,

    "That the General Council be instructed to make a study of the various methods of giving financial support to the National Council of Churches, the World Council of Churches, Religion in American Life, and the Lord's Day Alliance, and report to the next meeting of the General Assembly."

    This matter was placed in the hands of the General Council's Budget and Stewardship Committee for study and recommendation. In November, prior to its regular meeting, four of the committee's members gave this matter their consideration. In the subsequent meeting of the full committee the entire matter was presented and discussed from every angle. The committee had before it—

    a. Item No. 25 above.
    b. Inter-Agency Committee considerations on the matter.
    c. Considerations of the Permanent Committee on Interchurch Relations.
    d. Correspondence from various individuals.

The committee first established that the term "financial support" applies to the funds now provided for the aforementioned agencies within the benevolence budget of the Church. This is obviously the case since at least two of these agencies—Religion in American Life and Lord's Day Alliance—receive no funds other than from this source. Also, it was in connection with the benevolence budget that this study originated in the 1965 General Assembly.

The Budget and Stewardship Committee, after a thorough study of all pertinent matters, is of the conviction and so recommends that financial support of these causes within the regular benevolence budget is the proper method and should be continued. Since this method is the opposite of support outside the budget, these two possibilities will be dealt with together. The following reasons are offered in support of the committee's position, namely, the current practice of support within the budget:

a. The current Benevolence Program of the Church makes ample provision through a system of designations for those wishing to support certain causes, while at the same time the support of all causes is regulated through the established budget of the General Assembly.

b. To lift these items outside the regular budget or to treat them differently will only insure an imbalance of support detrimental to other causes in the established budget. It has been a common experience in many local churches that when these causes were set apart they have received an unduly large amount, much more than they would have within the established budget. Numerous cases could be cited but one will clarify the issue. Church "A" was giving approximately $9.00 per year to the National Council of Churches by percentages in the church's budget. The Session took it out of the budget and one church family designated $15.00 per month, or $180.00 per year, for it. Still other members designated additional amounts to make this one church's gifts to the National Council more than thirty times what it was before. Such results on a denominational scale could be revolutionary and disastrous.

c. The Church, through the Inter-Agency Committee of the General Council (Executive Secretaries of major Boards and the General Council and the Stated Clerk), has presented a unified approach to our denominational work. It proclaims a wholeness and a oneness of our mission. To set certain parts of this program outside the budget or to treat them differently from others would jeopardize and break the principle of unity established through long years of strenuous effort.

d. The General Assembly has repeatedly expressed itself in favor of cooperative work voting consistently and with increasing odds to include it in the form of these causes as a part of the program entitled to their proportionate part of the whole budget.

Among others the committee considered and, for reasons noted, discarded the following alternatives:

a. Per member assessments through the Committee on Assembly Operation. This plan was eliminated as a possibility because it would appear to be unconstitutional. (1950 General Assembly Minutes, Page 83, Support not compelled over conscientious scruples.)

b. Support only through those agencies of our Church now participating in program units of the National Council of Churches, the World Council of Churches, Lord's Day Alliance, and Religion in American Life. This method was deemed grossly unfair to our agencies because it would impose upon them a responsibility belonging to the whole Church. It would penalize participating agencies and imply that other agencies not directly involved in program units do not benefit indirectly from cooperative work. Also, it is further true that the Lord's Day Alliance and Religion in American Life are unrelated to program units of our Assembly agencies and would therefore receive no support.

c. Support as a single item, either inside or outside the budget, including all funds given for general support or spent by agencies with program units of the National Council of Churches, World Council of Churches, Lord's Day Alliance, and Religion in American Life. This method was not considered feasible or right for the following reasons:

(1) It would weaken program units of boards and agencies which would no longer exercise full discretionary control over their funds used in cooperative work.

(2) It would tend to inflame the Church over matters of program details when the real issue lies elsewhere.
(3) Information provided through such a method is already available in reports of the Inter-Church Relations Committee.
(4) It would, if outside the budget, make an exception to the present program of benevolences just approved and initiated by the General Assembly without giving it a chance to prove itself.

The General Council on the basis of the above and other related considerations strongly urges that the General Assembly adopt, as the proper method of giving financial support to the National Council of Churches, the World Council of Churches, the Religion in American Life, and the Lord's Day Alliance, the first possibility, namely, support within the regular benevolence budget with each having its own fixed percentage as separate units.

E. ADMINISTRATION

27. That the General Assembly:
    a. Take note of the retirement this spring of Dr. James Godfrey Patton, who has served as Executive Secretary of the General Council since its creation in 1949 and, before that, as Secretary of Stewardship of the General Assembly. His retirement will complete more than twenty-six years of devoted, selfless service to the Assembly in many capacities with increasing responsibilities, and requirements;
    b. Recognize the position that the Presbyterian Church in the United States has attained in benevolent giving under the leadership of Dr. Patton;
    c. Express its appreciation to Dr. Patton for the leadership, wisdom and vision that have characterized his service to Christ in every capacity.

28. The General Council recommends that the General Assembly approve the action of the General Council in electing the Rev. Lawrence I. Stell Executive Secretary of the General Council for a term of three years.

29. The General Council recommends that for 1966, the 60th anniversary year of Montreat, the General Assembly approve the Montreat Patrons' Program in its efforts among patrons and friends of Montreat to raise funds for capital improvements.

IV. That the following be elected: Class of 1968: George Ward (Annuities and Relief). Class of 1972: Rev. C. Charles Benz, Jr., Fla., Rev. David H. Burr, N. C., Dr. Marshall Buckalew, W. Va., Ben H. Harris, Ala., Rev. H. Richard Copeland, La., Rev. John A. Haley, S. C., Gaston Williamson, Ark., Rev. Ben L. Rose, N. C., (Church Extension), Mrs. John D. Moseley (Women's Work).

V. Overtures 24-29, 61, 65, 68.

Concerning Overture 24, from the Presbytery of Athens concerning worship, the Committee recommends referral to General Council for study and report to the next General Assembly.

Concerning Overture 25, from the Presbytery of Asheville concerning materials prepared by agencies outside our church, the Committee recommends that it be answered in the negative.

Concerning Overture 26 from the Presbytery of the Southwest, concerning publicity, the Committee recommends that the following answer be given:

That inasmuch as a great deal of this work is being done, and the cost of proposals 1 and 4 would be prohibitive, this be answered in the negative.

Concerning Overture 27, from the Presbytery of Potomac, concerning the printing of salary figures of Board personnel, the Committee recommends that this be answered in the negative.

Concerning Overture 28, from the Presbytery of Suwanee, concerning the program schedule of the Church, the Committee recommends that this be answered in the negative.

Concerning Overture 29, from the Presbytery of Congaree, concerning the support of Inter-Church Agencies, the Committee recommends that this be answered by reference to Recommendation 26.

Concerning Overture 61, from the Presbytery of East Alabama, concerning evaluation of the Joint Witness, the Committee recommends that this be answered in the negative, on the ground that this is already being done.

Concerning Overture 65, from the Synod of Oklahoma, concerning special financial appeals for Assembly's agencies, the Committee recommends that this be referred to the General Council for study.

Concerning Overture 68, from the Presbytery of Central Mississippi, concerning "New Wine Skins," the Committee recommends that this be referred to the Ad Interim Committee on Institutional Forms.

VI. Concerning the requests from the Standing Committee on Inter-Church Relations:

1. For support of the World Alliance of Reformed Churches to be provided for in the Assembly's Benevolence Budget, instead of by present per capita apportionment, the Committee recommends that this be answered in the negative.
2. For inclusion of the American Bible Society in the Advance Program for $8,000; the Committee points out that this agency is already included for $10,000 in the above listing of projects to be considered for a share in the Advance Program.
3. For financial support of a Joint Presbyterian-Reformed Witness in Washington, D. C.; the Committee recommends that the matter of such financial support be referred to the General Council for study.

Respectfully submitted,
WM. C. SWAIN, *Chairman*

In connection with the above report, recommendation 27 was adopted with a unanimous rising vote. Rev. J. G. Patton, Retiring Executive Secretary of General Council was escorted to the platform by Mr. G. R. Pirrung, Chairman of General Council, and Dr. Patton was presented with an inscribed plaque as a token of appreciation for his long and devoted service to the Church. He responded in a brief address to the Assembly.

THE REPORT OF THE STANDING COMMITTEE ON BILLS AND OVERTURES

Rev. Henry W. Quinius, Chairman, presented the report of the Standing Committee on Bills and Overtures. The report was adopted, and is as follows:

The Standing Committee on Bills and Overtures submits the following report:

Overtures 14-18, 66, Communication #1 submitted by the General Assembly's Nominating Committee, and Resolution #2 submitted by John C. Neville of East Alabama Presbytery, were the items placed in the hands of this Committee.

We recommend to the General Assembly:

1. That Overture 14 from the Presbytery of the Southwest requesting that the General Assembly appoint a committee to begin immediately to formulate a contemporary Reformed Confession of Faith be answered as follows:

   The General Assembly records its agreement with the desire of the Presbytery of the Southwest to formulate a contemporary Reformed Confession of Faith reflective of the whole of Reformed thought and in full accord with the system of doctrine of our present standards, such document to supplement the Westminster Confession of Faith and the Larger and Shorter Catechisms; and the Assembly refers this action to the Joint Committee with the Reformed Church in America for guidance as it prepares the Plan of Union with that denomination.

2. That Overture 15 from the Presbytery of Montgomery requesting reaffirmation of the stand taken against circularizing the Church and so to inform lower Church courts be answered as follows:

   We reaffirm the statement of the General Assembly of 1965:

   In the light of established policies outlined in the form of government of the Presbyterian Church in the United States, it is therefore out of order for one court of the Church to communicate with another apart from the regular procedures stated. The General Assembly, therefore, calls upon Synods, Presbyteries, Sessions and individuals to follow scrupulously the procedures of good order in the Church. We recognize the right of individual conscience in many matters of common concern to "freedom of expression." Freedom, therefore, on the part of an individual, groups of individuals, and organizations of the Church to express convictions on matters pertaining to the well-being of the Church cannot be denied. The General Assembly urges and expects,

however, that honest convictions be expressed in Christian love and with concern for the truth. In the light of our vows of church membership and ordination, there is no allowance for slander or vicious attacks against any member, agency, or court of the Church or any other persons or any other organization. When such violations occur they should be properly dealt with through the Constitutional procedures for discipline clearly outlined in the Standards of the Church.

and request that it be distributed for guidance to all Synods, Presbyteries, and Sessions;

Furthermore, in the light of the difficulty of defining from the *Form of Government* such "regular procedures" governing communication among courts and individuals, the General Assembly refers this question to the Permanent Judicial Commission for study and report.

3. That Overture 16 from the Presbytery of Birmingham asking for extreme care by the General Assembly in the wording of statements and pronouncements addressed to the Church or to society be answered as follows:

   That all Church courts exercise extreme care in the wording of any statements or pronouncements addressed to the Church as a whole or to society in general in order that such statements or pronouncements be subject to the least possible misinterpretation.

4. That Overture 17 from the Presbytery of South Texas regarding the danger of congregational type of action when Sessions withhold benevolent funds from the boards of our Church be answered as follows:

   We feel pastoral concern over the current unrest regarding benevolent giving in our denomination. We believe that it manifests a lack of understanding of the procedures regarding the Central Treasurer and designated funds. We point out that any Session can designate funds for any particular benevolent causes, being thereby assured that its funds go only to those causes. We further point out that to attempt to impose particular limitations upon distribution of benevolent funds given by others is to take from them the right claimed in designating one's own gifts.

   Therefore the General Assembly, in the interest of supporting our Church in its endeavor to focus collectively its influence in the world, urges all Sessions to support the benevolent program of the Presbyterian Church in the United States, through these Presbyterian procedures, without reservation or limitation.

5. That Overture 18 from the Presbytery of Central Mississippi asking for study of passages of Scripture regarding the place of women in the Church be answered in the negative, and that the General Assembly refer that Presbytery to a study adopted by the 1956 General Assembly (Minutes, pp. 138-142).

6. That Overture 66 from the Presbytery of Potosi requesting Assembly reconsideration of licensure be answered in the negative, but that since there is such a question seriously before the Church the Assembly's Committee on the Minister and His Work, in consultation with the Departments of Field Education of our Seminaries, be asked to study the matter of licensure more thoroughly and report back to the 1967 Assembly.

7. That Communication #1, concerning the Permanent Nominating Committee's requests for procedures for suggesting names and developing new leadership in the work of the Assembly be answered as follows:

   We recognize the need to develop new leadership for the work of the General Assembly. Therefore the General Assembly urges all presbyteries and boards and agencies with their executives to suggest to the Nominating Committee names of those who have not served three terms previously on a board or agency.

   We also request that all names suggested be accompanied by a brief biographical sketch.

8. Resolution #2 from John C. Neville is as follows:

   WHEREAS wide sentiment has appeared favoring a change in the calendar of the Christian Church which would establish a fixed date for Easter. And,

   WHEREAS Churches and communions have expressed themselves in favor of establishing a fixed date for Easter and have asked other Churches and communions to express their views on the subject.

   NOW THEREFORE the General Assembly of the Presbyterian Church US, meeting in Montreat, N. C., April 21-26, 1966, hereby records its support of the move-

ment in Christendom to establish a fixed date for the annual celebration of the resurrection of our Lord Jesus Christ.

JOHN C. NEVILLE, JR.
East Alabama Presbytery

The Committee recommends that the General Assembly record its support of the movement in Christendom to establish a fixed date for the annual celebration of the resurrection of our Lord Jesus Christ.

IV. Overtures:

1. For Overtures 33 (Suwanee), 57 (North Alabama), 60 (Holston) and 67 (Northeast Texas), all seeking Assembly action on the 1965 Assembly's declaration on Civil Disobedience, we answer as follows: We reaffirm the spirit and intent of the 1965 General Assembly statement concerning Civil Disobedience, and offer the following paper as clarification of that spirit and intent.

The Assembly notes the unrest and disturbance within parts of the church resulting from the widely varying interpretations of its declaration on Civil Disobedience. The Assembly declares its understanding of this matter in the following paragraphs.

The Presbyterian Church, U. S. affirms its belief in a society governed by the rule of law, arrived at through processes resting upon the consent of the governed. We further affirm our confidence in and support of the presently constituted system of law and equity as the noblest achievement of a civilized society, assuring the citizens of our nation the broadest experience of justice and liberty known to modern man.

We believe all citizens are under obligation to obey the law, and to seek solutions to all their problems and grievances within the system of law. We call upon the members of our congregations to labor diligently as committed Christians within their communities to the end that the justice, protection, and liberty inherent in our system of law are applied and made available to all citizens in those communities, both in spirit and in letter.

We recognize that every system of law, however excellent, is created, administered, and enforced by sinful human beings. In many communities throughout the area served by our Church, there have prevailed social mores and time-honored customs that have produced laws which do not express the best in our fundamental concept of justice. There have been instances where those charged with administering the law have enforced it inconsistently within their communities, with the result that not only have there been occasions of injustice, but also that this injustice has had the quiet sanction of the law. We believe that these practices erode the whole concept of the rule of law, and subvert the system we support from its proper and legal effect.

In these sorrowful instances, some of those more sensitive to injustice who have been deprived of the full benefits of the law have frequently been unable to secure the redress of their rights through the exercise of the law. The same circumstances that deprived these individuals of their rights have served to deny or frustrate their lawful petitions for the redress of those rights, depriving them also of that ultimate means of redress within our systems, a free ballot. Under this situation, an appeal was made by some to the larger community through the practice of civil disobedience as a final resort, other peaceful means having been deprived them. In these acts, those who were civilly disobedient accepted the consequences the law imposed upon them for its violation.

Only under such sorrowful circumstances can civil disobedience be countenanced. This measure can be justified only under most pressing necessity. But when such a situation prevails the church may properly support those using this means to obtain for themselves those unalienable rights with which all men are endowed by their Creator.

The Church can take the above position upon the Biblical ground which demands that every man's primary allegiance must be to God Almighty. Her proclamation through the ages has been, and should continue to be, that God alone is Lord, not only over every individual conscience, but also over every human institution.

To sum up: The Presbyterian Church, U. S., desires at this time to reaffirm the obligation of all her obedient sons and daughters: (1) To live responsibly under the law of the land; (2) To use personal influence and ballot to enhance the rule of law so that injustice may be replaced with justice, and the full provisions of the law for justice, protection, and liberty may be enjoyed by every citizen of every community; (3) To regard civil disobedience as a measure of last resort to be employed only in circumstances of otherwise irremediable need, and in the exercise of which the whole concept of law is not denied, but affirmed; and (4) To continue to support and regard with compassion those who practice civil disobedience when no legal recourse has been left open to them and who act in Christian conscience and allegiance to Almighty God.

2. For Overture 34, from the Presbytery of Lexington asking for a study of war and peace in a nuclear age as it affects the Christian conscience. We recommend that this overture be referred to the Permanent Committee on Christian Relations, or its successor, for report to the 1967 General Assembly.
3. Overture 35, from the Synod of West Virginia, on the subject of capital punishment. We reply that this overture has been answered by the Assembly's Action on section II, C of this report.

V. The Assembly requests the Council on Church and Society to exercise due discretion in the number of reports it presents to the Assembly for its consideration.

Respectfully submitted,
ROBERT P. DOUGLASS, *Chairman*

V. Concerning Overtures and Resolutions:

A. We recommend Overture 43 asking suspension of negotiations with the Reformed Church in America be answered in the negative.

B. With reference to Overtures 36, 37, 38, 39, 40, 41, 42, 62, and 70, the communication from the 1965 General Assembly of the United Presbyterian Church in the U.S.A., and Resolution 4 which reads as follows:

"*Whereas,* the 177th General Assembly of the United Presbyterian Church in the United States of America (1965) re-affirmed its "yearning for a united Reformed and Presbyterian family" and proposed the establishment of a panel to objectively analyze the problems in an undertaking of this kind in the light of the situation in which its churches find themselves in 1966: and

Whereas, overtures from four Synods and four Presbyteries have presented urgent pleas to this General Assembly for closer relations with the United Presbyterian Church, USA; and

Whereas, the Permanent Committee on Inter-Church Relations, without secretariat, cannot undertake adequate conversations with the United Presbyterian Church, USA without neglecting its present responsibilities; and

Whereas, union with the Reformed Church in America will not affect the present relationship with the United Presbyterian Church, USA in the presbyteries,

Be it resolved:

1. that an Ad-Interim Committee of 12 be appointed by this General Assembly to explore the need, extent, and possibility of closer relationships with the United Presbyterian Church, USA, and

2. that this General Assembly invite the 1966 General Assembly of the United Presbyterian Church, USA to appoint a similar committee to meet with the Presbyterian Church in the United States committee,"

Eugene M. Grier, Central Texas
Truman D. Nabou, Jr., Potomac

We recommend that these overtures, communications and resolution be answered by directing the Permanent Committee on Inter-Church Relations to explore intensely and thoroughly the problems and possibilities of our future relationship, and report the status of exploration to the next Assembly, and that the Reformed Church in America be invited to participate in such exploration.

C. Concerning Resolution 7 which reads as follows:

Whereas, in the providence and grace of God, representatives of seven major Christian Churches in the United States have come together in the past several years to explore the establishment of a united Church, truly catholic, truly evangelical and truly reformed; and

Whereas, the official representatives of these Churches have now bound themselves into seeking a unity in which all who are baptized into Jesus Christ and confess Him as Lord and Saviour may be brought by the Holy Spirit into one fully committed fellowship, holding the one apostolic faith, preaching the one Gospel, breaking the one bread, joining in common prayer, and having a corporate life reaching out

in witness and service to all, united with the whole Christian fellowship in all places and ages in such wise that ministry and members are accepted by all, and all can speak and act together as occasion requires for the tasks to which God calls His people; and

Whereas, the representatives of these Churches have committed themselves to the establishment of a Church evangelical, which joyfully confesses justification by grace through faith and the supremacy of Holy Scripture in doctrine and moral teaching; a Church with an evangelical ministry grounded on the divine ministry of God's saving deed in Jesus Christ, and with a passion for the conversion of the world to obedience to the Lordship of Christ; and

Whereas, the representatives of these Churches have bound themselves to the establishment of a Church truly reformed, which will constantly attempt to subject all concepts and practices to the judgment and correction of the Holy Spirit as He works through the Scripture and in history, and which will demand of its ministry a two-fold loyalty: on the one hand, loyalty to the faith once and for all delivered to the saints and to the priceless heritage of the Church and, on the other hand, loyalty to the creative possibilities of development and renewal; and

Whereas, our own Church has through its representatives been an observer in the effort to establish such a Church, truly catholic, truly evangelical and truly reformed; and

Whereas, the representatives of these Churches desire and have invited us now to move from being an observer-consultant to being a participant ;and

Whereas, we as the Presbyterian Church in the United States are also concerned for a Church simple, unified Scriptural, whole, and true to the nature and mission of the Church of Jesus Christ:

Therefore, be it resolved:

1. That the One Hundred Sixth General Assembly of the Presbyterian Church, U. S., express its desire to become a full participant in the Consultation on Church Union, and
2. That it authorize the appointment of appropriate representatives of this Church to the Consultation, with the hope and prayer that through this Consultation God's Will for His Church may be more fully realized, through Jesus Christ our Lord.

Rev. George Telford, Lexington Presbytery
Rev. Wm. Richard Huey, St. Louis Presbytery
Rev. Fred R. Stair, Jr., Atlanta Presbytery
Rev. William B. Kennedy, Hanover Presbytery
Mrs. W. H. Hopper, Sr., Louisville Presbytery
Ed. S. Hughes, Central Texas Presbytery

We recommend that this resolution be answered in the affirmative.

D. Regarding Overtures 46, 48 and 63, asking the General Assembly immediately to terminate membership in the National Council of Churches, we recommend that they be answered in the negative in view of the cooperative response of the General Board of the National Council of Churches to the action of our 1965 General Assembly; and that the Presbytery of Tuscaloosa be asked to refer to the extended investigation carried through by a committee headed by the Rev. John S. Land, (See General Assembly minutes, Presbyterian Church United States, 1961, pp. 107-108.)

E. Regarding Overture 47 asking the advisability of affiliating with such groups as the American Council of Churches, the National Association of Evangelicals, and others, we recommend that this overture be answered in the negative, and that the 106th General Assembly of the Presbyterian Church in the United States affirm that membership in the National Council of Churches of Christ is the best avenue presently open to us for interdenominational cooperation.

F. Concerning Overtures 44 and 69 seeking changes in the Constitution and/or by laws of the National Council of Churches of Christ, and Overtures 45, 49, 50, 51, 56, and 58 concerning certain Statements or Policies of the NCC;
We recommend that the 106th General Assembly answer the overtures cited above with the following statement:

Whereas, the Permanent Committee on Inter-Church Relations, at the request of the 105th General Assembly, is in good faith actively and fruitfully engaged in clarifying the position of our church with the National Council of Churches of Christ and the position of the Council as it relates to public pronouncements, actions of the General Board, voting procedures, etc., as substantiated by the appended citation from the action of the General Board on the request of May 6, 1965, from the Presbyterian Church in the United States;

We therefore recommend that the 106th General Assembly urge the Permanent Committee on Inter-Church Relations to complete its delegated task; and, in the light of the number of overtures presented concerning the National Council of Churches, the Permanent Committee be further requested to develop ways and means of informing Church Courts and Congregations of our Church about the purpose, policies, and programs of the National Council of Churches of Christ.

G. Concerning Overtures 59 requesting the General Assembly to refer membership in the National Council of Churches to the Presbyteries, and Resolution 6 which reads as follows:

Whereas: The Presbyterian Church in the United States is a member of the National Council of Churches in the U.S.A. and,

Whereas: Some of the pronouncements, actions and activities of the National Council of Churches are objectionable to many Presbyterians.

Now: Therefore General Assembly is petitioned to request each Session in the Presbyterian Church U. S. to vote on whether they favor withdrawing from the National Council of Churches and to report their findings to the General Assembly no later than 12-31-66.

Paul Hartzel, Charleston, S. C. Presbytery

We recommend that both be answered in the negative.

H. Concerning Resolution 5 which reads as follows:

Whereas, resolutions and overtures relating to the National Council of Churches of Christ have consumed much time at previous meetings of the General Assembly;

And whereas, in certain cases charges have been made without documentation of such charges (eg: Overture #46);

Be it resolved:

1. That all overtures containing charges against the NCCC be specifically documented, and

2. That all overtures containing charges against the NCCC with documentation be referred to the Permanent Committee on Inter-Church Relations.

Douglas W. Oldenburg, Appomattox
James H. Smylie, Potomac
Curtis F. Crowther, Jr., Kanawba
Hugh U. Leach, Montgomery
A. M. Field, Jr.,Appomattox

We recommend that this resolution be amended by adding to the resolution these words: "For study and recommendation to the Permanent Committee on Inter-Church Relations," and adopted as amended.

I. Concerning Resolution 3 which reads:

Be it Resolved: That the 106th General Assembly of the Presbyterian Church in the United States make it clear that the General Board of the National Council of Churches was not speaking for the Presbyterian Church in the United States when it issued its policy statement of February 22, 1966 urging the United States to "develop a new policy of support to the seating of the People's Republic of China in the United Nations."

James J. Carter, East Alabama Presbytery

We recommend that this resolution be answered by reference to the action of the 1960 General Assembly which stated: " . . . it should be pointed out that the National Council of Churches is not authorized, by its own admission, to speak for its member Churches, but rather, from time to time, it does speak to them and to our society." (*Digest of Acts of General Assembly,* 1965, p. 469.)

Concerning Communication

VI. That the communication from the Clerk of the United Presbyterian Church in the

United States of America under date of May 21, 1965 concerning reunion with our Church be answered by the Moderator and the Stated Clerk in the light of the action of our General Assembly regarding our relation to that church. (See reply to Overtures 36, 37, 38, 39, 40, 41, 42, 62, and 70 and Resolution B.)

VII. That the communication (see below) from the Rev. R. H. Edwin Espy, General Secretary of the National Council of Churches, under date of June 8, 1965 be answered by the Stated Clerk in light of the actions taken by the 106th General Assembly.

FROM: COMMUNICATION OF DR. R. H. EDWIN ESPY.

The General Board of the National Council of Churches, having reviewed the actions of the General Assembly of the Presbyterian Church in the United States, transmitted to the National Council of Churches on May 6, 1965, (EXHIBIT B).

I. Expresses the appreciation of the National Council for the ecumenical spirit which prompted the actions of the Presbyterian Church in the United States recorded in these communications, and

II. Responds as follows to the respective requests of the General Assembly:

A. The requests contained in the overture from the Presbytery of Nashville.

1. The National Council has completed in recent months a fundamental reorganization, one of whose objects was that which the overture requests, namely to make the Council "more responsive to its member denominations." This study of the Council included a careful consideration of the frequency of meetings of the General Assembly, and the three-year cycle was unanimously reaffirmed.
2. The Constitution, Bylaws and Standing Rules of the National Council clearly establish the accountability of staff to the General Board, through the General Secretary, for their statements and actions.
3. In connection with the restructuring of the National Council, the regulations distinguishing between official positions and actions of the Council and "the things that are said and done at innumerable conferences, workshops, retreats, etc., held under NCC auspices" have been thoroughly reviewed, revised and adopted by the General Board. A copy of these regulations is transmitted herewith.
4. Neither the National Council of Churches nor any of its subsidiary bodies is authorized to "endorse particular political parties or candidates," nor have they done so.
5. The National Council of Churches has adopted new administrative procedures to assure that all suggestions and criticisms officially transmitted to the National Council by the highest judicatories of the member communions are heard and answered by the National Council.

B. The request of the General Assembly that "the National Council, through its General Board, consider amending its Standing Rules to provide that before a policy statement can be adopted by the General Board the votes of at least one-half of the total membership of that body must be recorded on the proposal."

The statistics mentioned in relation to this request are not fully accurate in that they fail to recognize the fractional voting procedure previously utilized in the General Board. Though the Board has in past years had as many as 250 members, the potential number of full votes equaled only 128 in 1953 and increased gradually to 198 in 1964. Most policy statements passed by the Board have had more than one-third of the potential votes recorded. The fractional voting procedure has been discontinued as an element of the recent reorganization.

As another element of reorganization, the General Board has recently adopted new Standing Rules which call for advance review by the approximately 250 members of the General Board designated by the member churches before a proposed policy statement can be brought before the Board for vote. A copy of the Standing Rules is transmitted herewith.

The voting requirement in these Rules reads:

"A policy statement adopted by the General Assembly or the General

Board on behalf of the Council must be approved by at least a two-thirds vote of members present and voting, and must receive the affirmative votes of at least one-fourth of the total votes of the members."

This formula is reaffirmed by the General Board as being a responsible representative form of government for the National Council.

C. The action of the General Assembly transmitting to the National Council, without approval or disapproval, the overture from the Presbytery of Birmingham.

1. The General Board associates itself with the General Assembly of the Presbyterian Church in its recognition of "the spirit of confession and repentance in the Presbytery of Birmingham expressed in this overture."
2. Regarding paragraph 5, the General Board shares the regret of the Presbytery of Birmingham if the activity of the National Council in relation to conditions in Selma last March "has caused untold resentment and has inflamed the opinion of churchmen of all persuasions in Alabama." A major objective of the National Council in tension situations is reconciliation through the spirit of Christ, and we trust that such reconciliation can be cultivated by all concerned.
3. Regarding paragraph 6, the Commission on Religion and Race is authorized to act and speak in the name of the National Council on matters within the mandate of the General Board to the Commission, and the activities of the Commission in relation to Selma are considered by the General Board to have been within the General Board mandate.
4. Regarding paragraph 7, the General Board applauds the spirit and affirmation of the first sentence, but feels unable to comment helpfully on the generalizations of the second sentence.

III. The General Board assures the Presbyterian Church in the United States of the desire of the National Council of Churches to be responsive to all communications from its General Assembly or other authorized bodies, and of our prayers for the guidance of the Holy Spirit as we continue to labor together in the mission of Christ in this troubled world.

Respectfully submitted,
W. M. ELLIOTT, JR., *Chairman*

PROTEST

Protest to action on V, D, E and F of the above report was made by Frank Kincaid and Morton H. Smith.

Rev. P. J. Garrison, Jr., Chairman began presenting the report of the Standing Committee on Judicial Business.

The time for lunch was reached and the Assembly recessed with prayer by the Moderator.

AFTERNOON SESSION

The Assembly convened at 1:30 P.M. and was opened with prayer by the Moderator.

THE REPORT OF THE STANDING COMMITTEE ON JUDICIAL BUSINESS

Consideration of the report on Judicial Business was resumed. The report was adopted, as follows:

Placed in the hands of this committee were the following items:

1. Attested copies of the Minutes of the 16 Synods.
2. Votes of the Presbyteries on amendments to the constitution.
3. Minutes of the Permanent Judicial Commission.
4. Report of the Permanent Judicial Commission touching interpretation and amendment of the constitution. (See Handbook, pages 140-146.)
5. Overtures 1-13, and (e).

6. Communications: from the Synod of North Carolina, asking legalization of a meeting to be held outside the bounds of Synod; correspondence from the Presbyteries re reception of Negro churches.
7. Nominations to the Permanent Judicial Commission from the Permanent Nominating committee.
8. Resolutions: from George A. Chauncey and six other Commissioners regarding the appointment of a committee to visit the Synod of Mississippi; and from William Pryor regarding the Reformed Theological Seminary of Jackson, Mississippi.

Recommendations

I. As to the official minutes of the Synods:
   1. The Committee recommends that minutes of the following Synods be approved without exceptions: Alabama, Appalachia, Florida, Georgia, Kentucky, Louisiana, Missouri, North Carolina, Oklahoma, South Carolina, Texas, Virginia, West Virginia.
   2. The Committee recommends that the minutes of the following Synods be approved with the exceptions noted:
      Mississippi—minutes of the adjourned meeting held November 4, 1965 are not signed by the Clerk;
      Tennessee—in the minutes of the called meeting held December 15, 1964, the reference to the *Book of Church Order,* Chapter XVI, Paragraph 82, should be Chapter 17, Paragraph 4; and the reference to an "emergency meeting" would better be termed a "special" or a "called" meeting.
   3. The Committee recommends that the Synod of Arkansas submit its 1965 minutes to the 107th Assembly for review in view of the fact that pages 9, 10, 23, and 24 are missing from the volume submitted this year.

II. As to the votes of the Presbyteries on amendments to the Constitution:

Recommendations:

1. That the following summary submitted by the Stated Clerk be approved:
   A. On amendment to Section 13-5:
      Presbyteries for: 78

      Not reporting: 0

   F. On amendment to Section 116-4
      Presbyteries for 80
      Presbyteries against: 0
      Not reporting: 0
2. That each amendment be and hereby is enacted.
   A. That Section 13-5 of the *Book of Church Order* be amended by inserting the following additional sentences between the first and second sentence thereof: "The Clerk shall be a member of the Session. In the higher courts the Clerk must be eligible for membership in the court."
   B. That section 16-1 of the *Book of Church Order* be amended by deleting the first sentence and inserting in lieu thereof the following sentence: "The Presbytery consists of its member Ministers and all the churches within a certain district."

C. That Section 17-1 of the *Book of Church Order* be amended by deleting the first sentence and inserting in lieu thereof the following sentence: "The Synod consists of all the churches in a district comprising at least three Presbyteries and of the Ministers who are members of the included Presbyteries."

D. That Section 21-2 (1) of the *Book of Church Order* be amended by adding the following additional sentence: "From every Minister who is performing work which is not under the jurisdiction of the Presbytery or a higher court it shall require an annual report stating the frequency and manner of his performing the duties of a Minister as described in Chapter 10-1."

E. That Section 105-19 be amended by striking the words, "If any have been filed" from the first sentence of the second paragraph thereof.

F. That Section 116-4 be amended by adding the word "written" at the beginning thereof.

III. The Committee recommends that the minutes of the Permanent Judicial Commission be approved.

IV. The Committee recommends that this statement be made as information: that concerning the report of the Permanent Commission touching the interpretation and amendment to the Constitution, the Standing Committee dealt only with those sections having to do with Overtures submitted to the Standing Committee and the replies will be those given concerning Overtures 1-13, and (e).

V. It is recommended that these overtures be answered as follows:

1. That Overture 1 from the Presbytery of Winston-Salem relative to permitting the Synod of North Carolina to become a representative body, be answered in the negative with the suggestion that it be brought to the attention of the Synod of North Carolina for its expression, and that this proposal also be brought to the attention of the Joint Committee with the Reformed Church in America for consideration in the formulation of a plan of union.

   The Commission notes that while the Constitution presently precludes such proportional representation, amendment might be made without disturbing any of the basic concepts of the Constitution. (See B.C.O. Sec. 14-5 and 17-1.)

2. That Overture 2 from the Presbytery of Lexington relative to the order of communication by courts of the church be answered as follows:

   A. The General Assembly has on several occasions expressed its "emphatic disapproval" of circularizing church members of Church courts, particularly where this is for the purpose of: (1) Seeking to promote a particular project, (2) influencing the decisions of the Church court, (3) attacking "the General Assembly on its servants" or the "orthodoxy or Christian character of ministers on Courts of the Church." (See actions of the General Assembly of 1880, 1909, 1932, 1934, 1946, 1949, 1953, 1961 and 1965, all found in the Assembly Digest (1965) pp. 115-117). It has laid a "solemn charge . . . to bring charges against ministers or Courts of the Church only in the regular way set forth in the *Book of Church Order.*" The *Book of Church Order* itself directs that in their ordination vows, Elders be required to respond affirmatively to the questions: "Do you approve the government and discipline of the Presbyterian Church in the United States?" and "Do you promise to study the peace, unity, edification and purity of the Church?" (B.C.O. Secs. 29-3 (4) (7).) All of these actions and provisions are pertinent to the circularized communication which is the subject of this overture. But primary jurisdiction over the particular church involved belongs with its Presbytery, and protests against the action of a particular church should originally be made to its Presbytery. The General Assembly does not take action against a particular church, but instead makes only a general pronouncement.

   B. In 1965 the General Assembly made the following statement:
   In the light of established policies outlined in the form of government of the Presbyterian Church in the United States, it is therefore out of order for one court of the Church to communicate with another apart from the regular procedures stated. The General Assembly, therefore, calls upon Synods, Presbyteries, Sessions and individuals to follow scrupulously the procedures of good order in the Church. We recognize the right of individual conscience in many matters of common concern to members and courts of our Church. We recognize the right

of individual and group "freedom of expression." Freedom, therefore, on the part of an individual, groups of individuals, and organizations of the Church to express convictions on matters pertaining to the well-being of the Church cannot be denied. The General Assembly urges and expects, however, that honest convictions be expressed in Christian love and with concern for the truth. In the light of our vows of church membership and ordination, there is no allowance for slander or vicious attacks against any member, agency, or court of the Church or any other persons for any other organization. When such violations occur they should be properly dealt with through the Constitutional procedures for discipline clearly outlined in the Standards of the Church.

C. In light of the above statement the Committee recommends that the General Assembly request the Permanent Judicial Commission to prepare a statement clarifying the correct procedures for communications between church courts.

3. That Overture 13 from the Board of World Missions relative to dual church membership of missionaries be answered in the affirmative and that the Permanent Judicial Commission be instructed to draft the proper amendments to the Constitution for consideration by the 1967 General Assembly.
4. That Overture 3 from the Presbytery of Missouri relative to the time of election of the Moderator of the General Assembly be answered in the negative for the reason that a plan of union with the Reformed Church in America is now in the process of formulation, and that the change proposed in this overture should be called to the attention of the Joint Committee with the Reformed Church in America, since that church presently has a practice similar to that requested in this overture. (See B.C.O. Sec. 13-2; Assembly's Digest 1965, p. 67.)
5. That Overture 4 from the Presbytery of Lexington relative to the training of officers be answered in the negative for the reason that the prime responsibility for the training and oversight of officers rests on the Session under the provisions of Sections 15-6 (6) (7) and 29-2 of the Book of Church Order. To divide this responsibility with another court would tend to create a conflict of authority. Section 14-5 of the Book of Church Order indicates that the sphere of action of each court should be distinctly denied.
6. That Overture 5 from the Presbytery of Winchester relative to the amending of the terms of call of ministers be answered in the affirmative and that the General Assembly send down to the Presbyteries for advice and consent the following amendment:

   That the last sentence of Section 25-2 of the Book of Church Order be amended to read as follows: "The terms of a call under which the relation of Pastor or Associate Pastor is established can be changed only by the congregation at a regularly constituted meeting with the consent of the Presbytery and the Pastor or Associate Pastor."

   (The foregoing amendment is not intended to change the present practice but simply conforms the Book of Church Order more clearly to the previous rulings of the General Assembly as reported in Assembly's Digest 1965, on page 210.)
7. That Overture 6 from the Synod of Virginia relative to the transfer and examination of ministers be answered as follows:

   That the first proposition of the overture be answered in the affirmative. This is in accordance with Section 16-5 of the Book of Church Order which the Commission interprets to mean that every minister having a call from a congregation, court or agency and seeking admission to a Presbytery must be examined.

   That the second proposition of the overture be answered with the following statement:

   A Presbytery may establish reasonable and orderly pre-examination procedures so long as they are constitutional, and a minister can be required to conform to such procedure in order to qualify for subsequent examination by a Presbytery. This is in conformity with the ruling of the General Assembly in 1963, as reported in Assembly's Digest 1965, p. 93.

   That the third proposition be answered by noting that this matter has been referred by the Assembly the Standing Committee on the Minister and His work in consultation with the Permanent Judicial Commission.
8. That Overtures 7 and 8 from the Presbyteries of Missouri and Louisiana relative to

the office of Deacon be answered in the negative, with the suggestion that these proposals be brought to the attention of the Joint Committee with the Reformed Church in America for consideration in the formulation of a plan of union, in the light of the fact that the Reformed Church in America uses a consistory which is made up of Elders and Deacons.

9. That Overture 9 from the Presbytery of Columbia relative to changing the word "evangelical" to "Christian" be answered in the affirmative and that the General Assembly send down to the Presbyteries for advice and consent the proposed amendment which is as follows:

   That Section 16-10 of the Book of Church Order be amended to read as follows: "Ministers in good standing in other Presbyteries, or in any other Christian church, being present at any meeting of Presbytery, may be invited to sit as visiting brethren. It is proper for the Moderator to introduce these brethren to the Presbytery. This provision shall also apply to the Synod and General Assembly."

   (See B.C.O. Sec. 2-2.)

10. That Overture 10 from the Presbytery of St. Johns relative to limited terms of ministers be answered in the negative. It is pointed out that this matter has on numerous occasions been rejected by the church. (See Assembly's Digest 1965, p. 210.) Further under our system of government there is no adequate machinery to ensure the placing of ministers whose terms shall have expired. The effect of such a system would necessarily result in an involuntary assigning of ministers and would tend to do violence to the entire basis of pastoral relationships in the church. (See B.C.O. Sec. 23-2, 26-1 ff.) It is further emphasized that congregations using the stated supply relationship can now under the provisions of Section 25-4 (a) utilize a term pastorate for periods up to one year, which term is renewable.

11. That Overture 11 from the Presbytery of Potomac relative to the distinction between administrative and judicial commissions be answered with the following statement:

    In Sections 19-2 and 19-4 of the Book of Church Order a judicial commission is confined to the exercise of functions relating to the handling and deciding of cases of process for the appointing court according to the Rules of Discipline. All other functions are considered to be of an administrative nature for handling by an administrative commission whose functions are fully prescribed in Section 19-3 of the Book of Church Order with its cross references. (See also Assembly's Digest 1965, pp. 201-202.)

12. That Overture 12 from the Presbytery of Birmingham relative to inter-church agencies be answered in the negative for the reason that inasmuch as ours is a representative form of government a proposal such as the one embraced in this overture would tend to create a different standard of decision-making in a particular area of the life of the church. It is felt that such a procedure is inconsistent with the established form of government of our church and would create a precedent for the weakening of the established processes of representative government in other situations. The jurisdictions of the several courts must be expressly defined and are limited by the Constitution. (See B.C.O. Sec. 14-5; Assembly's Digest 1965, p. 468.) It has not been the practice of the General Assembly to submit the question of the advisability of its actions in relation to inter-church councils to the Presbyteries, with one single exception. (See Assembly's Digest 1965, p. 463, Action of 1937.)

13. That Overture "e" from the Presbytery of Missouri relative to Presbyteries receiving into their membership all Presbyterian Churches U. S. within their bounds be answered as follows:

    A. The General Assembly express its joy concerning the progress which has been made by some of our Synods and Presbyteries regarding the reception of presbyterian U. S. Negro Churches into their membership, and that we commend said Synods and Presbyteries for progress made thus far.

    B. The General Assembly instructs all the Synods which have Presbyterian U. S. Negro Churches within their bounds to report to the 107th General Assembly the following information: (1) what action has been taken by their Presbyteries to receive said Negro Churches into their memberships, if this has not already been accomplished and (2) by what date the General Assembly can expect the Synods to have taken the necessary action to include said Negro Churches into the Presbyteries in whose geographical bounds they are located.

VI. Referrals:

1. Resolution 1 to the 1965 General Assembly by Mr. Ben G. Estes, Ruling Elder of the Presbytery of Atlanta, as follows:

A Bill to provide that all Committees and Commissions of Church courts, other than Sessions, be composed of an equal number of Ministers and Ruling Elders.

Be It Resolved that Section 19-1 of the Book of Church Order be amended by adding a new sentence at the end thereof to read as follows: "All Committees appointed by the Church court, other than a Session, shall be composed of an equal number of Ministers and Ruling Elders."

Be It Further Resolved that Section 19-2 of the Book of Church Order be amended by adding a new sentence at the end thereof to read as follows: "All Commissions appointed by a Church court, other than a Session, shall be composed of an equal number of Ministers and Ruling Elders."

Be It Further Resolved that this resolution be submitted to the Presbyteries for their advice and consent pursuant to Section 30-1 of the Book of Church Order, and, if so assented to, to the next meeting of the General Assembly for final adoption.

We recommend that this Resolution be answered in the negative for the reason that the purposes of this proposal are already being generally followed to the extent practicable. However, it is deemed unwise to make such a procedure a rigid and inflexible matter of law. This position seems particularly valid in the light of the occasional experience in some Presbyteries of the inability of many laymen to serve as members of committees and commissions. It is also pointed out that numbers do not necessarily establish parity within the courts of the church but parity is inherent in the offices of Minister and Ruling Elder. (See B.C.O. Sec. 9-3 and 11-2.)

2. Resolution 2 to the 1965 General Assembly by Mr. Ben G. Estes, Ruling Elder of the Presbytery of Atlanta, which is as follows:

A Bill to provide for Ministers, Ruling Elders and Deacons to reaffirm their Ordination vows when being installed in office subsequent to their ordination.

Be It Resolved that Section 29-12 of the Book of Church Order be amended by changing the period at the end thereof to a semicolon and adding "provided, however, a candidate shall be asked if he reaffirms the vows taken when ordained as a Ruling Elder or Deacon."

Be It Further Resolved that Section 27-7 of the Book of Church Order be amended by renumbering questions (1), (2) and (3) as (2), (3) and (4) and by inserting a question to be designated as (1) as follows: "(1) Do you reaffirm the vows taken by you when ordained as a Minister of the Presbyterian Church in the United States?"

Be It Further Resolved that this resolution be submitted to the Presbyteries for their advice and consent pursuant to Section 30-1 of the Book of Church Order, and, if so assented to, to the next meeting of the General Assembly for final adoption.

The Commission recommends that this Resolution be answered in the negative for the reason that such a procedure would seem to question the validity of the original affirmation vows. It is pointed out that a minister now renews his affirmation vows by signing the "obligation" when he moves into a new Presbytery. (See B.C.O. Sec. 16-6.)

Also Ministers, Ruling Elders and Deacons are required by Sections 27-6 and 29-3 of the Book of Church Order to make known any change in their views since the original assumption of their ordination vows.

3. Referral from 1964 General Assembly of an overture from the Presbytery of Orange relative to property.

The 1964 General Assembly received an overture from the Presbytery of Orange to which it responded with the following statement as recorded on page 98 of the Minutes of the 1965 General Assembly:

Congregations may delegate to trustees of unincorporated churches and to officers of the corporation in the case of incorporated churches the authority to accept and sell stocks, bonds or other securities without congregational action when the purpose of the donor is to donate the proceeds of sale to the church and the church has no duties to perform other than the sale. In the case of the sale of real property there must always be held a congregational meeting to authorize such sale.

The Commission will continue to give the questions posed by this overture its consideration, looking toward further possible clarification through revision of Section 6-1 and 6-2 of the Book of Church Order.

The Commission has given this matter extensive study and feels that additional clarification is needed.

We therefore recommend that the General Assembly send down to the Presbyteries for advice and consent the following amendments:

1. That Section 6-1 of the Book of Church Order be amended to read as follows:

A particular church which is not incorporated, may, if it desires to do so, in regularly constituted congregational meetings, elect from its membership trustees or persons of like designation. Such trustees shall hold title to the church building or buildings and the manse (but not including the furnishings therein), including appurtenant land, and shall have power and authority to buy, sell and mortgage such property, and to accept and execute deeds and other instruments relating thereto. The term "church building" as used in this Section means any building in which the church conducts its religious or educational services. In the fulfillment of these duties such trustees shall be subject always to the authority, and shall act solely under the instructions, of the congregation which they serve as trustees. The power and duties of such trustees must not infringe upon the powers or duties of the Session or of the Board of Deacons.

The Session of the church shall have the power and authority to own, acquire by gift or purchase, manage, sell, or, where duly authorized by the congregation, to mortgage, the personal property of the church, and the real property of the church, not including the church building and the manse, and, by general resolution, or, when desirable, by resolution for the specific occasion, to authorize the trustees or other person or persons to accept, manage, and dispose of such property, and to execute appropriate instruments relating thereto.

2. That Section 6-2 of the Book of Church Order be amended to read as follows:

If a particular church is incorporated, the provisions of its charter and bylaws must always be in accord with the Constitution of the Presbyterian Church in the United States. If the congregation is an incorporated body, all the communing members on the active roll of that church shall be members of the corporation. The officers of the corporation, whether they be given the title "Trustee" or some other title, shall be elected from among the members of the corporation in a regularly constituted congregational meeting. The powers and duties of such officers must not infringe upon the powers and duties of the Session or of the Board of Deacons. All funds collected for the support and expense of the church and for the benevolent purposes of the church shall be controlled and disbursed by the Session and the Board of Deacons as their relative authorities may from time to time be established and defined. To the officers of the corporation may be given by the charter and bylaws of the corporation any or all of the following responsibilities: the buying, selling, and mortgaging of the *real property and personal property* of the church, the acquiring and conveying title to such property, the holding and defending title to the same, the managing of any permanent special funds entrusted to them for the furtherance of the purposes of the church, provided that such duties do not infringe upon the powers and duties of the Session or of the Board of Deacons. In buying, selling, and mortgaging *the church buildings or manse(s),* such officers shall act solely under the authority of the corporation, granted in a duly constituted meeting of the corporation. *The term "church building" as used in this Section means any building in which the church conducts its religious or educational services and includes the land appurtenant to it.*

(In the above section the language Italicized is the new language and constitutes the variation from the present text.)

VII. The Committee recommends that the request initiated by the permanent Judicial Commission relative to appeals to the General Assembly be answered in the affirmative and that the General Assembly send down to the Presbyteries for advice and consent the following amendments:

(1). That Section 116-5 of the Book of Church Order be amended by adding the following sentence at the end thereof: "An appellant to the General Assembly shall lodge his appeal and the reasons therefor with the Clerk of the General Assembly by February 1st in order to permit time for a proper hearing of the case by the Permanent Judicial Commission prior to the meeting of the General Assembly of that year."

(2.) That Section 20-5 of the Book of Church Order be amended to read as follows: "The Permanent Judicial Commission shall meet as directed by the General Assembly, provided that, if business has arisen which it must transact for the Assembly, the Commission shall meet in ample time to make its report. The Commission shall begin to re-

port its recommendations and preliminary judgments on the second day of the General Assembly's Session. (See R. D. Sec. 116-9.)"

The foregoing amendments are recommended on the basis of the Commission's experience in recent years in the hearing of judicial cases. The present limitation on the Commission that it must meet within one week of the opening Session of the General Assembly does not seem to allow adequate time in all cases for the proper consideration and reporting of the matters before it. It is further pointed out that since the Synods usually meet during the preceding summer there is ample time for the perfecting of their records for presentation to the General Assembly by the succeeding February 1st.

VIII. COMMUNICATIONS. The Committee recommends:

1. That in response to the Communication from the Stated Clerk of the Synod of North Carolina, the Assembly legalize the meeting of that Synod to be held outside its bounds June 7-8, 1966.
2. That the Assembly be informed that all Presbyteries involved have properly replied to this meeting of the Assembly concerning action and progress to receive Presbyterian U. S. Negro churches into their membership, as requested by the 1965 Assembly (p. 94 of 1965 Assembly's minutes).

IX. NOMINATIONS: It is recommended that approval be given to the nominations by the General Assembly Committee on Nominations concerning membership on the Permanent Judicial Commission. The names submitted for election are: *Class of 1967:* Joseph C. Meux, Ky. (1); *Class of 1969:* Joseph W. Grier, Jr., N. C. (1); James E. Drinkard, Appa. (1); Charles L. Moffatt, Tenn. (1); Overton A. Currie, Ga. (1).

X. RESOLUTIONS:

1. A resolution, # 9, from Commissioners George A. Chauncey of the Presbytery of Transylvania, Albert E. Simmons of the Presbytery of Atlanta, Taylor Revely of the Presbytery of Lexington, Phil W. Dunford of the Presbytery of St. John, V. R. Jansen, Jr. of the Presbytery of Mobile, Hal Baird of the Presbytery of New Orleans, and James A. Simpson of the Presbytery of Memphis, as follows:

WHEREAS, the Church is troubled by the evident disorder in the life of the Synod of Mississippi of the Presbyterian Church, U. S., as reflected in

(a) the continuing complaints to the General Assembly regarding the case involving the Rev. Mr. A. M. Hart and the Presbytery of Central Mississippi, which case now involves the Synod of Mississippi and still has not been adjudicated after four years (Complaint of Frank S. Buchanan et al vs. Synod of Mississippi, 1964, pp. 55ff; Complaint of Frank Seaman et al vs. Synod of Mississippi, 1966); and as further reflected in

(b) the creation of an unauthorized theological seminary in the bounds of the Synod of Mississippi by teaching and ruling elders of the Presbyterian Church, U. S.; and as further reflected in

(c) the unwillingness thus far of the presbyteries of the Synod of Mississippi to receive into their membership the Negro churches of the Presbyterian Church, U. S., within their bounds as requested by the General Assembly of 1965, and the refusal of the Synod to take appropriate action; and

WHEREAS, this evident disorder poses a threat to the good name and integrity of the Presbyterian Church, U. S.;

THEREFORE, be it resolved that the General Assembly, in accordance with its power listed in the *Book of Church Order,* paragraphs 18-6 (12) and (15) and 19-1, appoint a committee to visit and examine this portion of the Church affected with evident disorder, to inquire into the difficulties therein; and to report its findings and to recommend appropriate action to the next meeting of the General Assembly.

Respectfully submitted,

George A. Chauncey — V. R. Jansen, Jr.
Albert E. Simmons — Hal Baird
Taylor Reveley — James A. Simpson
Phil W. Dunford

The Committee recommends that this resolution be answered as follows:

There seems to be apparent unrest and disorder in the life of the Synod of Mississippi of the Presbyterian Church in the United States which has troubled many in the church and

which has found expression in this resolution #9 coming from men from various parts of our Assembly.

In order that the validity of the existence of such unrest and disorder be denied or established, and in order that the good name of the Presbyterian Church in the U. S. be reaffirmed, we recommend that the General Assembly, in accordance with its powers listed in the *Book of Church Order* (18-6 (6) & (12) and 19-1), appoint a committee of five with pastoral responsibilities limited to the following: 1) to visit the brethren in the Synod of Mississippi; 2) to study the situation; 3) to be agents of reconciliation if such is necessary; and 4) to report its findings with appropriate recommendations to the next meeting of the General Assembly.

2. A resolution, #1, from William Pryor, Commissioner from the Presbytery of Northeast Texas, as follows:

   WHEREAS the formation of a new and independent seminary has been publicly announced within the bounds of our Assembly, namely The Reformed Theological Seminary of Jackson, Mississippi, and

   WHEREAS the publications of this new and independent seminary indicate the participation as faculty and Advisory Board of certain members of several Presbyteries, and announces that they have been duly elected to serve in these positions, and

   WHEREAS the publications of this new and independent institution solicit the enrollment of students from Presbyterian churches for theological education and also solicit financial support from Presbyterian churches,

   THEREFORE BE IT RESOLVED that the Permanent Judicial Commission of the General Assembly be requested to study and report on the following matters:

   FIRST the propriety of ministers of the Presbyterian Church in the United States serving on the faculty and Advisory Board of the Reformed Theological Seminary of Jackson, Mississippi, and

   SECONDLY the acceptability of the theological training which might be received in the Reformed Theological Seminary of Jackson, Mississippi, for candidates for the gospel ministry who are under the care of our Presbyteries.

   s/William Pryor

The Committee recommends that the first request of the resolution be answered in the affirmative and that the Permanent Judicial Commission be requested to undertake the study requested and make its report in 1967.

The Committee further recommends that the second request of the resolution be answered in the negative inasmuch as the determination of acceptable theological training is within the jurisdiction of the Presbytery.

Respectfully submitted,
P. J. GARRISON, JR., *Chairman*

MINORITY REPORT ON RESOLUTION #9

(Note: This miniority report was not adopted. *Stated Clerk.*)

The Standing Committee on Judicial Business answers Resolution #9 with the following statement:

That the resolution be answered in the negative for the following reasons:

I. There is no constitutional authority for doing so:
   A. The Hart case is still under adjudication, and regular procedure is being observed.
   B. There has been evident progress in the reception of the Negro churches into the Presbyteries.
   C. The Assembly has no authority to speak concerning any seminary, and the Reformed Theological Seminary is outside the jurisdiction of this Church.

II. No appeal or request for a visiting committee has been made by any aggrieved parties within the Synod—all signers of Resolution #9 live outside the bounds of this Synod.

III. This Synod is dealing with its problems, as revealed in its minutes, and needs time to work them out. Any action of this sort by the Assembly would only aggravate the existing tensions.

Respectfully submitted,
JOHN C. NEVILLE, JR.
J. A. CAMPBELL
CHARLES W. LOVE

ABSTENTION AND RESPONSE
regarding item X,1 (Resolution 9) of Report of Standing Committee on Judicial Business.

Privilege was given commissioners of Central Mississippi Presbytery to enter in the record the following abstention and response:

"A Response of the Commissioners of the Presbytery of Central Mississippi to the appointment of a committee by the General Assembly to investigate the situation in the Synod of Mississippi.

"It is our feeling that this situation in Mississippi is not such as to warrant the appointment of this committee by the Assembly, but we recognize that there is unrest in the Assembly over the situation in our Synod; and since we have nothing to hide, we stand to affirm that we would welcome such a commttee if it comes with a pastoral concern, and can help to quiet any unrest there may be in our Synod, and perhaps any unrest concerning us outside our Synod.

I. From the Mountain Retreat Association
   A. Minutes of the Board of Directors in 1965
   B. The Annual Report of the Mountain Retreat Association

   A. Their Annual Reports

I. MOUNTAIN RETREAT ASSOCIATION

Your committee reports that its examination of the minutes of the Board of Directors of the Association and its other sources of information confirm the impression now common throughout our church that new vigor is present in the management and support of this agency of our Assembly but that progress is being made not without difficulties.

Your committee recommends:

1. That the 1965 Minutes of the Board of Directors of the Mountain Retreat Association be approved.
2. The adoption of the Annual Report of the Mountain Retreat Association (see Appendix, page 184) and the following recommendations:
   A. That the General Assembly encourage Boards and Agencies of the Assembly, other church courts and groups to use Montreat as a Retreat for the Renewal of the Church.
   B. That the General Assembly record its thanks to Rev. Robert A. Pfrangle, Rev.

Robert R. Collins and Rev. Frank B. Estes for their service to the Church as Trustees of Stock of the Mountain Retreat Association.

3. That the following persons, having been nominated by the Permanent Committee on Nominations, be elected to the Board of the Mountain Retreat Association in the classes indicated: Class of 1969: A-2 Mrs. Scott Candler, Jr., Ga., S-2 Rev. A. L. Currie, Tenn., S-2 Rev. Richard B. Hardie, Jr., Ark., S-3 Rev. David A. Huffines, Ala., A-2 Dr. Clarence W. Legerton, S. C., S-2 Rev. W. Robert Martin, Jr., Va., S-2 Rev. Charles M. Pratt, Ky., A-3 Dr. Carl Robinson, Fla., S-2 Rev. George Hoffman Smith, Ga., A-3 R. Stanford Webb, Appa., A-2 R. R. Williams, Jr., Appa., S-3 J. Alfred Miller, Appa. 4. That the General Assembly express its gratitude to the retiring members of the Board of Directors of the Mountain Retreat Association for their faithful service.

II. PRESBYTERIAN SCHOOL OF CHRISTIAN EDUCATION

Your committee reports appreciatively that the well-understood services of the Presbyterian School of Christian Education are being properly evaluated by the institution itself and that the School is seeking effectively to enlarge and to broaden the variety and scope of training offered to candidates for full-time Christian vocations.

Your committee recommends:

1. That the 1965 Minutes of the Board of Trustees of the Presbyterian School of Christian Education be approved.
2. The adoption of the Annual Report of the Presbyterian School of Christian Education and the following recommendations:
   A. That the Assembly request each Presbytery and Synod to make a definite assignment of responsibility for the recruiting of men and women for full-time church vocations to the appropriate committee in its organization.
   B. That the Assembly urge pastors and sessions to observe Presbyterian School of Christian Education-Seminary Day on April 23, 1967, so as to acquaint their congregations with the service the schools are rendering, the opportunities they offer, and their needs. That attention be called to the availability of a filmstrip on this school. It may be ordered from the Presbyterian School of Christian Education or from the Synod's Regional Director of Christian Education.
   C. That the Assembly urge pastors and other church leaders to direct to the school, men and women who have a conviction of a call from God to full time Church related service, who have the proper gifts and consecration, those of maturity and experience, as well as young people of college age, that they may be prepared to meet the church's urgent need for more trained personnel. Special note should be taken by the Assembly of the number of widows in the individual congregation who may be challenged to consider training for church-related vocations.
   D. That the Assembly remind the churches of the opportunities for training for both professional and non-professional workers in the Summer School.
3. That the following persons, having been nominated by the Permanent Committee on Nominations, be elected to the Board of Trustees of the Presbyterian School of Christian Education in the classes indicated: Class of 1969: Rev. 4. That the General Assembly express its gratitude to the retiring members of the Board of Trustees of the Presbyterian School of Christian Education for their faithful service.

III. STILLMAN COLLEGE

Your committee reports that dedicated, understanding and imaginative leadership is guiding Stillman College commendably through a period of transition subsequent to the resignation of Dr. Samuel Burney Hay as its President. Your committee also reports that the 1965 Minutes of the Trustees were not submitted to the Standing Committee, obviously because of a simple oversight in the midst of this transition.

Your committee recommends:

1. The adoption of the Annual Report of Stillman College. (See Appendix, page 187.)
2. That the following persons, having been nominated by the Permanent Committee on Nominations, be elected to the Board of Trustees of Stillman College. Class of 1969: Rev. J. Phillips Noble (3) Ala., Mrs. Henry C. Collins (2) Ala., Miss Julia Francis (3) Ala., Dean Jameson M. Jones (2) Tenn., Mrs. Solomon W. Washington (3) Ala., James K. McLean (2) Ala. 3. That the General Assembly express its gratitude to the retiring members of the Board of Trustees of Stillman College for their faithful services.

IV. OUR FOUR THEOLOGICAL SEMINARIES

Your committee reports that it has discovered many signs of vitality and of usefulness in our four seminaries and that it believes that these factors will do much to inspire men to prepare themselves for the ministry.

Your committee recommends:

1. That the Annual Reports of Austin, Columbia, Louisville, and Union Theological Seminaries be adopted. (See Appendix, page 189ff.)
2. That the General Assembly express its gratitude for the services our four seminaries are rendering to our Church and reaffirm its confidence in the excellence of the training these institutions provide in preparing men for the Gospel Ministry.

Respectfully submitted,
W. EDWIN HEMPHILL, *Chairman*

THE REPORT OF THE STANDING COMMITTEE ON CHURCH EXTENSION

Rev. Massey Mott Heltzel, Chairman, presented the report of the Standing Committee on Church Extension. The report was adopted, as amended, as follows:

The following items were placed in the hands of the committee:

1. The minutes of the Board of Church Extension.
2. The Report of the Board of Church Extension.
3. The portion of the report of the Permanent Nominating Committee which concerns nominations to the Board of Church Extension.
4. Overture 32.
5. Resolution No. 8.

We recommend:

1. That the minutes of the Board of Church Extension be approved and that the recorders of these minutes be commended for their clarity and orderliness.
2. That the resolution presented by Dr. Daniel Iverson relating to the congress on evangelism to be held in Berlin, Germany in the fall of 1966 be answered by informing the Assembly that the Stated Clerk of the Assembly will attend the congress as an observer and that the Board of Church Extension is sending its Secretary of the Division of Evangelism as a participant, and that the resolution be further answered by commending to the prayers of our people this and other programs looking toward the evangelization of the peoples of the world.
3. That Overture 32 from the Presbytery of Kings Mountain concerning Cuban refugees be answered as follows: That we commend the spirit expressed in Overture 32 and that we point out that our Board of Church Extension has a local committee at the focal point of Cuban refugee influx, (Miami, Florida) and is actively engaged in seeking to carry out the intent of this overture. For this purpose $10,000 has been appropriated by the Board of Church Extension. We work in this area in cooperation with other church bodies through Church World Service. We heartily commend a program of relocation of these refugees to our congregations, urging that they act only through our Board of Church Extension.
4. That overture 36 from the Presbytery of Potomac regarding members of our churches willing their homes for the use of retired ministers be answered as follows:
   a. The Board expresses the general judgment that it is unwise for church members to be

encouraged to will residences to Assembly agencies with restrictions that such residences be used specifically for any purpose, such as housing retired ministers;

b. On the other hand, the Board recommends that church members be encouraged to will residences and other property to the Presbyterian Foundation, without restriction on the sale of such property by the Foundation, with a view to using the proceeds from such sales for helping to meet the housing needs of retired ministers in cooperation with the Board of Annuities and Relief.

5. That Commissioner George E. Egdorf's resolution requesting a study of the implications of the three addresses delivered at the 1965 Pre-Assembly Conference be answered as follows:

1. That the resolution calls attention to certain areas of mental health and Christian experience of which we, as well as many individuals and groups within our church, are cognizant and with which we are genuinely concerned.

2. That while certain statements within the addresses do have some implications concerning the three areas referred to in the resolution, it is the opinion of the division and the Permanent Committee on Christianity and Health that (a) the themes of the three addresses do not speak directly to these areas, for the conditions cited in the resolution are symptoms of a larger and more complex problem than the resolution suggests, and (b) that this problem calls for a depth study involving knowledge and research for which the Division of Evangelism and the Permanent Committee on Christianity and Health are not at this point qualified.

6. That overture 40 from the Presbytery of Kanawha regarding the possibility of recruiting ministers to enter the field of full-time evangelistic preaching be answered in the negative.

7. That the General Assembly urge all synods, presbyteries, and sessions to pursue the use of the "Call to Repentance and Expectancy" and to formulate positive and specific plans for imaginative witness and service in the territory which each serves.

8. That the General Assembly reaffirm its commendation of the Season of Christian Witness at Home and Abroad, from New Year's Day until Easter; that it call upon the churches to give strong support to the Week of Prayer and Self-Denial for the Church's Task of Witness at Home and Abroad, February 19-26, 1967; and that it commend the earnest consideration by the pastor, session and people of every church of the theme for the 1967 Witness Season, "Christian Witness Amid Affluence and Poverty."

9. That the Assembly record its profound gratitude for Dr. Warner L. Hall's twenty-one years of dedicated and effective service on the Board of Church Extension. We call attention to the fact that Dr. Hall's third consecutive term on the Board has now expired, making him ineligible for re-election. Dr. Hall has served as chairman of this Board for most of those years and his wise and dedicated leadership has made a very significant contribution to the Board's usefulness through the years. We also recommend that the Assembly commend the other retiring members of the Board:

Mr. Ben S. Barnes, Jr.	Mr. Frank Lyon
Dr. Alan Keith-Lucas	Mrs. R. E. Wallin

10. That the Assembly take note of the retirement, during 1965, of the following military chaplains of our denomination: Lt. Colonel Harold H. Cummings, Navy; Commander Paul C. Morton, Navy; Lt. Colonel Howard B. Foran, Air Force; and Edward S. Gault, Veterans' Administration, with high commendation for their distinguished Christian service.

11. That the Assembly urge each Presbytery to lay strong emphasis upon the need for local churches to devise effective and systematic methods of keeping in as close touch as possible with their members in military service.

12. That the attention of the Assembly, synods and presbyteries be called to the Church Extension Conference to be held at Montreat, North Carolina, August 4 to 10, 1966 with special emphasis on the fact that this conference will introduce many innovations and will bring exciting emphases; and that we urge that all synods and Presbyteries be fully represented at this significant conference.

13. That the Assembly express its gratitude for and satisfaction with the smooth and competent manner in which Dr. John F. Anderson, Jr. has assumed leadership of the Board of Church Extension and that we commend Dr. Anderson for his vigorous, imaginative, and effective work in stimulating new activities of the Board, securing capable and dedicated leader-

ship for its various divisions and departments, and for the hopeful programs which are envisioned or already launched.

14. That the General Assembly note the retirement next December of Dr. Claude H. Pritchard, Secretary of the Division of Field Services, and express the court's gatitude for Dr. Pritchard's thirty-one years of service in the former Executive Committee of Home Missions and the home missions endeavors of the Board of Church Extension, and that the Assembly be led in a prayer of thanksgiving for the life and ministry of this devoted servant of Christ and His church.

15. That the portion of the report of the Permanent Nominating Committee be approved, and that the following be elected for additional term: Class of 1969: Rev. John M. Crowell (2) Ala., Rev. Henry W. Quinius (2) Tex., Charles W. Bell (2) S. C. Vacancies: Class of 1969; Rev. Donald W. Shriver, N. C. (1), Charles Wilkins, N. C. (1), Hal Baird, La. (1), Harry L. Duke, Va. (1), Mrs. Patrick Murphy, Ark. (1).

THE REPORT OF THE STANDING COMMITTEE ON WORLD MISSIONS

Rev. Robert Turner, Chairman, presented the report of the Standing Committee on World Missions. The report was adopted, as follows:

The following were referred to this Committee by the General Assembly:

I. Minutes of the Board of World Missions.

II. Report of the Board of World Missions with its recommendations, including the financial statement of the Board of World Missions for the previous year.

III. Nominations to the Board of World Missions.

The Committee dealt with the following matters referred to it by the General Assembly as follows:

I. Minutes of the Board of World Missions were read and found in order.

The report of the Board was reviewed and found in order.

Your Standing Committee recommends:

1. That the General Assembly approve sharing "A Call to Repentance and Expectancy" with our overseas sister churches, assuring them of our desire for their help and prayers that we may repent and wait expectantly upon the Lord, and inviting them to join with us in fuller acceptance of and obedience to the Evangel, that there may be evangelism in every land.

2. That the General Assembly, its churches and agencies, take note that "A Call to Repentance and Expectancy" should produce recognition of, and action on responsibilities voluntarily assumed under the Presbyterian Development Fund but thus far only partially fulfilled.

3. That the General Assembly communicate to the new United Evangelical Church in Equador, the fraternal greetings of our Church and assure that new church in Equador of our gratitude for partnership in the gospel with it, and that the General Assembly communicate to the Presbyterian Church of the Kasai in the Congo official greetings of our Church on the observance in 1966 of the 75th anniversary of Presbyterian work in the Congo.

4. That the General Assembly give serious attention to the fact that the cost of living and inflation in overseas lands are increasing at a more rapid rate than the increase of benevolences contributed by our Church, that the resulting financial situation limits the number of new missionaries who can be supported at the present time, that in 1966 no net increase of our missionary force is possible, in spite of the population explosion, the critical need of more doctors in the Congo, the unlimited opportunity for placing missionaries in teaching positions in Congo and Brazil, the call of all sister churches with which we work for more personnel to aid in their mission to the world, and the request for missionaries from our Church for service in India, Nepal, Syria, Israel, West Africa, Haiti, and Jamaica.

5. That the General Assembly record its gratitude to the overseas missionaries of our Church for the many evidences of the fruitfulness of their ministry, especially that through their ministry of proclamation new and growing parts of the Body of Christ are carrying on the mission of Christ in every land, and to assure our missionaries of our Church's support of and prayer for their ministry to the whole world.

6. That the General Assembly recognize that the Board of World Missions computes the retirement benefits for world missionaries on the basis of an annual salary of $5,000 per annum compared to an average of $6,800 per annum for ministers serving in this country, thus penalizing severely the retirement benefit for the world missionary; and that the General Assembly direct the Board of World Missions to continue to seek ways to remove this discrepancy.

7. That the General Assembly emphasize the need of a much more liberal per capita contribution to the special Easter Offering "One Great Hour of Sharing," in every local congregation, urging each congregation to take cognizance of this single opportunity for supplying the enormous need for Christian aid and service amidst the world's vast population of impoverished, hungry, war-worn and disaster-deprived humanity.

8. That the General Assembly reaffirm its commendation of the Season of Christian Witness at Home and Abroad, from New Years Day until Easter for the three year period specified by the 1965 General Assembly; that it call upon the churches to give strong support to the Week of Prayer and Self-Denial for the Church's Task of Witness at Home and Abroad, February 19-26, 1967; and that it commend the earnest consideration by the pastor, session and people of every church of the theme for the 1967 Witness Season, "Christian Witness Amid Affluence and Poverty," it being understood that the Board will develop supplementary material in the interest of World Missions information and promotion.

9. That the General Assembly call on pastors and Sessions to present the importance of Christian witness and service to the ends of the earth, but to recruit primarily for specific positions given highest priority on each field as these positions are listed in the personnel needs published by the Board of World Missions.

10. That the General Assembly call on our Church to give thanks and praise to Almighty God that during the time the population explosion greatly increases the number of those in our world who do not know Jesus Christ as Lord and Saviour, the Church of Jesus Christ exists as a world-wide missionary community with a world-wide opportunity and task of evangelization, and that for this task God's ordained means for world evangelization continue to be available.

11. That the General Assembly call upon the Board of World Missions through its conferences and promotional materials to reinforce its emphases and missionary imperative that men are redeemed only through Jesus Christ and that without Him, men are eternally lost.

12. That the General Assembly confirm the Board's election of the following staff members:

The Rev. George Cooley as Secretary of Student World Relations for a term of three years.

Dr. Walter D. Shepard as Area Secretary for Africa, Europe and the Near East for a term of three years.

Dr. David W. A. Taylor as Secretary for Education and Promotion for a term of three years.

Mr. James A. Halverstadt as Treasurer of the Board of World Missions for a term of three years.

13. That the General Assembly express its appreciation to the Board and Staff of World Missions for its work, and particularly to Dr. T. Watson Street for his acceptance of reappointment as Executive Secretary.

14. That the General Assembly engage in a season of prayer expressing gratitude to God for the returning health of Dr. James A. Jones, Chairman of the Board of World Missions, and intercession for his speedy and complete recovery.

15. That the report of the Permanent Nominating Committee is hereby transmitted to the Assembly: Class of 1969: Rev. John W. Melton (3), Rev. Herbert Meza (2), Peter R. Branton (2), Thomas S. Jones (2), Mrs. Philip F. Howerton (3), Mrs. Thompson B. Southall (3), Mrs. Frank W. Alexander (1), Rev. A. L. Bixler (1).

We recommend the election of these persons.

Respectfully submitted,
ROBERT TURNER, *Chairman*

IV. Recommendations.

1. That the General Assembly approve the re-election of R. Graham White as Executive Secretary of this Committee for a three year term.

2. That the General Assembly re-affirm the action of the 1960 Assembly urging that all "ministers and elders who have knowledge of individual circumstances" wherein ministers "while speaking the mind of the Church in love, and have found their positions jeopardized," call the same promptly to the attention of this Committee and its Executive Secretary in order that ways may be explored and means found "by which the Church at large may stand significantly behind our ministers."

3. That the General Assembly again caution church sessions against taking unconstitutional measures against pastors of their churches due to disagreements over Church polity.

4. That the General Assembly, in connection with the study by the Committee of its own responsibilities, work, procedures and policies, believing that this will necessarily involve the role and procedures of Presbytery Commissions and Synod Committees on the Minister and His Work, authorize its Committee on the Minister and His Work to include in the study an investigation into the effectiveness of the present functioning of Synod Committees and Presbytery Commissions in their responsibilities to ministers and pastorless churches and fields.

5. That the General Assembly approve the revised Manual of this Assembly's Committee.

We further recommend that the result of this study and recommendations growing out of such study be presented to the 107th General Assembly. It should be noted that recommendation No. 4 of the report of the Permanent Committee on the Minister and His Work deals with this matter.

We further recommend that the 1966 budget of the Permanent Committee be revised to include an additional $2,500 for this study, and that the 1967 budget of the Permanent Committee be revised to include an additional $5,000 for this study, if needed.

(Note: The financial item was approved by the Standing Committee on Assembly Operation and included in the Operating Expense Budget of the General Assembly. *Stated Clerk.*)

2. That the General Assembly answer Overture (k) in the following manner:

There are presently categories into which the vast majority of the minister members of our Presbyteries may be properly fitted. We would, therefore, commend the Presbyteries toward due diligence in those several instances where our present rules are not clearly defined. Each of those particular instances must be examined in the light of its individual merits and it is the prerogative of each Presbytery to determine which of its members shall continue their ordination or be divested of office. We direct the attention of the Presbyteries to sections 26-7, 26-8, and 26-9 of *The Book of Church Order.*

3. That Item (T) of the Permanent Judicial Commission's report (dealing with Overtures 18 from Appomattox Presbytery (1965 Minutes of General Assembly, pps. 30 and 95) and Overture 10 from the Presbytery of St. John to the 106th General Assembly) be referred to the Permanent Committee on the Minister and His Work for study, in consultation with the Permanent Judicial Commission.

VI. That the Assembly express its gratitude to the Executive Secretary, Assistant to the Executive Secretary and their staff for their diligent and faithful service to the church.

Respectfully submitted,
W. KIRK ALLEN, *Chairman*

Redhead, Jr., Dr. Lawrence I. Stell, Dr. William Logan, the Rev. Tom Murphy, and Dr. Merle C. Patterson.

2. That the General Assembly join TRAV in expressing appreciation to the splendid choirs and their directors, who have contributed to the musical ministry of TRAV through both radio and television: the Westminster Youth Choir, Oakcliff Presbyterian Church, Dallas, Texas, and its director, Mr. William Everett, for their work for the television special, "What Is Easter?"; and the St. Andrews College Choir, Laurinburg, N.C., and its director, Mr. Lawrence Skinner, for recording the music for the 1966 Presbyterian series of *The Protestant Hour.*

5. That the General Assembly note that increased financial support by the Church has made it possible for TRAV to add a full-time Director of TV to its staff, thereby moving toward fulfillment of the assignment given TRAV at the time of its organization and that the Assembly, as a reaffirmation of its recognition of the tremendous potential of this broadcast ministry of the Church, encourage the General Council to do all it can to enable the Church to provide stronger financial support for this ministry.

6. That the General Assembly recognize that the radio, television and audio-visual media have developed and changed in the years since TRAV was established and that the General Assembly commend TRAV for its experiments and pilot projects and encourage TRAV to continue developing new formats so as to keep abreast of new opportunities being afforded by the various media.

7. That all members of the Church be reminded of their power to influence for good the radio and television programming in their local communities by informing local broadcasters when they have found a particular program helpful and that members be especially encouraged to express written and verbal appreciation to radio and television stations which broadcast the Protestant Hour, Living Prayers, What is Easter?, Sunday School of the Air, Be Still and Know, and other high quality Christian programs.

APPENDIX

MODERATOR'S REPORT TO THE 1966 GENERAL ASSEMBLY

Fathers and Brethren:

Just one year ago today, I was elected Moderator of the 105th General Assembly in our Church—the 13th layman to be chosen for this important job. I am grateful to God for this year of special privilege and service.

I have gotten much more "out" than I've been able to "put in". I am grateful to Dr. James A. Millard and his associates in Assembly's office for making up the year's itinerary and for assisting me in every possible way, to Mrs. Leila Windham for handling all the correspondence and schedule making, to Robert W. Bass and Mrs. Jo Nell Dietz for carrying my work during the year, and to John Knox Presbytery for releasing me from duty for the year.

ROLE:

No one has clearly delineated just what a Moderator does. It seems to be agreed that he will preside over the meeting at which he is elected. Because of the efficient planning of the business, the clarity of reports and the consideration of the commissioners, presiding over the 105th Assembly was no real chore. In fact, it was a pleasure. Commissioners may remember that there were no minority reports. There was vigorous differences of opinion, and rugged debate, both in the Standing Committees and on the floor of the Assembly. This was both appropriate and helpful. Also, there were nineteen unanimous actions taken by the Assembly—an unheard of accord! Fairness requires me to admit that three of the nineteen unanimous actions were taken on motions to recess for lunch.

A second duty of the Moderator involves visiting the churches and the work of the churches. But what shall he do as he visits? Some feel that he should come like a Bishop or a Mr. Fix-it, that he should settle problems and determine policies and actions. More thoughtful churchmen, however, feel that a Moderator should be a good-will emissary, that he should attest to the effectiveness of our church program and institutions; speak well of the leadership of the church; stress the Presbyterian way of correcting error, strengthening program and operations, and of resolving differences of opinion. It is in this guise that I have made my contacts during the year.

BETWEEN ASSEMBLIES:

At the close of the 1965 Assembly, the Stated Clerk handed me a beginning list of engagements for the year. This list grew, as the year moved on, to one hundred and eighty-five engagements with fifty-two additional invitations declined because of insufficient time to get there and back. Engagements filled included almost every facet of the church's operation—68 churches, large and small; 15 Presbytery meetings; 4 Synod meetings; 32 Men's meetings, local and Presbytery; 3 installations of ministers; 8 District Women's meetings; signed several dozen certificates or written letters of appreciation to retiring Board members; "charged" the incoming Executive Secretary of the Board of World Missions at his induction ceremony; 1 commissioning service for new missionaries; 3 Seminary convocations; 9 city-wide meetings; 2 youth meetings; 4 college convocations; 6 Assembly Committee meetings; 4 church dedications; 1 meeting with Presbyterian and Reformed Moderators, and 22 engagements in Japan, Korea and Formosa. Thus was some 120,000 miles travelled and some 1,150 letters written.

MOOD OF THE CHURCH:

If I had to rely entirely on impressions of the church from the 185 contacts mentioned above, I would have to say "the church is in an extremely healthy condition". Although there were open discussion periods at the close of many talks, not once was I embarrassed because of what was said. These contacts convinced me that the vast majority of our members honestly want to know what the church should be doing, how it should be going about its job, and the part each member must play in accomplishments. There is wholesome acceptance of our Church Program and of its leadership.

Of course, in addition to these contacts, I have gotten some mail, read some articles and pamphlets and heard of meetings and plans that indicates that to some, all is not so well in our Church. However, I believe that we may yet learn how to talk over our differences and plan for the future in Presbyterian constitutional fashion, and that we will do this within the framework of our Church and in the spirit of co-operative responsibility.

REGULAR AND RELATED MATTERS:

Except for difference of opinion about ways and means of carrying out our program of Christian Action, the regular program of worship, observance of the Sacraments, Evangelism, Christian Nurture, Extension, Missions and Stewardship seem to be highly acceptable throughout the Church. Where we get caught is in the related matters of cooperation (NCCC), Union, Actions of our Church Courts, Classification (Liberal-Conservative, etc.), use of rumor and fact, methods of agreeing, and not agreeing, and Presbyterian versus congregational practices and procedures.

It is not so much the differing positions that we hold in these and other matters that seems to effect our Church and our Christian influence in the Community. It is rather the manner in which we disagree. For many years, the great football coach at Illinois University was Robert Zuppke, known as the "fighting Dutchman". A couple of years after Red Grange, Illinois lost most of its games. After the final game of the season which was lost, Coach Zuppke assembled the players in the dressing room and said, "This has been an unusual season. Each of you played his position well. It was between the positions that we got beaten this year, and I intend to help you do something about that weakness before next season." Every football player and many fans know the truth of between-the-positions weakness or strength. So the guard and tackle accept cooperative responsibility for that territory.

I sense that there is a developing spirit among us to accept cooperative responsibility for strengthening our church and enlarging its impact on the community, no matter how we may differ on many matters. We reserve the right to disagree but not to destroy. This is the emerging spirit of cooperative responsibility that I see developing in our Church.

CONCLUSION:

Accomplishments of the past year and proposals for the coming year will come before this Assembly through the reports and overtures that will unfold as the meeting proceeds. My prayer is that we—commissioners to this Assembly—may be so guided by the Holy Spirit that we will act responsibly.

Respectfully submitted,
S. J. PATTERSON, JR.

REPORT OF THE JOINT COMMITTEE OF THE REFORMED CHURCH IN AMERICA AND THE PRESBYTERIAN CHURCH IN THE UNITED STATES

Fathers and Brethren:

The 1965 General Assembly and General Synod directed the Joint Committee of Twenty Four

(1) to begin drafting a Plan of Union for possible presentation to General Assembly and General Synod not later than 1968;

(2) to call on persons from various areas in both communions to assist in preparing the first drafts of sections of a Plan of Union;

(3) and to circulate to our Presbyteries and Classes the preliminary draft of sections of the plan, requesting that the Presbyteries and Classes send their suggestions concerning the draft to the Joint Committee for their consideration in the completion of their assignment.

We are now busily engaged in the drafting process. The Joint Committee met in June and September and adopted the following principles of procedure:

(1) That the renewal of the Church is the primary thrust of our activity and to advance the Christian witness of the church is our ultimate purpose;

(2) That a Plan of Union be drawn so as to best carry out this purpose; and

(3) That such Plan of Union be prepared only after maximum consultation with members

of both churches at large and the personnel of the Boards and Agencies of both denominations.

Consistent with the directive of our highest courts and with our principles of procedure, a meeting of approximately 125 consultants was held January 26th through 28th in Louisville, Kentucky, which included at least one executive secretary and a representative from each of our boards and agencies, in addition to 50 consultants at large selected by the Joint Committee itself. The meeting of consultants was extremely helpful. First, it encouraged among the consultants, acquaintance, fellowship, and a sense of oneness in Christ; second, after extensive study and discussion there seemed to be broad consensus that the differences between our two denominations can be reconciled without the loss of convictions or practices that are in any way essential to the life of either church, third, it laid down broad directions and established guideposts of consensus which will be immeasurably helpful in the preparation of the Plan of Union; fourth, it supported the directives of our General Assembly and General Synod (a) that our primary task is to develop a more effective witness and (b) that the structures of the church are necessarily subordinate to the mission of the church; fifth, it enabled both the Joint Committee and the Consultants to see more clearly the steps that are required in the preparation of the Plan of Union itself and the procedures which are necessary to present the plan to our church courts.

Participating in the meeting of consultants were:

Assisted and encouraged by this meeting of consultants, the four subcommittees of the Joint Committee are now in the process of the preparation of drafts in their respective areas: Theology, Worship, Witness and Structure, and Polity, all within an outline which encompasses the Plan of Union as a whole. Each chairman will submit first drafts of sections of its Plan of Union to the consultants assigned to his subcommittee as soon as the drafts are prepared. It is hoped that the consultants will continue to offer their advice and counsel to the Joint Committee during the entire drafting process.

Of equal importance to the drafting of the Plan of Union is a continued opportunity for mutual acquaintance between the ministers and people of our two churches. A special subcommittee is seeking to encourage such opportunities on every possible level. We recognize that unless mutual acquaintance is continually encouraged, our people will remain uninvolved and uninterested in the possibility of our union.

RECOMMENDATIONS

Your Committee makes the following recommendations:

(1) That the General Assembly and General Synod commend the work of the Joint Committee to all the churches of both denominations for their study, their concern, their counsel, and their prayers; and request all ministers, Sessions and Consistories to assume responsibility for the dissemination of information concerning our possible union to their congregations.

(2) That General Assembly and General Synod direct the Classes, Presbyteries, Sessions/Elders, Consistories, to cooperate as far as possible in taking advantage of every possible means of acquaintance; and that General Assembly and General Synod direct all Synods, Presbyteries, and Classes and all Boards, Agencies, Departments and Brotherhoods of our two churches, to include in their meetings whenever possible, an opportunity for presentation of the work of the Joint Committee.

(3) That General Assembly and General Synod call upon the people of both churches to regard the drafting of the Plan of Union with an openness of mind and heart and spirit, that we all affirm "our readiness to be led into whatever forms of church life are revealed as God's will for us."

REPORT OF THE AD INTERIM COMMITTEE ON INSTITUTIONAL FORMS

This Committee was appointed by the 1964 General Assembly "to make a comprehensive re-evaluation of the institutional forms of our Church in the light of our covenant theology and present-day conditions."

Since its Report to the 1965 General Assembly, this Committee has met three times and has concerned itself primarily with the preparation of the pamphlet titled "New Wine Skins?" by means of which the presbyteries were requested, pursuant to the action of the 1965 General Assembly, to assist this Committee with information and guidance in the comprehensive re-evaluation.

We have also sought to maintain liaison and communication with the Inter-Agency Committee; the General Council, its Program Committee; the Committee on Administration of Synods and Presbyteries; the Committee on Regional Synods; and the Committee working on the merger plans of our denomination with the Reformed Church in America, as well as with our several Boards and Agencies.

We are grateful for the cooperation and helpfulness of these groups, as well as for that of the *Presbyterian Survey* which featured the work of the Committee and its request of the presbyteries in its February issue.

The office of *Presbyterian News* has issued news releases and furnished press coverage.

There appears to be some misunderstanding in some quarters of the denomination of the request made to the presbyteries by our Committee and a few have interpreted the "New Wine Skins?" pamphlet to be the report of the Committee, whereas it is only the stimulus for the discussion and response questionnaire which was requested of the presbyteries. There are indications that there is considerable interest and participation as well as wide response from a number of presbyteries. When these are more nearly complete, our Committee plans to evaluate them and anticipates making its report and recommendations to the 1967 General Assembly.

During this time, of course, we look forward to continuing our liaison and communications with the several boards, agencies, and committees mentioned above.

We request that the Committee be continued.

FRED R. STAIR, JR., *Chairman*

owners of the property located at Presbyterian Center, 341 Ponce de Leon Avenue, N. E., Atlanta, Georgia (submitted as information only to the General Assembly).

Presbyterian Center, Incorporated is progressing. As of January 3, 1966, the work is 43% completed. The architects and contractors feel we will be able to occupy the building in November, 1966.

The Board of Presbyterian Center on February 19, 1965 approved to amend paragraph C on the Corporate Charter so that TRAV and Presbyterian Survey could be added to our Board of Trustees.

Presbyterian Center is getting out a brochure on the new building and recommending to Presbyterians throughout the General Assembly memorials that could be secured in this building.

On September 1, 1965 we secured the services of Mr. F. Burt Vardeman as our Business Manager. Mr. Vardeman was formerly Business Manager for Stillman College, Tuscaloosa, Alabama.

FROM THE REPORT OF THE BOARD OF CHRISTIAN EDUCATION EXCERPTS NECESSARY FOR UNDERSTANDING OF THE MINUTES OF THE GENERAL ASSEMBLY

1. Christian Education—Answer to Overture 40, 1956

In 1956 the General Assembly referred to the Board of Christian Education Overture No. 40, from the Presbytery of Louisville, requesting "immediate steps to inaugurate the beginning of a joint Book of Worship with the Presbyterian Church, U.S.A. and the United Presbyterian Church," and directed that action be taken by the Board to begin the preparation of such a book. The Board appointed a committee to pursue this task. The committee has worked faithfully on this assignment for the past ten years. Reports of progress have been made to the General Assembly.

Provisional Services for the Book of Common Worship have been prepared. They are now available for distribution to those who order them. The committee invites criticism and comments on the services before they are finally approved for use in the Book of Common Worship.

More recently the General Assembly of the United Presbyterian Church, USA has directed its committee members to prepare a hymnbook that can be used in connection with the Book of Common Worship. When this was brought to the attention of the Board, the Board directed its members of the Joint Committee to report that since we had recently published a hymnbook, and since the hymnbook is highly satisfactory, the Board considers it unwise to begin the preparation of another hymnbook at this time.

The General Assembly of the United Presbyterian Church, USA, still intends to pursue its stated purpose that a hymnbook be prepared for use with the Book of Common Worship, the date for the publication of the hymnbook to be probably 1970 or later.

Since the Board of Christian Education has not been entrusted with the responsibility of preparing a hymnbook, it calls this matter to the attention of the General Assembly. The Assembly may wish to appoint a committee to make a study of this matter and report its recommendations to the General Assembly. If the Assembly desires to refer this to the Board, the Board will appoint a committee to study the matter and report to the Board and thence to the General Assembly. The Board believes the Assembly itself should determine whether or not it wishes to engage in the preparation of a hymnbook at this time.

2. Christian Eduncation—Answer to Overture 38, 1965

The 1965 General Assembly, responding to Overture No. 38 from the Presbytery of St. Louis, affirmed the importance of continuing education for the ministers of our church, and directed the Board of Christian Education to study thoroughly the continuing educational needs of the ministers of our church, to take whatever administrative steps which the study indicates are necessary to provide for planning and coordination of continuing theological education, and to report to the next General Assembly the results of its study and actions. (See 1965 General Assembly Minutes, p. 91.)

The Board of Christian Education through its Division of Higher Education has engaged in a study which has included a meeting of the persons responsible for programs of continuing education in each of our seminaries, a survey of the findings of two national conferences on continuing education, held June, 1964 and June, 1965 and sponsored by the Department of the Ministry, National Council of Churches, and numerous conferences with knowledgeable individuals and concerned faculty members.

Our study has revealed that our four seminaries have in recent years expanded their programs of continuing education and are among the leaders in American theological education

in this development. It is widely recognized that the diverse program of continuing education operative at Union Theological Seminary is one of the strongest programs in the country. The programs of continuing education in our seminaries include: (a) advanced degree study opportunities, (b) annual lecture weeks to which ministers in the field are especially invited, (c) twelve-day periods of resident study, (d) directed home-study courses, (e) library extension services, (f) special short courses and institutes during school term and in the summer months, and (g) provision of published materials designed to keep leaders abreast of theological developments.

In addition to the opportunities offered by the seminaries, it should be noted that PSCE, campus ministers in certain key university centers, church conference centers, church colleges, and the Board of Church Extension through its Church-in-Community Institutes, are making significant contributions to the professional growth of ministers, directors of Christian education, and other church workers. It should also be noted that a number of our ministers are enrolled in special study in such opportunities as human relations institutes, clinical training programs, and summer programs at interdenominational seminaries with ecumenical institutes. Several synods and some presbyteries have had success with retreats for ministers which have sought to contribute to the minister's growth in knowledge, self-understanding, and effectiveness.

Early in our study it became clear that a concern for continuing education for ministers must also include a concern for continuing education for directors of Christian education and others engaged in church occupations.

Further exploration has made it compellingly clear that one of the pressing needs in our church is for a specific staff person to be assigned the responsibility of interpreting a philosophy of continuing education to those in church occupations as well as to the church at large. Ministers, directors of Christian education, and other church workers need current, reliable information concerning existing opportunities for professional growth. These same persons also need to be informed continually of the value and promise of these opportunities. Sessions, presbyteries, synods, and boards and agencies of the General Assembly need to be reminded repeatedly of the importance of providing time off and financial assistance to ministers and other workers on their staffs in order for these people to be able to avail themselves of continuing education opportunities.

Our survey revealed that there are many opportunities for study in fields such as theology, Bible, preaching, Christian education, and counseling. These opportunities are valuable and should be expanded in quantity and in quality. At the same time it should be noted that ministers and others in church occupations have very few opportunities for exposure to all that is taking place in the world of business, politics, sociology, science, medicine, and the humanities. Without opportunities for exposure to these areas where people of the church are living out their lives daily, ministers and other church workers will be lacking in possibilities for effective communication with the persons with whom they work. Campus ministers and church-related colleges are in a unique position to help out at this point of crucial need.

More continuing education opportunities are needed which bring together church professionals and the laity for serious exploration of major concerns facing the church in her ministry in today's kind of world.

Opportunities are also needed for semester and year-long study for those embarking on specialized ministries in the church.

All opportunities need to be planned and executed with the awareness that home base is the primary locus of continuing education. This is to say that structured periods of study away from home should be concerned primarily with enabling the participant to return to his daily work better prepared to be a growing, learning person in his place of service.

Increasingly it is evident that the problem of leadership in the church is more than the matter of competent training. It is intimately related to self-understanding, a person's valid assessment of his strengths and weaknesses, and a clear understanding of the job and his role in the job. A great need is the provision of help in adjusting effectively and creatively to the different stages of career development in the life ministry of pastors and other church professionals. Between academic, content-oriented courses and therapeutic counseling resources there lies a wide area of potential help of an interpretive, supportive nature. Presbyteries are assigned responsibility for pastoral oversight of ministers, but few effective instruments are at hand for it. The Board working with the seminaries and presbytery committees

needs to explore pilot experiments in this area looking forward to more helpful resources to be made available in the future.

In the light of our study, the Board of Christian Education will include in the new office of Director of Leadership Development the responsibility for coordinating, developing, and strengthening a program of continuing education for ministers and other professional church workers within our denomination.

3. Re decline in Sunday School enrollment

The General Assembly of 1965 recommended "That the Board of Christian Education make an earnest effort to discover the reason for the large decline in Sunday school enrollment since 1961."

The Board reports that it has begun a study based on this recommendation and a report will be made to a subsequent Assembly when the study has been completed.

4. Re degrees and titles for ministers

The 1965 General Assembly assigned to the Board of Christian Education Overtures Nos. 1 and 39 from the Presbytery of Atlanta which deal with earned and honorary degrees and titles to be used for ministers. The Board has begun a study of these complex matters, and it is hoped that the study will be completed in time to be reported to the 1967 General Assembly.

REPORT OF THE BOARD OF DIRECTORS OF PRESBYTERIAN SURVEY

For its thirteenth annual report to the General Assembly, PRESBYTERIAN SURVEY presents this brief accounting of the magazine's service to the Church in 1965.

Editorial

In twelve issues of the magazine, articles and features were presented on Christian education, church extension, family life, personal faith, evangelism, Christian citizenship, stewardship, schools and colleges, world missions, youth work, and other denominational and interdenominational work. Eight full-color covers and a more eye-catching layout were utilized to draw more Presbyterians into the pages of the magazine. PRESBYTERIAN SURVEY boldly demonstrated its desire to interpret the decisions of the General Assembly in suggesting some Christian attitudes and answers to the problems of society. It tried to bring into focus the tensions between those who want a silent Church and those who want an involved Church—an evangelically militant Church. Churches which are irrelevant will produce irrelevant magazines to report on irrelevancies. Presbyterians are trying to work and witness where they confront the world; and in 1965, therefore, their official magazine had a *cutting edge* — and consequently vocal critics.

Circulation

Increasing losses in circulation were experienced, especially in the areas of our General Assembly where its position on race, the National Council, and the Church's involvement in society (see above) is controversial. Still, circulation topped the quarter of a million mark for the third consecutive year with a monthly average of 251,452 paid subscribers. Most of these were members of 2,088 churches participating in the Every Family Plan, sending the magazine into all of their homes at a greatly reduced rate. Although some churches continued to eliminate SURVEY from their budgets for one reason or another, 122 churches enrolled in the EFP for the first time or re-instated the plan during 1965.

Advertising

The magazine in a sense "grew up" as an advertising medium in 1965 with its acceptance for membership in the Audit Bureau of Circulations. This gave it a new standing in the eyes of many advertisers and agencies and helped to raise the magazine's advertising lineage and revenue over 1964. Lineage was up almost 20% and advertising income nearly 15%. The magazine also served the Church's boards and agencies in an increasing measure through more frequent and more attractive advertising.

Financial

For several years, SURVEY has been successful in its effort to hold underwriting from the boards and agencies of the Church below the total authorized by the General Assembly. This year, however, lower subscription revenue, coupled with unforeseen remodeling and moving

costs, modest salary increases to bring SURVEY more into line with other Presbyterian Center agencies, and rent (more than twice as much as 1964 costs) changed that situation. A 10% increase in the price of paper will have the same effect in 1966 — and will probably force SURVEY over its budget.

In 1965, cost per subscription was $1.75, about a penny per copy more than in 1964. Subscription revenue covered 60% of that cost, advertising 16%, underwriting 23% and miscellaneous income 1%.

General

The staff, with the Board of Directors, is convinced that the SURVEY has a great potential for serving the Lord and His Church. As circulation continues to draw in numbers of infrequent attenders and indifferent church members, the magazine must continue to broaden its appeal and relevancy. It must speak significantly not only to ministers, leaders and regular church-goers, but also to those who seldom enter a church door. This we consider a most serious challenge and mission because PRESBYTERIAN SURVEY may be *the only contact* many people have with the Church.

In light of this, the magazine's responsibility is to keep its goals ever in mind: to *inform,* to *inspire,* to *educate,* and to *persuade.* Our research indicates that the publication must minister directly to individuals' needs. Certainly it will continue to interpret "program" — not merely from the viewpoint of what a board or agency is attempting to accomplish, but in the light of how the individual *relates* to a board's work, how the work of that board helps *extend his arm* as a Christian. This conviction was echoed at the exciting inter-board conference at Montreat in December which drew together "program personnel" from every board and agency of the Assembly.

FINAL REPORT OF THE PERMANENT COMMITTEE ON CHRISTIANITY AND HEALTH

Your Permanent Committee on Christianity and Health has functioned in the same way as it has in previous years. For the sake of brevity, you are referred to previous reports. Major activities during this past year follow.

1. Correspondence with Chairmen of Presbytery and Synod Committees on Christianity and Health, or those selected for these responsibilities in these Courts.

Specifically, this task has involved maintaining records of these chairmen, responding to their queries on programming, and supplying them with materials for their study and use.

2. Correspondence with our Pastors involved in Specialized Ministries related to the work of this committee.

Studies need to be made of the increasing number of specialized ministries, a phenomenon of our time. Some of our tasks have been to relate persons in new positions to other Boards and Agencies of the Church, plus informing other Boards and Agencies of standards of National Bodies for accreditation in specialized ministries.

3. Correspondence with National Bodies responsible for accrediting Specialized Ministries.

Our major functions here have involved the Council for Clinical Training, Inc., the Institute for Pastoral Care, Inc., the Southern Baptist Association for Clinical Pastoral Education, Inc., the Lutheran Council, the American Protestant Hospital Chaplains Association, Inc., American Association of Pastoral Counseling, Inc., the Board of Medicine and Religion of the American Medical Association, Inc., and the National Council of Churches.

4. Action in regard to the Egdorf Resolution:

In the annual pre-assembly Evangelism Conference in 1965, the Reverend Samuel Southard, Th.D., addressed the Commissioners. As an out-growth of those lectures, George Egdorf introduced the following resolution on the floor of the Assembly:

> "That the General Assembly instruct the Permanent Committee on Christianity and Health to study the implications of the three addresses delivered to the Pre-Assembly Conference on The Mission of the Church by the Rev. Dr. Samuel Southard, as those addresses deal with the mental health of our people; i.e., the effect of certain conversion experiences on that "50% of new converts" who leave the church within a year following their "conversion"; the mental health in later life of children and/or adults who frequently seem to be "herded" into the church through communicant's classes due to social pressures, parental pressures, etc.; the pressures the church sometimes seems to exert upon its youth and/or adults to choose a church related vocation, rather than challenging them to make certain that they have been called to serve the Lord in whatever Christian vocation they

choose (church related or not); etc. And that the committee report its findings and recommendations to the General Assembly in 1966."

The Standing Committee on Christianity and Health of 1965 requested that this resolution be referred as follows, and the General Assembly passed the motion.

"That the Resolution of Commissioner George E. Egdorf be referred to the Division of Evangelism, Board of Church Extension, for study and appropriate action, in consultation with the Permanent Committee on Christianity and Health."

A workshop on Evangelism and Mental Health was held at Columbia Theological Seminary and Dr. Southard was invited to be the principal lecturer at this Workshop, delivering a total of three lectures in the two day gathering. The initial session, through the efforts of Chas. B. Fulghum, M.D., was held in the Fulton County Medical Society Auditorium in Atlanta, Georgia, with close to 300 persons in attendance. A total of 92 persons were enrolled for the total workshop.

The conclusions of the participants were as follows:

(1.) There is an inevitable relation between evangelistic procedures and mental or emotional sickness or health.

(2) "Bizarre and 'high pressure' evangelistic procedures, while not necessarily responsible for mental illness may trigger an episodic expression of mental illness as any other stress situation may."

The general conclusion of this study was that if a mentally or emotionally ill person attempts any evangelistic procedure, such procedure will be carried out in symptomatic fashion, a result of the illness. The emotionally and mentally healthy person will reject the endeavor because of heath. The sick person may respond, but still may benefit by reason of acceptance in a community which will not reject him because of the bizarre symptoms of his illness. And can we within our theological framework deny that the Spirit of God may move to make possible the restoration of sick persons within a framework which would be generally described in our culture as bizarre?

The Reverend James I. Lowry, Jr., Louisville, Kentucky, represented this Committee in the meeting of the Board of Evangelism. This Committee concurs with the report of the Board of Evangelism, with special emphasis on the fact that neither the Board nor this Committee are qualified or equipped to engage in research that would either substantiate or deny, implement or correct the subjective conclusions of the Columbia Workshop.

We concur with the Board of Evangelism, Division of Evangelism, Board of Church Extension as follows:

"1. That the resolution calls attention to certain areas of mental health and Christian experience of which we, as well as many individuals and groups within our Church, are cognizant and with which we are genuinely concerned.

2. That while certain statements within the addresses do have some implications concerning the three areas referred to in the resolution, it is the opinion of the Division and the Committee that (a) the themes of the three addresses do not speak directly to these areas, for the conditions cited in the resolution are symptoms of a larger and more complex problem than the resolution suggests, and (b) that this problem calls for a depth-study involving knowledge and research for which the Division of Evangelism and the Permanent Committee on Christianity and Health are not at this point qualified."

5. The Future of the Permanent Committee on Christianity and Health.

For the past three years, this committee has requested in its reports a permanent office for its undertakings within the present structure of the organization of our Assembly's offices. In deliberations with various persons, we now concur with the recommendations of the Board of Church Extension to the Program Committee of the General Council. For the resolution of problems that have beset us in arriving at this positive recommendation, we are indebted particularly to Mrs. H. Kerr (Margaret) Taylor, Secretary of Program, the General Council; the Reverend Dr. John Alexander, Executive Secretary of the Board of Church Extension; Mr. Gordon A. Hanson, Secretary of Homes and Christian Welfare. We are also in the debt of the Reverend Wm. B. Oglesby, Jr., Ph.D., Union Theological Seminary of Richmond, Va.; the Reverend Dr. Gerald K. Johnson, Chicago, Illinois; and the Reverend Samuel Southard, Th.D., Louisville, Ky. Dr. Oglesby, a former member of this committee, attended a joint meeting of this committee and the Sub-Committee of the Program Committee to "Study the Christianity and Health Matter" without honorarium. Such service may be expected from our ministers. Of

special interest and gratitude from our perspective has been the service of the Reverend Gerald K. Johnson who was able to inform us of the united efforts of the Lutheran Churches in our nation through the Lutheran Council on which he serves as Secretary of Social Service. He also attended our meeting without honorarium. In the same manner, the Reverend Samuel Southard, Th.D., served us by introducing us to the procedures in the Southern Baptist Church for the appropriate care and disposition of these matters through the Southern Baptist Board of World Missions.

As a result of consultations with these persons, and with the heads of the various Boards and Agencies of our Church in Inter-Agency Committee meetings, we now concur with the following recommendation from the Board of Church Extension to the General Council, and through that body, to the General Assembly:

(1) That the Permanent Committee on Christianity and Health be abolished as of July 1, 1966, and that the duties and purposes of this committee become a part of the Division of Homes and Christian Welfare, Board of Church Extension.

(2) That the Board, through its Division of Homes and Christian Welfare, be instructed to form a Council on Christianity and Health to be composed of the Permanent Committee on Christianity and Health.

(3) That the General Assembly authorize the Board of Church Extension to provide a staff person as soon after July 1, 1966, as possible to execute the duties and purposes of the Permanent Committee on Christianity and Health.

(4) The Mental and Emotional Health of our Ministers and Their Families. The 1964 General Assembly directed this Committee as follows:
That, because of the increasing stress under which ministers must work, the Permanent Committee on Christianity and Health be directed, in consultation with other Assembly agencies, to make a preliminary study of ways wherein the Church may help to undergird its ministers (and their dependents) in their own emotional health, and report to the next General Assembly its recommendations for a specific program of action.

This committee requested the 1965 Assembly as follows, and the request was granted: That the Committee be allowed to continue to study the emotional health of ministers and their wives and to report to the 1966 General Assembly instead of the General Assembly as directed.

From a theological perspective, which involves a critical evaluation of basic presuppositions, it should be quite clear that this committee, operating within the framework of the Presbyterian Church, U.S., declares that God is, that God is fully revealed, known, and that man may be reconciled to Him through Jesus the Christ.

On this foundation, we launched the study as directed by the 1964 and 1965 General Assemblies. Having proceeded as far as we could on our library research, it became clear that we needed to hear from our ministers and their wives. Such an endeavor would exceed our annually requested budget of $1,000.00 by a small margin. However, by using the cheapest possible printing procedure, bulk mailing and with the cooperation of the administrative staff of Columbia Theological Seminary, the task could be accomplished. Robert D. Phillips, M.D., chairman of the sub-committee on the Mental Health of Ministers and their Families, secured an additional sum of money to cover postage.

We have been impressed by the responses to our mailing. Approximately 4,000 circulars were mailed with forms for both the ministers and their wives, and pre-paid envelopes for separate return mailings. At the time of the writing of this report, 2105 returns had been received from ministers and 1905 from ministers' wives. Forms are still being received. In preparation for this report, 2091 forms from ministers were tabulated, and 1889 from ministers' wives.

An extensive bibliography has been compiled, but because of printing expense, it is not made a part of this report. Nevertheless, it is available upon request.

In addition to the return of the forms, we have received an additional amount of material, handwritten and typewritten, plus reports mimeographed and printed, totaling several hundred pages. This material both of a personal and a general nature has been carefully studied.

The Mental Health of Presbyterian Ministers and Their Families

In an age of intense stress and anxiety, a natural result of the pastoral concern of the General Assembly of the Presbyterian Church in the United States has been to enquire into

the mental and emotional health of the ministers of this body and that of their families. This Committee was charged by the 1964 and 1965 Assemblies to study this matter and make appropriate recommendations.

Robert D. Phillips, M.D., former missionary to Korea, ruling elder of the Church, currently in the private practice of psychiatry, was appointed chairman of the sub-committee on the Mental and Emotional Health of our Ministers and their Families. The major body of this report was written by him.

In our library search and in the examination of research projects, one point is quite clear. Ministers and their families in our society become mentally ill only in the same proportion that other persons succumb to the stresses and injuries of life. Ministers and their families are not more subject to mental or emotional illnesses than others, but neither are they less subject to such illnesses.

We have found that not only much ignorance abounds regarding mental and emotional illnesses, especially as related to ministers and their families, but also that much superstitious and prejudicial ignorance tends to obscure an objective evaluation of such illnesses.

The Ad Interim Committee on Christianity and Health, reporting to the General Assembly of 1956 made the following statements. We reaffirm the report of that committee and apply them directly to mental disease, whether organic or functional:

Affirmations

(1) We believe in the power of God to heal the whole man in body, mind and spirit.

(2) We believe in the responsibility of man to do all possible to prevent and to heal sickness of body, mind or spirit. Our faith in a sovereign God does not deliver us from personal responsibility before Him to act upon our present knowledge of health and cure.

(3) We believe in a cooperative ministry of those professions concerned with healing such as medicine and the ministry. Such a cooperation is a part of man's responsibility in preventing illness and in effecting cure.

(4) We believe that it is necessary for every generation to affirm the power of God in human life, and at the same time to advance in the understanding of God's ways of working through His creation in healing. Thus, increased understanding of the sciences, undergirded by faith, may enable man more and more to meet his own responsibility in securing and maintaining health.

(5) We believe that soundness of health is not necessarily a measure of righteousness or faith, and also that sickness is neither an indication of unrighteousness nor absence of saving faith. Interpretations contrary to this are specifically disputed by the Bible.

(6) We believe that if we neglect our faith in the power of God, or on the other hand if we neglect our human responsibilities, we fall into error.

(7) We believe that there are interpretations of faith in the area of healing rising out of the distortions mentioned above which are receiving wide credence but which find no support in the Scriptures when rightly interpreted. Hence, our people are cautioned to take care concerning promises which may have considerable appeal but which have no foundation in Scripture, or are not in the spirit of Jesus Christ, or are based on isolated texts from the Bible which are not interpreted in the light of the Biblical message. All such promises should be examined carefully and prayerfully and, where possible, in company with others.

(8) We believe that the Christian Church can and should offer that love, fellowship and strength to every person under its influence which reveal the redeeming power of God for the growth of the individual. We believe this constitutes a preventive ministry in the sense of sustaining the person in hours of crisis so that disintegration of body, mind or spirit will not occur, and that this also serves a healing purpose as the Church functions as a channel for divine grace.

Guidelines

As to the current directive to this Committee, we have interpreted the task broadly. This Committee has proceeded with this study using the following guidelines:

(1) It has elected to use pertinent scientific data in limited form only. The bibliography of studies on the ministry is available, as indicated above, upon request to the committee.

(2) It has utilized a questionnaire which was sent to all Presbyterian, U.S., ministers and wives, inquiring as to their subjective estimates of their own emotional health, and soliciting

suggestions. These forms, described above, have offered us the scientifically deduced data for this report.

(3) It has drawn heavily on its membership, both as to knowledge and experience, as a professionally qualified body to evaluate all data available.

(4) It has deemed appropriate, as well as functionally useful, the use of a medical format (rather than theological) for this report. The Committee was directed to study illness, not sin; disease, not misbehavior. For this reason, our sections are "presenting complaint" (the recognition of a problem); "diagnosis" (the formal identification of the problem); and "prevention and treatment" (the remedy for the problem).

Agreed on these guidelines, this Committee has been sensitive to its responsibility to present a report which is coordinate with the theological affirmations of the Presbyterian Church, U.S., empirically sound psychologically (within the limitations of the data available for study), and logically translatabe into action.

Presuppositions

The presuppositions of our study, critically examined, are as follows:

(1) The emotional (or mental) health of the minister is indissolubly related to the emotional health of his wife and, to lesser extent, to that of his children.

In a "good marriage," a man and woman have entered a psychological union of complementarity, through which the individual insufficiencies are filled by the partner's strengths. In a "bad marriage," a man and woman have entered a psychological union of neurotic reinforcement, through which the least mature elements in each partner's personality are perpetuated by the infantile needs of the other. In either event, in "good" or "bad" marriage the two persons have become psychologically one. Believing this to be true, your committee has understood its charge to be concerned with the emotional (or mental) health of the minister, his wife, and his children.

(2) The minister and his wife, their senses of vocation and levels of consecration and commitment notwithstanding, remain human organisms.

The empirically discerned principles of human behavior are as applicable to them as to all other persons. Convinced that this is true, more on theological grounds than scientific ones, this committee has striven for clinical honesty rather than pietistic nicety.

(3) The minister of the Christian gospel has responded to a call to one of the most exacting and stressful vocations open to human beings.

In his professional calling, he shares responsibilities of service with others called to similar tasks in serving people in the name of Christ. This Committee affirms again the theological doctrine of "the call to useful work" as being applicable to all persons, and expresses regret that the concept of "call" is frequently applied to ministers alone and not to physicians, lawyers, store clerks, yard workers, etc. At the same time, our major presupposition is that the Ministerial vocation is exceedingly difficult and stressful. In fact, fidelity to the Christian gospel *guarantees* extraordinary stress in service. Even a casual reading of the New Testament emphasizes this truth. Objective observations of ministers performing their tasks give sufficient empirical evidence to confirm this. Knowing these things to be true, this Committee has sought to avoid attitudes or recommendations which would demean the essentially heroic nature of this ministry, while at the same time desiring to remind the church of the Christian ministry of every person engaged in useful work with a sense of "being called" to that service. However, the leadership role of the minister subjects him to demands and stresses beyond most professions.

(4) The minister, on the basis of the previous presupposition, is as subject to functional illnesses as is any other person, and is entitled to safeguards and remedies for his health in proportion to the stresses he experiences in the performance of his responsibilities.

(5) Although the minister may have a sincere sense of vocation, it does not follow logically, theologically, nor according to our data that his wife shares this sense of vocation. In the results of our survey, out of 1812 ministers' wives, 64% did not contemplate marrying a minister!

Definitions

Having established guidelines and presuppositions for the critical evaluation of ourselves and all others who desire to evaluate these efforts, this committee's next task was the problem of definitions. We have concurred on the following:

(1) *Emotional health* may be defined as that human state which combines a sense of

physical well-being, a sense of meaning and purpose in the individual's principal activities, flexibility in responding realistically to life's contingencies, and an attitude of zestful expectancy toward life and other persons. This combination, as emotional health, enables one to love, work, play (relax, recreate).

(2) *Emotional illness* may be defined as that state characterized (singly or in combination) by diminished confidence or displeasure in one's physical self, by a diminished or absent sense of meaning or purpose, by rigidity and stereotyped response to all of life's contingencies, or by a relatively hopeless attitude toward life and other people. These factors, alone or in combination, effectively impede or prevent abundant living in the three critical areas of love, work and play.

(3) *Stress* may be defined as the summation of all those stimuli (physical, intellectual, interpersonal and intrapsychic) which demand attention and assimilation at any given moment. Regardless of the source or mode of the stimulus, the human organism enters a state of tension upon receiving any stimulus. The state of tension is relieved when (and only when) the physical stimulus is "handled" by problem solution; or when the interpersonal stimulus is "handled" by acceptance, resolution, or reconciliation. Optimally the human organism remains sufficiently attuned to incoming stimuli to provide zest, sufficiently frustrated by contingency to provide challenge, meaning and purpose, and sufficiently gratified in achieving needs and goals to provide a reservoir of physical, intellectual, and emotional energy.

Emotional health and illness are always relative assessments, both subjectivey and objectively. The degree of health or illness at any moment is the resultant between factors of gratification and factors of stress. A human being who is frustrated in his basic needs of food and love can tolerate little stress; a human being who is gratified in these needs can master an incredible amount of stress.

It is apparent that one's environment is highly influential at every moment in terms of providing satisfaction or of provoking demands, problems, or ambiguous conflicts. At the same time, inasmuch as the primary emotional satisfaction for the human being depends at every moment on self-approval (self-esteem) by one's conscience, environmental factors may at times be relatively insignificant in establishing the balance of health or illness.

The "healthful self" must be in a state of equilibrium first with his intrapsychic structure (conscience) and secondarily with the environmental structure (society and nature).

Both health-giving and disease-dealing forces arise from conscience, society, and the natural world. The strongest intrapsychic structure wilts under unrelieved interpersonal conflict or unrelenting physical distress; conversely a weakened intrapsychic structure is bolstered by interpersonal nurture (fellowship) or by the common benefits of food, sleep, and rest. A person driven by exaggerated conscience to exceed the limits of physical endurance damages both his own body and the societal body of his interpersonal relationships. Conversely, a conscience rendered more realistic by the apperception of grace permits physical recreation and contributes to the upbuilding of the societal body in a spirit of pleasure (joy) and praise (thanksgiving).

The degree of one's emotional health, although dependent on current gratification and stress, varies generally within an individual range of health imposed (or predetermined) by the circumstances of one's genetic and environmental inheritance. As is the case with physical health, therefore, the individual human being (including the minister and his wife) may be relatively more healthy or less healthy, according to the "givens" of his early life.

A. *"Presenting Complaint"* (The recognition of a problem.)

The recognition of a problem in regard to the emotional health of the minister and his wife comes from two directions, one sociological and the other clinical. Sociologically, there are ample research data and common observations supporting the thesis that the role of the Protestant ministry has become increasingly complex and demanding during the past quarter-century of rapid cultural change. Clinically, there are statistical evidences from psychiatric and counseling sources which emphasize that the problem is already present in full and terrible flower, and not merely potential as the sociological data might suggest.

In order to ascertain as accurately as possible, within the limitations of our ability to do so, the extent of the problem in the Presbyterian Church, U.S., we offer the following statistical data from the communications.

The number of the respondents to the questionnaires mailed to our ministers and their wives is given in each table. Our tabulators noted, and their observations were confirmed by com-

mittee members, that in the returns many respondents did not check all items. This, of course, would be anticipated in any inquiry of this order. It is the tentative opinion of this Committee that the numbers of responses to specific inquiries, with the large response we have had, are significant, but also that omissions are also worthy of consideration.

Committee deliberations are included in the several tables below. Because of the fact that we had no funds for this study, and because professional time of the membership of this committee was donated to the Church to fulfill the assignment given, this study must remain inconclusive. However, the data accumulated are significant, and the material received from our ministers and their wives is preserved, hopefully that additional studies will be made that will benefit our total service to man in the name of Christ, our Lord.

FOOTNOTES

[1] Campus Christian Life workers, ministers in graduate study and others on special assignments comprise 30% of this total, and ministers honorably retired the remaining 70%.

[2] Printing costs prevented definition of terms. Consequently a number omitted responding to this query. We accepted for criteria that a town of less than 25,000 would be considered rural unless located within commuting distance of a city in which it would be classed as suburban.

[3] It developed that "other" was checked primarily by those whose income fell below $4000.00. The majority of these ministers were either retired or engaged in part time work.

[4] We would assume that a very high percentage of our ministers would have had some form of psychiatric or psychological consultation. Many presbyteries require this of candidates, as does the Board of World Missions. The military requires this of inductees, and most institutions, including seminaries, make this a prerequisite for admission. We have expected, therefore, that affirmative responses would not include such routine and required consultations, but rather interview with a desire for personal help only. Some respondents indicated that this was true. A few wrote that they responded affirmatively regarding a required consultation but not enough to alter the percentage.

[5] This question was derived from the consideration noted regarding the previous question and was designed to confirm "the call for help."

[6] Note that this question involves ministers and wives who responded negatively to questions resulting in tables #10, #11, #12. This greatly enlarges the number of those who have needed, or need, help.

[7] Husbands and wives were requested to respond separately. This enabled us to secure greater objectivity by asking each about the other.

[8] Note that this question excludes prior questions on the matter of consultation and treatment, and therefore represents a larger group of ministers and wives desiring help. This was substantiated by a number of lengthy enclosures with the returned forms.

[9] Again, notice that this question excludes those responses indicating that children had received professional help.

Question #16 of the forms proved effective in providing us with important material. We found that the information fell into readily delineated categories and that the comments could be tabulated. For lack of time, a random sample of responses from 200 ministers and 200 wives was categorized and tabulated, this constituting approximately 10% of the total returns.

	"Some arrangement needs to be made for a sabbatical year."	"But vacation comes only once a year! We need to get away from it all more frequently. Two vacations of two weeks each would be better."

These data express clearly the needs of our ministers in a period of severe transition, sociologically, politically and internationally. It is impressive that although genuine needs are expressed that our ministers and their wives carry the demands of their work without more emotional illness than is indicated. This study confirms other research projects, included in our bibliography, that mental or emotional illness is not more prevalent among ministers and their families than among others in the same sociological categories. At the same time, such illnesses are as prevalent among our ministers and their families as among others in the same sociological categories. Approximately ten per cent are, or have been, in critical condition mentally and emotionally. The majority are suffering, some obviously with intense psychic pain, but they are functioning creatively by the grace of God and intense determination to "hang on."

Further data were requested and furnished us by the Board of Annuities and Relief. April 1, 1964, through the efforts of the Reverend Dr. George H. Vick, executive secretary of the Board of Annuities and Relief, and others of like convictions, a "major medical" agreement was secured with the contracting insurance policy for Group Insurance available to Ministers, their families and church employees. This agreement provided, beyond initial

psychiatric consultation, 80% of psychiatric hospitalization costs and 50% out-patient costs. We inquired regarding insurance claims for psychiatric illnesses and received this reply:

> At your request, Miss Ferree, the Head of our Insurance Department, provides for the benefit of the Committee on Christianity and Health the following:
>
> Between April 1, 1964 through August 31, 1965, 36 ministers, 41 wives of ministers and church workers, 19 children and 12 other church workers, such as Directors of Christian Education and others, who were insured under the Life and Major Medical Program for the active, received as a result of claims made under the policy offered through this Board $26,475.18 in that portion of 1964 indicated and $23,896.27 in that portion of 1965 indicated for a total of $50,371.45 for the period as a result of claims made for psychiatric treatment. . . .
>
> It occurs to me that figures given above have additional meaning when one understands that we had enrolled in the major medical insurance program in August, 1965, 5,416 ministers and other church employees plus 2,797 dependent units.

This report is more optimistic than the returns we have received from our ministers and their wives. This may indicate that a number of our ministers are not aware that this assistance is available, or for reasons of anxiety re disclosure of desire for psychiatric treatment they have not filed claims. In addition, several ministers responded to us that they were aware of this provision, but their incomes would not enable them to manage the 50% they still would have to pay for out-patient care and were attempting to manage their depressions with the help of wives and fellow ministers.

Further, the information provided by the Board of Annuities and Relief confirms our conclusion that ministers suffer from mental or emotional illness proportionately to others in the same sociological grouping. The percentage of these servants of Christ and our Church is as high as in any other similar category.

Emotional ill-health among Protestant ministers arouses concern and a call to remedial action because of a three-fold implication for the church:

(1) The *individual* implication: the church is enjoined to relieve the suffering of the brothers and sisters in the household of faith, certainly including ministers and their families.

(2) The *parish* implication: both the pulpit ministry and the pastoral ministry are rendered ineffectual when the minister is substantially diverted by neurotic or psychotic illness.

(3) The *ecclesiastical* implication: the church and the Gospel itself become objects of scorn and ridicule when the minister behaves or pronounces in those immature patterns which characterize the emotionally ill.

Inasmuch as God has chosen to reveal Himself through the Word and Sacraments in a human ministry, there is inevitably human (neurotic) distortion of the preached and sacramental word. However, it is perpetually incumbent upon the church to exercise a vigilant stewardship of the Word entrusted to it; a part of that vigilance must concern itself with the bias, prejudice, parochialism, and selectivity which characterizes all merely human endeavor. Much more is at stake than individual ineffectiveness, therefore, when a minister exegetes for his own justification, or when he turns to an exclusively prophetic ministry through personal disillusionment with the ministry of reconciliation, or when he selects either side of an urgent social issue as the scapegoat for his private hostility.

B. *"Diagnosis"* (The formal identification of the problem)

(1) *The Minister:* The clinical diagnoses of emotionally-ill and emotionally-hampered Presbyterian ministers run the gamut from anxiety and depression to obsessive-compulsive neurosis through alcoholism and homosexuality to frank psychosis.

The "sociological diagnosis" of the Presbyterian ministry is similar to that of the Protestant ministry generally, but also different in some important respects.

Within the past several decades, the Protestant ministry has changed, of necessity, as the social and cultural milieu of the nation has changed. Frequently, as a consequence, the contemporary minister's vocational gratifications have been relatively reduced as compared with those of his predecessor in an earlier generation. This is true ecclesiastically because the evangelistic frontier has given way increasingly to administrative consolidation. It is true sociologically because the minister is decreasingly related to his parishioners as advisor, confidant, and moral preceptor. These developments mean perforce that the primary gratifications of introducing persons to their Lord and of overseeing family life under His Lordship, are less frequently granted today's parish minister.

Suburban living patterns, parish dispersion, and congregational transiency have added to the sheer work of the minister in terms of space and time; pastoral duties are inevitably more taxing and more frustrating.

The population explosion has made its impact on the size of the average congregation. With more people to serve as pastor, the minister has his workday increasingly fragmented by telephone conversations and personal conferences, both equally time-consuming whether urgent or trivial. Rapid travel and expanded communications comprise mixed blessings for the conscientious minister, urging him constantly to take on excessive burdens of committee work.

In an earlier day in a more stable society, the ills of mankind were identified with greater concensus; "right was right, and wrong was wrong". Today, however, with the American nation in sociological flux, there is constant reappraisal of positive and negative values. Current pressures in society, especially in the area of race, increasingly demand that the minister take a public stand on one or the other side of grave social issues. The minister speaks out with the certainty that he will alienate some of his parishioners; the minister remains silent at the expense of a conflict of conscience. Once having taken a public stand which aligns him on one side of contending social forces, the minister is then under pressure to endorse movements and activities he may not wholly support.

With the exercise of public charity decreasingly under the aegis of the churches, the minister is expected to make an administrative contribution by serving on the governing bodies of one or many more of the proliferating charitable organizations within the community.

Aside from para-cultural accomodations which have been required, the character of the ministry itself has changed in several significant ways. Even in smaller churches, a programmed team-ministry approach is demanded of a church flexible enough to meet the needs of a mobile society. Team-ministry makes demands for interpersonal adjustment which were not so urgent in an earlier "one church-one minister" situation.

Pastoral counseling as a curriculum requirement and a ministerial expectation has brought to the contemporary ministry both blessing and curse. Clearly the counseling ministry has provided a cadre of competent and urgently-needed behavioral scientists whose first commitment is to the Christian gospel. At the same time the counseling ministry has greatly increased the difficulty of a faithful expression of the prophetic ministry; the counselor is committed to listening and the prophet to declaring. Combining the two roles demands extraordinary flexibility and self-assurance.

The Presbyterian church has traditionally and properly been bound to a high quality of education for its ministers. At the present time, however, many seminary-graduates are acquiring an operational attitude common to the non-theological disciplines; namely, that there is an implicit mediocrity in the scholarship which does not demand and achieve a doctoral level of academic recognition. Local sessions and pulpit committees have compounded this particular distortion of values by attaching more status to the title "Doctor" than to the designation "Reverend".

In a well-documented study reported in the book "The Church and Its Changing Ministry", Samuel Blizzard states that for the 690 Protestant ministers surveyed the normative view of their six practitioner roles (from most important to least important) established this order: preacher, pastor, teacher, organizer, and finally administrator. Lamentably, however, among this ministerial sample, almost two-fifths of the ten-hour workday was required in the work of administration.

Meanwhile, as the stresses on the minister have steadily increased, some of the interpersonal deficiencies of the Presbyterian system have been highlighted. Neither church court nor a court's committee can serve an effective pastoral role in relation to the individual minister. And the minister's wife, similarly deprived of a specific pastor, does not have even the ecclesiastical colleague with whom to share group concerns.

(2) *The Minister's Wife:* Along with the long-recognized stresses attending the vocation of "minister's wife", the modern manse-wife must share all the contemporary uncertainties and role-ambiguities which confront her husband. Enlarging congregations render her implied role of manse-hostess much more difficult in conscientious but comfortable exercise. Increased extra-ecclesiastical community demands which are applied to her husband, often apply even more to the wife.

As increased demands on her husband allow him less time at home, the wife is subjected to an exaggeration of the stresses which have always been the lot of the ministerial wife.

The manse-wife has immemorially been less free than other wives to criticize her husband's budget of time between home and office. This is so because it is extremely difficult, if not impossible, for the minister's wife to distinguish between her husband's faithful response to his ministerial call on the one hand or unexamined "busy-work" on the other. The well-adapted manse-wife can tolerate subservience of her private interests to the interests of the Gospel ministry if she shares a commitment to it. She cannot and should not tolerate subservience of herself, her home, and her children to the demonics of ecclesiastical organization. But it is difficult for the wife to lodge such a protest, lest she be judged selfish, uncommitted, or weak.

In many instances, the emphasis on graduate study for the minister has served to increase the educational gap and therefore to impede the communication process between the wife and the minister.

The healthful trend toward providing housing allowance rather than a subsidized dwelling has reduced one of the classical stresses on the minister's wife; namely, that of living in the "social fishbowl" which has been represented by every manse over which the congregation exercised a proprietary social relationship. At the same time, the other and more compelling classical stress has increased for the minister's wife, that of having to share her spouse with several scores or several hundreds of other people who see her husband as "their" pastor

(3) *The Minister's Children:* Children of the manse, although richly blessed in the special circumstances of their home life, are also penalized by some of these very circumstances. They, like their mothers, must suffer both the adumbrating fact and the ambivalent feelings in regard to the minister's frequent absences. Younger children in the manse are ill-equipped to justify the claim of the church and congregation on their father.

Many times the minister's child will share some of the illusions of the minister's supra-humanity which are familiar as unrealistic expectations outside the minister's home. When these particular illusions are present, the child is less able to accept in a tolerant manner the interpersonal frailties of his parents. Personality development in a modulated style is difficult for the minister's son or daughter to achieve, there being a greater-than-average possibility for the child's personality to polarize in compulsive perfectionism or cynical abandon.

C. *Treatment* (The remedy for the problem)

Treatment proper consists of post hoc relief of existing illness and anticipatory prevention of the factors toward illness. A systematic plan for the prevention and treatment of emotional illness in ministers and their family members would include:

(1) More rigorous selection of ministerial candidates from the standpoint of predictable responses to the specific stresses of the ministry.

(2) Support of positive mental health through provision for more frequent vacations and occasional unfettered leaves (patterned on the missionary furlough or academic sabbatical.)

(3) Provision, through direct subsidy in addition to insurance coverage, for out-patient psychotherapy for ministers and their family members.

(4) Establishment of a denominational or interdenominational clinic-retreat for those ministers who might need temporary respite under the care of qualified professional persons but who do not require psychiatric hospitalization.

(5) Arrangements with seminary professors and selected parish ministers to serve as "pastors pastorum" on a regularly scheduled (perhaps bi-monthly) basis.

REPORT OF THE COMMITTEE ON ASSEMBLY OPERATION

(For Report of Stated Clerk and Treasurer see page 204.)

Minutes of the Stated Meeting, January 19, 1966, are submitted to the Standing Committee on Assembly Operation for information. Also submitted are the budget for 1966 and the projected budget for 1967 as adopted by this Committee.

1968 Meeting of the General Assembly

The Committee has accepted the joint invitation from the First Presbyterian Church of Atlanta, Ga., and from the boards and agencies of the Presbyterian Center in Atlanta to meet at Atlanta, Thursday, April 25, 1968.

Financial Statements Submitted by Boards and Agencies

The Standing Committee on Assembly Operation of the 1965 General Assembly called attention to a serious problem created by the fact that financial statements presented to the Assembly by the Boards and Agencies of the Church are quite frequently in a totally different format from that used by their auditing concerns. As a result of action by the Permanent Committee on Assembly Operation therefore the Chairman has written each Board and Agency, requesting that their financial statements presented as a part of their reports to the General Assembly, as printed in the Commissioner's Handbook, be in the same format, nomenclature, and breakdown of accounts as is used by their auditing concerns; and that if this is not possible or practical, the Permanent Committee on Assembly Operation should be notified.

Seats Reserved for Commissioners

Your Committee calls attention to the fact that the section in front of the cross aisle at Anderson Auditorium is reserved for commissioners only, or for those properly having business before the Assembly when it is in business session; and further, that the Press is requested, through Mr. William Lamkin, to use only the seats reserved for the Press.

Study of Comparative Staff Salaries

The Permanent Committee on Assembly Operation reports to the General Assembly that conversations regarding the comparative staff salary study and co-ordination of salary policy have been held, that this Committee will continue to consider the matter, and accept responsibility for pursuing further the study of salaries by chairmen and/or representatives of the Boards and Agencies as suggested in the Minutes of the Inter-Agency Committee, dated April 1, 1965.

Overture # 66 Answered in the Negative

Although we urge each local church Session to give attention to its non-communicant roll, we are not aware of any useful purpose to be served by the compilation of these statistics on the General Assembly level, and therefore are recommending that Overture # 66 from the Presbytery of Bethel be answered in the negative.

Seminary Students Attending the General Assembly

Because of the response of Seminary students at the 1965 General Assembly, and because of the service rendered by these students to the Assembly, the Committee on Assembly Operation is continuing for a second year the policy of requesting the use of Seminary students as pages at the General Assembly. The Office of the General Assembly pays the entire expense for one student from each of our four theological Seminaries and the living expenses only while in Montreat for a second student from each Seminary. These students must be ministerial candidates under the care of one of the Presbyteries in the Presbyterian Church, U.S., and are under the direction of the staff of the General Assembly while the Assembly is in session.

Study of Synods Boundaries

In response to the action of the 1964 General Assembly (MINUTES, Part I, Page 70, 71), the Committee has continued its study of the desirability of realignment of our present synodical structures. In view of the number of factors involved, however, it is necessary to extend that study into the future.

Membership on Permanent Committee

Suggestions have been properly made to Assembly's Permanent Nominating Committee concerning attendance of members to this Committee's meeting and concerning the filling of Committee vacancies.

Supervision of the Work of the Stated Clerk and the Office of the General Assembly

The Permanent Committee on Assembly Operation endeavors continually to help establish policy for the Stated Clerk and to supervise the work of the Office of the General Assembly.

We express our special appreciation for the continued faithful and efficient work of the Stated Clerk, Dr. James A. Millard, Jr., and the Assistant to the Stated Clerk, Mr. George E. Stratman, and to their staff, whose work has been carried out with a maximum of efficiency in spite of the difficulties of having to move to temporary quarters during the construction of the Presbyterian Center in Atlanta. We call attention, too, to the additional work imposed upon the Stated Clerk for the purpose of publishing a Digest of General Assembly actions for the past century. Despite these additional labors and difficulty, the Stated Clerk and his staff have continued to carry out their duties completely in accord with what this Committee interprets to be the intention of the General Assembly.

Respectfully submitted,
HARRY A. FIFIELD, *Chairman*

REPORT OF THE PRESBYTERIAN FOUNDATION, INC., (U.S.)

The Presbyterian Foundation respectfully submits its Centennial report as follows:

Less than five years after the first meeting of the General Assembly in Augusta, 1861, the Articles of Incorporation of this Foundation were granted by the General Assembly of North Carolina. The southland had been impoverished by war. The morale of its citizenship had been depleted by staggering losses in battles. Much of its predominantly rural countryside had been laid waste. The structures of its government were unstable. Surely it was one of the miracles of faith that in such a context the leadership of this Church should have had the courage and vision to make provision for a corporate body to receive and invest capital funds for the Church as a whole, or for any of its agencies or institutions.

From February 19, 1966, The Presbyterian Foundation is observing 100 years of service to the Presbyterian Church in the United States. It is fitting that in this report tribute be paid to the men of vision who constituted the first Board of Trustees, which met in the town of Charlotte to organize in confident anticipation that succeeding generations of loyal Presbyterians would express part of their sense of Christian stewardship in gifts and bequests to undergird the various aspects of the total mission of the Church in the world. Those Trustees were: Thos. C. Perrin, Rev. B. M. Palmer, D.D., Samuel McCorkle, Joseph H. Wilson, Jesse H. Lindsay, Robt. Adger, J. A. Ansley, J. A. Crawford, Jas. B. Walker, J. A. Inglis, John Whiting, R. M. Patton, Rev. Geo. Howe, D.D., Rev. J. L. Kirkpatrick, D.D., and William L. Mitchell.

For 91 years the task of the Foundation was carried on entirely by the voluntary service of the Trustees. Despite limited publicity beyond periodic reports in the Minutes of General Assembly, funds in the total amount of $847,293.00 had been received by the end of 1956.

It was the generous bequest of Dr. Calvin T. Young, Plant City, Florida, which alerted the General Assembly to the need of promoting and expanding the services of the Foundation in a systematic way. For that crucial task the Board was fortunate in being able to persuade Dr. John R. Cunningham to resign the Presidency of Davidson College to become its first Executive Director. Shortly afterward Mr. A. Walton Litz, an able churchman and insurance executive of Little Rock, Arkansas, was called to serve as Associate Director and Treasurer.

Under the diligent and persistent leadership of these dedicated servants of the Church, the Foundation has had a growth which is partly indicated by the following record of its assets in recent years:

Year	Total Assets	Increase
1956	$ 847,293.00	
1957	1,974,728.00	$1,127,435.00
1958	2,366,433.00	391,705.00
1959	2,645,886.00	279,453.00
1960	3,156,211.85	510,325.85
1961	3,626,367.87	470,156.02
1962	3,751,717.91	125,350.04
1963	4,253,296.77	501,578.86
1964	4,820,517.63	567,220.86
1965	5,364,138.07	543,620.44

During this decade, in addition to substantial capital sums which have been transmitted by the Foundation in accordance with the terms of gifts or bequests, more than $1,000,000.00 of earned income has been disbursed to strengthen the on-going work of the Church.

These tangible results of its work, however, are only a part of the function of this agency, for it is the servant of every Board, college, seminary, home for children or for the aged, synod, presbytery, and congregation of the entire Church. Its staff members are constantly sowing seed which are calculated to bear fruit in the form of gifts and bequests made directly to the various agencies and institutions, whether or not they go through the channel of the foundation itself.

During 1965, the Foundation received new funds in the following categories and amounts:

Gifts as Endowment	10	$ 28,983.78
Gift Annuity Agreements	8	185,618.24
Bequests	7	362,134.81
Investment Service Funds	5	16,947.85
Miscellaneous Gifts—Principal to be paid out	7	23,619.58
Total New Funds	37	$617,304.26

Disbursements during the year have been made to 51 agencies and institutions of the Church in the total amount of $173,071.75.

Officers serving the Board during 1965 have been: President, Mr. Paul E. Manners; Vice-President, Mr. Philip F. Howerton; Secretary, Mr. William F. Mulliss; Treasurer, Mr. A. Walton Litz. The Board suffered the loss by death of Mr. Linton E. Allen, Orlando, Florida. Nominations of new Trustees and of those eligible for re-election are being submitted by the Assembly's Committee on Nominations.

With this report are submitted for the Assembly's information and approval where appropriate: (1) Minutes of the Foundation's Board of Trustees, and (2) Audit of its finances by Ernst & Ernst.

Since the Foundation operates with a small staff of three persons, the voluntary cooperation of the several Boards and agencies and various other organizations is especially needed in order that the maximum service may be rendered to the Church in this realm of the "stewardship of accumulated possessions."

Respectfully submitted,
FRANK H. CALDWELL, *Executive Director*

REPORT OF THE HISTORICAL FOUNDATION OF THE PRESBYTERIAN AND REFORMED CHURCHES

The Executive Committee of the Historical Foundation of the Presbyterian and Reformed Churches submits the following report:

I. ACQUISITIONS

Nineteen sixty-five was a banner year in the area of acquisitions. This was true with respect to each of the three divisions of the Foundation—Library, Archives, and Museum.

Library

The gift of the manuscript of a Montreat resident's relatively recent book of which more than 1,500,000 have already been sold, the latter book (5 volumes) of an evangelistic and medical missionary who reached the Congo early in the year following that in which Samuel Lapsley died, a 1644 printing of John Knox's *Historie of the Reformation of the Church of Scotland,* the inclusive reprint (58 volumes) of Calvin in the *Corpus Reformatorum,* extensive additions to the French and Netherlands sections of the Library, a complete file of the Waldensian theological and historical journal, *La Rivista Cristiana* (1873-1887; new series, 1899-1913), the *Irish Evangelical* from its beginning in 1928, in addition to the largest single manuscript collection ever received (James W. Marshall), served to emphasize the nature of such materials added during the past twelve months.

Holdings relating to the Reformation in the north of Switzerland were substantially strengthened through the acquisition of an even dozen biographies of Huldreich Zwingli. These range in date of publication from 1818 to 1960.

Archives

A collection of minutes of the Synod of the Waldensian Church (Chiesa Evangelica Valdese), once circulated only within denominational bounds; records of the Brown Marsh Church in eastern North Carolina from 1796; nineteen volumes of accounts of a Nineteenth-Century Presbyterian storekeeper who carried on his business among many fellow-Presbyterians; ten volumes from the Elizabethtown, Kentucky, Church for the period 1829-1962; a microfilm of the nearest approach to extant records of the early Charleston, South Carolina, Presbytery (1720's—American Revolution); an excellent file of minutes covering the early and more recent years of the Reformed Churches (Gereformeerde Kerken) in the Netherlands were among the treasures accessioned for the Archives.

Museum

The great, grandfather clock and desk of Rev. Benjamin M. Palmer, first moderator of the General Assembly of the Presbyterian Church in the Confederate States of America, the key to the Philadelphia office of the *Christian Observer* which was closed by the civil authorities in August of 1861, along with the skipper's cap belonging to Reverend Captain Lachlan C. Vass of the *S. S. Lapsley,* were among noteworthy additions to the Museum.

II. ACTIVITIES

Students

Graduate students engaged in research in connection with their academic requirements represented Austin Seminary and the following universities: East Tennessee State, Edinburgh, Florida State, Georgia, Kentucky, North Carolina, Tennessee, Vanderbilt, and Yale.

Faculty members from Princeton and Union (Virginia) theological seminaries made personal use of Foundation collections, while scholars as far away as New Zealand were provided with information through the mails. In addition to such interested persons as visited the Foundation to make use of its holdings, the usual large number of correspondents were assisted insofar as materials were available.

Microfilms

Funds have been provided by the Chairman of the Executive Committee for filming the records of the Associate Reformed Presbyterian Church which utilizes the Foundation Archives as depository. An effort is now being made to locate records of the Cumberland Presbyterian Church with a view of making these valuable minutes available on film.

Funds received through the Office of the General Assembly covered the cost of microfilming the synod and presbytery minutes of the Presbyterian Church, U. S., from 1951 to the present time; since the original joint microfilming project only carried this work through 1950.

In conjunction with the Seminary Librarians of the Church, plans have been initiated for filming the files of a number of southern Presbyterian religious newspapers.

Journal of Presbyterian History

Cooperation in the publication of this quarterly, which has appeared since 1901, was formally begun at a meeting held in Philadelphia during October. At that time Professor William J. Wade, of King College and the Executive Committee of the Foundation, and the director joined with Professor James H. Nichols, Mr. William B. Miller, and Rev. Gerald W. Gillette, of the Presbyterian Historical Society, in making plans for future issues of the *Journal*. Dr. Nichols serves as editor-in-chief, while the other four members of this group act as associate editors of the periodical.

III. STAFF

Mr. Haskell Davis, after two years' service with the Army, rejoined the staff in October. Miss Margaret Smith, of the Montreat-Anderson College faculty, took the place of her colleague, Miss Elizabeth Hoyt, as summer worker while the latter was on a round-the-world tour during the Montreat Conference season. Miss Beverly Purdy was also a member of the summer staff, continuing her work until her removal to Asheville as a student at Asheville-Biltmore College. Mr. Edward Payne, another college student, is a part-time employee of the Foundation.

Mrs. Michael Lane, cataloguer, and Mrs. Barbara Purdy, secretary to the director, have each been with the Foundation for a number of years.

REPORT OF THE PERMANENT THEOLOGICAL COMMITTEE

The Theological Committee convened twice during the past year, holding a one-day meeting on May 31 and a two-day meeting on December 28-29.

In view of the complexity of the problems assigned by the General Assembly to this committee, and because members at work on assignments are often rotated off before the committee reaches a consensus, we recommend to the General Assembly an amendment to our committee Manual to the effect that terms of service shall be three years and shall be limited to *two* consecutive terms of service.

Sub-committees and individuals have been at work on assignments by the General Assembly as follows:

A sub-committee, under the chairmanship of Robert F. Jones, has been at work on the 1963 General Assembly request that the Theological Committee make a study of "the Biblical and Reformed basis of the diversified ministries of the whole Church, especially concerning the ordination of the Ruling and Teaching Elders, the proper titles for the Teaching Elder, and who is to administer the sacraments." A paper was presented by Dr. Jones to the Committee at its December meeting, and is now in process of being reivsed in the light of general discussion. A final report on this assignment is a distinct possibility for the 1967 General Assembly.

A sub-committee composed of Fitzhugh Legerton, Chairman, and James Leyburn presented a progress report on the overture from the Presbytery of Northwest Missouri requesting a study of the theological issues involved in death and funeral practices. Following discussion, the Committee voted to call the General Assembly's attention to a pamphlet of high quality written by Rev. Edward D. Robertson, "Funerals in a Presbyterian Congregation," and published by the Board of Christian Education, in which many of the practical aspects about death and funeral customs are dealt with in helpful fashion. Should the General Assembly desire in addition to this a more comprehensive manual analyzing and evaluating contemporary funeral practices, and giving guidance for Presbyterian funerals, it was our Committee's opinion that referral of this matter should be made by the General Assembly to an ad interim committee. Meanwhile, Rev. Legerton's sub-committee continues its study of the biblical meaning of death, the significance of the body in death and resurrection, and the implications of these teachings for Christian belief and practice.

In line with the assigned duties of this Permanent Committee as stated in Article III, (2) and (3) of its manual, "To report to the General Assembly on theological works going on in other Reformed Churches, and. . . . To study ways and means of giving theology a more dynamic role in the life and thought of our communion . . . ." our Committee recommends to the General Assembly that a Presbytery-wide study be made of the United Presbyterian Church's proposed Confession of 1967, and of its proposed Book of Confessions, also of the

confessional documents of the Reformed Church of America and of the Presbyterian Church in the United States, which presumably would form the basis for the proposed union of these two Churches, and that a standing committee on theology be appointed in each Presbytery to encourage and plan for such study at the Presbytery and/or congregational levels.

The committee wishes also to notify the General Assembly that study is being directed to some of the recent trends in theology as exemplified in the writings of such men as J. A. T. Robinson, Harvey Cox, Paul Van Buren, Thomas Altizer, and William Hamilton.

Your committee submits the following report on the 1963 General Assembly remit calling for a comprehensive study of "The Relationship Between the State and Our Nation's Religious Heritage of Faith in God." Being unable to achieve unanimity in the support of any single one of the study papers submitted on this subject, and realizing that an artificial attempt to harmonize points of view trending in somewhat different directions would endanger the integrity of each, your committee voted to present as our report three from among the study papers after these had been revised in the light of committee study and discussion. These three together do not constitute a "position" paper, but rather are presented in the hope that they will stimulate deeper concern and widespread consideration of this vitally important area throughout our church.

The first of these papers is a biblical study which focuses the light of scripture on the problem, suggests some conclusions of a broad character, and clarifies the new and complex problem we face today in relation to the church-state situation two and three thousand years ago. The authors of the second and third papers both recognize God's sovereignty over all nations, but in the absence of a complete biblical solution for the relation of church and state today, exercise Christian freedom to search for a solution in somewhat divergent ways.

These papers are submitted with the prayer that God will bless their use by our church as we seek to work our way through this many-faceted and ever changing problem.

Respectfully submitted,
WADE H. BOGGS, JR., *Chairman*

THE RELATIONSHIP BETWEEN THE STATE AND OUR NATION'S RELIGIOUS HERITAGE OF FAITH IN GOD

Study Paper One (A Biblical Study)

A. The Biblical Teaching

It is proper that any report from this committee should begin at this point. The church can legitimately make no statements save theological statements, and these must ultimately be exegetical statements, i.e., statements based upon, and in accord with, the teachings of Scripture. If she cannot make such statements she has nothing to say at all and must, as a church, remain silent.

The Bible, of course, does not speak directly to any of the specific issues that prompted discussion of the above subject: court rulings making use of the Bible for devotional purposes in classrooms illegal, the refusal to allow prayers or other religious exercises on school property, the omission of baccalaureate services by public schools, and the like. Underlying all of these issues, however, is the broader question of what the state can legitimately be asked to do, directly or indirectly, for the furtherance of our nation's religious heritage. And that is a proper question to ask of the Bible. Let us state it thus: What, according to the Bible, can the church say to the state, and ask of the state, in the realm specifically of religion? The evidence is abundant; we can do no more than summarize it here. (N.B. In the ensuing paragraphs we shall for convenience use the modern terms, "church" and "state." It is understood that "church" refers to the religious community, "state" to the political community, whatever forms these, respectively, may have taken at various periods.)

I

In ancient Israel church and state were, in effect, coterminous. Indeed, before the rise of the monarchy there was no state in the proper sense at all. Israel existed as a loose federation of clans united in covenant with Yahweh which had its focal point at the central shrine where the Ark was housed. There was no machinery of government; the tribal organization was sacral, not secular. The Judges who led the people in times of emergency were not kings, and did not head a secular government. Internal affairs were regulated, and justice dispensed, for the most part by local elders, in accordance with covenant (sacral) law. All members of the

tribes were worshippers of Yahweh, other cults being forbidden by covenant law (though often enough practiced). Israel was, in principle, a theocracy ruled by God through his charismatic representatives.

The rise of the monarchy brought many changes, and was bitterly resented by some as an innovation and a rebellion against God (I Sam. 8; 12, etc.). Nevertheless the institution was assimilated by Israel's faith. The king ruled by divine designation, as God's representative, responsible to him for his conduct of affairs. Church and state continued to be coterminous. The king, as head of state, was also head of the church. The temple was both the national shrine and a royal chapel, and was supported by the state. The chief priests were royal officials, members of the king's cabinet (II Sam. 8:15-18; 20:23-26); the king could dismiss them if he chose (I Kgs. 2:26f.). All citizens of the state were nominally worshippers of the national God (albeit many were prone to idolatry); the only non-Yahwists in the land were resident aliens (who might embrace Yahwism if they would: Ruth), foreign diplomatic agents, traders, etc. At the same time there were no worshippers of Yahweh, or virtually none, outside the bounds of Israel. The king, as God's designate, was supposed to maintain justice according to covenant law (Israel had no state law as distinguished from sacral law), see to the wellbeing of the national religion and suppress all other religions (which some kings did, others did not).

Under these circumstances the right of the church to address the state was unlimited. It could through its prophets—and also through its priests—speak to the state on almost any subject, for practically every subject was related to religion. The evidence is too massive to need review (see the prophets *passim*). Prophets could and did summon the leaders of state—kings, nobles, men of wealth and station—to maintain and dispense justice, and they vigorously rebuked them when they failed to do so. They expected the king to foster the true religion and suppress idolatry, and when this was not done they were bitter in their censure. Indeed, the earlier prophets, when they found the state apostate on occasion engaged in direct political action against it (e.g. Ahijah and Solomon; Elijah, Elisha and Ahab's house, etc.). Although the classical prophets did not, so far as we know, ever do this (they preferred to leave the judgment to God), they continued to advise the state and to seek to guide its policy (see Isaiah and Jeremiah *passim*).

It is to be noted, however, that the prophets' word was invariably a theological word. They did not attack injustice out of humanitarianism, or idolatry out of disgust at the fertility cult; nor did they give political advice on purely partisan grounds. Invariably their attack on injustice and paganism was rooted in the theology of the covenant and its stipulations, and their attempts to guide the policy of the state were likewise theologically motivated. In a word, they addressed the state in the light of the national religion and its demands as if it were the church, with which it was indeed coterminous.

As for the other states of the world, there was in early Israel relatively little theological reflection or concern. Other nations are not Yahweh's people. They worship other gods, for so Yahweh has ordained it (Jds. 11:24; Deut. 4:19). They come into Israel's purview at times as enemies, at times as allies. As enemies, it was felt that they were also God's enemies; as allies, they brought the danger of the infiltration of pagan ways (I Kgs. 11:1-8; and Jezebel!). Entangling alliances with them were to be avoided (Josh. 23; Hos. and Isa. *pass.*, etc.) Nevertheless, foreign nations were felt to be under the sovereignty of God, subject to his judgment for their crimes against justice (Amos 1-2). The day was expected when, under his anointed king, God's rule would extend over other nations than Israel (see the Royal Psalms, *pass.*).

II

In the late 8th century a change took place. Israel (or better, Judah) now had to deal with a new sort of state; a foreign overlord state—first Assyria, then briefly Egypt, and finally Babylon. After ca. 734 Judah, save for a brief interval under Josiah, was never again independent. Her native kings continued to have control of internal affairs; but they were vassals of a foreign power to whose ruler's wishes their policies had to conform. The foreign rulers did not attempt to suppress Israel's religion; but, as was customary in the ancient world, Judah's kings were expected to pay homage to their overlord's gods. The cults of these gods were, therefore, introduced into the temple, and widespread apostasy resulted (II Kgs. 16; 21).

Under these circumstances the prophetic word for the local state remained the same as always. Prophets demanded of Judah's rulers that they do justice and uphold the purity of the national religion, and they bitterly censured their failure in these regards. But there is

no such word for the overlord state. Assyria and Babylon are not rebuked for their idolatry (though prophets fully recognized idols as "no gods": Isa. 2:6-21; Jer. 2:11; Hab. 2:18f., etc.) or because they did not obey covenant law (though their brutal crimes are recognized clearly: Isa. 10:6f.; Hab. 1:12-17, etc., etc.). In fact, prophets addressed no word of instruction and guidance to the overlord state at all. Their attack upon Israel's sin was a theological one, based in the recollection of God's grace to his people and their obligation to him; such a message could not be addressed to pagan states that had no such theological commitments. Nevertheless the prophets drew the overlord state within their theology. Isaiah (Isa. 10:6-19; 37:21-25) regarded Assyria as God's appointed instrument to judge his apostate people for their sins. But because it has not understood and has overstepped the divine commission, Assyria will itself be judged. Habakkuk and Jeremiah similarly regarded Babylon as God's instrument of judgment on his people, yet both were confident that Babylon itself would be judged. The classical prophets, while preaching no collaboration with the overlord state (though Jeremiah was accused of this), opposed rebellion equally (it was "false prophets" who preached rebellion: Jer., *pass.*): the people must accept the judgment—and wait.

The exile was regarded by the prophets as God's definitive judgment upon his people (church) at the hands of the overlord state (Babylon). Yet God's judgment upon Babylon was eagerly awaited (Isa. 13-14; Jer. 50-51, etc.). This judgment was executed by Cyrus the Persian. In this, Cyrus acted as God's agent. God brought him upon the scene (Isa. 41; 46, etc.); he is God's anointed (45:1), who will see to the restoration of the Jews and the rebuilding of the temple (44:24-45:8), and who will himself recognize Yahweh as the true God (45:3). Although the prophet sees the nations as under God's judgment, he looks for the time of their conversion, and he summons them to the true faith (45:22-25). Israel is to be God's agent in bringing light to the nations (Isa. 42:1-9; 49:1-6, etc.).

III

In the post-exilic period there is no longer (save briefly under the Hasmoneans) a native Jewish state. Judah is a province first of the Persian empire, then of the Hellenistic states, then of Rome. It was ruled by governors who were at times foreigners, at times Jews. In later periods the ruling group was actually the priests. The Jewish religion was as a rule not interfered with, and was privileged by the empire. Within the province of Judah, especially after the reforms of Nehemiah and Ezra, foreign cults were not tolerated: All citizens of the province were Jews (there were of course resident aliens, foreign traders, etc.). But now there were also Jewish communities all over the world. These for the most part enjoyed religious toleration; occasionally Jews (e.g. Nehemiah) rose to high rank at the royal court.

Through this period, the voice of religion addressed the local rulers in the same tones as before. Priests and wealthy citizens are censured for crimes against justice, religious laxity, moral shortcomings, intermarriage with foreigners, etc. (see Neh. 5; 13; Ezr. 9-10; Mal., etc.). As always, Judah's leaders were expected to act in accordance with the demands of the law and be zealous for the purity of religion. As for the pagan nations, they will be destroyed in the great day of Yahweh's judgment (see Joel; Zech. 9-14, etc.). Yet at the same time, the feeling persisted that Israel had a mission to the Gentiles and that not a few of them would join God's people (Isa. 56; Zech. 2:11; 8:22f.; Mal. 1:11; Jonah). Thus the word for Judah's leaders was one based in the demands of religion; for others, it was a word of judgment and invitation.

As for the imperial state itself, Jews apparently asked little of it save fair treatment and the privilege of managing their own internal affairs. Although they were willing to accept material aid from the state (Ezra 1; 6), and had no objection to offering prayers for the king in the temple (Ezr. 6:10), and although on occasion they petitioned the state in behalf of the community's welfare, they did not expect the state to propagate the true religion or act in accordance with its laws. In general, Jews were satisfied when the practice of their religion was tolerated by the state and not interfered with.

But what if the state began to restrict the practice of religion? It did this, notably, in the 2nd century B.C. under Antiochus Epiphanes. Then the word of the church to its people was: Resist! Resist to the death—and be willing to die! God is in control, and will soon destroy the beast of a state and establish his triumphant kingdom. The church, thus, could co-exist with the state as long as the state did not trench upon the sphere of religion; when it did this, it must be resisted forcibly. Hope took the form of the theocratic ideal; the kingdom of the Jews which God would establish, and the judgment of the Gentile nations.

IV

What was Jesus' attitude toward the state? In his day the Jews were subjects of the Roman Empire, ruled by Roman procurators and/or vassal kings. The Jewish religion was officially privileged, although on occasion it was interfered with, usually with violent results. Jewish sentiment was divided, with some (notably the Sadducees) favoring collaboration with Rome, others patiently waiting for God's intervention, and still others (the Zealots) armed rebellion.

Jesus was crucified on charges of sedition—though it is clear that these charges were false. Probably there were Zealots among his disciples (Simon Zelotes, Judas Iscariot [?]); and on occasion Christians were suspected of sedition (cf. Acts 5:33-39; 21:38). But Jesus was not a Zealot and refused to lead a revolution: that was not to be his way (see his temptation; also his rebuke to Peter, Mt. 16:21-23). His mission was not to establish an earthly kingdom by force ("My kingdom is not of this world," Jn. 18:36). His command was not to resist one who is evil (Mt. 5:39) probably had revolutionaries in view. In Gethsemane, he himself did not resist, and he forbad his disciples to resist (Mt. 26:52). More than this, Jesus declared that the state has the right to ask of its subjects what it needs for its maintenance—taxes, for instance ("Render to Caesar the things that are Caesar's" Mk. 12:13-17). Yet Jesus was not uncritical of the state for he knew that it was evil. Specifically, he did not allow it the ultimate allegiance that belongs only to God (" . . . and to God the things that are God's"). Moreover, his entire attitude toward the state is to be understood in the light of the eschatological judgment that he had come to bring.

As for the early church, it was briefly a group within Judaism and, as such, privileged by the state. But when it broke with Judaism, its position became ambiguous. Would it be tolerated by the state, or not? Though it grew rapidly and soon spread all over the Empire, it remained a minority group. Most of its members were of the poorer classes, very few of them citizens (Paul was unusual in this regard). The church had no influence over the state and no opportunity to address it directly. For a while it was not officially persecuted and, in the hope that this situation might continue, it sought peace with the state.

This is the situation reflected in the earlier epistles of the New Testament. Paul, though affirming that the Christian's true citizenship (*politeuma*) is in heaven (Phil. 3:20), knew that Christians must live on this earth under the earthly state. His view of the state is classically expressed in Rom. 13. Here he declares that the state—and note that he is speaking of the pagan Roman state!—has been instituted by God and assigned the function of restraining evildoers, maintaining order and dispensing justice among its citizens (note again: Paul expects even a pagan state to have a concept of justice); in discharging this function the ruler of the state is "God's servant." The Christian, therefore, is not to fear the state or oppose it, but is to obey its laws and comply with its just demands as a good subject should.

Yet Paul does not affirm the state unconditionally. Its rulers are godless and ignorant of God (I Cor. 2.8). Though Christians must obey them, they ought not to bring their private quarrels to them for settlement (I Cor. 6:1ff.), for this is demeaning to the gospel. (Paul made use of his Roman citizenship ["I appeal to Caesar"] to seek redress from his persecutors. But these were not fellow-Christians.) Caesar has no business to judge the affairs of the church. Paul wished Christians to live peaceably and avoid friction, but he had no illusions about the state. Even Rom. 13 is not the unconditional endorsement it may seem, for Paul's words here are to be read against the background of the command to love even if persecuted (12:14), and the assurance that the time is short and the end near (13:11f.). The state, then, although a God-ordained institution, is one that lives under judgment and passes away.

What word, then, did Paul have for the state? He felt free of course to address the church directly on *any* subject relating to faith and conduct, and to correct it and guide it in the light of the gospel. But he did not address the state directly at all. He did not seek to correct its morals or to influence its policies. He did not address it in the name of the gospel or ask it to foster the church or promote the gospel in any way. All he asked was that it discharge its proper function, namely, to restrain evildoers and dispense justice—which would have included not persecuting the church for no cause. In short, he asked the state to leave the church free to preach the gospel. To the pagan world generally his word was a summons to accept the gospel, and a warning of judgment.

A similar view is found through most of the New Testament. See, for example, I Peter—which stands on the eve of persecution. Christians are to exhibit good conduct before the Gentiles (2:12) and be submissive to the government (2:13f.); if persecuted, they are to endure it as servants of Christ (2:18-25; 3:14ff.; 4:12-19); the end is near (4:7). It is only

in the latest books (esp. Rev.) that a change is seen. Here the state has overstepped its bounds and claimed "what is God's," in that it demands worship of the Emperor. It has therefore become Satanic. It is now the Beast (cf. Rev. 13). Christians must resist such a state, not, however, with the sword, but by surrendering to martyrdom rather than submit. But the judgment on the Beast is sure, and near.

B. The Teachings of Our Church's Standards

These seem fully in accord with Scripture and may be summarized briefly. We are taught that civil magistrates have been ordained of God for the defense of good people and the punishment of evildoers (XXV, 1). The church, on the other hand, has a power that is moral and spiritual and altogether distinct from that of the state (F.G. 1-2, 14-1). The civil magistrate may not assume power in the church to administer the word and sacraments, or in any way interfere with the exercise of faith by members of any denomination; nor may he permit injury to any person because of religion or the lack of it; nor may he allow interference with any religious or ecclesiastical assembly. On the other hand, it is his duty to allow the ministry full and equal liberty in the exercise of its functions (XXV, 3).

As for the church, it is the duty of Christian people to pray for, respect the persons of, pay dues to, and obey the lawful commands of the civil magistrate for conscience' sake (XXV, 4). It is, moreover, permitted that the Christian hold civil office, in the exercise of which he ought to maintain piety, justice and peace, according to the laws of the commonwealth (XXV, 2). Equally, the Christian is forbidden, on pretense of Christian liberty, to oppose the lawful civil power, or the lawful exercise of that power (XXII, 4). At the same time, the church has no civil jurisdiction and may not inflict civil penalties (F.G. 14-1). Church courts are to handle ecclesiastical matters and not to include upon civil affairs except by way of petition, or on request of the civil magistrate (XXXIII, 4).

C. Summary and Conclusions

Application of the Biblical teaching is complicated by the fact that we are neither citizens of a church-state (theocracy) like that of ancient Israel, nor subjects of a pagan power like the ancient Oriental empires, or Rome. Our country was founded on principles drawn more or less directly from the Biblical heritage, and today some 60% of its citizens claim membership in the church, as does the majority of those in government (president, cabinet members, congressmen, etc.). Yet it cannot be called a Christian country. It has always held church and state to be separate; and citizens who adhere to other religions, or to none, are fully protected in their rights. Moreover, the church is itself pluralistic. Which church speaks for the church, and to whom? Ours is a situation quite different from that of the Bible writers.

What, then, may the church ask of our state in the light of the Biblical teaching? The following may be stated as a principle. The church can address its members on all matters of faith and practice, and of concern to the well-being of religion, and summon them to act in the light of their Christian commitment—though, in doing this, it must take care that its word is theologically (i.e. exegetically) based, else it carries no authority. But the church may not address the state in the light of its Christian commitment, for the state *qua* state has none. It may address the state only in those areas where, in Christian theology, it has a commission under God.

This means that the church may unceasingly remind the state of its proper function: to restrain evil in society, and to promote justice according to its laws. It may ask the state so to legislate and shape policy that these ends will be secured and the moral health of society advanced. It may remind the state that it exists by divine sufferance, "under God," and warn it of the dire consequences if it allows itself to forget that fact. It can demand of the state justice toward the church, and between the churches, and can petition it for redress of any grievance. It can ask the state to allow the church free course in promoting the gospel, and to place no obstacles in its way, both for its own health and in the light of its obligation to do justice.

But the church cannot, as a church, pronounce on constitutional or legal questions, and she must be careful how she attempts, as the church, to advise the state regarding details of legislation and policy. Individual Christians are free to have their opinions on such matters (and Christian lawyers may have expert opinions), and they are free as citizens to express them as God gives them guidance. The church may address the state, too, in the interests of justice; but she must take care that whatever word she speaks is a theological word, for she can legitimately speak no other. Above all, the church—while reminding the state of its position under God, and of its obligation to promote the moral health of society (which

might include the encouragement of religion)—may not ask the state actively to aid the church—or a church—or itself to participate in the teaching and propagation of the Christian gospel.

On the other hand, the church can address leaders of the state who are members of the church in the full light of their Christian commitment, and ask them to act in every situation for the glory of God and the furtherance of his kingdom. Moreover, she can ask them to come to the defense of the church in any instance where the state threatens to trench upon the sphere of religion, and to oppose any policy of state that violates justice and morality. But the church cannot ask even of these that they use their influence to have the state to assume the task of actively furthering the Christian religion, for that is a function that does not belong to the state, but to the church.

The church can exist, and must be prepared to exist and do its work, under any sort of state. We may be thankful that we live under the state that we do, and we ought as citizens to do all in our power to keep it true to its heritage. But we ourselves have been given the task of preaching the gospel in the world, and we cannot abdicate that task to anyone. To the world at large the church's word remains, as always, the double one of warning to men that they live under God's judgment, and of summons to accept the gospel.

Study Paper Two (Some Implications of the Supreme Court Decision)

A. The Decision

In this momentous decision, handed down on June 17th, 1963, two major theses are maintained on the basis of the first amendment to the Constitution of the United States. This amendment, as we know, "declares that Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof." The first thesis drawn from this by the Court is the right to religious freedom. "This freedom of worship," it says, "was indispensable in a country whose people came from the four quarters of the earth and brought with them diversity of religious opinion." (*Opinion,* Part II, par. 10)

The second thesis is that the first amendment "requires the state to be neutral in its relations with groups of religious believers and non-believers; it does not require the state to be their adversary. State power is no more to be used so as to handicap religions than it is to favor them." (Opinion, Part IV, par. 4) In the relation between man and religion the state is firmly committed to a position of neutrality. On this ground *required* reading of the Christian Scriptures and prayers offered, presumably, to the Christian God were declared unconstitutional as being a breach of religious neutrality on the part of the state. This position thus rejects an earlier interpretation of the first amendment, and one held by many students of history and government today, according to which the amendment prohibits only a state *church,* not a state *religion* in the form of the essentials of the Christian faith. Interestingly enough, the June 17th opinion comes close to recognizing this when it devotes six paragraphs to a discussion of the religion of the American people. It says, for instance, that "the fact that the Founding Fathers believed devotedly that there was a God and that the unalienable rights of man were rooted in Him is clearly evidenced in their writings from the Mayflower compact to the Constitution itself. This background is evidenced today in our public life through the continuance in our oaths of office from the Presidency to the alderman of the final supplication, 'so help me God.'" (Opinion, Part II, par. 3) Nonetheless, the court now holds that the state must be neutral toward religion, and thus governmental religious neutrality has become the law of the land.

B. The Basis of the Religious Liberty Enshrined in the First Amendment

What, now, is the basis of the religious liberty the right to which is enshrined, as the court acknowledges, in the first amendment? Were the founding fathers wrong in believing, as the court says, that "the rights of man were rooted in God"? Is the continuance of the supplication, "so help me God" in our oaths of office, also pointed out by the court, only an anachronism reminiscent of the faith of the founding fathers or does it bespeak the "faith of our fathers living still" and acknowledged as the basis of human freedom? There is nothing in the court's opinion which questions the rootage of the right to freedom in religious faith or, indeed, in what must be called, though occasionally tinctured with deism, the essentially *Christian* faith of the founding fathers. Moreover, it may be significant that the reference to the connection between freedom and religion, while not irrelevant, was hardly germane to the argument in connection with which it was made, namely the effort to establish the fact of the religious character of the American people at the present time. If the court had felt that

the connection was false, the reference could easily have been omitted; the fact that it was not suggests the court's acceptance of the connection, and underscores the fact that the denial of required Bible reading and prayers was not influenced by anti-religious sentiment.

Is there any other stable basis of religious liberty than faith in God? Others have, of course, been proposed. Some have felt that it is to be found in natural law. This conception originated with the Stoics who regarded natural law as embodying those rules of justice discernible by right reason. The rationalists of the 18th century felt that they could derive from the analysis of human society such natural rights as life, liberty and property. This idea was given its first formulation by Hobbes in his *Leviathan,* was developed by Locke in his *Treatise on Government* and *Letters on Tolerance* and reached its classical expression in Jean Jacques Rousseau's *Social Contract.* Thus Rousseau writes in *The Social Contract* as follows: " 'The problem is to find a form of association which will defend and protect with the whole common force the person and goods of each associate, and in which each, while uniting himself with all, may still obey himself alone, and remain as free as before.' This is the fundamental problem of which the *Social Contract* provides the solution." The essence of the contract he states in the following terms: " 'Each of us puts his person and all his power in common under the supreme direction of the general will, and, in our corporate capacity, we receive each member as an indivisible part of the whole.' " Modern theories tend to interpret natural law as the body of rules or customs which the general development of mankind shows to be essential to human society.

Where freedom is based on "natural law" it is assumed that the abstract principle of justice involves the recognition of freedom as a right, or at least as a necessity for human society. But the significant fact is that outside of the Hebrew-Christian tradition and circles influenced by it, "natural law" allows freedom an unimportant role, if any at all. In Aristotle, for instance, where we find a magnificent development of justice in the formal sense, the right to freedom is denied slaves as a class. Not even in Stoicism, with its quasi-Christian doctrine of an immanent logos and consequent emphasis on equality, is the conception of freedom found in more than nascent form. The "natural law" which sees freedom as a matter of justice is a "natural law" which has been informed by the Hebrew-Christian doctrine of the creation of man in the divine image, even though it may have imported this doctrine surreptitiously into its thinking. Both Rousseau and John Locke, for instance, felt so strongly the necessity for religious faith that they insisted that atheists should be banished from the ideal state. In his first letter CONCERNING TOLERATION (Works Vol. 6, p. 46) Locke says, "Those are not at all to be tolerated who deny the being of God. Promises, covenants, and oaths, which are the bonds of human society, can have no hold upon an atheist. The taking away of God, though but even in thought, dissolve all. Besides also, those that by their atheism undermine and destroy all religion, can have no pretense of religion whereupon to challenge the privilege of a toleration." In this connection it is interesting to note that the American Declaration of Independence, which strongly reflects eighteenth century rationalism, declares that men are "endowed by their Creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness." Thus the "natural law" seems to have derived its view of freedom from the Hebrew-Christian view of man.

In addition to the doctrine of natural law, the humanism of the tlast two centuries has advanced the concept of the sacredness of personality as the basis of freedom. For instance, Lewis Munford in *The Condition of Man* writes: "To make use of our vitalities and energies —and potentially these were never greater—we must reassert once more the primacy of the person." (page 393) His book, (published in 1944), argued that it was the loss of respect for the person that underlay the Nazi brutalities. Only by a recovered sense of the dignity, worth and rights of the individual, he feels, can society be redeemed.

With this point of view we may be in hearty agreement, but we must press the question, What is there about the concept of person, or personality, that makes it sacred, invests it with dignity and thus justifies the attribution to it of inalienable rights, including the right to freedom? Is there anything about personality in and of itself which makes it a higher category than the animal's biological organism? The fact that man is a person may differentiate him from a machine or a cat, but what is there inherent in personality that elevates it *above* the machine and the cat and justifies us in ascribing primacy to the person?

It is the contention of this paper that this question cannot be satisfactorily answered until man is seen as the child of God, bearing in his personhood the image of his Maker, and

being in his sinful state the object of God's redeeming love and thus uniquely related to Him. We meet this truth in the majestic poetry of the Eighth Psalm:—"When I consider thy heavens," cries the psalmist, "the work of thy fingers, the moon and the stars, which thou hast ordained; What is man, that thou art mindful of him? and the son of man that thou visitest him?" Do we not share the awe of this ancient watcher of the skies as he lifts his eyes to the star-studded heavens and, oppressed with the awesome vastness of his universe, utters the poignant, wistful cry, "What is man?" What does he matter? What rights can he claim? But then of profound religious faith is born the triumphant answer—"Yet thou hast made him a little less than God, and dost crown him with glory and honor." If we ask further insight into his meaning, we may go back to Genesis 1:26 and read that when God created man he fashioned him in his own image, thus distinguishing him from all other creatures by a special relationship to Himself. What sets man above the machine, the cat and all the rest of the created universe in a position of solitary grandeur is the unique and majestic fact that, being a person, he is like the God who made him, sacred in being and endowed with inviolable rights. To this we add the fact that man is the object of God's redeeming love. Whether, therefore, we approach the question of freedom through natural law or through personality we find it only when we press on to religious faith.

C. Some Disturbing Questions

(1) What would become of freedom in a world of atheists? Or, where God is forgotten? Man would then indeed be, as Ludwig Feuerbach says, "only what he eats," for there would be no other reality than matter or impersonal energy. And why should he then possess any rights? It was the atheistic view of man that in the eyes of the Nazis reduced him to a chattel of the party and justified their purges, their pogroms and the bestializing treatment of the concentration camp. It is because the Marxist philosophy of man has no place for God that man is seen as only an economic entity and that communism lends itself so easily to dictatorship. Banish God from his throne in heaven, and you topple man from his pedestal on earth. If he possesses no rights from God, he possesses no right at all.

If this is true, do we not find ourselves in a strangely anomalous situation: the constitutional guarantee of religious freedom, which is itself based on faith in the Christian God, now becomes the basis for the Supreme Court's judgment that the American state must be neutral toward that faith. Atheistic parents, exercising their rights in bringing their case into court, elicit from it a proclamation of neutrality which, if consistently applied, would be destructive of all rights. The American state can affirm faith in the Christian God, and grant freedom on that basis, or it can reject or be indifferent toward that faith and deny freedom as a human right, granting it, if desired as expediential or as a constitutional right conferred upon the individual by the body politic; but it cannot be *neutral* toward the religious basis of freedom and continue to affirm it as a *human* right belonging to man as a child of God.

(2) The court's decision not only leaves us with an anomoly on our hands, but also forces the question: Is the American state really neutral? The child of atheistic parents could be excused from hearing required Bible readings and prayers in school, but if he is to live in American society, he cannot avoid handling government-produced currency bearing the legend, "In God we trust." The young American Moslem or Buddhist, drafted into the armed services, finds government-paid Jewish and Christian chaplains. We are constantly reminded that ours has become a pluralistic society, yet every member of that society, if he listen to the inauguration of the president, hears him call on God; and however vaguely the term "God" may be used, it is hardly the trans-personal "ground of being" or Allah, or the deified Buddha or some other recently imported object of worship whom the president addresses. The observance of Thanksgiving pursuant to Presidential proclamation is only another reminder that our national religious tradition is not completely dead.

The sessions of the Congress *and of the Supreme Court* are opened with prayer to the Christian God. (The court might therefore claim that it was divinely guided to advocate a neutral position toward the divine!) In any case, if the posture of the American state is to be one of religious neutrality, we exhibit at the present time a rather compromised form of neutrality.

But by the same token, the court's decision seriously compromises our traditional allegiance to the Christian God. If the state is to be religiously neutral, will not the same forces which won the school decision press their advantage step by step until all vestiges of state allegiance to the traditional faith have been removed? By what logic could the Supreme Court now resist these pressures?

(3) We come finally to a question even more basic than that of the *actual* neutrality of the American state. Is religious neutrality possible for any state? This would mean that the state chooses neither a religion nor atheism—that neutrality belongs to the foundations of its philosophy. Obviously this is an impossibility. That which is ultimate for any individual or group is always and must be a *positive commitment* to something, whether it be to a presupposition of which the man in the street is blandly unaware or the "Cogito" of a Descartes formulated at the end of a long process of analysis. The uncommitted agnostic, for instance, does not begin with or finally rest upon the agnostic position that ultimate reality is unknowable, but rather with the prior epistemological assurance that he can and does know his subjective states or, as James says, the "present phenomena of consciousness." No society any more than an individual can get behind or beneath some similar *positive* judgment. Neutrality by its very nature implies a prior judgment or judgments, on the basis of which it is concluded that there is no compelling reason why one religion should be chosen above another or why atheism should not be chosen above any religion, in short, that neutrality is desirable. These prior judgments and the criteria in the light of which they are made are not *themselves* neutral, but rather the positive convictions from which a choice of neutrality is presumably deduced. Ultimately, then, no state *can* remain religiously neutral and for this reason such a posture in history has been a rare and a short-lived phenomenon. Jesus' words apply as readily to the state as to the individual: "He that is not with me is against me."

Study Paper Three (The State and Our Nation's Religious Heritage)

The 1963 General Assembly adopted the following minute:

> "Whereas certain factors in our contemporary life seem to be encouraging the development of the concept of total disconnection between the American State and the God of Biblical revelation, the Permanent Theological Committee is instructed to prepare a comprehensive study for presentation at an early date on the subject: 'The Relationship Between the State and Our Nation's Religious Heritage of Faith In God.' "—Minutes of General Assembly, 1963, P. 74.

It must be pointed out at the very beginning of this study that the minute adopted by the General Assembly of 1963 may be read in such a way as to convey a fallacious theological assumption. "Factors in our contemporary life" may well encourage the development of a concept of disconnection between the State and God but such a concept would be false and must be instantly repudiated by the Church. No matter what factors are operative to the total elimination even of state sponsored expressions of the Christian heritage of our entire civilization, "disconnection" between the American State and the God of Biblical revelation" is impossible. The Negro spiritual expresses the theological position of the Christian, "He's got the whole world in his hand."

Whether "the whole world" acknowledges him or not, God is sovereign and his sovereignty is not confined to those who give obeisance to his power. As the song affirms, "He's got the gamblin' man in his hand." The "gamblin' man" may think that he is disconnected from the God of Biblical revelation but he is not. No factors in life can destroy the relation of God to the nation as well as to individuals. He is the Lord of all history and of all mankind.

A. The Problem

The problem confronting the Church in our time is one that grows out of an increasing movement in the direction of the removal of long accepted and at times deeply cherished public expressions of the recognition on the part of our people of a connection between the State and the Lord of History. Decisions by the courts which make the use of the Bible as a devotional book in classroom situations illegal; refusal to sanction prayers and religious exercises on school property; elimination of the celebration of religious festivals in some sections of the nation; cancellation of baccalaureate services in connection with graduation exercises; these and other developments have created deep concern in the minds of many people. Angry bewilderment has been the response of multitudes of church people; an angry bewilderment that has been compounded by the willingness of many church leaders to accept without resistance the elimination of such features of American public schools as prayers and Biblereadings. For many people these developments have encouraged a growth of a concept of "total disconnection" between God and the State.

The real problem, however, is far deeper than the question of the appropriateness of the use of religious symbols by the state. The real question for the Church is, what does the

transmission of the nation's religious heritage mean theologically in an age that no longer operates within the framework with which those values have been traditionally associated? How does the Church affirm the connection between the God of Biblical revelation and the nation when the assumptions that gave this connection meaning no longer are generally accepted? The seventeenth and eighteenth centuries operated within the structure of what was essentially a theistic view of the universe. This view was carried on into the twentieth century by most Americans. A radical change in orientation has occurred. The twentieth century has seen the wide-spread acceptance of a naturalistic, non-theistic view. In order to deal adequately with the topic assigned, it is necessary to examine our nation's religious heritage and the historical framework within which it developed.

B. The Historical Development of Our Nation's Religious Heritage

As has been indicated, the majority of people in the eighteenth century seem to have assumed a theistic universe. Deism was one of the most significant philosophical influences among intellectuals, but the Deist was a theist insofar as creation and the source of human rights were concerned. William E. Hocking has pointed out that when Thomas Jefferson spoke of men being "created equal" and of being "endowed by their Creator" with rights, he was, in all likelihood, quoting John Locke. "Locke himself was still immersed in the state of mind for which the rights of men were rights of 'the soul' . . . as Locke himself puts it, 'we are all the workmanship of one Maker; we are sent into the world by His order and about His business; we are made to last during His and not another's pleasure.' "[1] Jefferson, Franklin, Washington, Madison—all were strongly influenced by Deistic thought with its great stress on Creatorship and the endowment of men in consequence of God's creation with inalienable rights.

While Deism may even be said to have been the most significant philosophical influence on the intellectual leadership of the American revolution, a less sophisticated theism was the general context for the popular mind. Active church membership was exceedingly low during the latter part of the eighteenth century. The fact that church membership was less than ten percent of the population, combined with the refusal of the vast bulk of the educated leadership of the Colonies to acknowledge Christianity, must not be misread. Atheism as a practical or expressed philosophy was even rarer than profession of church membership. Deism reigned among the intellectuals and a general acceptance of Christian theology among the masses of the people. This theology may not have been informed or sophisticated. It may have been quite naive, but it was the general popular framework of thought. The statistics on church membership do not afford a refutation of the view that the Christian world-view was prevalent. The advancing frontier left the institutional church behind. The prevailing revivalism with its concentration on individual salvation put no stress on church membership. The special demands of many denominations, with their emphasis on prohibitions in regard to drinking, dancing, and card-playing, discouraged many whose essential "view of the universe" was derived from Christian theology. Atheism as we understand it today, involving a total view of the universe based upon naturalistic assumption, was not a live option to most men and women of the eighteenth century. Whenever people attempted to interpret life or its meaning they did it within a theistic context. The simple fact is that multitudes did not attempt to interpret life theologically or philosophically. They accepted the world as it was. They were perfectly willing to accept the "official religion" of state churches. They were unquestioning regarding such language as "endowed by their Creator." Rights came from God. Whence else could they come? In short, they lived within the framework of a theistic view of the universe, a view that prevailed without viable alternatives. Our heritage of freedom was nurtured in that theistic framework and its overt expressions were understood to be related to it.

The nineteenth century saw the beginnings of a slow burgeoning of church membership. From 1800 when 6.9 percent of the population were members of a Christian church there was a steady growth to a percentage of 35.7 in 1900.[2] Deism was no longer a vigorous philosophy and the theistic framework of the late eighteenth century was gradually identified with Christian orthodoxy. Strikingly enough, the growth of church membership and of theological orthodoxy was parralleled by the disestablishment of state churches. At the time of the American Revolution nine of the thirteen colonies had state churches, supported by taxation and established by law. In New England the influence of the Baptists led to agitation looking toward the disestablishment, but it was not until 1833 that Massachusetts accepted the final separation of church and state. Connecticut had provided for disestablishment in 1818 and New Hampshire in 1817. In Maryland and New York, the Episcopal Church carrying the

burden of Toryism was disestablished early in the war. In Virginia the process took longer than in Maryland and New York. However, a unique combination of Baptists, Presbyterians, and free-thinking intellectuals managed to pass a bill establishing religious freedom in 1785. As the nation expanded westward, its religious life flourished on revivalism spearheaded by the free churches, such as the Baptist and Methodist. Although these denominations had no heritage of actual establishment, they created an unofficial "establishment" that was to prove exceedingly potent as the nineteenth century wore on. It was marked by a Puritan code of conduct and a revivalistic orthodoxy in theology. By the middle of the nineteenth century this orthodoxy was in full blossom. The "establishment" influenced education, prescribed moral standards, and created legislation which set forth legal sanctions for violation of Protestant codes such as Sabbath observance. The religious heritage of the nation came to be identified more and more with Protestant orthodoxy rather than with the Protestant spirit.

In general, the "establishment" maintained its influence until well into the twentieth century. However it began to wilt around the edges long before its final demise. The influx of immigrants into the United States in the latter part of the nineteenth century brought Jews in large numbers and Roman Catholics in even larger numbers. The changing intellectual climate created by the ideas of Charles Darwin, Karl Marx, and later, Sigmund Freud, did not immediately touch Protestant orthodoxy in any broad fashion. Nonetheless, the ferment created enough confusion in educational circles, particularly at the university and college level, to weaken the hold of the Protestant Church upon centers of learning. In the early part of the twentieth century a widespread, and usually uncritical, acceptance of the idea of "progress" related to nationalistic expansion, carried the Protestant Church along into a bewildering complex of theological orthodoxy and cultural accommodation. The cynicism and scepticism that characterized the period after World War I involved a questioning on a vast scale of Christianity.

The early decades of the twentieth century saw the beginning of the end of the Protestant "establishment." The influx of Roman Catholics was only part of the reason. Some dying gasps marked its last stages—the passing of anti-evolution laws forbidding the teaching of Darwin's theories in public schools, the Prohibition amendment of 1918, and the defeat of Alfred E. Smith in 1928 in part on the grounds of his Roman Catholicism. The important fact to note is that in each of these areas the "establishment" lost—the anti-evolution laws were usually not repealed but simply disregarded; the Prohibition amendment was repealed in 1933; the election of John F. Kennedy to the Presidency in 1960 laid the ghost of anti-Catholicism at the level of national elections.

In the meanwhile the atmosphere of the nation was changing. The theistic framework had begun to collapse. Many men were beginning to live without the assumption of God. Where once they had prayed for rain in a time of drought, they were now talking seriously of managing the weather. An urban society no longer lived close to the soil. The sense of the immediacy of the universe and its God was eliminated. Man in the mid-twentieth century was at second remove from nature and consequently the assumption of dependence upon nature's God dissolved. New values came to have central importance as the nation became more heterogeneous in its culture and diversified in its religions. Tolerance was exalted as a supreme attribute and, in consequence, the exclusivism of the "establishment" was curtailed. "Faith" was seen to be a virtue but President Eisenhower expressed the dissolution of the orthodoxy of the past when he said: "Our government makes no sense, unless it is founded in a deeply religious faith—and I don't care what it is." The atmosphere was further influenced by the standards of the American Way of Life including material success and a complete involvement in this world. Heaven and hell, the idea of an after-life, simply became unreal to many people, including church members. They might believe in them, but they did not live with a sense of their immediacy as their forefathers did. In summary, our age is far more "this-wordly" than former eras of history. It is not dominated by the sense of immediate dependence upon God.

The question, then, is not one as to how the nation's religious heritage can be maintained in the face of the elimination of outward expressions of commitment such as prayers in public schools, Sunday Blue Laws, and baccalaureate services. Surely the transmission of religious values is not dependent on such symbols. The deeper question is how our heritage of freedom, including the freedom of a man to worship according to the dictates of his own conscience, can be maintained in an age wherein the presuppositions from whence this heritage was derived have been eroded.

C. Points for Theological Exploration

The following suggestions are offered as essential points for theological exploration:

(1) It is imperative that Christians face frankly two essential factors in our contemporary situation. One of these factors is the "this-worldly" orientation of our culture. The word "secular" has become pejorative. However, in its basic meaning of concern for the things of this world it is neutral. It becomes anti-Christian when it is joined with a materialistic philosophy which sees the things of this world as ends in themselves, and affirms man's ability to live the abundant life without God. The other factor which must be faced is the pluralism of our society. No one tradition dominates the American scene to the extent that orthodox Protestantism dominated the nineteenth century. What follows in terms of additional propositions is based upon these two hard facts and upon the faith that the Christian church can not only live with them but can bring to bear upon such a society insights and values without which social decay may result. However, the methods of our church and her stance today must take cognizance of a changed culture and must not limit the power of the Holy Spirit to work within the framework of former social orders.

(2) Therefore, it is theologically incorrect to assume that the State should promote formal expressions of faith; it is theologically correct to assume the neutrality of the state vis-a-vis various organized religious bodies as a positive part of our religious heritage. It is proper that we acknowledge such neutrality as a valid expression of that freedom of conscience that Protestantism has long cherished. It is theologically incorrect to consider the state to have failed in its function when it does not promote formal expressions of faith. It is theologically correct, on the other hand, to consider the state to have failed when it disregards human rights, when it treats persons as things, or when it supports or allows the violation of just relationships among its citizens.

(3) It is theologically correct to affirm that the Church proclaims the religious heritage of faith in God of the nation when it points out the ways in which human welfare may be observed in society. The worth of individuals, the value of human beings as persons, the basic freedom to worship, to associate, to speak, to follow the dictates of one's conscience, are all political expressions of the nation's religious heritage. In the struggle to preserve these and other liberties the Church *is* transmitting that heritage and the State is transmitting it as well when it safeguards essential freedoms. Therefore, when the state functions in ways that fulfill its purposes it is actually guarding the religious heritage that has its roots in the Christian faith.

(4) It is theologically correct for the Church to proclaim another dimension to this world, a dimension revealed by the Gospel, which gives meaning to secular life, not just at the point of formal expressions of religious concern such as prayers, but a meaning in experience itself. For example, there is Christian singificance in the struggle for justice in social life; there is Christian significance in the quest for truth the scientist displays; there is Christian significance in the concern for family life. The Church identifies these quests for what they are and points to the dimension a recognition of God brings.

(5) It is theologically correct for the Church, true to its mandate from its Lord, Jesus Christ, rejoicing in the voluntary nature of American Church membership, to undertake a more vigorous evangelism, confronting people in every possible manner with the theological insights and the ecclesiastical practices that make life richer and more meaningful. It is the peculiar task of the Church to maintain and perpetuate the forms of the Christian tradition. This the state cannot and should not attempt to do. It is also the task of the Church to nurture in her people those insights that will issue in deeds of love and mercy in social relations. It is further the task of the Church to bring the judgment of Biblical faith to bear upon the life of the state but *only at the level of state's areas of function.* For example, it is theologically incorrect to judge the state delinquent when it fails to provide for or allow use of the Bible as devotional material in the public schools. On the other hand, the Church must judge the state delinquent in its task when it fails to act justly in violation of the heritage of freedom.

(6) It is theologically correct for the Church to maintain the religious heritage of faith in God of the nation in part by its contribution to the general moral standards of society without which the political organism will decay. It encourages responsible participation by its members in the social, economic, and political affairs of the nation. It helps create that climate of responsible concern without which democracy cannot exist.

FINAL REPORT OF THE PERMANENT COMMITTEE ON CHRISTIAN RELATIONS

The Good Faith and Integrity of our Church

There is general concern today that the Presbyterian Church U.S. in some aspects of its life is not functioning according to the Presbyterian system of government, especially as it is formulated by the Book of Church Order. There are many evidences of congregationalism, not only in the attitude of laymen and clergymen, but in practice at sessional and presbyterial levels. The polity of congregationalism is, in fact, a show of resistance to the authority of our church, especially as that authority is vested in the higher courts.

"Church courts may frame symbols of faith, bear testimony against error in doctrine and immorality in practice within or without the church, give counsel in matters of conscience, and decide issues properly brought before the court. Church courts have power to establish rules for the government, discipline, worship, and extension of the Church . . ." (BCO 14-3 (2) & (3)).

In the past three decades our world has had to grapple with issues of enormous import. The Presbyterian Church U.S. has felt a compulsion to speak to these issues, to clarify them, to offer ministerial counsel to its constituents, and in some instances to regulate and enjoin, yet without doing violence to the individual conscience. It is regrettable that the constituted authority of our church in some instances has been met with defiance by lower courts or churches in the name of freedom of conscience and Presbyterian polity.

The Westminster Confession of Faith speaks of Christian Liberty, and Liberty of Conscience (WCF XXII, par. IV): "And because the powers which God hath ordained, and the liberty which Christ hath purchased, are not intended by God to destroy, but mutually to uphold and preserve one another; they who, upon pretense to Christian liberty, shall oppose any lawful power, or the lawful exercise of it, whether it be civil or ecclesiastical, resist the ordinance of God, and for their publishing of such opinions or maintaining of such practices . . . as . . . are destructive to external peace and order which Christ hath established in

the church; they may lawfully be called to account, and proceeded against by the censures of the church."

According to scripture the church is analogous to the human body, Christ being the head. For any member of the body to resist the proper functioning of any other member, or the body as a whole, or the directions given from the mind, is to cause injury, disorder, and ill-health. Christ, the head of the church, expects the members of the body to move with the freedom he has conferred upon them, but with a certain discipline and obedience that insures the graceful and productive functioning of the body.

When members profess their faith in Christ they promise to study the peace, unity, and purity of the church. This vow does not require the suppression of divergent opinion nor the avoidance of controversial issues. It does, however, require that divergence and controversy be expressed through methods prescribed by our constitution, and in a spirit of reasonableness and tolerance. Resort to pressure, especially financial, in order to coerce opinions or decisions within the church is an abuse of Christian liberty.

It is presupposed that when the church struggles for purity that peace and unity will be jeopardized. Yet this must be our struggle if Christ is the head. If purity is not our first concern then what peace is achieved is but an armistice and what unity exists is tenuous at best. We dare not, under the lordship of Christ, cherish peace and unity at the expense of purity.

The Presbyterian Church U.S. is one church with many congregations. It is not a loose confederation of autonomous churches. Membership through a local congregation is necessarily a means whereby one becomes a member of the Presbyterian Church U.S.

The Presbyterian system not only governs its constituency but establishes a corporate relationship among its members everywhere. It must be emphasized that membership is in one church regardless of locality.

The system is a form of government consisting of graded courts, each composed of duly elected representatives. The system builds up from the local congregations which elect the lowest court, the sessions; to the presbyteries, synods, and ultimately the General Assembly, with each court invested with defined judicial authority over the next one below it.

The system is not autocratic but neither is it purely democratic. The discipline within it is to be found more in the good faith and integrity of the constituents than in hard-and-fast regulations. The principle that makes this possible is that the lower court is subject to review and correction by the higher. Our system is violated if a lower court presume to sit in judgment on the higher.

The Presbyterian Church, U.S., is a corporate body and its local congregations are members of that body, and therefore mutually obligated and dependent. The church furnishes a name, a theology, a history, a trained clergy, liturgy, hymnody, extensive means of proclaiming the gospel, varied opportunities of service. The local congregations furnish the church its lay leadership through the courts and agencies, young men and women for the ministry, and financial resources for benevolent causes. There is a legal relationship between these two, both civil and ecclesiastical, but this is seldom stressed. More preferable is an emphasis upon the relationship based upon the exchange of human and material resources. Our gospel of freedom has encouraged us to minimize the legal and compulsory aspects of our arrangement, yet without surrendering its discipline.

However, it has been brought to the attention of the General Assembly that its good faith and integrity has been violated and its directives and urgent recommendations resisted. Specifically, sessions and presbyteries have either withheld or deployed funds that ordinarily would have been given to general benevolences or to approved objects of commitment by the General Assembly; certain presbyteries have refused to receive particular Negro ministers and churches as once directed and again urged by the General Assembly; and some sessions have forbidden persons of color to enter sanctuaries for worship. Furthermore, funds have at times been withheld or diverted by congregations, presbyteries, and synods for reasons which have seemed good to some. The General Assembly understands the social pressures, historic customs, and inborn attitudes which may explain such actions. But such pressures, customs, and attitudes do not justify these actions. It understands the refusal to receive Negro members to be a denial of the gospel of Christ at this point, and it regards the withholding of funds as an unjustified act which penalizes the innocent recipients of the Church's benevolences.

It is a threatening act in the midst of deliberations based on graciousness. If it be argued that it is the only recourse left to those who have been offended by certain

decisions, it must be pointed out that if the decisions were reversed the persons or congregations of opposite persuasion could then in good conscience withhold their funds. Great issues then would be resolved not on the basis of sound judgment and moral consideration but economic power and pressure. This would be alien not only to our polity but our gospel.

Where a local session employs a euphemism or a verbal dodge such as "sociological demonstrator" to prevent persons of color from joining a local congregation in worship, in direct violation of the Directory of Worship in the Book of Church Order, that session is outside of and beyond its authority and is in danger of contempt of the Presbyterian Church U.S. and is guilty of turning from its mission of Christian reconciliation.

When individual members, by profession of their faith promise to support the church in its worship and work to the best of their ability, and to submit themselves to its government and discipline, and when elders, ruling or teaching, add to this the vow that they will be subject to their brethren in the Lord; it is to the Presbyterian Church U.S., not merely a local congregation, that they make their promise. To withhold support, to act and speak divisively, and to resist the discipline, is to disregard the Presbyterian system and seriously jeopardize its good faith and integrity.

Where a lower court permits, encourages, or decrees disobedience of the lawful injunction of a higher court that court is in danger of contempt and subject to the discipline of the court above it.

Those who disapprove of the injunctions or declarations of the General Assembly are offered recourse in the Book of Church Order, mainly through overture, appeal, reference, and complaint. A single individual in a local congregation can initiate proceedings, which, if presented in an orderly manner through the ascending courts, will receive the attention of and gain a decision from the General Assembly. Dissenting members, sessions, and presbyteries, whatever the issue might be, are earnestly urged to express their opinions through the forms of order inherent in our system.

In turn, the General Assembly and the lower courts must exercise careful surveillance over their jurisdiction, to assert their authority with dispatch, to take counsel over violations of their lawful injunctions and integrity, and to take prompt action in redressing these violations according to the powers vested in them by our Constitution.

As Presbyterians we may conscientiously differ on the great issues of the time, God alone being Lord of the conscience, but we are not at libery to subvert the system to which we have affirmed our allegiance and at the same time honestly retain the name of Presbyterian. The good faith and integrity of our church must be preserved.

THE THEOLOGICAL BASIS FOR CHRISTIAN SOCIAL ACTION

The Christian Church and Christian individuals have one major task in the world: to bear witness to all men in word and act to the judgment, grace and command of God as he is known in the scriptures of the Old and New Testaments. That is, the Christian community as a whole and its individual members are called first of all and primarily to the task of evangelism and missions. But this commission inevitably and inescapably means that the church and individual Christians will be concerned with the political, social, economic and cultural life of the world. The God to whom we bear witness is a God who is interested and actively involved in men's social, political, economic and cultural life as well as in their religious life; in the physical and material as well as in the spiritual; in "earth . . . as in heaven." Moreover, if the Great Commission is not simply an unfortunate necessity but a great privilege, then our responsibility to bear witness in word and action to this God in a social context is not a task we grudgingly and unwillingly *must* accept, but one we are *privileged* to accept, thankfully and joyfully. It is good news that we have to announce and demonstrate in this area too.

How is the God to whom we are called to bear witness interested and involved in social and political issue? How is the social and political aspect of evangelism and missions a part of the glad tidings we not only must but may proclaim in word and deed to the world? These are the questions which will guide us in discussing the theological basis for Christian social action.

I. *God the Creator*

According to the Bible the God whom we serve and to whom we are called to bear witness is the Creator of heaven and earth. He created the physical-material world, and man as a

physical-material being; and he saw that his creation was "very good." He is a God who willed and affirmed man's body as well as his soul. (In the Bible, soul and body can be distinguished but never separated.) He is the God who willed and affirmed man's physical needs and pleasures (Gen. 2.9) as well as his spiritual welfare, man's life here and now in "this world" as well as his life "in eternity." In Jesus Christ, the Creator God again put his stamp of approval on the earthly-physical life of man by himself becoming a flesh and blood man among men on earth. Even his future plans for man include the "resurrection of the *body*" and a "new *earth*" as well as a new heaven (Rev. 21.1).

This concern of God for man's physical and material welfare expresses itself in his concern for the secular social structures which influence and determine this welfare. Through his prophets he warned his people again and again that proper religious observances are not enough. He demanded social, political and economic justice for the poor, the exploited, the defenseless, the weak, the alien (Is. 1.10-17; Jer. 6.13-21, 7.1-27; Amos 5.21-27). In Jesus, the Word made flesh, he showed his concern for sick bodies and minds as well as for sick souls. When asked whether he was the "one to come" from God, Jesus offered as proof of his messiahship first of all his ministry to the physical needs of suffering men: "the blind receive their sight and the lame walk, lepers (social outcasts) are cleansed, and the deaf hear, and the dead are raised up, and the poor have good news preached to them" (Matt. 11.5f.). Jesus' coming means also a social-political revolution: "He has scattered the proud in the imagination of their hearts, he has put down the mighty from their thrones, and exalted those of low degree; he has filled the hungry with good things, and the rich he has sent empty away" (Luke 1.51f.).

What does this mean for us as witnesses to the Creator God who affirms and renews his good creation in Christ? In Matt. 25.31ff. Jesus warns us that whether or not we stand in the way of judgment depends upon how *we* minister to the physical and material needs of our fellowmen: the hungry, the naked, the stranger, the sick, the imprisoned. How can we do this effectively if we are not concerned also with the social and political institutions and structures which help create or correct the conditions under which men suffer and are in need?

But the main reason the church and individual Christians are involved in social-political action is not so that we may save ourselves at the judgment day. We do it (as we engage in every aspect of evangelism and missions) because this is one way we can bear witness to Good News: God himself, and therefore also God's people, care about human beings—their souls *and* their bodies, their life on earth now *as well as* their life in heaven later, their spiritual needs *and* their physical needs. The church and individual Christians who know and serve God above all are not interested in political parties and ideologies, social programs and causes, economic systems and policies *as such* and *in themselves*. But we are interested in *people* (not bodiless souls *or* soulless bodies). And we are concerned that all these things serve rather than use or manipulate or exploit people, creatures made in God's own image. Our social-political activity is one way we are privileged to bear witness to God the Creator.

II. *God the Judge*

The God of the Bible is a God who judges sinful men. He judges *in order to* help and save. He condemns sin *in order to* restore men to the right relationship with himself, with other men and with themselves for which he created them. Christian evangelism and missions know, therefore, that men must confess their sinfulness and "turn again" before they can be reconciled to God, to one another, and to themselves. To bear witness to God means inescapably that we must proclaim also God's judgment against sin, and demand repentance.

But in the Bible "sin" does not mean only individual immorality and unbelief. The Old Testament prophets make it unmistakably clear that some of the most deadly sins are false nationalism and militarism, unjust economic and judicial systems, the pride and exclusive arrogance of both religious and civil communities. For them sin is social-political as well as individual, and to repent is to turn from social-political as well as from individual disobedience.

Jesus was rejected by the Jews at least partly because he refused to fulfill their nationalistic and military hopes, and because he associated with the "wrong" class of people. The sin which is the essence of sin—the rejection of God himself when he comes to us—is exposed in the life of Jesus as political-social sin. Men cannot recognize and acknowledge God so long as they think they can use him to sanctify and serve their self-chosen social and political goals, so long as these goals are more important to them than God himself and fellowman.

Paul was arrested and put in jail because he exposed the social sinfulness of the people by

social action. He was denounced for taking an "outsider" into the temple with him, and for thereby acting against the people and "breaking the law of the land" (Acts 21.27ff.).

According to the Bible, therefore, we cannot speak and act against the sinfulness of men and call for repentance without speaking and acting in a social and political context. We do not help either the community of God's people or the secular community by being silent in this area or by crying "peace, peace" when there is no peace. We only help to confirm the church and the world in its worship of false gods, and make impossible the repentance which leads to real peace—peace with God, with fellowmen, and with ourselves. It is of course dangerous to challenge the social and political idols of men—more dangerous than to challenge individual immorality. But we may risk the danger gladly, because the true God judges and overthrows idols in order to *free* men from the idols which enslave and destroy them.

III. *God the Savior*

The God whom we serve and to whom we are called to bear witness is not only the stern Judge of sinful men but also the loving Savior of sinful men. According to the Bible, these are some of the characteristics of God's love: (1) It is *universal*—love for *all* men (II Tim. 2.31), for "the world" (John 3.16). (2) It is *unconditional, initiating* love. God does not wait to demonstrate his love until men are "good enough," until they "help themselves" or "better themselves," or even until they are believing. Rather: "While we were yet helpless, at the right time Christ died for the ungodly . . . God shows his love for us in that while we were yet sinners Christ died for us" (Rom. 5.6-8). (3) God's love is *reconciling* love. It breaks down the walls of hostility between men and God and between men and their fellowmen (Eph. 2.11ff.). (4) God's love is *renewing* love. It not only accepts sinful men; it frees them from their sin to a new life of obedience to God and active love for neighbor (Gal. 5.13ff.). (5) God's love is *sacrificial* love. It cost God his own son, who became the Suffering Servant, to exercise his saving love in the world.

If we seriously proclaim and live by this Good News of God's love, it will have social-political consequences first of all simply by virtue of the fact that it will result in a church that is radically different from the worldly environment in which it exists and which finds its gospel a stumblingblock.

The church will bear witness to the God who offers his love to *all* men by gladly inviting into its fellowship all men—even those who are rejected or only unwillingly accepted by the community at large. Its pattern will be that of Jesus, who was the friend not only of respectable, moral, socially acceptable; but also the friend of political revolutionaries (the Zealots), dishonest business men (the tax collectors), immoral women (the woman caught in adultry), social outcasts and half-breeds (the Samaritans).

The church will bear witness to the *initiating* love of God by not waiting for men to come asking to belong to the Christian community. Following Jesus, it will go out to *seek* the lost (Luke 15.3, 19.10)—*all* of them, not just those who are "our kind" (whether "our kind" means liberal or conservative, left or right, white or non-white, "good" or "bad").

The church will bear witness to the *unconditional* love of God by inviting sinful men into its fellowship with no strings attached. When did Jesus ever say, "You may come to me *if* and *when* you first become physically clean and morally pure, properly motivated, politically uncontroversial, socially conformist to the way of life around you."? Neither the Bible nor the Reformed church teaches that before men may come to Christ and his church, they must first prove themselves worthy or deserving of God's love in one way or another.

The church will bear witness to the *reconciling* love of God by being itself a community of reconciled men, where all the barriers which divide and set them against each other in the surrounding world are broken down. How can we claim to be the church of Jesus Christ, if in fact we are gathered together and held together not by our confession of his name only, but by the same common interests and characteristics which unite various worldly communities around us?

The church will bear witness to the *renewing* love of God not only by the way in which its members worship and work together *within* the community, but by the way they go out from the Christian community into the political, economic, social and cultural structures of the world where they live their daily lives. The world does not and cannot live by faith in and obedience to the love of God as the church may. But both as a community and as individuals, how can Christians not support those political decisions, economic policies, social practices and cultural patterns which at least point toward and not away from the love of

God which overcomes the alienation and hostility, indifference or contempt, of nations, classes and races in their relationship with one another?

Finally, christians will bear witness to the *costliness* of the love of God by being willing to pay the cost of living by that love both within and outside the church, both in their private and in their public lives. Those for whom the church exists only to give religious sanction to the values and standards and ways of the surrounding world may be offended and withdraw from such a community. Membership rolls, financial support, popularity and influence in the secular environment may fall off. God's people may also in our country (as in other countries in the past and in the present) sometimes suffer financial reprisal, social ostracism, political penalties and even persecution from the outside. But Christ never promised that his followers would be successful and victorious by worldly standards. He promised on the contrary that those who follow him will be "hated for my name's sake" (Matt. 24.9). He himself came not to be served but to serve and give his life as a ransom for many (Mark 10.45). And the church gathered in his name does not exist to serve itself, to build itself up at all costs into a big, powerful, successful, popular institution. It too exists to serve, to bear witness in word and action, at all costs, to all men, to the unconditional, initiating, reconciling, renewing, sacrificial love of God.

Must we bear witness to this radical, dangerous love of God? Yes, we must, if we are to be the evangelistic, missionary church of Jesus Christ. But we need not do it fearfully or reluctantly. For God's saving love is obviously Good News for guilty, miserable, excluded "outsiders." Not so obviously, but just as really, it is also Good News for those "insiders" who want the love of God only for themselves and others of the same race, class, political conviction, way of life. How will they ever be free from the fear and self-destructive enmity and bitterness which sours their lives, unless they too learn of the love of God which enables them too to love, to be reconciled to the God who is for all men, and to be reconciled to all their neighbors? Moreover, just as we dare to bear witness to the love of God for other men, without fear of the social, political or economic consequences, just then will we learn as a church and as individual Christians the meaning of Paul's words: "My grace is sufficient for you, for my power is made perfect in weakness. . . . For the sake of Christ, then, I am content with weaknesses, insults, hardships, persecutions, and calamities; for when I am weak, then I am strong" (I Cor. 12.9f.).

IV. *God the Lord*

As Creator, Judge and Savior, God is also Lord. In the Old Testament he is the Lord not just over individuals who believe in him, but first of all and primarily over the *community* of people which he chose to be his people. But he is not just Lord over the community which acknowledges and willingly serves him; he is Lord over *all* the nations, even those who do not acknowledge and willingly serve him. He works through and uses the pagan Egyptian, Babylonian, Assyrian, Persian and Roman empires to accomplish his judging and saving work in the world. Not just individuals, not just a religious community, but also secular political communities of the world stand under his rule.

In the New Testament, the earliest and most common confession of faith was "Jesus is Lord." He is not Lord only where men "make him the Lord of their lives." He is not Lord only "in the hearts of believers." He is not only the Lord of the church. His kingdom is not a democracy, so that he can be Lord only where he gets the majority of votes and men "let" him be Lord by virtue of their faith and obedience. Men do not make him Lord by their decision for him, and men cannot prevent him from being Lord by their lack of knowledge of him or even by their decision against him. According to the New Testament, quite apart from the cooperation of "good" men and the opposition of "bad" men, *"God* has made him both Lord and Christ, this Jesus whom you crucified" (Acts 3.36). And God did not go only half-way: *"All* authority in heaven *and* earth has been given me" (Matt. 28.18—immediately before the great commission!). When God raised him from the dead, he put him "far above *all* rule and authority and power and dominion, and above *every* name that is named" (Eph. 1.21). He is Lord over *all* lords, and the King over *all* kings (Rev. 17.24). To confess that Jesus is Lord, therefore, is to confess that he is Lord not only of believing individuals, not only of the church, but also of the whole world—including specifically the political authorities and powers of the world.

If we bear witness and serve the Lord, then, both as a church and as individuals we have a clear responsibility to concern ourselves with the social and political sphere also. To say

nothing and do nothing in this sphere is to deny our own Gospel. It is to say that there are at least some areas in the world and in our own lives where God is *not* Lord, where we are not called to acknowledge and serve him. It is to say that some parts of the world and of our own lives belong to ourselves—or perhaps even to Satan—but not to God. It is to permit or even encourage Christians and non-Christian alike to give their ultimate loyalty in some areas at least not to God but to some cause or ideology or system or other. To abdicate social, political, economic and cultural problems is to say that the Easter message is not true, that God has not and cannot in fact overcome the powers of darkness and evil and other "lords."

The lordship of God in Christ over all of life, individual *and* social-political, religious *and* secular, is not bad news we must regretfully proclaim in word and action. It is Good News we may thankfully and joyfully proclaim and live by. If we know that God in Christ is Lord *everywhere,* over the whole world, then we not only must, we *may* confidently and hopefully respect, support and join with all those movements, groups and programs at work in the world to feed the hungry, care for the sick, achieve justice for the defenseless and exploited, help the imprisoned, reconcile the hostile and alienated. For whether such movements, groups and programs are Christian or not, whether they acknowledge the lordship of Christ or not, we may sometimes recognize in them the ruling, controlling, guiding hand of God (Rom. 13.1ff.—speaking of the pagan Roman empire!). Christ is not the prisoner of the church, but the Lord even of those who do not know him. And we may know that when we work for social, political, economic justice in the world, we do not work alone. We go out to join our Lord who is already there at work before us. *We* may risk the dangerous, costly task of speaking and fighting against all the dehumanizing demonic forces at work in the world, becuse *he* has triumphed, does triumph, and will triumph over them.

An evangelistic and missionary church proclaims loudly and clearly that "Jesus Christ is Lord." To make this confession and to bear witness to this Lord makes the church's and the individual Christian's involvement in secular social, economic and political affairs both an inescapable necessity and a great privilege.

V. *Some Implications*

We have tried to show only *that* a church and individual Christians who fulfill the evangelistic and missionary task of being witnesses to God the Creator, Judge, Savior and Lord not only have an obligation but the privilege of becoming involved in social-political action. We have spoken only indirectly about *what* we are to say and do specifically in this sphere, and *how* we are to say and do it. We now attempt to suggest some guidelines concerning the "what" and "how" which follow from the discussion above.

1. The church is a whole and individual Christians pray for and bear witness to the present reign of Christ. Therefore the church as a whole and individual Christians must affirm the lordship of Christ in the social-political sphere. Nevertheless, their words and actions can never be simply identified with the word and action of God himself. 'All synods or councils . . . may err, and many have erred' (Confession of Faith, XXXI 4). All the pronouncements and actions of the church on specific social, political, and economic affairs are to be sought in and conformed to the Word of God.

2. When the church or individul Christians speak or act in the social-political sphere, they are called not to express the will of church leaders or the will of the people, but the will of *God* as it is revealed in Jesus Christ, testified in the Old and New Testaments. They should not be questioned, therefore, because they do not express the opinions and wishes of church members or of the community at large. If they are questioned, it must be only on the basis of whether they have properly related to the contemporary world "the whole counsel of God" which "is either expressly set down in scripture, or by good and necessary consequence may be deduced from scripture" (Confession of Faith, I.6).

3. The church and individual Christians who bear witness to God the Creator, Judge, Savior and Lord in the political-social sphere will speak both in and to the Christian community, and in and to the secular civil community. In and to both communities we are called to bear witness to the same God. But the *way* in which we do it must be different in the two different contexts. Because the church is a community of Christians gathered in the name of Jesus Christ, we may appeal there directly to the judgment, grace and command of God as it is known in Jesus Christ, through the Bible. But the political, social and economic communities of the world are not made up exclusively of Christians, nor are they gathered in recognition of the authority of God, Christ, and the Bible. They are gathered and held together rather by common consent to some constitution, some rational principles of justice

and order, some common ideal or cause. When we speak and act in a non-Christian context, therefore, we will still make our decisions and take our stand on the basis of our Christian faith. But we must be able to translate them in order to defend and justify them on political, rational, or economic grounds. If we speak to the Congress of the United States, or to the mayor of a city or governor of a state, for instance, we will defend this or that position which we consider to be Christian by arguing that it is practical and necessary on the basis of the constitution or fair government or a rational consideration of the problem at hand.

4. The task of the church and of individual Christians in the political sphere is to serve *God,* not ourselves; to bear witness to the God who is concerned about *all* men, not just Christians or the church. Our goal in this sphere, therefore, can never be to win special privileges for the church and its members, or to gain control by the church over political, social and economic structures and institutions and make them subservient to the church. We must always be careful in our speaking and acting that we do not lead others to believe that we are concerned only to defend and enforce our own power and influence and financial security, our own "rights," our own way of life.

5. The church and individual Christians do not have the solution to all problems in the social-political sphere. They will always need to be open to be helped by the secular experts who understand the technical factors involved and the consequent practical limitations and possibilities of effective solutions. Otherwise we will only give cheap and irrelevant advice on complex issues. This means that Christians listen as well as speak to the world, learn from the world as well as instruct it. If the God whom we come to know in the Bible is the Creator, Judge, Savior and Lord who is at work in the world as well as in the church, why should we not expect to find indications of what he is doing and what he wills in our time, place and situation by being open and sensitive to those who know the problems, needs and possibilities of what is going on in the world?

6. In the complexities of political, social and economic affairs, there is seldom any single unambiguously "Christian" solution. The church and individual Christians will choose from the available solutions that one which seems most clearly to *point in the direction* of the will of God. To say and do nothing because no single solution is perfect, is not to take a Christian position, but silently to support whatever status quo happens to prevail, or to leave change entirely to others—and thus to refuse altogether to try to bring the will of God to bear on the life of the world.

QUESTIONS AND ANSWERS ON CAPITAL PUNISHMENT

1. *Doesn't the Bible Advocate Capital Punishment?*

Six professors selected indiscriminately from our four seminaries answered five to one in the negative. It is true that in the Old Testament there are laws which require capital punishment for certain crimes, and that Christ came not to destroy but to fulfill the law. But the majority of the theological professors felt that the advent of Christ now offers a different approach to sin and punishment. The gist of their thinking is that to fulfill a law is to make that law unnecessary for our deportment; that now it is the love of Christ, not law, that constrains us; and that such love does not advocate deliberate execution of human life for sin, no matter how heinous.

2. *Doesn't the Westminster Confession of Faith Advocate Capital Punishment?*

There are two references that pertain to the subject in the Confession. One concerns the metaphor, sword, which a ruler of the state is entitled to use in the execution of his office. The other has to do with sins forbidden in the sixth commandment (Larger Catechism, Question 136): "The sins forbidden in the sixth commandment are: all taking away the life of ourselves, or of others, *except in case of public justice* . . . ." In answer, the word "sword" means physical force, not necessarily an instrument of death. Additionally, even if it be granted that in former years life could be taken in the name of public justice (at the time of the writing of the Confession 1644-49 kings and queens who lost political favor were executed), the argument now is that public justice is no longer served by the execution of human life.

3. *Doesn't Capital Punishment Serve Divine Justice?*

It is presumptuous for a person to appoint himself executioner of God's justice. This goes

for a state as well, which is but a collection of persons. We have confused divine justice with personal vengeance. And it isn't any less vengeful to use the state as a means of retaliation.

4. *Doesn't Capital Punishment Impress upon Us the Sanctity of Human Life?*
To the contrary. When Delaware abolished capital punishment in 1958 it declared that "The state sets a bad example when it takes life. Imitative murders are stimulated by executions." The best means of teaching respect for human life consists in refusing to take life in the name of the law.

5. *Isn't Capital Punishment Analogous to Defensive War Which We Condone?*
The two are not analogous. In war it's kill or be killed. In the courtroom the state has absolute control over the situation and has other ways of protecting its citizens than by destroying a person considered to be an enemy of society.

6. *Isn't Capital Punishment a Deterrent?*
This can neither be proved nor disproved. The deterrence theory is weakened, however, by the fact that in those states where capital punishment is practiced the murder rate is as high as in those states that have abolished it, and in some instances higher. Since human life is involved it would seem that the burden of proof should rest squarely upon those who claim capital punishment is a deterrent.

7. *Is Capital Punishment Equitably Applied?*
Definitely not. In proportion to the number of capital crimes committed, it is applied more to males than females, Negroes and other minorities than whites, the destitute than the affluent, the poorly counseled than the adequately counseled, the influential than the outcast.

8. *Are the Innocent Ever Executed?*
Yes. It is estimated that five percent, or one out of twenty, of those executed have been proved innocent after death.

9 *What Is the Trend in Capital Punishment?*
Definitely toward the abolition of it. The number of nations abolishing it is increasing, including Great Britain. The number of states in our nation abolishing it is steadily increasing, including West Virginia in the bounds of our Assembly. There are more stays of execution, more reduction of sentences, more appeals and re-trials granted, fewer convictions for capital offenses, even fewer executions of those sentenced to death, (One percent of "all eligibles") than before.

10. *Why Abolish Capital Punishment, Why Not Let It Become Obsolete?*
Even though not often employed it is a burden to the judicial process, a deterrent to penal reform and rehabilitation of prisoners, and a statuatory reminder of our primitivism in an otherwise civilized society.

11. *Is the Abolition of Capital Punishment the Solution to Our Problem of Crime?*
Only a first step. Its removal will indicate that we intend to make our judicial and penal systems rehabilitative rather than punitive. This we cannot do as long as we make a special class of capital offenders and insist that they neither deserve nor are capable of rehabilitation. Bringing courts, law enforcement agencies, and prisons up to the level of responsible service to our present society is the duty of us all.

12. *Isn't Rehabilitation Opposed to Justice, Isn't It Dangerous and Unrealistic?*
Opposed to retributive justice, yes, but redemptive justice, no. And it is about as dangerous and unrealistic as forgiveness. Rehabilitation in the Christian sense is the detailed process in human life of God's redemption. It is based on the premise that no person is totally incorrigible or irredeemable.

13. *Shouldn't We Be As Concerned About Protecting Society As Rehabilitating a Criminal?*
Rehabilitation is the best form of protection. Imprisonment of a criminal is protection of society until rehabilitation takes place. All the skills of society should be used to determine whether or when a prisoner is ready to live a responsible life in society.

14. *This Issue Is the Concern of the State, What Stake Has the Church in It?*
So it is, but the church has the right and the responsibility of creating public opinion. State legislatures often wait for groundswells of public sentiment before acting on important issues. The Greater Portland Council of Churches petitioned the Oregon legislature with the ultimate result that the electorate voted to abolish capital punishment. Advocates of abolition in West

Virginia used General Assembly's reports of 1963 and 1965 in their appeal to the legislature and were successful in changing the law. The goal of such action on the part of the church is redemption of both the individual and the society in which he lives.

CAPITAL PUNISHMENT: A CONTINUING PROBLEM

A subject that has been under study by the Committee on Christian Relations for more than half a decade, the matter of abolition or retention of capital punishment continues to be, for Christians, a matter for serious concern. The General Assembly of 1965, by a very scant majority, stopped short of accepting the Commtitee's recommendation on this subject.

In an earlier report,[1] the Committee has submitted its findings with respect to Biblical teaching on this subject and has also considered the historical and sociological aspects. It has summarized the findings of a United Nations report which, in the Committee's opinion, undergirds the case for abolition of this form of punishment.[2] It has drawn attention to the manner in which churches and church members may influence political action in this matter, as was illustrated when the State of Oregon abolished capital punishment within its jurisdiction in 1964.[3]

That many countries have moved away from imposition of the death penalty is well known. Even in the states of the American Union, where the development has been slower than in many other parts of the world, thirteen states (five of them in the last five years) have abolished this form of punishment; in certain other states of the Union there is retention only for persons convicted of killing on-duty enforcement officers; in 1964, of nearly 9,000 convicted murderers only fifteen were executed—a decrease of over ninety percent when compared with a given year three decades earlier.[4] In October, 1965, the British Parliament enacted legislation which terminated the use of capital punishment in Great Britain. The trend toward disuse of the death penalty was further evidenced in the United States Attorney General's announcement on December 29, 1965, that legislation would be introduced in Congress to discontinue capital punishment in the national system.

The fact that this form of puishment is gradually falling into disuse does not lessen but emphasizes the duty of Christians to think earnestly of this matter in the light of Christian responsibility. There are apparently many Christians who feel that retention serves a moral purpose. If, however, the retention of capital punishment implies a limitation upon the reach of the divine grace for the reclamation even of the worst criminal—as the Committee believes that it does—then the more tenable position for Christians would seem to be recommendation for abolition. In deep humility, Christians may well recall Christ's admonition, "Let him who is without sin cast the first stone," in preference to the pre-Christian rule of "an eye for an eye and a tooth for a tooth."

There is here, however, no recommendation for the coddling of criminals. Means of reclamation, with careful avoidance of a too-liberal parole system but with utilization of means of rehabilitation which modern criminologists have found to be effective, are indispensable. There remains the heavy responsibility for the protection of society against the hardened criminals who are permitted to live, but in detention. While there is life there may be reclamation, in the spiritual as well as the physiological or mental sense, of those who have been offenders against the law of God and man.

WORK AND LEISURE

The first thing which God does after creating man is to bless him with work. "And God blessed them, and God said to them, Be fruitful and multiply and fill the earth and subdue it, and have dominion over—the earth." (Gen. 1:28). Every man is to work because it is the expressed will of our God. Man, then, works not merely for a living and to "succeed" in the eyes of his fellowmen, but because it is God's plan for man to work. "Man goes forth to his work and to his labor until the evening," (Psalm 104:23).

In the fourth commandment the divine commandment is to work plus to rest. "Six days

thou shalt labor and do all thy work; but the seventh day is the sabbath of the Lord thy God; in it thou shalt not do any work—" (Exodus 20:10).

Throughout the Bible and the history of the church it is evident work and leisure are looked upon as blessings. They are seen as curses only when men have used selfish motives in their work and leisure (Amos 6:4-6, Luke 12:16-21). The motives for work for these men were to store up enough wealth in order to quit work and to take their ease, not to respond obediently to God's mandate to work.

In our tangled, confusing, fast-changing world, six days are not required for man to work in order to have dominion over the earth. Machines have enabled him to be free from a great deal of sweat as well as time at the work. There are more than one out of seven days in which he can have more leisure.

In the light of the different forms of technological help man has in his work and even in his rest, will less work and more rest be a blessing or a curse?

In the light of the modern technological age in which we live, let us examine work and leisure.

The Christian believes that every person should have some form of useful and satisfying work. The Christian believes that every person should have some leisure with satisfaction, joy, and enrichment in that leisure. However, the Christian knows that this ideal is not a reality for millions of people in this nation today. Millions (including many Christians) have no satisfaction or see any divine purpose in their work. They have no sense of vocation whatsoever. Work is only a means to an end, a paycheck to the necessities of life, a necessary occupation of time between periods of leisure. Some overwork and fail to derive any joy from leisure. Others see joy only in leisure and welcome it. They seek for more time from work in order to have more leisure. However, there are millions who want to work but have no work or insufficient work. There are others who are daily being replaced at their work with machines which lessen the need for human hands and minds. Automation for the majority may bring greater benefits, but for these workers it is a curse.

Who Is Not Working?

In the United States the "labor force" includes everyone age 14 and over who is either working or available for work. The actual number fluctuates each year, but the total is about 80 million persons. Since 1949 unemployment has ranged from 3 to 5 million individuals or between 4 and 7% of the labor force. Most economists doubt if the figure will ever drop below a figure of 3 to 4%.

It is a fact that 1 in 8 of the now unemployed have never held a job. It is reasonable to assume that these people are in the very lowest age brackets (the drop-outs), among the severely handicapped and women seeking jobs for the first time. No doubt many of the 14 to 18 year olds have neither a desire nor a need to work. Most of the unemployed are found among the young, the unmarried, and the unschooled, unskilled and untrained. It is this category which contains the hard core of almost all the unemployables. It is this same group which is most often directly affected by automation. Automation most often raises the educational level needed to do the jobs created.

Perhaps the most desperate of the unemployed is the Negro. More and more economists as well as many social workers are convinced that the "civil rights crisis" came about less because of the 1954 Supreme Court decision than because of a "Negro Depression" which started about 1957. The doors of opportunity, which started to open to Negroes in World War II and in the long post-war boom, slammed shut again about 1957-58 when the jobless rate began to mount. The Negro who was usually the last in the work force to be hired became the first to be squeezed out of his newly-acquired job. The Negro community's "great depression" has persisted ever since. His jobless rate of 10-20% has persisted and this chronic situation is even worse among the youths and the young heads of families. Economists agree that unemployment at the 8 to 10% level for the nation for any length of time would be disastrous. Unemployment for the Negro has far exceeded that danger point. A concrete illustration of this danger were the riots in the Watts district of Los Angeles in 1965. One of the factors was unemployment of more than 20%.

The Negro is feeling desperate. He is less likely than anyone else to hold the job, and less likely to get one of the service and professional jobs, as well as less likely to have the skills necessary to compete for the manufacturing jobs that survive automation. This is one reason that the "War on Poverty" is seen by many economists to be as much a "help the Negro program" as anything else. The economic plight of the Negro in large cities and in rural

areas is as serious, if not more, than the plight of the unemployed in Appalachia. The unemployed of Appalachia often lack training and educational background. The Negro has also the disadvantage of discrimination against him.

As the Negro is winning the right to get jobs through legislation, many of those jobs are disappearing. When employed he is like so many of the unskilled, unschooled, and untrained, he is underemployed. His pay check is inadequate for the necessities of life.

Who are the other unemployed? A brief statement of the ten most common causes of unemployment is sufficient to give the answer although for many it is only temporary unemployment. The causes of unemployment are (1) over-production, (2) over-pricing, (3) slackening of demand for goods and services, (4) cheaper imports, (5) apprehensiveness about a product (the scare over poisoned tuna), (6) lack of economic growth, (7) unemployability—lack of skills and education, (8) automation, (9) product substitutes—such as synthetic fibers for cotton, and (10) public likes and dislikes.

What Are the Answers?

There are at least seven answers being offered or in the process of study. Many of them create about as many problems as they seek to answer. (1) the most popular with many labor unions is the shorter workweek. The same wage or salary is paid for a 32 or 36 hour week that was paid for a 40-44 hour week. The idea is to hire more workers to do the same amount of work. In most cases the shorter work week is causing over-time payment to the same workers, a practice which increases the cost of production. With the shorter work-week many men have second jobs, "moonlighting."

(2) Another answer suggested and practiced is "featherbedding." People are kept in jobs long after their work has vanished. The machines are brought into production; automation is encouraged but the workers are retained on the job. This is practiced in executive positions and offices as well as on the assembly line. Government at various levels also continues to keep workers long after the need for that work has disappeared. This practice is "soul-destroying." The worker in all honesty knows that his work is not useful, productive, or essential.

(3) A third answer is the demand for and the growth of public works projects, such as those in highway construction, schools and hospitals. But there are few pick-and-shovel jobs in modern day construction projects. Most require machines and highly skilled operators. Seldom does a major public-works project provide work for any large number of unskilled and untrained men.

(4) A fourth answer is the development of a second standby work force. Employees and low echelon executives receive longer sick leave provisions, shorter work weeks and work years at guaranteed wages. Using this method, the industry has employees on the payroll but off the job—a reserve work force. The increased cost of production as well as the complexity of such a program makes this an impossibility for small industries. For many workers additional leisure or early retirement is a threat rather than a pleasure.

(5) A fifth answer is closely related to the fourth. Workers and executives receive larger and longer unemployment insurance benefits and are urged to retire earlier with a promised "living" wage or salary. A form of phase retirement is offered. The employee begins to cut his job time at age 55 or 60, before going off the payroll completely. A portable pension is also included. When the employee leaves the company he takes his pension rights with him to the next job. As he trains or seeks for another job his pension rights are not lost.

(6) A sixth answer is the expansion of the economy in order that more jobs might be produced. This suggestion is being advocated by all three—management, labor and government.

(7) A seventh answer offered and one which will probably become more popular in all areas of life is the improvement in education of all workers. Contrary to popular opinion, automation is not always destroying more jobs than it creates. In the long run it creates considerably more jobs than it eliminates, through lower costs of production and expansion of markets. However, automation today raises the requirements for workers to have more education and skills. Therefore, the emphasis in education must be upon the retraining of employees, the training of "dropouts," and adult education in general.

The Importance of Education in Work and Leisure

One of the primary purposes of education is to produce understanding of the changes that do and must take place in our modern society. The rate of change within our modern industrial society is so fast that man himself will have a more difficult time than ever before in the emotional acceptance of change. Most people easily accept such changes as additional

comforts, two cars and two television sets. But changes in concepts, in values, and in new ways of applying skills are not so easy for them. This trend will not be easy for Western Man. For more than 400 years he has found his creative outlets on the job or in his work. The evidences of success have long been money, status, high standard of living, material comforts, thrift, and ownership. But all these are threatened by automation and cybernation. Cybernation is "automation plus a 'brain'" (self-acting machinery with a set program). The use of machines and the capacity to invent them seem greater than man's capacity to change his concepts and attitudes toward work and leisure.

Each year the need for retraining for existing jobs increases. Automation is stimulating the demand for retraining and the demand for an upgrading in the educational level of the workers. It is demanding that workers become more flexible and capable of taking training and retraining several times in their careers. The need for portable educability is far greater than for portable pensions.

Education and retraining for work involve the necessity to change man's whole concept of work and leisure. The human "work" content in every product is less and less, and the hours of leisure are more and more. Pension funds and early retirement, longer vacations and more leisure time sound good on paper but when they become realities, they are not as emotionally attractive. J. M. Keynes, a noted British economist, said 36 years ago, "To those who sweat for their daily bread, leisure is a longed-for sweet—until they get it." As the answers for unemployment are suggested, answers for leisure time will have to be coupled with them. New uses for leisure hours will have to be created in addition to those of recreation and do-it-yourself workshops.

What Changes Are Taking Place in the Concept of Work and Leisure?

For the past 400 years in the Western world leisure was a left-over—that time which remained after work, after the necessities of life had been met. In the Hebrew-Christian tradition it was the seventh day or one day in seven. It was assumed that most workers would have to work by the "sweat of their brow" for six days to make a living. Ours is a transition period in which changes are taking place faster than we are willing to accept. Whereas formerly work meant the application of human effort and intelligence to the production of useable products, now most people are watching machines do it or are handling information about the machines. The trend has been to obtain a formal education and to gain knowledge for the purpose of mastering a job, of performing tasks and services which brought the usual rewards of money, success, and the comforts of life. Today the goals of education and knowledge are changing. Machines and computers do much of the work that human muscles and manual manipulation accomplished in past centuries. The trend is toward an increasing demand for people who can utilize knowledge. The goals of education seem to be changing from knowledge for power and material success to knowledge for knowledge's sake, for enrichment and culture, for understanding of man himself. The college graduates with a strong liberal arts background and education will probably be in greater demand and be more versatile to take advantage of wider job opportunities. They will not be over-specialized in their training.

In this century there will be a growing similarity between western civilization and the Golden Age of Greece. At the same time there will be a great contrast. In Greece only a few thousand people, at the most, occupied their lives with philosophy, drama, literature, art, sculpture, government and science because of their great leisure time. They had the time for all this because the economy was based upon slavery. The slaves had to grow the food, do the housekeeping and perform all the menial tasks.

Today the present and potential development of technology is so great that most people can be materially secure and have leisure to develop their intellects, to enjoy and participate in recreation and the creative arts, and to engage in additional education. Perhaps for the first time in human history the essential human needs can be satisfied for the entire world as well as for this nation. This is true not because of human slaves but because of the tremendous technology. The pyramid society of early Greece with the point at the top is now being inverted. Fewer people are necessary to provide for the whole society, and more people will be free to "be idle" or to grow in body, mind and spirit in their leisure hours.

Education will be of vital importance in determining to what goals the machines will be oriented. The big machines in automation today are not only those which increase production but computers which can be used to produce information about distribution and consumption. However, the machines have no brains and can make no independent decisions. People make these decisions concerning the use of the machines—the information that is fed into them, and

their results for good and bad. The persons directing the machines will need more than ever before "educated consciences."

One economist has said that the people in the United States are already suffering from a lack of willingness to use the information which the machines are able to produce. This is the age-old problem that has always confronted the church. "To will the fair thing is within my range, but not to do it." "For I do not do the good that I want to do; but the evil that I do not want to do, that is the very thing I do." (Romans 7:19 William Barclay). There is an inability, and unwillingness, or an outright refusal on the part of man to adapt the evolving technology to social institutions and reform. Man is reluctant to change from customs, practices and concepts of a rural society to the modern technological society.

What Is the Church's Role in This Demand for Greater Education in Work and Leisure?

The Presbyterian Church has a history of a strong emphasis upon education. Growing in grace has often been synonymous with growing in knowledge of God and man, with serving both God and man in the daily work, in enriching both work and leisure so that both are a glory to God. Opportunities unlimited await the church and every Christian. The trend in education is toward education for personal growth, for new knowledge, for understanding. Increased leisure, longer vacations and furloughs from jobs will give adults opportunities to resume educations interrupted or curtailed by earlier life pressures. More people will have the time and opportunity to participate in intellectual, cultural, and spiritual pursuits. Never before in the history of western civilization have the churches and civic groups had a greater opportunity to utilize so much talent in the home areas as well as in world missions.

The Vocational Guidance Program in the churches as well as in the public schools and in industries has an importance unparalleled in church history. Churches and guidance counselors in these days of expanding automation will do well to orient students to productive jobs of uplift and upkeep and to jobs of maintaining, servicing, and improving. Christians will be confronted with the tasks of using their talents for jobs which make life more human. Jobs in this category will be unlimited.

Another trend is the employment of more and more persons in all levels of government. Churches will need to orient their members to seek political office and to assume positions of leadership and influence in all levels of government. It is government which is expected to furnish more education—buildings, teachers, textbooks, laboratories and research facilities. Health facilities in the way of hospitals, clinics, medical schools, will be furnished by government. A larger role in slum clearance, public housing, city renewal programs, highways, cultural centers, airports, and public transportation will be played by the government at all levels. The attitude toward government will necessarily become one of partnership on the part of individuals and private enterprise rather than competition. The very complexity and interdependence of modern life will force such a role upon the government. Christians will need more than ever an understanding of the relation between church and state and their respective responsibilities for the wholeness of life.

We are now living in a society in which the problem of unemployment will be an increasing one for the uneducated, unskilled, untrained workers, for the early retired, and for the immediate victims of automation. Churches have a responsibility to these people in their economic as well as in their spiritual needs. Often the two are closely related. It is true that men do not "live by bread alone" but it is also true that they do not live without it. Jesus was concerned for the physical as well as the spiritual well-being of men. Churches can do no less today. Already many industries are now engaged in study and research to discover ways and means to ease the problems which unemployment produces for their workers. This has been particularly true in those industries which have been setting a fast pace in automation. Churches can do no less than this.

POLICY STATEMENT ON VIET NAM

Adopted by the General Board of the National Council of Churches on December 3, 1965.

We confront with sorrow the profound and widespread war-suffering of the Vietnamese people both North and South and others who are involved in the conflict, including personnel in military and other forms of service and families of our own and other nations.

The issues in the war and possible solutions are very complex and there are sincere differences among us.

Some believe that the military effort should be continued and that unless the spread of communism by violent infiltration is checked by further military means, liberties of not only South

Viet Nam but of South East Asia are imperiled. In this view the war must go on until the military results bring the Viet Cong and North Vietnamese to the conference table.

Others believe that: A continuance of the fighting will not facilitate negotiations and will not serve the cause of peace or justice or freedom; it will mean a rising toll of death and sorrow for the Vietnamese people and increasing disillusionment and division on all sides; there is the grave possibility that a prolonged war will escalate further and spread, thus jeopardizing all of mankind; the struggle, and especially the bombing of North Viet Nam may delay progress in improved relations with the Soviet Union and in agreements for arms control and disarmament; within the United States we also see, as associated with all wars, depersonalization of life and increase in immorality.

We hold that within the spectrum of their concern Christians can and do espouse one or the other of these views or still other views and should not have their integrity of conscience faulted because they do.

We note with approval that:

1. The President of the United States on April 7, 1965, and on other dates since then has publicly committed the Administration to the principle of unconditional discussions leading to the negotiation of the cessation of hostilities and a peace settlement, has expressed readiness to utilize mediation efforts by United Nations members, and especially by United Nations Secretary-General U Thant; and that he has proposed a billion dollar development fund for Southeast Asia;

2. The United States Armed Forces have sought to avoid bombing the population centers of North Viet Nam.

3. The Secretary General of the United Nations has indicated his readiness to use his good offices to bring about the cessation of hostilities.

We believe that a solution of the problem in Viet Nam can be essentially advanced only when action is moved from the battlefield to the conference table. We pray that this may be speedily accomplished. We would also remind our people that the application of the basic Christian ethic of love and reconciliation should be in our minds and wills as we try to find solutions to this problem. We therefore recommend that the United States, in the interest of bringing peace and growing justice and freedom to the territories of Viet Nam, should now consider the following suggestions:

1. Continue to reaffirm and manifest its readiness for unconditional discussion and negotiation in such manner as will remove any uncertainty about official policy relating to the termination of military action. Such reaffirmation might be strategically expressed by the cessation of all bombing of North Viet Nam for a sufficient period to create more favorable circumstances for negotiations to begin and with a simultaneous effort to induce the North Viet-Nam Government to stop sending military personnel and material into South Viet Nam.

2. Adhere strictly to the policy of avoiding the bombing of centers of population of North Viet Nam.

3. Seek to alleviate the desperate plight of the non-combatants in South Viet Nam by increased efforts to prevent their becoming the victims of the hostilities.

4. Request the United Nations to begin negotiations wherever and whenever possible for a cease-fire agreement (including cessation of terrorist activities) under United Nations supervision, among the governments of the United States, of North and South Viet Nam and other interested parties, including representatives from the National Liberation Front; such negotiations are imperative and may be possible on the basis of the mutual interest of sparing the population further and frightful suffering.

Request the United Nations, further, as soon as may be possible, to convene a peace conference regarding Viet Nam, with participation of all interested governments and with representation for the National Liberation Front to explore the bases of a settlement of the long-term issues and the means to give such a settlement effective international guarantees.

5. Make clear that a primary objective of a settlement of the Viet Nam conflict is the independence of South Viet Nam from outside interference, with complete liberty to determine the character of its future government by the result of a peaceful, free and verified choice of its people. The choices might include whether it wishes to establish a coalition of Nationalists and National Liberation Front, or whether it wishes to be united with North Viet Nam (perhaps through a plebiscite), or to operate as an independent, neutral and non-aligned state, or whether it wishes to constitute with Cambodia and Laos a buffer-zone between the com-

munist and non-communist spheres of influence, freely trading with both, or whether it wishes to join the Southern Asia Treaty Organization or the free states of South East Asia or elsewhere.

6. Declare itself (The U.S.A.) in favor of the phased withdrawal of all its troops and bases from the Vietnamese territory, if and when they can be replaced by adequate international peace-keeping forces, composed of military contingents capable of maintaining order while the peace settlement is being carried out.

7. Make available, through Congress, in fulfillment of the President's proposal, immediate reconstruction assistance and long-range economic development funds for South East Asia, including the several associated states of Indochina—this aid to be made available preferably through an effective international organization in which the beneficiary governments fully participate. In particular, the National Council of Churches requests that the United States Government take further appropriate actions through necessary Congressional and Executive measures to enable the United States to join the Asian Development Bank and to subscribe its full quota of capital.

In a world of revolution, rapid change and sharp conflict of ideologies, Christians have an opportunity and duty to be a reconciling and healing force between nations and peoples and races where possible.

The churches and voluntary agencies in the United States should prepare to expand greatly their services to refugees and to those injured or affected by the war, and to play their full role in the gigantic task of reconstruction and reconciliation.

The General Board herewith endorses the following recommendations of the Division of Christian Life and Mission adopted October 8, 1965, for action by the National Council of Churches.

1. To continue and increase major, high-level dialogue between Asian and U.S. Christians in cooperation with the East Asia Christian Conference on the social, economic, and political questions affecting their respective countries.

2. To place in the crisis area of Asia a representative possessing political expertise as well as Christian understanding, to serve as a United States Christian presence in the area and to interpret Asian points of view to the churches in the United States of America.

3. To work directly and through the World Council of Churches on means for bringing about more meaningful and continuing relations with other churches across lines of political and cultural conflict. Looking to the future, the rebuilding of the Viet-Nam area calls for goals and programs big enough to enlist the support of all the people of Viet Nam. The task of reconciliation and the maintenance of peace calls for statesmanship of the highest order on the part of both churches and governments.

Respectfully submitted,
DR. FRANK B. Davis, *Chairman*

FURTHER ACTIONS ON VIET NAM TAKEN BY THE GENERAL ASSEMBLY

A. That the General Assembly of the Presbyterian Church in the United States join in prayer that God would grant to our efforts in Viet Nam such success as would be in keeping with His revealed Will, and that He would bring a speedy and just conclusion to that war, and that the Moderator, or a Commissioner designated by Him, now lead this Assembly in such a prayer, and, That the Stated Clerk be instructed to forthwith, by telegram or other suitable form of rapid communication, inform the President of the United States and General Westmoreland of our action.

B. Whereas this statement represents a broad and determined effort on the part of the National Council of Churches to deal with a very difficult and far reaching matter of grave concern to all, and whereas we, the Presbyterian Church in the United States, as a present participant in such a body are continuing to share actively in the studies, statements, and proceedings from it, be it further added that:

1. This statement of policy on Viet Nam, initiated by the National Council of Churches, only if adopted by the Presbyterian Church in the United States, is not to be interpreted or construed as being the final, complete and only pronouncement of the Presbyterian Church, U.S., on this issue or as a final political announcement by this denomination.

2. That every diligent effort shall continue to be made by the Presbyterian Church, U. S.,

as a denomination to add further statements of its own making to its own members concerning this subject as well.

3. That confidence be invest in, encouragement be given to, and Christian love and prayers be rendered for those members and servants of this Church now on active duty in, or directly related to the military, in whatever capacity, as they seek to interpret in more specific terms and instances the meaning of this statement and as they seek to make application of only insofar as it is properly applicable in the situation in which they find themselves, in the light of the teachings of our Lord Jesus Christ.

II. Inter-Church Bodies and Agencies

1. World Council of Churches

The 1965 report of the World Council of Churches was not in time to be included in this report. Rev. Lawrence I. Stell submitted to the Committee a written report on the U. S. Conference of the World Council of Churches which met at Buck Hill Falls, Pa. April 28-30, 1965. It was reported that the World Conference on Church and Society will meet in Geneva July 12-26, 1966. Representatives from our Church will be named by the Christian Action Division of the Board of Christian Education. The Committee transmitted to the General Council the World Council's financial request for $16,725 from our Church, pointing out that the amount put in the asking budget for 1966 is only $6,729.

2. World Alliance of Reformed Churches

The report of the General Secretary and the report of the North American Area Secretary of the World Alliance are abridged and submitted as part of this report as Appendices 2 and 3. We call attention to the proposed conversations between representatives of the North America Area, WARC, and of the Roman Catholic Church. Twelve representatives from

Alliance Churches and twelve from the Roman Catholic Church will participate. Our Church will have two represenatives in the discussion.

The Committee is asking the Inter-Agency Committee to include in the next Plan Book a card providing information on subscriptions to THE REFORMED AND PRESBYTERIAN WORLD.

THE COMMITTEE RECOMMENDS THAT OUR FINANCIAL SUPPORT OF THE WORLD ALLIANCE OF REFORMED CHURCHES BE PROVIDED IN THE ASSEMBLY'S BENEVOLENCE BUDGET INSTEAD OF THE PRESENT MEANS OF A PER CAPITA APPORTIONMENT.

3. Interdenominational Areas of Special Emphasis

a. American Bible Society

The Committee received the annual reports of the Society (Appendix 1) and of the Advisory Council. Dr. Frank W. Langham, ABS Special Secretary for Church Relations, spoke to the Committee on the activities of the Society. Plans for the celebration of the 150th anniversary of the American Bible Society at the 1966 General Assembly were discussed. The date set for the anniversary celebration in the churches is December 11, 1966 (Minutes 1964, p. 169). We plan to send materials to the churches for this significant celebration.

An unprecedented opportunity has come to the Society in the form of a request from the Republic of Ghana for 500,000 Bibles and New Testaments for use in the Ghana Public Schools. The estimated cost is $600,000, of which the Republic of Ghana has promised to provide $400,000 and has requested the American Bible Society to provide the remaining $200,000.

THE COMMITTEE RECOMMENDS THAT THE AMERICAN BIBLE SOCIETY BE ALLOWED TO SHARE IN THE ADVANCE PROGRAM OF THE PRESBYTERIAN CHURCH, U. S. IN THE SUM OF $8,000 TO ASSIST IN MEETING THIS UNPRECEDENTED OPPORTUNITY.

b. Lord's Day Alliance

The Committee heard Rev. Marion G. Bradwell, the new Executive Director of the Lord's Day Alliance and a minister in our church, concerning new and vital plans for the Alliance.

WE RECOMMEND: 1. THAT OUR BOARD OF CHRISTIAN EDUCATION BE REQUESTED TO INCLUDE IN THE LITERATURE DISTRIBUTED TO OUR CONGREGATIONS BY THE CHRISTIAN ACTION DIVISION MATERIALS DESCRIBING THE WORK OF THE LORD'S DAY ALLIANCE, AND THAT THE LORD'S DAY ALLIANCE BE LISTED ALONG WITH THE AGENCIES OF THE CHURCH IN *DAY BY DAY*. 2. THAT THE REV. MARION G. BRADWELL BE INVITED TO SPEAK IN REGARD TO THIS VITAL AGENCY AT THE 1967 GENERAL ASSEMBLY, OR AS SOON THEREAFTER AS POSSIBLE. and 3. THAT REV. C. GRIER DAVIS AND REV. R. T. L. LISTON BE NAMED AS OUR REPRESENTATIVES ON THE BOARD OF MANAGERS OF THE LORD'S DAY ALLIANCE.

c. Religion in American Life

The Committee received the report of RIAL on its activities during the past year, noting especially the commendatory article on its work in PRINTER'S INK.

The budget requests of the American Bible Society, the Lord's Day Alliance and Religion in American Life were considered and communicated to the General Council with the Committee's recommendation that 3% be added to the average gifts to these agencies during the past three years as the figure in the 1967 budget.

4. National Council of Churches

We call attention to the fact that the General Board of the National Council of Churches has responded to the communications sent to it by the 1965 General Assembly. This reply will be brought to the attention of the 1966 Assembly by the Stated Clerk.

In response to the action of the 1965 General Assembly, instructing the Inter-Agency Committee and the Inter-Church Relations Committee to "continue their study of the giving of our Church to and the involvement of our personnel in the National Council of Churches, and report to the General Council and to the 1966 General Assembly" (Minutes 1965, p. 81), we present the following report:

1965 Giving and Personnel Report—National Council of Churches

I. Participation in Departmental Program of the National Council

III. Basic Support through Benevolence Budget . . . . . $ 9,994

IV. Church World Service (Overseas Relief) $236,000

We call your attention to the fact that the involvement of our Boards and Agencies as indicated by the above figures brings large benefits to our Church in the enrichment of our departmental programs and in the cooperative mission in which we engage with other denominations.

Again we point out that the vast proportion of our giving to the National Council is for program enrichment and humanitarian programs throughout the world.

The Committee received the report of the National Council of Churches for the year 1965 (See Appendix 4.) At the invitation of the Committee Dr. Edward D. Grant, Chairman of our representatives to the General Board, spoke to the Committee on the activities of the General Board. This splendid report and excellent written reports of two other representatives were extremely valuable to us, and the Committee commended our representatives for their faithfulness.

During the year we received many communications from Presbyteries, Sessions and individuals expressing concern over actions, statements and policies of the National Council of Churches. Since a large amount of the correspondence was in protest to the testimony of a representative of the National Council of Churches before a Congressional Committee regarding the repeal of Section 14(b) of the Taft-Hartley Act, the Committee arranged for a meeting in Atlanta on October 7, 1965 between members of the Inter-Church Relations Committee, the Inter-Agency Committee, and Bishop Reuben Mueller, President of the N. C. C., Dr. R. H. Edwin Espy, General Secretary of the N. C. C., and Dr. Gerald E. Knoff, Secretary of the Division of Christian Education of the N. C. C. As a result of this valuable discussion the Inter-Agency Committee adopted the following resolution:

> "On the initiative of the Inter-Church Relations Committee the executives of Assembly agencies, who are also representatives in the General Assembly of the National Council of Churches, and representatives of the Inter-Church Relations Committee met with the President of the National Council of Churches, the General Secretary of the National Council, and the Secretary of the Division of Christian Education. There was prolonged, courteous and frank discussion of concerns of the executives of Assembly agencies and of the Inter-Church Relations Committee with respect to some activities, program emphases and directions of the National Council of Churches. Receiving attention were: theological assumptions of National Council of Churches' deliverances on legislation before Congress, confirming lack of adequate procedures for decisions on political issues, inequity of emphases on evangelism compared with emphases on social programs, and staff and program of the National Council which by-pass member denominations.

"We express our commitment to ecumenical endeavor and an appreciation for the service of the National Council of Churches as an important instrument for churches working together for the sake of the world.

"We are concerned about some of the programs of the National Council of Churches and some of the directions to which the majority in the National Council of Churches apparently are committed. We are convinced that these programs and emphases have been seriously and deliberately chosen. We respect the convictions which motivate the majority in the National Council of Churches. Nevertheless, we are convinced that some of the emphases and directions are a departure from what our Church has accepted and can conscientiously accept. Further, our conversations convince us that there is little possibility that our Church can change National Council directions and emphases.

"In addition to concern over direction and emphases, we view with alarm the effects that controversy over the National Council of Churches is causing to congregations, pastors, agencies and to the total life of the Church.

"*It was voted* (1) that we report to the Inter-Church Relations Committee our concern about these directions and their effects; (2) that we express to the Chairman of the Committee on Inter-Church Relations our belief that we ought to indicate to the Church soon our concern in this area; and (3) that we express to the Inter-Church Relations Committee our willingness for a news release on this meeting to be made, such a release to be left to the judgment of the Inter-Church Relations Committee."

We note that as a result of a variety of influences, including this action and the voice of our representatives, the General Board of the National Council of Churches took two significant actions at its meeting on December 1, 1965:

(1) "Voted to request the chairman to appoint a special committee to examine the procedures and questions raised with regard to policy statements, giving consideration to communications and related papers which were submitted to the Executive Committee. The special committee shall report back to the Executive Committee."

"Voted to instruct the General Secretary that the official interpretation of Section Gl.b5 of the Standing Rules shall be as follows: A policy statement whenever issued in complete form, shall be accompanied by an analysis of the voting of the General Board, including the number of approvals, disapprovals and abstentions."

(It is the hope of the representatives of our denomination that the new procedures, with reference to policy statements, will result in such statements being more representative of the churches of the member communions at large.)

(2) "Voted that in accordance with the request of the commission on the Delta Ministry, the president of the Council in consultation with the General Secretary be authorized to appoint a committee to evaluate the programs of the Delta Ministry and report recommended guidelines for future actions to the next meeting of the General Board through the Executive Committee." (It is understood that the committee will be composed of impartial appointees from outside the NCC structures.)

In response to the instruction of the 1965 General Assembly to study and make recommendations with reference to the Mississippi Delta Ministry of the National Council of Churches (Minutes 1965, pp. 163-164) we reply as follows:

During the year we have made an effort to gain all the information possible concerning this program of the National Council. In our files we have the following: (1) correspondence with the staff of the National Council of Churches; (2) reports of staff members locally involved in the Delta Ministry; (3) correspondence with Presbyterian U. S. ministers in the area; (4) newspaper and magazine clippings touching on the program; and (5) correspondence between some of our representatives to the General Board of the National Council and top level NCC staff personnel.

In these data we find conflicting views as to the propriety and helpfulness of the various aspects of the Delta Ministry program. Some of the adverse criticisms of the program are highly responsible while others are not. There is evidently a lack of general knowledge of many of the positive and helpful aspects of the program.

In spite of the fact that we have made a diligent effort to obtain all of the information possible there are still many gaps in our data that need to be filled in before we can make a competent evaluation with appropriate recommendations.

Furthermore, the General Board of the National Council at its December 1, 1965 meeting took cognizance of the widespread criticism and disapproval of the program and ordered an

evaluation by a special committee. It is our understanding that this committee will include representation from the Presbyterian Church U. S. This committee is just now beginning its task. The Inter-Church Relations Committee feels, therefore, that in all fairness we should make no recommendations until this committee makes its study and report.

WE THEREFORE RECOMMEND THAT THE INTER-CHURCH RELATIONS COMMITTEE BE GRANTED AN ADDITIONAL YEAR TO COMPLETE ITS REPORT AND MAKE ITS RECOMMENDATIONS.

In other actions relating to the National Council of Churches the Committee commended the representatives to the General Board for their diligence; voted to request that in the future each member of the General Board share with the Committee in writing his opinions and impressions of the major issues involved; expressed deep gratitude to Dr. Edward D. Grant for his willingness to give so generously of his time in this service and to report so fully to us; voted that when additional members of our denomination are sought by NCC program boards or other units to serve on such boards or units, that the chairman of the Inter-Church Relations Committee be authorized to approve for service such individuals and to certify them as representatives of the Presbyterian Church U. S.; voted to request that the General Council include the National Council of Churches in the 1967 budget in the amount of $15,000 which is only a small step toward what would be our fair share of $90,000.

The Committee took note of the vacancies in our group of representatives to the 1966 General Assembly of the National Council of Churches, brought about by resignation, retirement, or assignment outside the country: Principals Rev. Marion A. Boggs, Harvey McGeorge, Rev. Lewis Wilkins, Rev. George H. Vick, Judge W. O. Murray and Rev. P. D. Miller; Alternates Rev. William V. Gardner, Rev. George R. Wright, Rev. William M. Elliott, Jr., and Rev. D. J. Cumming.

III. Inter-Church Conversations and General Inter-Church Relations

The Committee heard verbal reports from James A. Millard and Alex. W. Hunter on the recent meeting in Louisville of consultants to draft a plan of union with the Reformed Church in America. Although the Committee has no direct responsibility in this area, it is kept informed on all developments through its chairman who acts as liaison. The Committee feels that a structure for Inter-Church Relations should be included in the Plan of Union.

Dr. S. J. Patterson, Jr., Moderator of the General Assembly, announced plans for the annual meeting of the Moderators of Reformed and Presbyterian Churches to be held in Albuquerque, New Mexico, February 17, 1966 on the theme: "The Contribution of Our Churches to the Reformed Tradition."

The Committee was pleased to hear of the continuing work of the Presbyterian Appalachian Council, a cooperative effort involving a number of Presbyterian denominations.

Reports were presented by Rev. Grover C. Sewell and Rev. Horace Villee, our observers at the Consultation on Church Union in Lexington, Kentucky, April 5-8, 1965. It was noted that a special commission was formed at the Consultation "to create and present to the next plenary session the outline of a possible plan of union which covers all the major points which in the commission's opinion should be the basis of a united church 'truly catholic, truly reformed, and truly evangelical.' " This session will be held in Dallas May 2-4, 1966. Denominations participating are the Methodist Church, the Episcopal Church, the UPUSA Church, the United Church of Christ, the Disciples of Christ, and the Evangelical United Brethren. As mentioned at the beginning of this report Rev. Grover C. Sewell and Rev. William R. Sengel will be our observers in Dallas.

Two meetings of the Pan-Presbyterian Conference were held during the year—on March 29 in Louisville and on September 13 in Atlanta. At the March meeting representatives of the Inter-Church Relations Committees and the Church Extension Boards of the Associate Reformed Presbyterian Church, the Cumberland Presbyterian Church in the United States,, the Reformed Church in America, the Second Cumberland Presbyterain Church, the United Presbyterian Church in the United States of America discussed fully the fields of comity and our common mission in America, based upon the fact that as these churches are contiguous they cover the entire country. Each Church Extension Secretary described the philosophy, scope and means of church extension in his denomination, and we faced the challenge of our common mission to the nation. Of interest is the following resolution adopted at the meeting: "The Consultation of representatives of Inter-Church Relations Committees and official representatives from the following six denominations—the Associate Reformed Presbyterian Church, the Cumberland Presbyterian Church, the Presbyterian Church in the United States, the Reformed Church in America, the Second Cumberland Presbyterian Church, and the United Presbyterian Church in the U. S. A.—requests of the Board, Committee, or individual in each denomination responsible for church extension that its denominational representative meet with members of the other denominations listed, to devise a united strategy for church extension at regional levels where any two or more of the six denominations are contiguous or overlap."

At the September meeting of the Pan-Presbyterian Conference the Inter-Church Relations people from these denominations heard progress reports in the field of inter-church relations, including union negotiations, shared information on cooperative programs of our highest judicatories, discussed possibilities of closer association on Synod and Presbytery levels, and reviewed the ecumenical positions and relations of the churches represented. One of the significant actions taken was: "The Pan-Presbyterian Conference believes that some guidelines ought to be developed officially by our denominations providing for increasing association, mutuality, common service and mission among our constituencies to provide for program and policies in the following circumstances: (1) when presbyteries or synods are of approximately equal strength; (2) when a presbytery or synod is much larger or smaller than another or others; (3) when ministers or congregations are isolated from each other and their own judicatories—and resolves that a committee be appointed to draw up a proposed

resolution for the consideration of the Inter-Church Relations Committees of the several churches." The next meeting will be held in Atlanta on September 20, 1966.

The Committee feels that this continuing Pan-Presbyterian Conference affords the best means by which we may continue to carry out the instructions of the General Assembly to explore the whole area of relationship and unity with the UPUSA Church and other Reformed Churches wishing such an exploration. The Committee also feels that there are matters of relationship between our church and the UPUSA Church which should be discussed by their inter-church relations representatives. Accordingly the chairman has been asked to arrange for a conference between the representatives of the Presbyterian U. S. and the UPUSA churches at the time of the Pan-Presbyterian Conference in September.

For sveral years the Committee has been represented by Rev. William R. Sengel in conversations concerning the development of a joint Presbyterian and Reformed witness in the National Presbyterian Center in Washington. Participating in the discussions have been representatives of the United Presbyterian Church in the U. S. A., the Presbyterian Church, U. S., the Reformed Church in America and the Hungarian Reformed Church. Invitations have been issued to the Associate Reformed and the Cumberland Presbyterian Churches. Examples of the proposed activities, in addition to the Communion Service on the convening of Congress and the annual Churchmen's dinner for Presbyterians in government, include forums and lectures, a program for the two to three million young people who visit Washington annually, a program for the thousands of young unmarrieds in government and students in summer government work, a program for international visitors, and a program preparing laymen for visits or tours of duty overseas. The proposal is as follows:

"A Proposal for the Formation of a Permanent Committee on

'A Joint Presbyterian-Reformed Witness in Washington, D. C.'

It is recommended that a Permanent Committee be formed composed of representatives of: The Presbyterian Church, U.S.; The United Presbyterian Church, U.S.A.; The Reformed Church in America; and the Hungarian Reformed Church; to be known as 'The Permanent Committee for a Joint Presbyterian-Reformed Witness in Washington, D. C.'

The purpose of the Committee shall be to develop ways and means of affirming our Presbyterian-Reformed convictions and implementing their application in modern life. Further, the Committee shall seek ways and means to serve our Church in its responsibilities to the Nation's Capital, and further will serve all pastors and parishes of our several denominations.

It is recommended that the Committee be composed of twelve members: four from the United Presbyterian Church, U.S.A., three from the Presbyterian Church, U.S., three from the Reformed Church in America, two from the Hungarian Reformed Church, and one each from the Associate Reformed Church and the Cumberland Presbyterian Church. Each denomination shall determine the method of election and the length of term of their elected members.

Of the twelve Committee members, there shall be elected a Chairman, Vice Chairman, Secretary, and Treasurer. Other officers and committees shall be elected or appointed as need arises and by consent of the Committee. It is understood that the Committee shall elicit the program and personnel resources of the various denominations to implement our agreed on program.

The Permanent Committee shall meet at least two times annually in Washington, D. C.

Each denominational group within the Permanent Committee shall report annually on the work of the Committee to the respective ecclesiastical body. Concerning finances, it is agreed that each denomination will provide the expenses for its individual delegation in attending committee meetings. The budget for expenses of the program and emphases authorized by the Committee will be sought from our denominations. It is agreed that the budget shall be allocated among the participating denominations, according to their membership.

The Committee shall make use of the several facilities that are in Washington, D. C., already established by our denominations, such as local congregations and offices of our denominations, in its specific program and work in the Nation's Capital.

It is understood that this Committee and its united work in no wise limits or constrains the individual Communions. But the participating denominations do make mutual commitments that they will not do individually or separately what can be more effectively accomplished together. It is further understood that the Permanent Committee is authorized to cooperate in specific programs with other Christian denominations where it is deemed suitable."

THE COMMITTEE RECOMMENDS THAT THE PRESBYTERIAN CHURCH IN THE UNITED STATES PARTICIPATE IN THE "JOINT PRESBYTERIAN-REFORMED WITNESS IN WASHINGON, D. C.," THAT THREE MEMBERS OF OUR DENOMINATION BE NAMED TO THE PERMANENT COMMITTEE DESCRIBED IN THE "PROPOSAL," AND THAT THE FINANCIAL ASKING OF $1,500 BE REFERRED TO THE GENERAL COUNCIL FOR INCLUSION IN THE BUDGET.

CONCLUSION

The Committee is encouraged with the results of its activity during the past year, especially in its discussions with leaders of the National Council of Churches and in the continuing conversation with representatives of other Presbyterian and Reformed Churches. In the latter instance we are impressed with the growing sense of our common mission in the United States and throughout the world and with the felt need for unity and comity in our mission.

Another area of our work to which we shall address ourselves this year is the encouragement and development of ecumenical understanding and activity in presbyteries and synods. It is here that relations between denominations are most significant and productive, and we hope to give major effort at this point.

Respectfully submitted,
REV. ALEX. W. HUNTER, *Chairman*

REPORT OF THE AMERICAN BIBLE SOCIETY

"At this curious crossroad at the corner of time, we find courage and strength by once again turning to the very Book we help translate, publish and distribute. We meet Him who is the 'same, yesterday, today and forever,' and because of Him all things are ours, the world, life, death, things present and things to come. All are ours and we are Christ's; and Christ is God's."

DR. JAMES Z. NETTINGA
Executive Director
150th Anniversary at
1965 Advisory Council

GOD'S WORD FOR A NEW AGE

The goals of the United Bible Societies are:
. . . a Bible in every Christian home,
. . . a New Testament for every Christian,
. . . a Portion for every person who can read,
. . . a copy of Scripture for every Christian to share.

To achieve these objectives, the "God's Word for a New Age" campaign was started three years ago with the aim of trebling world Scripture distribution by 1966. The American Bible Society's share in 1966 will be 75 million copies. During 1965 great progress was made as distribution reached more than 66 million, the highest in the history of the Society. The committed support of the Presbyterian Church in the U.S. has been a large factor in the ABS program of advance.

The most recent records show that:
. . . at least one book of the Bible has been published in 1,232 languages and dialects
. . . the whole Bible has been published in 236 languages
. . . the whole New Testament in 289 additional languages
. . . at least a complete Gospel or another book of the Bible in 707 languages

THE YEAR OF THE BIBLE

Late in 1965 the United States Senate approved a resolution urging President Johnson to proclaim 1966 as "The Year of the Bible" in honor of the 150th Anniversary of the American Bible Society. A majority of State Governors have issued similar proclamations, commending the ABS for its task of translating, publishing and distributing God's Word. The Presbyterian Church in the U.S., along with more than 64 other denominations, is cooperating in creating plans for special observances and emphases on the Bible cause. During 1965 programs were outlined for local church celebrations and projects of support. Denominations have been challenged to match the three-fold increase in Scripture distribution in 1966 with a similar increase in their gifts. Many have also pledged their cooperation in enlisting 10 million new Bible readers in the U.S.A. during the Anniversary year.

DISTRIBUTION IN THE U.S.A.

The ABS is continually developing attractive new formats and easier-to-read Scriptures for special groups. The Gospel according to Mark in Today's English Version ("The Right Time") issued in 1964, has gained wide popularity among children and with population groups which use English as a second language. Translation of the entire New Testament is now completed and plans are underway to issue other books in the TEV during 1966.

A forward-looking experiment in distribution has been launched, whereby denominational and commercial bookstores are offered a 40 percent discount on five non-competitive KJV Scripture items. The aims are: (1) to encourage denominations to introduce ABS special Scriptures into their educational curricula and church programs, and (2) to open bookstores as an outlet for ABS materials.

During 1965 production was undertaken of a new volume of Scripture, "The Inside Story," which will contain Luke, John, Acts and Romans in one volume, using the J. B. Phillips' translation with contemporary photographs.

The ABS ministry to the Armed Forces continues, with requests outrunning fiscal resources. Supplies for

Vietnam were given priority in 1965. Letters from chaplains bear witness to the effectiveness of this mission of the Society.

The Campus Ministry continues to undergird the college and university programs of the churches. Special Scriptures such as "One Way For Modern Man," the Gospel of John in the J. B. Phillips' text with contemporary photographs, are reaching today's youth with the Christian message. One test program used more than 40,000 copies. Some 200 college libraries are scheduling special exhibits of Scriptures, honoring the 150th Anniversary of the ABS. More than 600 schools have been offered the ABS two-language (diglot) publication of the sermon on the Mount in Russian and English for use by students of Russian.

WORK WITH THE BLIND

In trying to serve the 400,000 blind people in the U.S.A., we discover that the majority apparently do not know that the ABS stands ready to provide them with Braille Scriptures, Talking Bible Records and tape recordings of the Bible. Churches are asked to supply the ABS with names and addresses of the unsighted so that these materials can be offered. New Braille and Talking Bible Records in 1965 include the Old Testament in the RSV (Grade 2) in Braille and on records; "The Bible Story," a six-record set composed of selected readings from the RSV; "The New Commandment," a record comprised of New Testament passages on the subject of love in the J. B. Phillips' text; and "Bible Prayers," a record of prayers from the Old and New Testaments in the RSV.

SCRIPTURE DISTRIBUTION OVERSEAS

The ABS serves the Presbyterian Church in the U.S. in every mission field, including areas of major work in Korea, Japan, Taiwan, Congo, Iraq, Portugal, Brazil, Ecuador, and Mexico. All told, the ABS participates in the translation, production and distribution of the Word in 150 countries. Thus, through its support to the ABS, the Presbyterian Church in the U.S. extends its outreach throughout the world. In 1965 a total of 44,820,583 Scriptures were distributed overseas by the ABS, an increase of 12.7 percent over 1964.

Highlights from abroad include an increase in distribution in Vietnam, Laos and Cambodia, by 65 percent over 1964. A new Bible House for the Congo was dedicated in Leopoldville. Throughout Latin America the Penzotti Institute program for training lay distributors was carried forward and the Latin America Center in Mexico City produced visual aids and printed materials to help pastors and laymen in their work of Scripture circulation and study. Without exception, overseas reports called for more Scriptures to meet rapidly increasing demands.

WOMEN'S ACTIVITIES

The role of women in the work of the ABS continues to expand. Churches are requesting ever-greater quantities of materials from the Women's Activities Office as the Circle of the Concerned continues to grow. In 1965 a Women's Activities Field Secretary was appointed in the Western and Pacific Region. Members of the Women's Activities Speakers' Bureau are being asked to address groups of concerned church women in every state. Universal Bible Week was promoted by women's organizations in many areas as they focused attention on the role of the ABS as an agency of the churches for the translation, publication and distribution of the Scriptures.

BIBLES FOR GHANA

The United Bible Societies received an order for more than 500,000 Bibles and Testaments from the government of Ghana, these Scriptures to be used in the public schools as part of that nation's educational curricula. Two-thirds of the cost was met by Ghana and the remaining one-third was contributed by the American and sister Bible Societies. This challenge was received and acted upon by faith. Churches throughout the U.S.A. were asked to participate in this unparalleled opportunity. Denominations have indicated that they will help to meet this extra-budgetary program.

ADVISORY COUNCIL

Three hundred forty-five persons, representing 64 denominations and eight agencies, attended the 1965 Advisory Council. The ABS issued two specific challenges to the churches on the eve of its 150th Anniversary. The first call was for 10 million new Bible readers in 1966 as a means of reaching more effectively the unknown and the unchurched in every community, as well as to re-interest church members and constituents who are not now using their Bibles. The second call was for a special project—placing Scriptures in public school libraries and encouraging the study of the Bible in school curricula. The ABS is rallying all interested people in the task of providing school libraries with Scriptures of the Protestant, Catholic and Jewish faiths.

The ABS budget for 1966 is $6,645,000. We are indeed grateful for its partnership with the Presbyterian Church in the U.S. This is an hour for renewed commitment to the Bible cause. Only as we link ourselves ever more closely, can God's Word reach the new age we must serve.

APPENDIX 2

REPORT OF THE GENERAL SECRETARY TO THE MEMBER CHURCHES OF THE WORLD ALLIANCE OF REFORMED CHURCHES

For the Year 1965

I. Introduction

For the World Alliance of Reformed Churches, 1965 was an outstanding year in several respects:

1. For the first time, the Executive Committee met in Asia, at Baguio, the Philippines. The meeting took Place June 24-29, immediately after the centenary celebrations of the Presbyterian Church in Formosa. The latter were attended by several members of the Committee, including the President and the General Secretary.

2. For the first time, the number of Alliance member Churches passed the 100 mark. To be exact, after the admission of one new Church early in the year (the Church of Christ in the Upper Nile) and of three more at Baguio—the Christian Church of East Java, the Protestant Church in Indonesia, the Malaysia Synod of the Chinese Christian Church—101 Churches now belong to the WARC. More than half are in Asia, Africa and Latin America.

3. A Department of Cooperation and Witness was created by the Executive Committee. We hope that the new Department will enable the member Churches to assist one another in a number of areas.

II. Ecumenical Problems

1. Relations with the *International Congregational Council.* Significant steps toward a closer relationship between the ICC and the WARC were taken in 1965. A Joint Committee, decided upon by the 19th General Assembly in Frankfurt, has been constituted. Alliance representatives on the Committee are: Dr. James I. McCord, the Rev. R. H. N. Davidson, Prof. F. G. Healey, the Rev. Egbert Emmen, and the General Secretary. The Committee met in two sections in July, 1965: one met at Princeton (USA), the other at London. As a result of these meetings, proposals have been made to the two Executive Committees, which they will study in 1966. We hope that immediately after the meeting of the two Executives it will be possible to make concrete proposals to the member Churches of the ICC and WARC with a view to uniting the two organizations.

2. *Lutheran-Reformed conversations.* Progress has been made during the year, both in the USA and in Europe. In the USA, talks were initiated by the North American Area of the WARC; in Europe, they are being conducted under the auspices of the WCC Division of Faith and Order with active participation of the Departments of Theology of the Lutheran World Federation and WARC. Here I can only repeat what I said in my report to the Executive Committee:

> "The unity of the Churches of the Reformation seems to me an essential step on the way to Christian unity; for how can we achieve wider Christian unity if the Churches which emerged from the great reforming movement of the 16th century cannot first reconstitute their unity together?"

3. Relations with *other confessional groups.* We can report that these relations are cordial, and that we want to cooperate wherever possible with the other world confessional organizations and with Churches of other confessions included in the membership of the WCC. The Alliance participated during the year in two meetings of representatives of world confessional organizations. The first was held in Geneva in October. There the Alliance was represented by the President, Professor Wilhelm Niesel, by Miss Margaret Shannon, Chairman of the Department of Cooperation and Witness, and by the General Secretary. The consultation discussed "Confessional Movements and Mission and Unity." The second confessional groups meeting took place at Kandy (Ceylon), December 6-9, and was organized by the East Asia Christian Conference. This consultation, composed of representatives from the confessional organizations and the Churches of Southeast Asia, studied the problem of confessional movements and the Asian Churches. The General Secretary represented the WARC.

4. Relations with the *Roman Catholic Church.* In December, 1961, a year before the Council opened, Cardinal Bea wrote in La Civilta Cattolica:

> "No Catholic of education will believe that the Council can or would change even a single dogma. The Supreme Pontiff and the Council have a duty inherent in their ecclesiastical authority, to preserve whole and entire the doctrine passed to them by tradition, and no love for the separated brethren can induce us to lay even the lightest hand on the sacred deposit of the faith. Every effort in the interests of peace to whittle down or to reduce the doctrine would be disobedience to the order received from the Lord."

The Council which began in 1962 has now come to an end. Even though, at the level of doctrine, Cardinal Bea's statement of 1961 still holds true, it is also certain that the Holy Spirit has been at work, and that many of the decisions taken by the Council will facilitate relations between the Roman Catholic Church and our Churches. We rejoice particularly over the declaration on religious liberty, even though some of its statements can be interpreted in a restrictive sense. We are also happy to see that "De Oecumenismo" has brought to light a new conception of ecumenical relations in Roman Catholic thought.

Nonetheless, we must express profound regret that, once more, no decision was made regarding mixed marriages. We can only repeat what we said a year ago:

> "We want to be sure that a Roman Catholic who marries in a Reformed Church will continue to be regarded by his or her Church as a Christian, as is our practice when a member of one of our Churches is married in a Roman Catholic Church."

So long as no clear declaration to this effect is made by the Roman Catholic Church, relations between Catholics and non-Catholics will remain difficult.

The Executive Committee decided, for the time being, not to enter into direct conversations with the Roman Catholic Church, but rather to give full support to the Working Group established by the WCC with the Roman Catholic Church for discussion of problems which concern all Christians.

(5) The Alliance and *church unions.* Discussions with a view to uniting Churches continue to multiply around the world. Member Churches of the WARC are everywhere participating in these discussions. In order to help them when they need our assistance and in accordance with a request from the General Council in Frankfurt, the Executive Committee established a Panel on Church Union whose members are: Dr. James I. McCord (USA), Prof. William Stewart (India), Prof. Henri d'Espine (Switzerland), Prof. D. McCaughey (Australia), Judge Nii Amma Ollennu (Ghana), and Prof. Manuel Gutierrez Marin (Spain). The Panel has already begun its work and we are sure that it will be able to render a very valuable service.

The Church unions to which Alliance member Churches were a party took place during the year:

(a) The United Church of Zambia was constituted January 16 in Kitwe. This new Church unites the United Church of Central Africa (a member of the WARC), the Methodist Church, and the Church of Barotseland.

(b) The United Church of Jamaica and Grand Cayman was inaugurated December 1 at Kingston. Uniting were the Presbyterian Church of Jamaica (member of the WARC) and the Congregationalist Church of Jamaica.

The inaugural services of a third United Church, in Nigeria, were scheduled for December 11 at Lagos. However, this union was postponed at the last moment. It will ultimately bring together Anglicans, Methodists, and Presbyterians in Nigeria.

III. *Visits to Member Churches*

The 19th General Council expressed the desire that the General Secretary should give more time to visiting member Churches. The General Secretary has tried to keep this wish in mind, and in the course of the year he visited member Churches in Japan, Formosa, Singapore, Malaysia, Ceylon, and North America (on two occasions). He also was a frequent visitor in European Churches. Regretfully, a visit to Indonesia planned for the end of November had to be put off until 1966.

IV. *Departments of the Alliance*

Important personnel changes took place in the departments in 1965. On September 1, the Reverend Richmond Smith (Church of Scotland) succeeded Dr. Terrence N. Tice, who returned to the United States after three years as Secretary of the Department of Theology. On the same date, two changes took place in the Information Office. After three years with the Alliance, the Reverend A. David Lewis returned to the parish ministry in England. He was replaced by the Reverend Lewis L. Wilkins, Jr. (Presbyterian Church, U.S.). Miss Renate Henning, secretary-translator for German, accepted a position with the Division of Faith and Order of the WCC, and was replaced by Miss Helga Klingner.

(1) *Department of Women's Work.* During the year, the Chairman of the Department, Dr. Wilhelmina Timmermans, travelled a great deal. She visited women's groups and organizations of the member Churches both in Europe and in Asia. For the first time in its history, the department now has a virtually complete list of representatives of the member Churches to the department. The regional secretaries have tried to establish relations with all these representatives.

(2) *Department of Theology.* The basic medium of theological exchange is the *Bulletin* (circulation ca. 1800) published quarterly in English, French, and German. In the hope of balancing the *Bulletin's* budget, the subscription price was raised from Sw. Fr. 4—per annum beginning with vol. VI, 1.

Organization of specific studies continues, involving correspondence with many theologians. In progress are studies on "The Holy Spirit in Church and World" and a new study on *Episcope* with particular

reference to current union negotiations. The department's first Research Associate was appointed by the Executive Committee in 1965. He is the Reverend Dr. Howard Hageman (USA), and in cooperation with the department he will be working on "Current Liturgical Renewal among the Reformed Churches." Ecumenical involvement develops apace, through contacts with the LWF and the WCC in Geneva and through joint studies with the ICC and active participation in Lutheran-Reformed conversations. The Department has also provided the channel for communication between the new Panel on Church Union and member Churches requesting advice. In conjunction with the Alliance observers at the Fourth Session of the Vatican Council, a three-language "Theological Commentary on the Thinking of Vatican II" is in process of preparation for study by member Churches. Member Churches are requested to notify the Theological Secretary of ongoing national or regional studies.

(3) *Office of Information.* No major changes were made during the year in the format of either the *Reformed and Presbyterian World* or the *Reformed and Presbyterian Press Service.*

Checks run from time to time on the papers receiving RPPS show that lineage used compares favorably with EPS of the WCC and the information service of the Lutheran World Federation, There is need, however, to reach Church papers we do not now service, especially those at the regional and local levels.

Financially, the RPW continues to operate on a break-even basis, with circulation stabilized at about 11,000. In its three editions, RPPS circulation figures are: English, 350; French, 115; German, 120.

The press service was made available to individuals on a subscription basis in February, though this fact is not widely known. Paid subscriptions are now very few in number. Without some investment in advertising, this area will be very difficult to develop. The goal should be to achieve at least relative comparability in distribution structure to EPS, i. e., a ratio of 5 paid subscriptions to 1 gratis.

An attractive new brochure on the Alliance's work was published in November. Distribution has already surpassed 15,000 copies in the USA alone. Prepared by the Reverend James E. Andrews, it is by far the best piece of this nature the Alliance has ever had. During the year the photographic materials in the archives have been catalogued and are available to member Churches on a cost basis. The Information Office receives several requests per week for specific assistance, which are always gladly answered within the Secretary's ability to do so. A first effort has been made to provide, upon request, information packets about the Alliance, suitable for use as display material in a variety of ways. Exploration of the possibility and usefulness of occasional youth news letters continues within the context of continuing discussion of youth's appropriate role in the Alliance.

The programme goals envisioned for the new Department of Cooperation and Witness contain rather far-reaching implications for the work of the Information Office. Since much of the Department's programme will be realized in the sharing of Information and experience among the member Churches, it is anticipated that its work will increasingly fructify the pages of the RPW and RPPS. It may even be that the Department's creation represents the most significant new factor in the work of the Information Office in 1965.

(4) *Department of Finance.* The Department of Finance met at Baguio under the chairmanship of Mr. H. M. Jackson. It was happy to report that the majority of member Churches now contributing to the Alliance budget have agreed to increase their contributions by 50%, as the 19th General Council had recommended. Nonetheless, the Department hopes that Churches which do not yet participate in financing the work of the WARC will undertake to do so in 1966.

(5) *Department of Cooperation and Witness.* Under the energetic guidance of its Chairman, Dr. Margaret Shannon, a number of cooperative projects have already been started. It is too early to judge results, but it is certain that, thanks to the work of the Department, a new cooperation has begun to manifest itself in the relations between a number of WARC member Churches, and for this we are very grateful.

V. *Committees*

(1) *Special Committee on the Publication of Calvin's Sermons.* The Chairman, Dr. McCord, was able to announce to the Executive Committee that three volumes of sermons have now been published: those on II Samuel (edited by Professor Rueckert, Tuebingen), on Isaiah 13-29 (edited by Professor Georges Barroris, Princeton), and on Micah (edited by Professor J. D. Benoit, Strasbourg). Other volumes will appear in coming years.

(2) *Special Committee on the Translation of Calvin's Institutes into Portuguese.* During the last session of the Executive Committee, Dr. McCord, Chairman of the Committee, reported that the translation has been finished, and that Professors Maurer and Salun of Brazil have assumed responsibility for revising the manuscript for publication. Dr. Lineu Schuetzer of Sao Paulo has taken charge of the final stages of publication of this important work. One can hope that at least the first part of the Portuguese edition of the Institutes will be published in 1966.

(3) *Calvin Auditorium.* The WARC was responsible for restoration of this historic building (1956-1959) and entered into an agreement to take over its administration for a period of 50 years. Several foreign-language congregations in Geneva use it as their place of worship and the center of their parish life. Many tourists visit this shrine of Reformed Protestantism, especially during the summer months. A major problem is that it is very difficult to keep a dependable caretaker.

VI. *Organized Areas*

(1) *The North American Area* held its annual assembly at Niagara Falls, Ontario, Canada, January 12-14, 1965. The Administrative Committee and the Theological Commission of the Area met on several occasions. We would like to express our gratitude to the North American Area, which bears the major share of financial responsibility for the work of the WARC. It is with regret that we see the departure of the Reverend Dr. Silas P. Bittner, who has served so ably and so long as Area Treasurer.

(2) *The Administrative Committee of the European Area* met at Warsaw, Poland, in May. The Area Theological Commission met in Duesseldorf, Federal Republic of Germany, in September.

(3) *British Churches' Committee* is organized within the European Area. We note with sadness the death, in January, 1965, of the Committee's Treasurer, Mr. Ben D. Cooke. Mr. Cooke was a very active layman in the Presbyterian Church of England and was for ten years a member of the WARC Executive Committee. His death was a great loss to all of us, for Mr. Cooke gave unstintingly of himself to the work of the Alliance. He has been succeeded as Treasurer by Miss Christiane Kenyon, who has been his co-worker for many years. We would like to express our gratitude to Miss Kenyon. The Reverend R. E. Fenn, Secretary of the British Churches, Committee for some years, has been replaced by Principal A. G. MacLeod of Westminster College, Cambridge. We would like to express our gratitude to Mr. Fenn for all he has done for the Alliance. The Committee met at Westminster College, Cambridge, in September.

VII. *Conclusion*

Let us not forget that the theme of our last General Council was "Come, Creator Spirit!" It was a call to renewal, and has lost none of its urgency. In our time, the Roman Catholic Church has had the courage to examine itself for three years in the Vatican Council, and there are many signs that it is being shaken by movements of reform. Thus it is even more important in the future than it has been in the past that we who are called Reformed Christians be ever renewed by the power of the Holy

Spirit in complete obedience to Holy Scripture. We dare not forget that the Church is not just *in* the world, but that it is there *for* the world, *for* this world for which Christ died and was raised from the dead. Now, our world knows misery, hunger, hate. We must not forget that at this year's end, while we celebrate the birth of the Saviour, wars are raging in many places. We ask the Lord for grace that our Churches may be truly a sign of his love and instruments of reconcilation in the midst of the world.

Respectfully submitted,
MARCEL PRADERVAND, *General Secretary*

APPENDIX 3

WORLD ALLIANCE OF REFORMED AND PRESBYTERIAN CHURCHES REPORT

by

The North American Secretary

The North American Secretary is elected by the General Council of the World Alliance, serves without remuneration, and reports annually to the Executive Committee of the World Alliance, to the Area, and to the judicatories of the thirteen member communions of the Area. He is assisted by the staff of Princeton Theological Seminary. Again this year he wishes to express special gratitude to Mrs. L. W. Rowles and to the Reverend James E. Andrews for the services they contribute to the Alliance.

Constituent Members of the Alliance in the North American Area, at January 10, 1966, are:

Associate Reformed Presbyterian Church, Cumberland Presbyterian Church, Second Cumberland Presbyterian Church, Guiana Presbyterian Church, Hungarian Reformed Church in America, Presbyterian Church in Canada, Presbyterian Church of Jamaica, Presbyterian Church in Trinidad, Presbyterian Church in the United States, Reformed Church in America, United Church of Canada, United Church of Christ, United Presbyterian Church in the United States of America. The total number of communicants is 3,302,839.

The preparation of the 1966 program has been under the leadership of the Chairman of the North American Area, the Reverend Marion de Velder, and in consultation with the Administrative Committee. It is significant to note the increasing number of lay persons who have become involved in the program of the Alliance and who continue to find the Holy Spirit theme significant for their life and work.

The Secretary carries on an extensive correspondence in behalf of the Area and of the Alliance. This includes responsibility as Chairman of the Department of Theology and of two very interesting committees, one that is supervising the translation and publication of Calvin's *Institutes* into Portuguese and the other editing and publishing Calvin's hitherto unpublished sermons. In addition, his office has prepared the programs and mimeographed various reports and addresses that will be given at this meeting.

The Secretary has prepared the agenda for and attended all meetings of the Administrative Committee (two annually, in addition to meetings in connection with the Area Council), has attended the meetings of Lutheran and Reformed theologians, the meeting of the Executive Committee in Baguio, Philippines, and visited the Reformed Churches of Rumania.

The 1965 meeting of the Executive Committee was significant for several reasons. It was the first held in the Far East, it was attended by a substantial number of leaders from the "Younger Churches," or, better, our "Sister Churches," it created a new Department of Cooperation and Witness, and it enabled members to participate in the centennial of the Church in Formosa. Two great rallies were held in Formosa, one in Tainan where more than 30,00 participated in a dramatic march, and the other in Taipei, where more than 10,000 took part in a rally in an indoor sports arena. This heroic Church has more than doubled its membership during the past decade and is a reminder to our Churches of our obligation to evangelize.

The North American Area has been represented by an observer at all sessions of the Second Vatican Council. The first was Professor James Hastings Nichols of Princeton Theological Seminary, the second Professor Robert McAfee Brown of Stanford University, the third Professor John Newton Thomas of Union (Virginia) Theological Seminary, and the fourth the Reverend Richard H. N. Davidson, immediate past Chairman of the Area.

The Committee of Reformed and Lutheran Theologians continues its work. It has met annually for four years and is scheduled to complete its assignment at its next meeting in February, 1966. The North American Area is represented by eight members, six from member communions and one each from the Orthodox Presbyterian Church and the Christian Reformed Church. Three small books, containing papers on "Evangelical Faith and the Authority of the Scriptures," "Christology and the Lord's Supper," and "Justification and Sanctification," have been published and distributed widely. This series bears the general title, A REEXAMINATION OF LUTHERAN AND REFORMED TRADITIONS. The final round of conversations will include an assessment of the papers and summary statements of the three preceding meetings as well as two new papers dealing with "Ethics and Ethos." An attempt will also be made to clarify further steps to be taken, including the question of pulpit and altar fellowship. It is quite clear, however, that the Committee and, indeed, the Area are not the responsible bodies here.

A substantial part of the work of the Area between annual meetings is carried on by two Committees and one Commission.

(a) The Commission on Civil and Religious Liberty is chaired by the Reverend Elwyn A. Smith, does most of its work between sessions by correspondence, has an executive committee which is empowered to meet and act when the Area Council is not in session, and reports annually.

(b) The Theological Committee is chaired by the Reverend Professor Allen O. Miller of Eden Theological Seminary, meets annually in the autumn and again on the day before the Area Council convenes, carries on its own agenda of theological work as well as working closely with the Department of Theology of the Alliance.

(c) The Church Cultivation Committee is chaired by the Reverend David G. Colwell and is responsible in the following areas:

(1) To encourage Reformed Churches in North America to become members of the Alliance and to recommend any such new members to the Alliance.

(2) To explore ways in which developments in the life of the constituent members might be shared.

(3) To receive, examine, and recommend disposition of any proposals of mutual service among member Churches.

(4) To propose consultations and projects which might be of interest to member Churches.

(5) To channel with appropriate comment communications and studies from one member Church to all others.

(6) To assure leadership in making the Reformed witness in the ecumenical movement.

July 6, 1965, was the 550th anniversary of the martyrdom of Jan Hus. Because of the significance of this

anniversary for the life of the Church today, the North American Area of the World Alliance of Reformed and Presbyterian Churches, in cooperation with the USA National Committee of the Lutheran World Federation, requested congregations of all communions to commemorate the death of Hus and the principles for which he stood on Reformation Sunday, 1965, in special services in local churches and in community-sponsored services. To help facilitate this observance the Alliance sponsored the publication of the following four articles, along with a brief bibliography prepared by a renowned Hus scholar, Professor Matthew Spinka: *"In Memoriam" of John Hus,* by Matthew Spinka, *The Life and Death of Jan Hus,* by Otakar Odlozilik, *The Heritage of John Hus,* by S. Harrison Thomason, and *Jan Hus in the Era of Vatican II,* by Dom Paul de Vooght. A special vote of gratitude is owed the Reverend Frank Heinze, who is responsible for the preparation of the booklet which had wide distribution and was also responsible for the wide publicity which this event received.

Respectfully submitted,
JAMES I. McCORD, *North American Secretary*

APPENDIX 4

THE NATIONAL COUNCIL OF CHURCHES OF CHRIST IN THE U.S.A.

This is the first year in which an annual report of the National Council of Churches has been published. Previously only a much briefer mimeographed report has been offered. Copies of this years 40 page printed report are in the hands of the Assembly's Permanent Committee on Inter-Church Relations; copies are available to the Standing Committee.

Individuals desiring a copy may write to the Department of Information, National Council of Churches, 475 Riverside Drive, New York, N. Y. 10027, request a copy of "The Work of the Churches Through the National Council, 1965," and enclose $1.00.

Commenting on the report, Dr. R. H. Edwin Espy, General Secretary of the National Council, noted: ". . . the work of the Council is demonstrably the work of the churches jointly entered into rather than the accomplishment of a corporate entity which is making its own separate contribution . . . Every program and activity identified in the report is *the work of the churches* through the medium of the Council. Not all of the thirty member churches are in every activity, but no program herein described was entered into without broad constituency approval and no policy, upon which program is dependent, was adopted without overwhelming support from the representatives of the member communions who sit on the General Board."

REPORT OF THE BOARD OF DIRECTORS OF THE MOUNTAIN RETREAT ASSOCIATION

The Mountain Retreat Association enters 1966, which makes the sixtieth anniversary of Montreat as the Conference Center of the General Assembly of the Presbyterian Church in the U. S., with thanksgiving to God for the evidence of His Presence in this place of retreat and renewal across the years.

Harry K. McDonnold

Mr. Harry K. McDonnold, who served as Business Manager of Montreat for nine years, died of a heart attack on July 16, 1965. The Montreat Community and a great company across the Church heard the news with sorrow and thanksgiving for his ministry to the Church of Christ.

A. Heath Whittle

Mr. A. Heath Whittle, Assistant Director of Athletics in Davidson College, resigned as Director of Montreat Clubs, after serving in this capacity since 1949. Thousands of children and youth have spent memorable summers in Montreat under his able supervision. Mr. Charles Lawrence Wilson, Director of the Physical Education Department of Montreat-Anderson College, has been elected to succeed him.

Lay Schools of Theology

The Lay School of Theology program will begin in Montreat in the fall of 1966 with four schools. Each will bring to the retreat center about fifty men and women of the same profession who will spend three to five days in fellowship, study and prayer, seeking the meaning of the Christian Faith for them in our time. The most competent leadership will be sought for each school. They will be under the direction of Mr. E. A. Andrews, Jr., Vice-President of Montreat in Charge of Conferences. The chairman of the Planning Committee is Dr. Frank Caldwell, Executive Director of the Presbyterian Foundation, Inc. (U.S.)

The Assembly Inn

The back wing of the Assembly Inn has been renovated and refurbished. It is expected that the west wing will be renovated and refurbished in the fall of 1966, which will complete the renovation program begun in the fall of 1963. The total cost will be $816,000.

The Mountain Retreat Association has received a grant of $100,000 from a Foundation which will be used to construct a Convocation Hall adjacent to the Inn. It will then be fully equipped to serve the whole Church as a year-round Church Conference Hotel with 106

bedrooms, nine small conference rooms and a Convocation Hall to accommodate groups up to 200.

A Statement of Policy

The following Statement of Policy has been adopted by the Board of Directors:

1. The purpose of Montreat is to serve the whole Church as a place of renewal.
2. As an agency of the General Assembly its primary purpose is to serve as the year-round conference center for the Boards and Agencies of the General Assembly.
3. The Boards and Agencies of the General Assembly have priority over all other groups in the use of Montreat facilities.
4. The Board and Agencies of the General Assembly have exclusive use of Montreat facilities as a whole or any facility when the proposed conference is sufficiently large to require it.
5. Montreat makes its facilities available to other church courts and groups of the Presbyterian Church in the U. S., ecumenical groups, other denominations, and church-related and educational groups when they are not needed by the Boards and Agencies of the General Assembly.
6. In order to provide the facilities and services needed for conferences, Montreat must employ a permanent and a seasonal staff and other personnel. When its facilities are not used, the deficit must be paid from the benevolent funds of the General Assembly.
7. Montreat is committed to the Boards and Agencies of the General Assembly and to all groups holding conferences here to provide housing, meeting places, equipment and other needs to the limit of its facilities and ability.
8. Montreat has the following sources of revenue from conference groups: the Conference Fee paid at the gate in the summer season and the amount paid by persons entertained in Montreat hotels. All meeting places and other facilities are provided without cost to the conference.
9. Montreat needs the full cooperation of all groups in the scheduling of conferences. They should be scheduled at least one year in advance of the conference. It should be recognized that when a conference is cancelled less than one year in advance, the deficit for the operation of Montreat is increased and the cost is paid out of benevolent funds.

Montreat-Anderson College

Montreat-Anderson College enrolled 401 students in the fall of 1965. In the fall of 1966 the college will accept 450 students. The new dormitory to house 150 women will be ready for occupancy in the fall of 1967.

The college has received a grant of $137,000 toward the construction of a new Science Building, estimated to cost $425,000. The remainder of the cost will be sought from foundations and friends of the college.

The college was founded in 1916 and is observing its fiftieth anniversary with appropriate convocations and other features. Dr. William H. McCorkle, former Moderator of the General Assembly, is serving as chairman of the Anniversary Committee.

Trustees

Three Trustees of Stock of the Mountain Retreat Association in the Class of 1966 are not eligible for re-election: Reverend Robert A. Pfrangle, Reverend Robert R. Collins and Reverend Frank B. Estes.

Respectfully submitted,
C. GRIER DAVIS, *President*

REPORT OF STILLMAN COLLEGE

On behalf of the Board of Trustees of the College, I have the honor of presenting to the General Assembly the report of the work of the College for the year 1965. The Board is composed of 25 members, 24 of which are classes of eight each; one class receiving appointment by the General Assembly at each meeting of the Assembly. The other member, the Reverend Lawrence Bottoms, is ex officio because of his relationship to the work of the Board of Church Extension.

New members appointed by the 1965 General Assembly and welcomed to the Board at its October meeting were Dr. Russell W. Brown of Tuskegee Institute, Alabama; Mr. George A. LeMaistre of Tuscaloosa; and Dr. Albert C. Winn, President of Louisville Presbyterian Theological Seminary. Dr. Winn is now Chairman of the Board and Mrs. S. W. Washington continues as Secretary.

1. A total of 93 students received degrees from the College in 1965, 23 in February and 70 in June. In September 208 freshmen, the largest class ever to enroll in the history of Stillman, registered for the fall term.

2. Four honorary doctor's degrees were awarded by the College at its June, 1965 Commencement. Recipient of the Doctor of Humanities degree was Dr. Samuel D. Proctor, Associate General Secretary of the National Council of the Churches of Christ in the U.S.A. Recipients of the Doctor of Divinity degree were the Reverend Irvin Elligan, Jr., Associate Secretary, Division of Christian Action of the Board of Education of the Presbyterian Church, U.S.; and the Reverend Joel E. Mayes, minister of the Oak Park Presbyterian Church, New Orleans. The Reverend Walter D. Sheppard, Area Secretary for Africa, Europe and the Near East of the Presbyterian U. S. Board of World Missions, was awarded the Doctor of Literature degree.

3. The inter-institutional relationship between Stillman and Indiana University, begun in 1964, continued through 1965 on a most fruitful basis. A new freshman program has been initiated with the cooperation of Indiana University and funded by the Carnegie Corporation. This program places emphasis on communications and English and is especially designed to assist young people from disadvantaged academic backgrounds. Additionally, a full library consultation has been conducted and plans are being laid with Indiana for a thorough-going library development program. The two institutions have continued cultural exchanges and lectures and the training of Stillman faculty. Several Stillman students have been given full scholarships for a summer's study at Indiana, and now four Stillman graduates are pursuing advanced degrees at Indiana University Graduate School on fellowships. Indiana and Stillman have jointly consulted on proposals to foundations and the government to underwrite new and existing programs. An experimental science program is being conducted with the help of Indiana University and is especially designed for students with substandard secondary school training. This program is innovational and is being carefully watched by both institutions for value it may contain for other situations involving disadvantaged young people.

4. In cooperation with The George Washington University, Stillman has initiated a new seminar in political science and government for Negro youth. This seminar involves bringing outstanding guests to the campus and a trip to Washington, D. C., for 20 Stillman juniors. The program is underwritten by a substantial foundation grant.

5. The Samuel Burney Hay College Center is now nearing completion. A portion of the building is already in use by the College community and is proving a valued addition to the life of the campus.

6. A new residence hall for women, to be named the Frances Dearing Hay Hall is now under construction, and is expected to be ready for occupancy by the opening of the 1966 fall term. This dormitory will add much-needed space for our growing student body.

Our beloved President Samuel Burney Hay retired on September 1, 1965. Dr. Hunter B. Blakely, former Executive Secretary of the Division of Higher Education of the Board of

Christian Education, Presbyterian Church, U.S., ably served as interim President for the first two months thereafter.

The financial report for the year 1965 follows.

Respectfully submitted,
KNUTE O. BROADY, *Acting President*

REPORT OF AUSTIN PRESBYTERIAN THEOLOGICAL SEMINARY

Ownership The Seminary continues under the ownership and direction of the Synods of Arkansas, Louisiana, Oklahoma and Texas. No change is currently contemplated.

Objectives The central purpose of the Seminary is to train persons for the parish ministry. To this other responsibilities have been added: courses of study for missionaries, for leaders in Christian Education or Campus Christian Life; instruction in Bible for University students; continued stimulation for parish ministers and lay leaders through library extension service, graduate work, special convocations and resident study periods to which parish ministers are invited.

Trustees Twenty-four Trustees, elected by the several Synods, direct the work of the Seminary. Officers of the Board are: Glenn A. Railsback, Pine Bluff, Arkansas, Chairman; William J. Murray, Jr., Austin, Texas, Vice-Chairman; H. Edwin Pickard, Beaumont, Texas, Secretary. John W. Smiley is the Treasurer of the Seminary.

Accreditation The Seminary is an accredited member of the American Association of Theological Schools and a member of the Council of Southwestern Theological Schools. Professors hold membership in various learned and scholarly societies.

Faculty A faculty of thirteen gave full time to Seminary responsibilities during the year. In addition, two University of Texas professors were used to enrich the curriculum with special courses.

Library The Board of Trustees has called Calvin C. Klemt as Librarian effective July 1, 1966, replacing Norman D. Dow who resigned to do graduate work in St. Andrews, Scotland. Mrs. Myron Braun served as Acting-Librarian during the year. Growth of the Library continues with total volumes numbering more than 76,000.

Students There were 34 graduates in 1965, of whom one received the Th.M. degree and 29 the B.D. degree. Two were granted the Diploma, one the Certificate of Work Done, and one the Certificate for the Missionary Training Course.

The number registered in Seminary the spring semester for the following academic years:

Seniors	19	32	34	39
Seniors on Intern Year	6	6	10	4

Bible instruction to University of Texas students, for credit toward their University degree, was offered through the Presbyterian Bible Chair by Stuart S. Currie.

Curriculum Dean of Faculty, Prescott H. Williams, Jr., is leading the faculty in a complete restudy of curriculum, using as additional resources students, parish ministers, and trustees. Current offerings include a course in Ethics offered in conjunction with the University of Texas and the Episcopal Seminary.

Extra Services The Seminary serves the church widely through its program and by participation of faculty and students in supplying pulpits each Sunday (the Field Education Office supplies regularly some 36 vacant churches); in leadership training schools, preaching missions, individual conferences, etc.

The Community Understanding Program for Juniors was enlarged by the Field Education Department, giving a larger percent of first year men acquaintance with local problems and service resources by riding patrol cars at night, cruising in taxi cabs, observing in hospital emergency wards, calling with social workers, etc.

Continuing Education groups were scheduled throughout the year with some seventy ministers participating. The Traveling Faculty program, in which a staff member meets with a group of ministers at some central place in our controlling Synods to lead them in a study, has been continued.

Robert McAfee Brown, Walter D. Wagoner and Balmer Kelly composed an exciting team at Mid-Winter Lectures.

Campus The new residence for the Dean of Students, on Campus at 2900 Speedway, was completed and occupied in August, 1965.

Three contiguous properties were purchased and added to the Seminary Campus during the year. The present improvements on these properties, all on 30th Street, will currently provide housing for married students.

The University of Texas is in the process of acquiring several tracts of land by right of eminent domain. One tract includes the Seminary property east of Speedway Street, containing an old faculty residence and the "courts area" of married student housing. Appraisal of the Seminary property is now underway, and negotiations between the University and Seminary may start soon. A Committee of the Board of Trustees will represent the Seminary in negotiations.

Finance—Capital Funds Additional receipts of $6,684.75 during the past year have brought Synod of Louisiana campaign receipts to a total of $237,436.61 as of February 15, 1966. The campaign has officially closed.

Receipts of $5,356.75 during the past year have brought Texas T. F. C. campaign receipts to a total of $1,129,190.69.

A bequest of $8,450.11 has been received from the estates of the Misses Flora and Bessie McNeill of San Antonio, designated for endowment.

The Presbyterian Foundation of Arkansas has credited $3,327.24 to the Seminary as a distribution of funds received from the Becknell estate.

Operating The audit report for the Seminary's fiscal year 1964-65, shows budget expenditures of $374,897.89, up 7.4% from the preceding year. Budget income was $375,357.29, leaving a net income for the year of $459.40.

REPORT OF COLUMBIA THEOLOGICAL SEMINARY

Expansion Program

It is with deep gratitude that we report the successful completion of the Seminary's Expansion Program Campaign for $5,000,000. This undertaking was launched in 1959 with the hope that it could be completed in five years. Although subscriptions for the necessary amount had been secured within that time, it was not until the closing days of 1965 that the total could be collected in cash. As a result of this campaign, approximately $2,300,000 has been spent on enlarging and improving the physical equipment of the seminary, while the endowment has been increased by $2,700,000. Six members have been added to the faculty during this period, although it is still necessary that funds be raised on an annual basis to provide a large part of the expense which this has involved. Twenty thousand new books have been purchased for the library, and the annual budget for books and periodicals has been doubled. The salaries of faculty and staff members have also been substantially, but by no means sufficiently increased.

While the progress which has been made is gratifying and encouraging, it cannot be accepted as any basis for complacency. The able committee which surveyed the institution's work in 1958 recommended that $5,150,000 be secured at once but estimated that an additional $5,900,000 would be needed by 1970. When the same committee restudied the situation in 1965 it increased its estimate, and stated that the constituency of the seminary should address itself in the near future to securing $12,500,000 to provide here an institution of the quality needed by the church. Hence, it is required of us that we continue without cessation an effort to secure additional funds. Plans are being made in the Synod of Georgia for a joint campaign in behalf of its educational institutions to be conducted in 1966-67 with Columbia Theological Seminary as one of the beneficiaries. In the Synod of Florida a joint campaign in behalf of Columbia Theological Seminary and Florida Presbyterian College is scheduled for the year 1968. It is hoped that the way will soon open for a further presentation of the seminary's needs in each of the other supporting synods.

Fiscal Record

The Auditors Report for the year 1965 indicates that by careful economy the seminary was able to maintain a balance between income and expenditures. However, this record should not be taken for a moment as indicating that the operating needs of the institution are being met in a satisfactory manner. Salaries of faculty members are still at a lower figure than is appropriate, and the income provided for these men is not commensurate with what they should have in view of their experience, their special training, and their family responsibilities. We are having this year to make substantial increases in the salaries provided for

secretarial help in our office and for the janitorial and kitchen staffs, in order to provide anything like the same compensation which is available in the business world. Expenses for maintenance, repair and operation of our fiscal plant are constantly increasing. There is need for us to provide a larger amount in scholarship aid for students, and also a need for new members to be added to the faculty. Hence, we are asking the supporting synods of South Carolina, Georgia, Florida, Alabama and Mississippi that support through their benevolent budgets be increased as rapidly as possible.

Student Body

The work of the 1965-66 session has been generally satisfactory. There is reason for some concern in the fact that the entering class this fall was somewhat smaller than for several years past. However, the total enrollment is approximately the same as for last year, and the report of that enrollment by classified groups is as follows:

First Year Class	57
Second Year Class	56
Seniors	68
Graduate Students	30
Theological Interns	7
Special Students	13
Auditors	6
M.C.E. Candidates	10
Total	247

Present indications are that the entering class which will enroll next September will be of approximately the same size as last year.

Faculty

There have been several major changes in the faculty during the year. Dr. Harry Beverly resigned as Associate Professor of Homiletics at the end of the Spring Quarter in order to become Associate pastor of the Trinity Presbyterian Church of Atlanta. The institution has been fortunate in securing Dr. P. D. Miller as Guest Professor of Homiletics in his stead, though, in so doing, it lost the services of an exceptionally able and useful Chairman of its Board of Directors. We are pleased that as a near neighbor, Dr. Beverly has also consented to continue teaching certain courses in Homiletics as Visiting Professor.

Dr. Neely D. McCarter has indicated that he expects to resign at the end of this seminary session in order to accept a call to become Professor of Christian Education in Union Theological Seminary of Richmond, Virginia. It is expected that his successor will be elected at the meeting of the Board of Directors in May.

Dr. Manford George Gutzke will retire this summer after twenty-seven years of useful service as Professor of English Bible and of Christian Education. He will be greatly missed from his place on our campus and we would record our deep appreciation for the large contribution which he has made to the work of the seminary and to the lives of his students.

Rev. J. Will Ormond, who is presently studying at the University of Glasgow, will enter upon his duties as a teacher in the Department of Biblical Theology in September. Plans have also been made for the election of an Associate Professor of Pastoral Theology and Counseling who is expected to be a member of the faculty during the 1966-67 session.

Dr. S. A. Cartledge is on Sabbatic leave for the year and is engaged in study at the British Museum.

New Curriculum

A committee of the Faculty has been engaged throughout the past year in a study of the institution's curriculum. As a result of that study a revised and improved curriculum will be in effect for the class which will be enrolled in September of 1966. The complete implementation of the new program of studies, however, will require a period of three academic sessions.

Continuing Education

The Seminary has substantially enlarged its Continuing Education Program and approximately 90 ministers will have been on our campus for twelve day periods of intensive study before the year closes. The enthusiastic response of those in attendance leads us to feel that this is coming to be one of the most important services rendered by the institution to its constituency. It is our intention to continue and enlarge this program as rapidly as that is possible, although here to there is a real need for more adequate financial support than is presently available. A full time Director of Continuing Education should be appointed as soon as the necessary salary can be provided.

Dr. J. R. McCain

The seminary, in company with the entire church, suffered heavy loss last October through the death of Dr. J. R. McCain. For thirty-three years Dr. McCain had been a member of its Board of Directors and for most of that time had been its Vice-Chairman and had served on its Executive Committee. No man had been more deeply concerned for the institution's welfare than he, and few, if any, had contributed so much to its increasing stature as a school for the training of ministers. We are profoundly grateful to the God who gave him to the seminary and to our Church for so long a span of service.

REPORT OF LOUISVILLE PRESBYTERIAN SEMINARY

Relationships

Louisville Presbyterian Theological Seminary is the only seminary jointly owned and controlled by the Presbyterian Church in the United States and the United Presbyterian Church in the United States of America. This has been true for the last 64 of its 113 years. Relationship to the U.S. Church is through the Synods of Alabama, Appalachia, Kentucky, Missouri, and Tennessee. Relationship to the U.P. Church is through the Council on Theological Education of the General Assembly. The U.P. Synods of Kentucky, Mid-South, and Florida sustain a special relationship through the election of directors.

The New President

Dr. Frank Hill Caldwell terminated 28 years' service as president of the Seminary on September 30, 1964. Dr. Julian Price Love, Professor Emeritus of Biblical Theology, served as acting president from that date until January 31, 1965. On February 1, 1965, Dr. Albert Curry Winn assumed office as president. Elected by the Board of Directors the previous October, Dr. Winn came to the presidency after five and one half years as Professor of Doctrinal Theology in the Seminary. Plans for his formal inauguration will be announced later.

The Board of Directors

New Directors elected during the past year include Dr. William F. Ekstrom and Mr. Robert Hawley of Louisville, Kentucky, Dr. R. L. McLeod of the Synod of Tennessee, and Dr. John Crowell of the Synod of Alabama. The Board has held two full meetings during the year, in addition to numerous meetings of its Executive Committee. Officers of the Board are Mr. Lyman Dawson, Chairman; Mr. Donald Dinning, Vice Chairman; Reverend Arthur Hall, Secretary; Mr. Leland Schlegel, Treasurer.

The Faculty

The seminary has operated this year with several vacancies in the faculty. Dr. Kenneth G. Phifer, Professor of Homiletics, resigned to become pastor of St. Charles Avenue Presbyterian Church in New Orleans. Dr. Albert C. Winn, Professor of Doctrinal Theology, had to reduce his teaching drastically in order to assume duties as president. Dr. A. B. Rhodes, Professor of Old Testament, has been on a year-long sabbatical leave in Germany. Extra teaching by Professor Goodykoontz and Salmon, plus courses offered by professors from Southern Baptist Seminary have made it possible to offer all necessary work. Efforts are under way to call men to the chairs of homiletics and doctrinal theology and to add a new professor in the field of practical theology. When those chairs are filled the faculty will number 15 full-time members and four part-time instructors.

The productive work of the faculty continues with books published during the year by four professors.

The Student Body

Enrollment at the seminary this year is 136. This is a marked drop from 156 last year. We anticipate an upswing in enrollment next fall. Students currently enrolled are from 28 states and one foreign country. Of 123 Presbyterian students, 81 are UPUSA and 42 are US. Students of other denominations number 13.

The Curriculum

Intensive curricular studies continue to occupy faculty time and attention. Visiting experts have been brought to the campus for one day conferences. The basic objective will be to retool curriculum structures so that traditional disciplines may be focused upon the actual problems men meet in their ministry. As a pilot project, an interdepartmental course for Juniors on "Theology and Mass Culture" has been taught in the current year by faculty from the biblical, theological, and practical divisions.

Continuing Education

In 1965, the Louisville Scholars Program provided the opportunity for 25 pastors to spend two weeks on campus as guests of the seminary, pursuing (with faculty guidance) independent study projects of their own choosing and meeting with each faculty member in a series of two hour seminars. The Directed Study Program was enlarged by the addition of five new study guides; a total of 87 persons participated in one of the 27 home study courses available in the program. A new continuing education program, the Institute of Laity and Ministry, assembled fifteen invited pastors and lay people from six churches in a three-day intensive study of the nature of the ministries needed by the church, the ministry of the laity, and related questions.

The Campus

The seminary is now in its third year on its beautiful and functional new campus. If the Fifty Million Fund Campaign, now underway in the United Presbyterian Church, is successful, the two sponsoring churches will each have paid half the cost of the new plant.

Financial Condition

Present indications are that the current fiscal year will end without a deficit. The budget for Education and General Expenses for 1966-67 is now estimated at $419,000, as compared with $411,500 for 1965-66. This increase of approximately 2% is largely due to normal service and merit raises for non-academic employees, increases in social security paid by the seminary, and moving expenses for professors who will be called to fill currently vacant chairs.

During 1965 the seminary received settlement of four bequests for a total of $8,600. Total capital assets (including plant and plant funds) as of the May 31, 1965 audit were $8,816,184, of which endowment funds were $2,994,610.

Enlarged Service

Louisville Seminary exists to serve the church. This service includes not only the education of pastors, which is primary, but the continuing education of ministers, the development of scholars, the production of scholarly contribution in theological disciplines, and the participation of its faculty in the program of Assembly, Synods, Presbyteries, and local congregations. The churches have given the seminary unmatched physical facilities for this service. What is needed now is support for an enlarged faculty to utilize these facilities to the utmost. Without government funds, wealthy alumni, or extensive foundation grants, the seminary must look solely to the church—its current giving and the bequests of its members—for this support. Likewise the seminaries must look to the church for students—better students and more of them—if it is to serve the church as it desires to serve.

REPORT OF UNION THEOLOGICAL SEMINARY IN VIRGINIA

The Administration and Trustees of Union Theological Seminary in Virginia respectfully present to its controlling and affiliated courts this report concerning affairs for the academic year 1965-66.

Trustees

The sudden death of the Chairman of the Board of Trustees, Mr. Herbert W. Jackson, Jr., on March 22, 1966, has brought a great loss to the Seminary. For three years Mr. Jackson served with distinction as Chairman of the Board and rendered remarkable service through his dedicated leadership. Mr. Jackson was most active in the preliminary planning and conduct of the Seminary ADVANCE campaign and gave unselfishly of his time and energy to this cause. He will long be remembered as a loyal and devoted friend of Union Seminary and the cause of preparing men for the ministry of the Gospel.

Four new Trustees have been nominated by the Synods for the Seminary to be elected at the annual meeting of the Board of Trustees this spring. They are: Mr. William B. McGuire of Charlotte, N. C.; Dr. David R. Holt, II, of Waynesboro, Virginia; Mr. Stewart Bell, Jr., of Winchester, Virginia; and the Reverend Ralph L. Underwood of Williamson, West Virginia.

Faculty and Academic Affairs

During the academic year, one new professor has begun his teaching responsibilities, Professor H. Mc-

Kennie Goodpasture, Jr., who is serving as associate professor of Christian missions. Dr. Goodpasture served until last July, 1965, as Dean of the Presbyterian Seminary in Portugal. His keen interest and enthusiasm for the mission of the church in the world community is already appreciated by the student body.

Two additional faculty members have been called and will begin teaching at the Seminary in September. They are Patrick Dwight Miller, Jr., who will be associate professor of Old Testament, and Neely Dixon McCarter, who will be professor of Christian education. Dr. Miller holds the Ph.D. degree from Harvard University and for nearly three years served as pastor of a church before accepting the call to the Seminary faculty. For the past several months he has been studying in Jerusalem. Dr. McCarter, whose doctorate was awarded by Yale University, has served as a chaplain to students at the University of Florida and for the past five years has been teaching Christian education at Columbia Theological Seminary.

The faculty of Union Seminary is involved in progressive revision of the curriculum. A new and substantially revised curriculum was introduced in 1964 which attempted to deal realistically with the congestion developing in the Seminary curricula in recent decades. Response to the new curriculum has been good, and the faculty is making additional modifications as circumstances demand. One change, to be implemented next September, is a new academic calendar consisting of two long quarters and a short quarter during the month of January. The January quarter promises many benefits since it will provide opportunity for concentrated study by both students and returning alumni over the four week period.

Also adopted by the faculty, for initiation in September, 1966, is a new graduate degree program. The new program, leading to a Master of Sacred Theology, is a limited-residence program especially designed for pastors. Through special courses given in the two long quarters, in a four-week summer term, during the January term, and by directed study, participants in the new program can over a period of several years meet the necessary academic requirements for the S.T.M. degree. The Seminary will continue to provide graduate training leading to the Th.M. and Th.D. degree as it has in the past.

Student Affairs

For the academic year 1965-66, Union Seminary has had a total enrollment of 207. Of this number, 136 are members of the Presbyterian Church, U.S., and 17 are members of the United Presbyterian Church in the U.S.A. Forty-four presbyteries in our denomination are represented in the student body. Students have come from 28 states and 8 foreign countries.

It is expected that in May, 1966, the Seminary will award degrees as follows: 5 Doctor of Theology degrees; 18 Master of Theology degrees; and 40 Bachelor of Divinity degrees. As these men graduate, most will proceed directly into the parish ministry.

Continuing Education

For over a decade, the faculty of Union Seminary has accepted responsibility not only for preparing men for ordination, but also for providing an ongoing program of education for the ministers already in service. This concern has been translated into a vigorous program of continuing education. For the current academic year 145 ministers from the supporting Synods have taken part in resident study on the campus, as Tower Scholars, Summer Scholars, Independent Scholars, or in Advanced Study Seminars. In addition to the resident study programs, 160 men have participated in directed study programs by mail, using one of the seventy-seven courses now provided by the faculty.

During the year a pilot program for continued education at the presbytery level was held. About forty ministers in Lexington Presbytery participated in the program, and their reactions have been most favorable. When additional faculty personnel are available, the Seminary hopes to expand this program.

The Summer Program at the Seminary is designed to be another opportunity for continuing education offered to men in the pastorate. This summer's two week program features three study groups: a doctrinal seminar, a seminar on worship, and a preaching clinic. Judging from the very large enrollment at this time, a record attendance is expected for the program set for July 25 through August 6.

Fiscal Affairs

Because the fiscal year of the Seminary ends on March 31st, it is impossible at this writing to report on the actual fiscal operation of the Seminary for the past year. The final audit will be completed in May, and reports will be placed in the hands of the committees of the several Synods at that time.

A summary of the fiscal operation for the past two years and an estimate of the Seminary's curernt income and expense for 1965-66 reveals these comparisons:

The Union Seminary Advance

As the members of the supporting Synods of North Carolina, Virginia, and West Virginia know quite well, the Seminary has been conducting for the past three months an intensive capital funds campaign. The goal of the campaign is six million dollars, to be used to undergird the instructional program and to provide urgently needed facilities. The new facilities planned are an instructional center, a new audio-visual center, sixty new apartments for married students, and an expansion of the Library. The new funds for the instructional program and faculty will provide endowment for five faculty chairs, funds for students in clinical and intern projects, enlargement of the continuing education program, and will provide additional annual income for the Library and audio-visual department.

Members of the Seminary faculty and student body have just completed a series of over six hundred "Seminary Sundays" in congregations in all nineteen presbyteries. In preparation for these special Sundays, sixty-five area meetings were held, on which occasions teams from the Seminary presented the needs of the institution to local leaders.

While it is too early to project the financial return of the campaign, we can report that the general response has been most cordial and encouraging. The area meetings have been attended by large groups of officers and other leaders, indicating by their presence a genuine concern in the cause of theological education in the church. The Seminary Sundays in local churches have focused the attention of the congregations on the vocation of the ministry and on the need for additional qualified students to consider full-time church related work.

The Seminary is most hopeful that the ADVANCE campaign will reach its goal. If it does, it will be because hundreds of laymen and ministers throughout the three Synods have given generously and enthusiastically of their time in the conduct of the campaign. These volunteer leaders have been unflagging in their efforts, and their zeal has been an inspiration to all of us at the Seminary.

Union Theological Seminary for over one hundred and fifty years has been a faithful instrument of the church, preparing men for service and leadership. We look upon this record of distinguished service not as a tradition to remember, but as a heritage which urges us to continue in an even wider service. The Seminary ADVANCE is dedicated to this end. With the support of the churches, we shall undertake to fulfill this service.

Respectfully submitted,
JAS. A. JONES, *President*

*Elected to the membership by the General Assembly.
#Chairmen of their Synods' Committees on the Minister and His Work.

The transition period through which this Committee has been passing the last three years terminates with the 1966 Synod meetings. In anticipation thereof the 1966 General Assembly is being requested to elect four members. This Committee will then have its full complement of membership, and it then will be in line with other Boards and Agencies, in so far as membership is concerned.

Annual Meeting and Officers for 1966

The annual meeting was held January 10 and 11, 1966 in Atlanta. All members were present except Mr. Walker, who was recovering from an operation, and Dr. Millard, who had a previous conflicting engagement.

Officers re-elected to serve for this year are:
Rev. Robert G. Hall, Chairman
Dr. Robert C. Malcolm, Vice-Chairman
Mr. Joseph E. Patrick, Member-at-Large, Executive Committee
Mr. Charles M. Harris, Assistant to the Executive Secretary, Recording Clerk.

Mr. R. Graham White was re-elected Executive Secretary for three years.

Resolution to the 1960 General Assembly (pps. 73 and 90, 1960 G.A. Min.)

During 1965 only two cases of ministers who, "while speaking the mind of the Church in love . . . found their positions jeopardized" were reported to this Committee. In the first case, the report was made by the respective Presbytery's Commission on the Minister and His Work. The Commission, on behalf of the Presbytery, supported the minister by a strong affirmation

of confidence. This Committee, on behalf of the Church, assisted the minister in receiving a call elsewhere when the situation confronting him became intolerable, the Committee and the Commission working together in close accord throughout the matter.

In the second case, the minister himself brought the situation to the attention of this Committee. It was learned during the conversation that the primary factors involved were other than social patterns in process of change. Nonetheless, the basic factors are just as desperate and un-Christian. Involved is the responsibility of a minister to be loyal to the Presbyterian Church, U.S., in all its actions and his efforts to express his calling to the congregation served. Your Committee continues its encouragement during these difficult and discouraging days.

Resolution to the 1963 General Assembly (pps. 70 and 80, 1963 G.A. Min.)

Included in this Committee's report to the 1965 General Assembly was a statement and graph relative to all pastorless churches and fields, and other vacant ministerial relationships, as of December 31, 1964. In 1965 a further study, in depth, was made with the assistance of the Presbyteries' Commissions on the Minister and His Work. The purpose of the study was to determine which churches, and fields, were actively seeking to issue calls to ministers and which were not and had no intention of doing so within the foreseeable future for various reasons.

(b) Vacancies in Ministerial Relations for Which Replacements Are Not Being Sought—January 1, 1966

Such vacancies are altogether in churches and fields, which have less than 200 members each. There were 413 such vacancies as of January 1, 1966.

An Assembly's Committee or Commission on the Minister and His Work?

There are those in our Church who refer to this Committee as a commission. It is a committee. It has neither administrative nor judicial powers. Its purpose is either to study and recommend, or to carry into effect specific directions or decisions already made by the General Assembly, which is its parent body. Its recommendations require action by the Assembly. Report of assigned actions performed are made to the Assembly. In all its work this Committee intends to continue proceeding along constitutional lines and in accordance with the Assembly's instructions.

Study by This Committee of Its Own Work, Responsibilities, Procedures and Policies

The Committee in 1966 will begin a study of its own responsibilities, work, procedures and policies. A report of the study will be made to the General Assembly as it progresses.

Revised Manual of the Assembly's Committee on the Minister and His Work

The Committee after considerable study, submits the following Manual to the General Assembly for consideration:

At the Synod of Texas Committee on the Minister and His Work meeting, November 18, 1965, this Assembly's Committee was requested to determine whether a Regional Conference, composed of Committees and Commissions on the Minister and His Work in the Synods and Presbyteries of Arkansas, Louisiana, Missouri, Oklahoma and Texas would be feasible in 1966. This Committee, therefore, has begun exploration of the possibilities.

TRAV (TELEVISION, RADIO AND AUDIO-VISUALS)

TRAV presents to the 106th General Assembly its Eighth Annual Report. With the report are submitted TRAV's volume of Minutes and its financial statement for 1965.

Introduction

TRAV's eighth year as an agency of the General Assembly was marked by steady growth in the world-wide impact of the Church's broadcast ministry, and by intensified use throughout the Church of TRAV's audio-visual services. Among the high-lights of the year:

. . . Once again the Protestant Hour station list climbed to an all-time high, with more than 650 weekly broadcasts.

. . . Late in the year TRAV added to its staff its first full-time Director of Television.

. . . Strenuous production effects resulted in completion of all audio-visuals for the second year of CLC. The second year materials included 13 major items, with more than 80 component parts, including filmstrips, records, filmclips, scripts, utilization guides, etc.

. . . Nation-wide use of TRAV's new Easter radio program, "The Sign Painter," resulted from offering this program on a record with monaural recording on one side and stereo on the other. More than 520 stations used the program.

. . . TRAV again provided radio coverage of the General Assembly in 1965, with live newscasts going to selected stations. For a second year, television news film coverage was also provided to stations accepting this service from TRAV.

. . . Excellent new training filmstrips were completed for both church officers and for leaders of women of the church.

I. *Ministry Through Television*

The most significant single step taken by TRAV during 1965 came in the area of television when the Rev. D. Kirk Hammond was called as the agency's first Director of Television. He began his work September 1.

When TRAV was organized as an Assembly agency in 1958, its Board of Directors soon recognized that it would be necessary eventualy to provide a staff person to direct the work in each of the three main areas of TRAV's assignment. From the beginning of the agency, there has been on the staff a person who could guide the work of radio production, since the Church's radio ministry was already a strong, going concern when TRAV was created. The audio-visual ministry was also under way, and as soon as finances permitted, in 1961, a director for audio-visuals was employed, and led to an immediate expansion of the AV ministry.

Development of a significant ministry in television called for larger financial resources than TRAV had during its first eight years. Even yet it does not have sufficient funds to expand its work in TV as it would like, and as it believes the Church expects. In 1958 when TRAV was set up, the General Assembly asked that a budget of $300,000 be provided TRAV. The 1965 net receipts of $176,277.66 from living donors is as close as TRAV has yet come to this figure set eight years ago. This is the primary reason why TRAV has not yet done much in television, and is a measure of the frustrations with which the Board has wrestled.

The Assembly's action of 1965, in placing TRAV in the Advance Budget of 1966 for $50,000, gave hope that a major step forward could be made in television. And in Mr. Hammond, who has produced many movies and many television programs, TRAV found a man who can make available funds go a long way. With this combination of circumstances, the decision was reached to make the long planned step in staff expansion.

It now remains to be seen whether the Church can and will provide the funds to make this step significant.

Since his coming to TRAV, Mr. Hammond has moved into the development of several types of pilots for "spots." These will be completed in 1966, and tried out in various ways to determine their effectiveness before others are produced. In addition, plans are under way for production of new specials.

During 1965, some TV production went forward while TRAV awaited its new TV man. This included the distribution to some 50 stations of additional sets of Living Prayers. Most of these sets were black and white film, but the tremendous increase in the use of color television is adding to the number of stations who are asking for these programs in color. Fortunately, all thirty in the series were produced in color, and more and more extensive use of the color sets is beginning.

Production moved ahead through 1965 of "What Is Easter?" a thirty-minute special which

will be offered on video-tape and film at Easter, 1966. This program features the Westminster Youth Choir of Dallas, Texas, and is being produced at KLRN, Austin, Texas. It is a sequel to the highly successful TRAV "What Is Christmas?" program.

II. *Ministry Through Radio*

TRAV's world-wide radio ministry continued to expand during 1965. A sudden spurt in stations using The Protestant Hour, celebrating its 20th year, resulted in all-time high of 560 stations in the United States and approximately 100 stations overseas using the program. This jump of 75 additional stations was the largest growth in the history of the program. It resulted in the addition of nearly 2000 hours of broadcasting time, and tens of thousands of new listeners.

Sunday School of the Air station use remained at approximately 140 throughout the year.

Be Still and Know, the daily meditation program, continued the most widely used radio devotional in the world, with an average of nearly 1200 stations. The impact and popularity of this program continues to grow, and unsolicited mail response is dramatic.

Special radio programs included the new Easter program, "The Sign Painter," used by more than 520 stations, including many equipped with multiplex (stereo). Another new offering was a record combining two programs earlier offered separately. These were "The Carolers," a Christmas program, and "New Beginning," a New Year's program.

Another special radio program with wide use was "Seven Last Words," the 48-minute performance of Theodore Dubois' beautiful oratorio. This was also offered in stereo, and it should be noted that more than a third of all the stereo stations in the United States are using TRAV materials.

TRAV's fifteen minute devotional program, Take Time for Thought, is not presently offered as a continuing program, but instead is offered for occasional and filler use. Hundreds of ministers and laymen have used this program throughout 1965 to fill broadcast commitments to local stations. Approximately 100 titles are available on tape in this program.

Cooperative programing added to the impact of TRAV's radio efforts. The Presbyterian Appalachian Broadcasting Council, jointly supported by the Division of Radio and Television of the United Presbyterian Church, U.S.A., and by TRAV, produced and distributed some highly useful, and well-received items. "Praise Him, Praise Him," a record of Gospel songs featuring the Revelers Quartette went to every radio station in the Appalachian area and was warmly welcomed. Special programs for Thanksgiving and for Christmas were also distributed to the same stations from the PABC office in Maryville, Tenn.

Dr. John A. Redhead, Jr., served as preacher for the Presbyterian series of *The Protestant Hour* in 1965. Dr. Lawrence I. Stell, Dr. William Logan, the Rev. Tom Murphy, and Dr. Merle Patterson were teachers for the *Sunday School of the Air* during the year. The Choir of St. Andrews College, Laurinburg, N. C., in 1965, recorded all music for the 1966 Presbyterian series of *The Protestant Hour.*

III. *Ministry Through Audio-Visuals*

The production and assembling of "Year Two" audio-visual materials for CLC occupied TRAV's AV staff the first months of 1965, and the production of "Year Three" materials began even before the 1965-66 material was completed. The more than 80 component parts in the "Year Two" packets were assembled and shipment made to the Board of Christian Education. This task involved handling some 400,000 units and the shipment of hundreds of large boxes of materials before the task was complete.

Production for 1966-67 was far toward completion before the end of 1965, making the year the most fruitful in TRAV's history so far as audio-visual production is concerned. It continued to demonstrate the closest of co-ordination, planning and production between the Board of Christian Education and TRAV. It also stood as a splendid demonstration of the extraordinary abilities of the Director of Audio-Visuals, Mr. John Gillies.

It was therefore with great sorrow and regret that TRAV Board accepted the resignation of Mr. Gillies as of September 1, to return to the employment of CROP, the Christian Rural Overseas Program, as its director of information. As TRAV's first AV director, and as the creative mind behind much of the audio-visual program of the entire denomination, Mr. Gillies has made an amazing contribution to the life and work of the Church. TRAV will miss him sadly, but he has already agreed to continue writing scripts for its audio-visual production.

During 1965 major filmstrip productions included:

. . . Responsible Churchmanship, an officer training piece.

. . . To Understand and Fulfill, for training leaders in Women's work.

. . . With Mind and Heart, presenting the mission work in Iraq.

. . . The Legacy of Calvin, a CLC item on the life of Calvin.

. . . The Church Through the Centuries, a CLC item on the history of the Christian Church.

. . . Gold D. Lox and the Five Bears, a Family Life-CLC item that presents a delightful, tongue-in-cheek look at a typical American family.

The year was also marked by important gains in TRAV's services to churches through film rentals, and sales of audio-visual supplies and equipment. The sales and rentals of 1965 showed an advance of $11,200 over 1964. Much of this came from heavier purchases of new audio-visual equipment as churches stepped up their use of AVs in connection with the CLC audio-visual materials. It should be noted that TRAV can help any church realize important savings in purchases of AV equipment.

IV. *Record of Attendance and Vacancies*

STANDING RULES OF THE GENERAL ASSEMBLY

SECTION I. THE WORK OF THE GENERAL ASSEMBLY DURING ITS MEETINGS

1. Organization of a General Assembly's Meeting

1.1 The General Assembly shall ordinarily meet on the fourth Thursday in April at 4:00 P.M. at a place selected by the Committee on Assembly Operation. The Committee shall select places in different parts of the Church when circumstances warrant. It is the intention of the General Assembly normally to meet at Montreat in any year after two successive meetings have been held elsewhere.

1.2 The Assembly shall be opened with a sermon by the retiring Moderator. The Lord's Supper shall be observed after the opening sermon. Appropriate services of worship shall begin each morning session.

1.3 After the Stated Clerk has presented the roll of commissioners and a quorum has been declared present, a Moderator shall be elected.

1.4 Nominations for Moderator shall be made. One nominating speech not exceeding ten minutes in length and one seconding speech not exceeding five minutes may be made for each commissioner nominated.

1.5 If more than one commissioner is nominated, election shall be by ballot on blank ballots prepared by the Stated Clerk. Tellers appointed by the Stated Clerk shall gather and count the ballots, and report the tabulation to the Stated Clerk. If no nominee receives a majority of the votes cast, a second ballot shall be called on the two nominees who received the highest number of votes. The Moderator shall declare an election when a nominee shall have received a majority of the votes cast by commissioners present and voting.

1.6 As soon as a Moderator is declared elected, he shall assume his constitutional duties.

2. The Moderator

2.1 As the presiding officer, the Moderator shall preside at all sessions except when he may invite another commissioner temporarily to occupy the chair. He may appoint such assistants as are needed to aid in preserving decorum on the floor and in adjoining halls and to serve in other ways during the meeting as requested by the Moderator.

2.2 The General Assembly approves the Moderator's undertaking itineraries between meetings of the Assembly for the purpose of bringing him before representative gatherings in the Synods and Presbyteries. The congregation or agency in which the Moderator serves is requested to allow him leave of absence totaling not more than three months. Provision for the expense of these itineraries, and for not more than $600 per month compensation for a substitute in the Moderator's regular work, shall be provided in the Assembly's Operating Expense Budget.

2.3 All invitations and arrangements for such itineraries shall be made through the Stated Clerk, who shall strive with the Moderator's approval to use the Moderator's time most economically and to the best interest of the entire Church.

2.4 The Moderator shall be Chairman of the Program and Worship Committees, and a member of the General Council and the Permanent Committee on Inter-Church Relations.

3. The Stated Clerk

3.1 As the continuing officer, the Stated Clerk shall be elected by the General Assembly for a term of three (3) years. The election shall be the first order on the morning of the third day of the meeting. The Permanent Committee on Assembly Operation shall nominate the Stated Clerk to the Assembly with the understanding that further nominations are in order.

3.2 The Stated Clerk shall perform the duties required by the Book of Church Order and by the Standing Rules of the General Assembly, and such other duties as are assigned by action of the Assembly. The Stated Clerk shall administer these duties under policies approved by the Permanent Committee on Assembly Operation.

3.2a The Stated Clerk shall have charge of all arrangements for the meeting and entertainment of the Assembly. (See also Rule 1.1.)

3.2b The Stated Clerk shall prepare and distribute to commissioners in advance of the meeting a handbook containing a proposed Docket, overtures, reports of ad interim committees, permanent committees and the agencies of the Church, and also such information as to the conduct of Assembly meetings as may be useful to the commissioners.

3.2c The Stated Clerk shall prepare the business coming before the Assembly and suggest the proper reference to standing committee or the time for consideration of such business.

3.2d The Stated Clerk shall keep the minutes of the Assembly, publish them annually with statistical reports of the Church and the reports of the agencies of the Assembly, and give certified extracts therefrom when the business of the Assembly requires.

3.2e The Stated Clerk shall receive the official correspondence of the Assembly and answer as instructed by the Assembly; shall be custodian of the official documents and records of the Assembly.

3.2f The Stated Clerk shall maintain and administer the Office of the General Assembly for the service of the court, its committees and its agencies, employing such staff as is necessary.

3.2g The Stated Clerk shall be also the Treasurer of the General Assembly and Central Treasurer of Benevolences for the General Assembly. He shall receive all funds, disburse them as ordered by the Assembly, and present full, audited financial statements annually to the Assembly.

3.2h The salaries of the Stated Clerk and all members of the staff in the Office of the General Assembly shall be determined by the Permanent Committee on Assembly Operation.

3.3 The Stated Clerk shall have the privilege of the floor in all matters pertaining to his office, and shall have the privilege of the floor to present necessary information on business before the meeting.

3.4 Should the office of Stated Clerk become vacant for any reason, the Permanent Committee on Assembly Operation shall nominate to the Moderator a person to serve as Acting Stated Clerk. The Moderator, after consideration of such nomination, shall appoint an Acting Stated Clerk to perform the duties of the Stated Clerk until a new Stated Clerk has been elected and begun service.

3.5 The Stated Clerk shall be an ex-officio member of the Permanent Committee on Inter-Church Relations and shall serve as an advisory member of such other committees as the General Assembly may direct.

4. Operating Expense Budget

4.1 The Permanent Committee on Assembly Operation shall recommend to the Assembly through the Standing Committee on Assembly Operation a detailed Operating Expense Budget for the next calendar year based upon estimates of expense from the Treasurer of the General Assembly, and shall recommend a per capita base for assessments upon the Presbyteries sufficient to provide for the budget.

4.2 All requests for appropriation within the Operating Expense Budget shall be made to the Permanent Committee on Assembly Operation by its January meeting for inclusion in the current year's budget.

4.3 The adoption of the Operating Expense Budget shall carry the authority for payment by the Treasurer of all items in that budget.

4.4 All requests for appropriation from the Assembly's treasury not included in the Operating Expense Budget recommended by the Permanent Committee on Assembly Operation, whether on recommendation of ad interim, permanent or standing committees, or whether on motion from the floor, shall be referred to the Standing Committee on Assembly Operation. The Standing Committee on Assembly Operation shall not include such items in the budget it recommends unless assured that such expenditures can be made within the treasury's available funds.

4.5 That the Assembly may live within its income, the Permanent Committee on Assembly Operation may make adjustments among items of the year's budget already approved by the Assembly, provided that the total amount of the budget not be increased. The Permanent Committee shall see that a sufficient stabilization of program account is carried to provide for fluctuation in the Assembly's expense, and that a cumulative account is carried to provide for the expense of representatives to the assemblies and executive committees of the World Alliance of Reformed Churches, the World Council of Churches, and the National Council of Churches.

5. Expense of Assembly Meetings

5.1 The Assembly shall ordinarily provide the expense of its own entertainment.

5.2 Each commissioner shall be reimbursed for the following allowable expense items, all of which must be incurred within the bounds of the General Assembly:

5.2a The lowest rail (with Pullman) or scheduled air line fare, round-trip by direct route.

5.2b Automobile travel at six (6) cents per mile by direct route for car owner; two (2) cents per mile payable to a commissioner riding with the owner, which payment the passenger shall transmit to the owner.

5.2c Necessary lodging and meals en route.

5.2d Cost of hotel (in double room) and breakfast during the meeting at rate set for commissioners.

5.2e Taxi fare and incidental transportation.

5.3 The Assembly shall provide for all commissioners luncheon, dinner and necessary transportation between hotel and place of meeting.

5.4 Reimbursement checks to the commissioners shall ordinarily be paid on the last day of the meeting. When a commissioner, in case of emergency, has presented to the Stated Clerk his request for permission to withdraw from the court and such permission has been granted, the Stated Clerk shall be authorized to draw a reimbursement check earlier than the ordinary time.

5.5 The expense of the chairman (or another member) of an ad interim or permanent committee in attending the meeting of the Assembly for the purpose of making report shall be paid by the Assembly when the committee by vote affirms the report of sufficient importance to require such attendance and so notifies the Stated Clerk.

6. The Program Committee and Worship Committee

6.1 The Program Committee shall consist of the Moderator, the Moderator of the preceding meeting, the Stated Clerk, and the pastor of the church entertaining the Assembly (or executive of a host institution).

6.2 All requests for conferences or other meetings anticipating attendance by commissioners,

whether prior to the opening session or during hours when the court is recessed, must be presented to the Program Committee and approved by it.

6.3 Any inspirational programs or addresses must be approved by the Program Committee, and shall be docketed only in evening sessions except on Sunday.

6.4 The chief business of an Assembly meeting being the consideration of interests vital to the Assembly's growth and development, the Program Committee should not arrange for more than one speaker from any body not under the Assembly's control.

6.5 The Docket of the Assembly's business, prepared by the Stated Clerk, shall be approved by the Program Committee. The Docket shall be planned for three and one-half or four days, and shall be limited to four hours in a morning, four hours in an afternoon, and one and one-half hours in an evening. In ordinary cases the Stated Clerk shall be authorized to grant the request of a permanent committee or agency for a specific day or hour on the Docket.

6.6 The Worship Committee, composed of the Moderator, the Stated Clerk, and one other member appointed by the Moderator, shall be responsible for planning and directing the occasions of worship at the General Assembly's meeting.

7. Overtures

7.1 An overture is the request, ordinarily of a presbytery or a synod, for action by the General Assembly upon a specific matter.

7.2 Upon receipt, the Stated Clerk shall refer to the Permanent Judicial Commission all overtures requesting amendment of the Book of Church Order or interpretation thereof by the General Assembly.

7.3 All overtures requiring reference to the Permanent Judicial Commission shall be delivered by February 1 to the Stated Clerk in order to be referred to the Commission. All other overtures shall be delivered by February 25 to the Stated Clerk in order to be included in the Handbook for the next meeting of the General Assembly, with indication of the Standing Committee reference to be suggested. No overture requiring reference to the Permanent Judicial Commission received by the Stated Clerk after February 1 shall be referred to or considered by the General Assembly convening in that year. No other overture received by the Stated Clerk less than one month before the opening of the General Assembly's meeting shall be referred to or considered by the General Assembly convening in that year.

7.4 No overture will be considered by the Assembly until it has first been presented to a presbytery or synod. If approved by the presbytery or synod, it will come before the Assembly as the overture of that presbytery or synod. An overture requested by a church member, a Teaching Elder, or Session, but rejected by the presbytery or synod, may be presented to the Assembly provided that the fact of its rejection by the presbytery or synod is clearly stated on the overture.

8. Communications

8.1 A communication to the General Assembly is formal correspondence received by the Stated Clerk from other Churches, from interchurch agencies and councils to which this Church is related, from committees and agencies of this Church on matters which could not be included in regular reports, and from organized bodies outside the Church properly having business with the General Assembly.

8.2 The Stated Clerk shall, as early as practicable in the sessions, present such communications with suggestion of reference to appropriate standing or special committees.

8.3 Ordinarily communications from individuals shall not be received by the General Assembly or referred to standing committees unless from persons who have no other access to the Assembly.

9. Reports to the General Assembly

9.1 All agencies, permanent committees and ad interim committees shall make annual reports which shall be in the hands of the Stated Clerk by February 1 for inclusion in the handbook, except that the reports of agencies whose work requires a final meeting after that date shall be submitted as soon thereafter as possible.

9.2 Reports from interchurch agencies and from interchurch councils and our representatives thereon shall be made through the Permanent Committee on Inter-Church Relations.

9.3 The Stated Clerk shall, as early as practicable in the sessions, present all reports with

suggestion of reference to the appropriate standing committees, or suggestion of a time on the Docket for hearing the report.

9.4 Any full printed report of an Assembly agency presented by the agency's chairman or executive secretary to a standing committee shall replace the synopsis of the report as printed in the handbook, provided that only those recommendations of the agency printed with its handbook report shall be before the standing committee.

9.5 If the chairman or representative of a permanent, ad interim or special committee wishes to be heard in connection with the report, such privilege shall be limited to a five-minute statement. No report printed in the handbook shall be read in full to the Assembly.

9.6 Annual statistical reports from the presbyteries shall be delivered to the Stated Clerk by February 15 of each year.

9.7 Audits of accounts of agencies and committees shall be submitted directly to the Standing Committee on Assembly Operation.

9.8 Minutes of agencies and committees shall be submitted to the standing committee receiving the agency or committee report.

10. Minutes

10.1 The official minutes of the court are the original minutes prepared by the Recording Clerk, adopted by the court and signed by the Stated Clerk.

10.2 In preparing the printed minutes the Stated Clerk is authorized to revise phraseology, spelling, punctuation and enumerations; to correct totals of figures; to abridge reports of theological seminaries, of interchurch councils and representatives thereto. In no case shall he change phraseology so as to alter the meaning. If typographical errors make the printed minutes vary from the original minutes, the Stated Clerk may give notice through the press, which notice shall be authority for those having the printed minutes to make correction therein.

10.3 The printed minutes shall comprise: Part I, Journal with Appendix; Part II, Statistics; and Part III, Bound Reports of Boards and Agencies. Printed copies for binding into Part III shall be supplied by the agencies to the Stated Clerk.

10.4 The Stated Clerk shall send a copy of the entire printed minutes to each Minister, to new Ministers ordained or received, to the Stated Clerk of each presbytery and synod, to the libraries of our Church colleges and theological seminaries. He shall send a copy of Parts I and II to past Moderators, to non-Minister members on committees and agencies, to ruling elder commissioners to the General Assembly, to non-Minister missionaries at the request of the Board of World Missions, in exchange agreements to other Churches and publications, to rising seniors of our theological seminaries, to others as determined by the Committee on Assembly Operation. He shall supply the agencies with reference copies for their necessary use.

11.2 In the Docket a total of five to six hours shall be set aside for meetings of standing committees.

11.3 Standing Committees shall be named in the following manner:

11.3a The retiring Moderator shall name the chairmen.

11.3b Commissioners shall fill in and return to the Stated Clerk *Preference of Standing Committee Cards* showing first four preferences among standing committees.

11.3c Three weeks before the Assembly meeting, the Stated Clerk shall conduct a drawing of commissioners' names, using the returned Preference Cards plus blank cards for commissioners from whom cards have not been received. The total number of commissioners shall be divided by the number of committees to determine the number on each committee. The first drawing shall be of Ministers' names, the second of ruling elders' names. As each name is drawn a sequence number shall be placed on the card. In that sequence the preference of commissioners shall be observed as far as possible under the following rules: No more than one Minister and one ruling elder from a presbytery on a committee; an equal number of Ministers and ruling elders on a committee, if possible; members or employees of an agency or permanent committee are ineligible to serve on a standing committee reviewing work of such agency or committee. When a commissioner's preference cannot apply because of these rules or because the preferred committee has already reached full membership, the next preference shall be observed. Cards with no useable preference and blank cards shall be held until all possible preferences have been observed, and then used by the Stated Clerk to fill committee quotas as needed.

11.3d Two weeks before the Assembly meeting, the Stated Clerk shall mail back to commissioners the cards indicating drawing sequence number and standing committee assignment.

11.4 Only the members of a standing committee may be present in meetings of that standing committee with the following exceptions: (1) The executive secretary and at least one official representative of the policy-making body of an agency of permanent committee shall be present for consultative purposes in the standing committee reviewing their work. (2) A standing committee may invite other persons for consultative purposes when this is felt necessary to the committee's performance of its business. Standing committee report must be adopted with only the committee members present.

11.5 A report of a standing committee shall be brief and concise. It shall list the items referred to the committee by the Assembly and offer the committee's recommendations thereon. An overture shall be referred to by its number and a brief statement of substance; a communication by its source and a brief statement of substance; a resolution by the name of the commissioner offering it and a brief statement of substance. No quotation from an agency or permanent committee report shall be included unless necessary to make the report intelligible.

11.6 All nominations made by the Permanent Nominating Committee shall be reported to the General Assembly by the appropriate Standing Committee; but additional nominations by the appropriate Standing Committee or from the floor of the Assembly shall be in order.

11.7 All reports of standing committees shall be typewritten in three copies by the Assembly's stenographers, and proofread by the committee chairman. The original and first carbon shall be filed with the Stated Clerk until the report is made. The chairman shall read the report from the original typed copy, shall insert on the original each amendment made by the Assembly, shall file the report as finally adopted with the Recording Clerk for the minutes.

11.8 No partial report shall be received from a standing committee without the consent of the Assembly.

11.9 Any recommendation by a standing committee which would affect the Benevolence Budget or the coordination of the program of the Church shall be transmitted to the Standing Committee on the General Council, which shall study the matter in the light of that budget as a whole and make recommendation to the Assembly. Similarly, any recommendation which would affect the Operating Expense Budget shall be handled through the Standing Committee on Assembly Operation.

11.10 A presentation of some aspect of the Assembly's work or interests, requested in connection with a standing committee report, shall be limited if possible to one speaker and fifteen minutes.

12. Other Provisions

12.1 Each recommendation of any committee report shall be considered as a separate question. A commissioner making a committee's report shall move the adoption of the recommendation. If the motion is seconded, the Moderator shall offer the short form of voting. The chairman or member of a committee making a report shall have the right to answer questions properly addressed to him through the Moderator and to conclude the debate on the pending question. No commissioner shall speak more than once on a question until all others who desire to speak have been given opportunity.

12.2 Except when the Assembly orders otherwise, ten minutes shall be the time limit for each speaker in debate, and one hour of debate the time limit on any matter as presented through a main motion and motions subordinate thereto.

12.3 Resolutions ("bills") introducing matters not already before the various committees shall be presented in at least three typewritten copies, ordinarily by the close of the first day's session. They shall be the briefest possible statement adequate for the substance of the matter. The Stated Clerk shall state the main issue of a resolution and suggest the appropriate standing committee for its referral. No resolution shall be in order later than the evening session of the third day except by suspension of this rule; all resolutions prior to this time must be referred to a standing committee. A report by a standing committee on a resolution shall carry the full text of the resolution as referred.

12.4 Any motion which would affect the Benevolence Budget shall be referred to the Standing Committee on the General Council, which shall study the matter in the light of that budget as a whole and make recommendation to the Assembly. Similarly, motions affecting the Operating Expense Budget shall be referred to the Standing Committee on Assembly Operation.

12.5 Executive Secretaries of boards and agencies shall have the privilege of the floor on all matters pertaining to their conduct of their respective responsibilities.

12.6 These Standing Rules may be suspended or amended, except when amendment automatically results from another decision, by a two-thirds vote of the commissioners present and voting. Any motion to suspend is not debatable.

12.7 Robert's *Rules of Order* shall be the standard for parliamentary procedure in cases not provided for in the Assembly's *Rules of Parliamentary Order.*

SECTION II. THE WORK OF THE GENERAL ASSEMBLY BETWEEN ITS MEETINGS

20. Agencies and Committees

20.1 The General Assembly may create the agencies needful for its continuing work of evangelization, nurture and benevolences. Those agencies on which the largest areas of responsibility are placed shall ordinarily be titled "Boards." The Assembly may create the committees, both ad interim and permanent, needful for its work as the highest court of the Church.

20.2 A statement of the area of responsibility assigned to any new agency or permanent committee shall be approved by the General Assembly before the new body is created. This statement shall be incorporated into the manual of such agency or committee.

20.3 Each agency or permanent committee shall operate under a manual approved by the General Assembly. A newly-created agency or permanent committee shall present such a manual to the Assembly within a reasonable time.

20.4 Every amendment to such a manual shall receive the approval of the General Assembly before becoming effective. Any civil charter or amendment thereof needed by an agency or permanent committee shall similarly receive Assembly approval before being presented to the civil authority for recording. The full textual wording of any amendment to such a manual or

civil charter approved by the General Assembly shall be printed in the Minutes of the General Assembly.

20.5 Each agency and committee shall submit annually to the General Assembly, in the spirit of faithful trusteeship but with all practicable brevity, a report concerning its area of responsibility and its discharge of that responsibility. Such reports shall include minutes of the proceedings of its policy-making body, audits of all accounts for which it is responsibile, and, in conclusion, all of its recommendations.

21. Ad Interim Committees

21.1 Any motion, resolution or overture involving the appointment of an ad interim committee shall be referred to the appropriate standing committee, which shall recommend to the Assembly whether such committee is needed, or whether the matter can be better handled by reference to an existing agency or committee with instruction to study and report; and whether an ad interim committee ordered by the Assembly shall be appointed, and the chairman named, by the Moderator.

21.2 A vacancy occurring on an ad interim committee may be filled by the Moderator's appointment.

21.3 Any recommendation by an ad interim committee which would affect the Benevolence Budget must be presented to the General Council by February 1 preceding the General Assembly meeting. The General Council shall present a specific recommendation on the matter to the General Assembly. Any recommendation by an ad interim committee which would affect the current Operating Expense Budget must be presented to the Permanent Committee on Assembly Operation by January 1 preceding the General Assembly meeting. The Permanent Committee on Assembly Operation shall present a specific recommendation on the matter to the General Assembly.

22. Agencies

22.1 For continuing work toward the fulfillment of the mission of this Church, the General Assembly maintains the following agencies:

The Board of Annuities and Relief
The Board of Christian Education

Instructions To Stated Clerks

Reports from Presbyteries

The General Assembly instructs the Stated Clerks of Presbyteries as follows:

1. Secure from the Stated Clerk of the General Assembly the latest forms of blanks. Order just enough for the year, allowing a few extras for churches which may lose the set sent them.
2. Make the report in clear, distinct writing, especially the columns of names and figures in the Statistical Tables. Omit all fractions of a dollar in the money columns. If it is $10.50 or less, enter $10.00; if $10.51 or more, enter $11.00. Add *all* columns, if possible, on adding machines. Proofread the adding machine work before mailing. *Attach adding machine slips to the report.* Make the vowels in the names of Ministers, churches and post offices very distinct. Printers have much difficulty with vowels which look very much alike.
3. When a church does not make a report, enter it in the listing according to post office; give number of Ruling Elders, Deacons, and members from the last report.
4. When a Stated Clerk of Presbytery is ready to make out his statistical report to the General Assembly, he is requested to study the report of his Presbytery in the Minutes of the General Assembly for the preceding year. All of the statistical reports are uniform in arrangement and each Stated Clerk should use the report of his Presbytery in Assembly Minutes as a pattern.
5. Fill out the statistical report blank, giving list of churches according to post office. Where there is more than one church at a particular post office, list those bearing numerical titles first; follow these with other churches alphabetically arranged. If a Minister serves more than one church, the number of churches should be indicated by the figure in parenthesis opposite his name. Ministers who are not serving a church or churches in the Presbytery must be listed at the bottom of the statistical report with occupation and post office. Give number of candidates. The Stated Clerk of the Assembly must have this list to perfect the alphabetical list for the Minutes.
6. At the close of the church year, the Stated Clerk of the Assembly will forward to each Presbytery's Stated Clerk an Official Roll of the Ministers and licentiates as of December 31. This list must be carefully checked as to: degrees, occupation and mailing address. Immediately upon completion of this roll it should be returned to the Stated Clerk of the Assembly.
7. Mail to the Stated Clerk, Rev. James A. Millard, Jr., 341 Ponce de Leon Ave., N.E., Atlanta, Georgia 30308, all reports from the Presbytery just as soon as they are prepared. The Standing Rule requires that all these reports shall be in the hands of the Stated Clerk by February 15.
8. Mail overtures and other official correspondence, including a list of Commissioners, at earliest possible date; otherwise, the printing of the Handbook will be delayed. Send each overture upon a separate sheet of paper, written only on one side, duly signed by the Stated Clerk. (Read also Standing Rules 7 and 8.)
9. Notify promptly the Stated Clerk of the Assembly when a change is made in the Stated Clerk of Presbytery.

10. Notify the Stated Clerk of the Assembly on cards supplied by him of the reception and dismission of Ministers within forty-eight hours after the meeting of the Presbytery, or, when dismission is done after action by Commission on the Minister and His Work.
11. Stated Clerks of Presbyteries are instructed to send Sessional statistical reports, along with Presbytery's statistical report, to the Stated Clerk of the General Assembly.

Reports from Synods

The General Assembly hereby instructs the Stated Clerks of Synods as follows:

1. Notify the Stated Clerk of the General Assembly before the meeting of each Assembly of the formation or dissolution of Presbyteries within the bounds of their respective Synods; of the time and places of the next meeting of these bodies; of any changes which may be made in the Stated Clerk of Synod. *These three things* should be attended to immediately on the adjournment of Synod. A *marked* copy of the printed minutes is not an official notification. An official letter should be written covering the items mentioned above.
2. Send an attested copy of Synod minutes to the Stated Clerk of the General Assembly for presentation to the Assembly. Such copy shall be marked on the *cover* "Attested Copy," and the formal attestation shall be placed at the close of the journal minutes. (Minutes of the General Assembly, 1960, pages 61 and 155.)

FORMS OF BEQUESTS

"I give, devise, and bequeath to THE PRESBYTERIAN FOUNDATION, INC. (U. S.), a North Carolina corporation located in Charlotte, N.C. ..... (here insert estate devised and bequeathed) for the use and benefit of The Presbyterian Church in the United States (or any Board, Seminary, College, Home for Children or Aged, Mountain Retreat Association at Montreat, Congregation, or other agencies of said Church may be designated as beneficiaries of income.)"

"I give and bequeath to the BOARD OF WORLD MISSIONS OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES, a corporation organized under the laws of the State of Tennessee, with offices at Nashville, Tennessee, (here name the amount of the bequest), for its general purposes."

PRAYER FOR THE GENERAL ASSEMBLY

WHEREAS, The General Assembly of the Presbyterian Church in the United States fully recognizes the efficacy of the prayers of God's people, and the necessity for divine guidance in its own deliberations; therefore,

Resolved, First, That the General Assembly recommend to all the churches under its care to offer special prayer during the devotions of the Sabbath preceding the meeting of the General Assembly in each year, that God would be of great mercy so give the Assembly the wisdom that cometh from above, and so direct all its plans, discussions and decisions as to promote His own glory and to advance the kingdom of Jesus in the earth.

Resolved, Second, That the above preamble and resolution be printed annually in the Appendix to the Minutes of the Assembly.

INDEX OF CHURCHES

The General Assembly of 1930 directed that the Alphabetical List of Churches be printed in the Minutes (see page 80 of 1930 Minutes).

Explanatory Note

Churches are alphabetized both by name and by postoffice.

Where the name of the church appears first the Presbytery is then given in parenthesis, followed by the name of the town or city, and the date given indicates year of organization. Street addresses shown under names of towns or cities. Towns or cities are listed first when similar names of churches occur.

The Presbytery is used instead of a page number for reference to Statistical Reports. For the convenience of those who are not familiar with the presbyteries, an alphabetical index, with page number for each presbytery is given on page *iv*-Part II.

This index is as accurate as it could be made by comparing the reports of the presbyteries with the reports from the individual churches. Where any discrepancy occurred as to postoffice, the report of the latter is used. In some instances, therefore, this index will vary as to postoffice from the statistical tables printed in the Minutes.
